PART B

Section 1. Section 1 of part I of chapter 413 of the laws of 1999 relating to providing for mass transportation payments, as amended by section 1 of part E of chapter 58 of the laws of 2024, is amended to read as follows:

Section 1. Notwithstanding any other law, rule or regulation to the contrary, payment of mass transportation operating assistance pursuant to section 18-b of the transportation law shall be subject to the provisions contained herein and the amounts made available therefor by appropriation.

In establishing service and usage formulas for distribution of mass transportation operating assistance, the commissioner of transportation may combine and/or take into consideration those formulas used to distribute mass transportation operating assistance payments authorized by separate appropriations in order to facilitate program administration and to ensure an orderly distribution of such funds.

To improve the predictability in the level of funding for those systems receiving operating assistance payments under service and usage formulas, the commissioner of transportation is authorized with the approval of the director of the budget, to provide service payments based on service and usage statistics of the preceding year.

In the case of a service payment made, pursuant to section 18-b of the transportation law, to a regional transportation authority on account of mass transportation services provided to more than one county (considering the city of New York to be one county), the respective shares of the matching payments required to be made by a county to any such authority shall be as follows:

Notwithstanding any other inconsistent provisions of section 18-b of the transportation law or any other law, any moneys provided to a public benefit corporation constituting a transportation authority or to other public transportation systems in payment of state operating assistance or such lesser amount as the authority or public transportation system shall make application for, shall be paid by the commissioner of transportation to such authority or public transportation system in lieu, and in full satisfaction, of any amounts which the authority would otherwise be entitled to receive under section 18-b of the transportation law.

Notwithstanding the reporting date provision of section 17-a of the transportation law, the reports of each regional transportation authority and other major public transportation systems receiving mass transportation operating assistance shall be submitted on or before July 15 of each year in the format prescribed by the commissioner of transporta-

tion. Copies of such reports shall also be filed with the chairpersons of the senate finance committee and the assembly ways and means committee and the director of the budget. The commissioner of transportation may withhold future state operating assistance payments to public transportation systems or private operators that do not provide such reports.

Payments may be made in quarterly installments as provided in subdivision 2 of section 18-b of the transportation law or in such other manner and at such other times as the commissioner of transportation, with the approval of the director of the budget, may provide; and where payment is not made in the manner provided by such subdivision 2, the matching payments required of any city, county, Indian tribe or intercity bus company shall be made within 30 days of the payment of state operating assistance pursuant to this section or on such other basis as may be agreed upon by the commissioner of transportation, the director of the budget, and the chief executive officer of such city, county, Indian tribe or intercity bus company.

The commissioner of transportation shall be required to annually evaluate the operating and financial performance of each major public transportation system. Where the commissioner's evaluation process has identified a problem related to system performance, the commissioner may request the system to develop plans to address the performance deficiencies. The commissioner of transportation may withhold future state operating assistance payments to public transportation systems or private operators that do not provide such operating, financial, or other information as may be required by the commissioner to conduct the evaluation process.

Payments shall be made contingent upon compliance with regulations deemed necessary and appropriate, as prescribed by the commissioner of transportation and approved by the director of the budget, which shall promote the economy, efficiency, utility, effectiveness, and coordinated service delivery of public transportation systems. The chief executive officer of each public transportation system receiving a payment shall certify to the commissioner of transportation, in addition to information required by section 18-b of the transportation law, such other information as the commissioner of transportation shall determine is necessary to determine compliance and carry out the purposes herein.

Counties, municipalities or Indian tribes that propose to allocate service payments to operators on a basis other than the amount earned by the service payment formula shall be required to describe the proposed method of distributing governmental operating aid and submit it one month prior to the start of the operator's fiscal year to the commissioner of transportation in writing for review and approval prior to the distribution of state aid. The commissioner of transportation shall only approve alternate distribution methods which are consistent with the transportation needs of the people to be served and ensure that the system of private operators does not exceed established maximum service payment limits. Copies of such approvals shall be submitted to the chairpersons of the senate finance and assembly ways and means committees.

