

STATE OF NEW YORK

7236

2023-2024 Regular Sessions

IN SENATE

May 18, 2023

Introduced by Sen. BROUK -- read twice and ordered printed, and when printed to be committed to the Committee on Higher Education

AN ACT to amend the education law, in relation to improving student mental health and mental health literacy in institutions of higher education in the state, and requiring the adoption of related protocols, policies and programs

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. The education law is amended by adding a new section 362 to
2 read as follows:

3 § 362. Student mental health. 1. All full-time faculty and staff, as
4 well as adjunct professors of the state university shall be required on
5 an annual basis to undergo mental health training with a focus on iden-
6 tifying or recognizing signs of mental distress among students. The
7 chancellor of the state university, in conjunction with the commission-
8 er, shall prescribe the form and manner in which such training shall be
9 provided.

10 2. The state university shall also take the following actions regard-
11 ing student mental health:

12 (a) (i) review and amend various protocols and policies to establish
13 parity between physical and mental health, including reasonable accommo-
14 dations whenever possible and appropriate;

15 (ii) review, amend and publish enrollment, re-enrollment, voluntary
16 and involuntary leave and termination policies of the state university
17 and create specific provisions for students experiencing mental health
18 issues or crises, that are intended to improve responses to mental
19 health crises, improve suicide prevention and intervention, provide
20 flexible voluntary leave opportunities, provide individualized student
21 assessments with consideration of reasonable requests by students and
22 with appropriate deference to their treating providers, and provide

reasonable accommodations intended to avoid extended involuntary leave or termination, whenever possible;

(b) require a mental health seminar to be included in all orientation programs for newly enrolled students intended to enhance mental health literacy among students with a goal of increasing knowledge about mental health, increasing help-seeking behavior, and reducing stigma;

(c) provide appropriate staff training to all personnel to implement the above-referenced protocols and policies, to reduce stigma, and to enhance mental health literacy; and

(d) institute other programs to address and improve student mental health.

3. The state university and the department shall research, review, and publish or adopt model protocols and policies, that may be adopted and implemented by colleges and universities under their jurisdiction, to implement the provisions of subdivision two of this section.

§ 2. The education law is amended by adding a new section 6235 to read as follows:

§ 6235. Student mental health. 1. All full-time faculty and staff, as well as adjunct professors, of the city university shall be required on an annual basis to undergo mental health training with a focus on identifying or recognizing signs of mental distress among students and increasing mental health literacy and reducing stigma among college employees. The chancellor of the city university, in conjunction with the commissioner, shall prescribe the form and manner in which such training shall be provided.

2. The city university shall also take the following actions regarding student mental health:

(a) (i) review and amend various protocols and policies to establish parity between physical and mental health, including reasonable accommodations whenever possible and appropriate;

(ii) review, amend and publish enrollment, re-enrollment, voluntary and involuntary leave and termination policies of the city university and create specific provisions for students experiencing mental health issues or crises, that are intended to improve responses to mental health crises, improve suicide prevention and intervention, provide flexible voluntary leave opportunities, provide individualized student assessments with consideration of reasonable requests by students and with appropriate deference to their treating providers, and provide reasonable accommodations intended to avoid extended involuntary leave or termination, whenever possible;

(b) require a mental health seminar to be included in all orientation programs for newly enrolled students intended to enhance mental health literacy among students with a goal of increasing knowledge about mental health, increasing help-seeking behavior, and reducing stigma;

(c) provide appropriate staff training to all personnel to implement the above-referenced protocols and policies, to reduce stigma, and to enhance mental health literacy; and

(d) institute other programs to address and improve student mental health.

3. The city university and the department shall research, review, and publish or adopt model protocols and policies, that may be adopted and implemented by colleges and universities under their jurisdiction, to implement the provisions of subdivision two of this section.

§ 3. The education law is amended by adding a new section 237-a to read as follows:

1 § 237-a. Student mental health, mental health literacy and training in
2 master plans of independent institutions of higher education. 1. The
3 regents plan for higher education, required to be developed and trans-
4 mitted pursuant to section two hundred thirty-seven of this part, and
5 approved master plans of independent institutions of higher education
6 shall include protocols, policies and programs intended to improve the
7 mental health of students, improve mental health literacy among
8 students, faculty and support staff, and establish parity between phys-
9 ical and mental health, including reasonable accommodations, whenever
10 possible and appropriate. The regents plan shall also require such
11 institutions to review, amend and publish enrollment, re-enrollment,
12 voluntary and involuntary leave, and termination policies for students
13 experiencing mental health issues or crises; improve responses to mental
14 health crises; review and improve suicide prevention and intervention
15 policies; and provide appropriate staff training to all full-time facul-
16 ty and staff, as well as adjunct professors, to implement the above-re-
17 ferenced protocols, policies, and programs.

18 2. Independent institutions of higher education, shall review model
19 protocols and policies that may be developed or adopted by the universi-
20 ty, the city university, or the state education department and consider
21 whether to modify or adopt for inclusion in their master plans, for
22 purposes of improving student mental health and mental health literacy
23 in such institutions.

24 § 4. This act shall take effect immediately; provided, however, that
25 the provisions relating to the regents plan and university master plans
26 pursuant to section three of this act, shall be effective on the first
27 date, following the effective date of this act, when such plans are
28 required to be completed under section 237 of the education law.
