IN ASSEMBLY

March 27, 2026

Introduced by M. of A. SANTABARBARA -- read once and referred to the Committee on Insurance

AN ACT to amend the insurance law and the social services law, in relation to coverage for treatments to slow the progression of Alzheimer's disease and related dementias

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Subsection (i) of section 3216 of the insurance law is amended by adding a new paragraph 11-d to read as follows:

(11-d) Every policy which provides medical, major medical, or similar comprehensive-type coverage shall provide coverage for all medically necessary diagnostic testing and United States food and drug administration-approved treatments or medications prescribed to slow the progression of Alzheimer's disease and other dementia, in accordance with the United States food and drug administration label, as determined by a physician licensed to practice medicine in all its branches. Coverage of United States food and drug administration-approved treatments or medications prescribed to slow the progression of Alzheimer's disease or another related dementia pursuant to this paragraph shall not be subject to step therapy.

§ 2. Subsection (l) of section 3221 of the insurance law is amended by adding a new paragraph 11-d to read as follows:

(11-d) Every insurer delivering a group or blanket policy or issuing a group or blanket policy for delivery in this state that provides coverage for medical, major medical, or similar comprehensive-type coverage shall provide coverage for all medically necessary diagnostic testing and United States food and drug administration-approved treatments or medications prescribed to slow the progression of Alzheimer's disease and other dementia, in accordance with the United States food and drug administration label, as determined by a physician licensed to practice medicine in all its branches. Coverage of United States food and drug administration-approved treatments or medications prescribed to slow the progression of Alzheimer's disease or another related dementia pursuant to this paragraph shall not be subject to step therapy.