Notwithstanding the provisions of subdivision 4 of section 18-b of the transportation law, the commissioner of transportation is authorized to continue to use prior quarter statistics to determine current quarter payment amounts, as initiated in the April to June quarter of 1981. In the event that actual revenue passengers and actual total number of vehicle, nautical or car miles are not available for the preceding quarter, estimated statistics may be used as the basis of payment upon

approval by the commissioner of transportation. In such event, the succeeding payment shall be adjusted to reflect the difference between the actual and estimated total number of revenue passengers and vehicle, nautical or car miles used as the basis of the estimated payment. The chief executive officer may apply for less aid than the system is eligible to receive. Each quarterly payment shall be attributable to operating expenses incurred during the quarter in which it is received, unless otherwise specified by such commissioner. In the event that a public transportation system ceases to participate in the program, operating assistance due for the final quarter that service is provided shall be based upon the actual total number of revenue passengers and the actual total number of vehicle, nautical or car miles carried during that quarter.

Payments shall be contingent on compliance with audit requirements determined by the commissioner of transportation.

In the event that an audit of a public transportation system or private operator receiving funds discloses the existence of an overpayment of state operating assistance, regardless of whether such an overpayment results from an audit of revenue passengers and the actual number of revenue vehicle miles statistics, or an audit of private operators in cases where more than a reasonable return based on equity or operating revenues and expenses has resulted, the commissioner of transportation, in addition to recovering the amount of state operating assistance overpaid, shall also recover interest, as defined by the department of taxation and finance, on the amount of the overpayment.

Notwithstanding any other law, rule or regulation to the contrary, whenever the commissioner of transportation is notified by the comptroller that the amount of revenues available for payment from an account is less than the total amount of money for which the public mass transportation systems are eligible pursuant to the provisions of section 88-a of the state finance law and any appropriations enacted for these purposes, the commissioner of transportation shall establish a maximum payment limit which is proportionally lower than the amounts set forth in appropriations.

Notwithstanding paragraphs (b) of subdivisions 5 and 7 of section 88-a of the state finance law and any other general or special law, payments may be made in quarterly installments or in such other manner and at such other times as the commissioner of transportation, with the approval of the director of the budget may prescribe.

§ 2. This act shall take effect immediately and shall be deemed to have been in full force and effect on and after April 1, 2025.

(3) for the purposes of this paragraph, "reasonable grounds" to believe that a person has been operating a motor vehicle after having consumed alcohol in violation of section eleven hundred ninety-two-a of this article shall be determined by viewing the totality of circumstances surrounding the incident which, when taken together, indicate that the operator was driving in violation of such subdivision. Such circumstances may include any visible or behavioral indication of alcohol consumption by the operator, the existence of an open container

containing or having contained an alcoholic beverage in or around the vehicle driven by the operator, or any other evidence surrounding the circumstances of the incident which indicates that the operator has been operating a motor vehicle after having consumed alcohol at the time of the incident; or

(4) notwithstanding any other provision of law to the contrary, no person under the age of twenty-one shall be arrested for an alleged violation of section eleven hundred ninety-two-a of this article. PART N

Section 1. The vehicle and traffic law is amended by adding a new section 385-b to read as follows:

§ 385-b. Owner liability for failure of operator to comply with weight restrictions on a covered agency and authority's facilities. 1. (a) Notwithstanding any other provision of law, a covered agency or authority may establish a weigh-in-motion program on its facilities imposing monetary liability on the owner of a vehicle for failure of an operator thereof to comply with gross vehicle weight and/or axle weight restrictions on such facilities in accordance with the provisions of this section. Such program shall empower the covered agency or authority to install and operate weigh-in-motion violation monitoring systems on its facilities. Such systems may be activated at locations on such portion of its facilities as determined by the covered agency or authority. A covered agency or authority may enter into a memorandum of agreement with another covered agency or authority for the purposes of coordinating the planning, design, installation, operation, construction and maintenance of such weigh-in-motion program. Such memorandum shall address, for purposes of such program, the use of systems, devices and other facilities owned and operated by the other covered agency or authority.

(b) No weigh-in-motion violation monitoring system shall be used unless: (i) on the day it is to be used it has undergone a self-test for the operation of such system; and (ii) it has undergone an annual calibration check performed pursuant to paragraph (c) of this subdivision. A result of the daily self-test for each such system shall include the date and time that the self-test was successfully performed. The covered agency or authority shall retain each such daily self-test until the later of the date on which the weigh-in-motion system to which it applies has been permanently removed from use or the final resolution of

all cases involving notices of liability issued based on photographs, microphotographs, video or other recorded images, and information and data generated in conjunction therewith, produced by such system.

(c) Each weigh-in-motion violation monitoring system shall undergo a calibration check every twelve months in accordance with specifications prescribed pursuant to a memorandum of agreement between the covered agency or authority and the New York state department of agriculture and markets, or in accordance with an applicable reference standard as determined by the covered agency or authority. Such calibration check shall be performed by an independent calibration laboratory, which shall issue a signed certificate of calibration on its letterhead to the covered agency or authority. Nothing contained in this paragraph shall be deemed to require the signature of a notary public on such certificate. The covered agency or authority shall retain each such annual certificate of calibration on file until the final resolution of all cases involving notices of liability issued during such twelve-month time period which were based on photographs, microphotographs, video or other recorded images, and information and data generated in conjunction therewith, produced by such weigh-in-motion violation monitoring system.

(d) The covered agency or authority shall monitor the system by evaluating information and data collected from sensor readings of each weigh-in-motion violation monitoring system. The covered agency or authority shall promulgate rules for monitoring collected data, responding to system alerts, and establishing a protocol for action which may include recertification.

(e) Weigh-in-motion violation monitoring systems used in accordance with the weigh-in-motion program authorized pursuant to this section shall be operated only on the covered agency or authority's facilities or on another agency or authority's facilities if agreed upon in a memorandum of agreement.

(f) (i) No photograph, microphotograph, videotape or other recorded image, nor any information and data generated in conjunction therewith, shall be used for any purpose other than as specified in this section, except as may be otherwise provided by this paragraph. Notwithstanding the above, all information and data from weigh-in-motion violation monitoring systems may be shared among covered agencies and authorities for the purposes of monitoring impacts to a covered agency or authority's facilities and for reporting purposes.

(ii) Such program shall utilize necessary technologies to ensure, to the extent practicable, that photographs, microphotographs, videotape or other recorded images produced by such weigh-in-motion violation monitoring systems shall not include images that identify the driver, the passengers, or the contents of the vehicle. Provided, however, that no notice of liability issued pursuant to this section shall be dismissed solely because such a photograph, microphotograph, videotape or other recorded image allows for the identification of the driver, the passengers, or the contents of vehicles where the covered agency or authority shows that it made reasonable efforts to comply with the provisions of this paragraph in such case.

(iii) Photographs, microphotographs, videotape or any other recorded image, and any information and data generated in conjunction therewith, produced by a weigh-in-motion violation monitoring system shall be for the exclusive use of the covered agency or authority, or by use of another covered agency or authority adjudicating on behalf of a covered agency, for the purpose of the adjudication of liability imposed pursuant to this section, and of the owner receiving a notice of liability

pursuant to this section, and as required by the covered agency or authority to study the impact of overweight vehicles on its facilities and management of such facilities, and shall be destroyed by the covered agency or authority, or another covered agency or authority where applicable, upon the final resolution of the notice of liability to which such photographs, microphotographs, videotape or other recorded images and information and data generated in conjunction therewith relate, or one year following the date of issuance of such notice of liability, whichever is later. Notwithstanding the provisions of any other law, rule or regulation to the contrary, photographs, microphotographs, videotape or any other recorded image, and information and data generated in conjunction therewith, from a weigh-in-motion violation monitoring system shall not be open to the public, nor subject to civil or criminal process or discovery, nor used by any court or administrative or adjudicatory body in any action or proceeding therein except that which is necessary for the adjudication of a notice of liability issued pursuant to this section, and no public entity or employee, officer or agent thereof shall disclose such information, except that such photographs, microphotographs, videotape or any other recorded images, and information and data generated in conjunction therewith, from such systems:

(A) shall be available for inspection and copying and use by the motor vehicle owner and operator for so long as such photographs, microphotographs, videotape or other recorded images, information and data are required to be maintained or are maintained by such public entity, employee, officer or agent; and

(B) (1) shall be furnished when described in a search warrant issued by a court authorized to issue such a search warrant pursuant to article six hundred ninety of the criminal procedure law or a federal court authorized to issue such a search warrant under federal law, where such search warrant states that there is reasonable cause to believe such information constitutes evidence of, or tends to demonstrate that, a misdemeanor or felony offense was committed in this state or another state, or that a particular person participated in the commission of a misdemeanor or felony offense in this state or another state, provided, however, that if such offense was against the laws of another state, the court shall only issue a warrant if the conduct comprising such offense would, if occurring in this state, constitute a misdemeanor or felony against the laws of this state; and

(2) shall be furnished in response to a subpoena duces tecum signed by a judge of competent jurisdiction and issued pursuant to article six hundred ten of the criminal procedure law or a judge or magistrate of a federal court authorized to issue such a subpoena duces tecum under federal law, where the judge finds and the subpoena states that there is reasonable cause to believe such information is relevant and material to the prosecution, or the defense, or the investigation by an authorized law enforcement official, of the alleged commission of a misdemeanor or felony in this state or another state, provided, however, that if such offense was against the laws of another state, such judge or magistrate shall only issue such subpoena if the conduct comprising such offense would, if occurring in this state, constitute a misdemeanor or felony in this state; and

(3) may, if lawfully obtained pursuant to this clause and clause (A) of this subparagraph and otherwise admissible, be used in such criminal action or proceeding.

(iv) The covered agency or authority shall install signage in advance of locations where weigh-in-motion violation monitoring systems are in

operation giving notice to approaching motor vehicle operators that weigh-in-motion violation monitoring systems are in use to enforce motor vehicle weight restrictions.

(v) The covered agency or authority shall use oversight procedures to ensure compliance with the aforementioned privacy protection measures.

2. If the covered agency or authority establishes a program pursuant to subdivision one of this section, the owner of a vehicle shall be liable for a penalty imposed pursuant to this section if such vehicle was used or operated with the permission of the owner, express or implied, on the covered agency's or authority's facilities in violation of section three hundred eighty-five of this article and the rules and regulations of the covered agency or authority in relation to gross vehicle weight and/or axle weight, where such vehicle was traveling ten percent or more above the gross vehicle weight or twenty percent or more above the axle weight at the time of such violation as indicated by at least two independently detected gross vehicle weight and/or axle weight measurements obtained by a weigh-in-motion violation monitoring system, and such violation is evidenced by information obtained from a weigh-in-motion violation monitoring system; provided however that no owner of a vehicle shall be liable for a penalty imposed pursuant to this section where the operator of such vehicle: has been convicted of the underlying violation of section three hundred eighty-five of this article and the rules and regulations of the covered agency or authority in relation to gross vehicle weight and/or axle weight; or operated such vehicle in accordance with the terms and conditions of any overweight permit issued in accordance with this chapter and any rules and regulations promulgated thereto. Where a vehicle is in violation of both gross vehicle weight restrictions and axle weight restrictions, the owner shall be liable for a separate penalty for each such violation.

3. For purposes of this section, the following terms shall have the following meanings:

(a) "covered agency or authority" shall mean: (i) the department of transportation established pursuant to article two of the transportation law; (ii) the Triborough bridge and tunnel authority established pursuant to title three of article three of the public authorities law; (iii) the state bridge authority established pursuant to title two of article three of the public authorities law; (iv) the port authority of New York and New Jersey established pursuant to chapter one hundred fifty-four of the laws of nineteen hundred twenty-one; (v) the New York city department of transportation; and (vi) the New York state thruway authority established pursuant to title nine of article two of the public authorities law;

(d) "weigh-in-motion program" shall mean the program authorized by this section that operates exclusively on covered agency or authority facilities;

Nothing contained in this subdivision shall be deemed to require the signature of a notary public on such certificate. Any photographs, microphotographs, videotape or other recorded images evidencing such a violation shall include an image of the motor vehicle alleged to be in violation and the information and data generated in conjunction therewith and shall be available for inspection reasonably in advance of and at any proceeding to adjudicate the liability for such violation pursuant to this section.

5. An owner liable for a violation of section three hundred eighty-five of this article and the rules and regulations of a covered agency or authority pursuant to a weigh-in-motion program established pursuant to this section shall be liable for monetary penalties in accordance with separate schedules of fines and penalties to be promulgated by a covered agency or authority for a violation of section three hundred eighty-five of this article and the rules and regulations of a covered agency or authority in relation to gross vehicle weight and/or axle weight. The liability of the owner pursuant to this section shall not exceed three thousand seven hundred fifty dollars for each violation or as otherwise provided for in section three hundred eighty-five of this article, whichever is higher.

6. An imposition of liability under the weigh-in-motion program established pursuant to this section shall not be deemed a conviction for an operator.

7. (a) A notice of liability shall be sent by first class mail to each person alleged to be liable as an owner for a violation of section three hundred eighty-five of this article and the rules and regulations of a covered agency or authority in relation to gross vehicle weight and/or axle weight pursuant to this section, within fourteen business days if such owner is a resident of this state and within forty-five business days if such owner is a non-resident. Personal delivery on the owner shall not be required. A manual or automatic record of mailing prepared in the ordinary course of business shall be prima facie evidence of the facts contained therein.

(b) A notice of liability shall contain the name and address of the person alleged to be liable as an owner for a violation of section three hundred eighty-five of this article and the rules and regulations of a covered agency or authority in relation to gross vehicle weight and/or axle weight pursuant to this section, the registration number of the vehicle involved in such violation, the gross vehicle weight and/or axle weight measured, the location where such violation took place, the date and time of such violation, the identification number of the weigh-in-

(c) The notice of liability shall contain information advising the person charged of the manner and the time in which they may contest the liability alleged in the notice. Such notice of liability shall also contain a prominent warning to advise the person charged that failure to contest in the manner and time provided shall be deemed an admission of liability and that a default judgment may be entered thereon.

(d) The notice of liability shall be prepared and mailed by the covered agency or authority, or by any other entity authorized by the covered agency or authority to prepare and mail such notice of liability.

8. Adjudication of the liability imposed upon owners pursuant to this section shall be by the covered agency or authority, or by any other government entity authorized by the covered agency or authority to adjudicate such liability. If such entity is the New York city parking violations bureau, such liability imposed pursuant to this section may only occur within the city of New York.

9. If an owner receives a notice of liability pursuant to this section for any time period during which the vehicle or the number plate or plates of such vehicle was reported to the police department as having been stolen, it shall be a valid defense to an allegation of liability for a violation of section three hundred eighty-five of this article and the rules and regulations of the covered agency or authority in relation to gross vehicle weight and/or axle weight pursuant to this section that the vehicle or the number plate or plates of such vehicle had been reported to the police as stolen prior to the time the violation occurred and had not been recovered by such time. For purposes of asserting the defense provided by this subdivision, it shall be sufficient that a certified copy of the police report on the stolen vehicle or number plate or plates of such vehicle be sent by first class mail to the covered agency or authority.

10. (a) An owner who is a lessor of a vehicle to which a notice of liability was issued pursuant to subdivision seven of this section shall not be liable for the violation of section three hundred eighty-five of this article and the rules and regulations of the covered agency or authority in relation to gross vehicle weight and/or axle weight pursuant to this section, provided that:

(i) prior to the violation, the lessor has filed the rental, lease or other contract document with the name and address of the lessee with the covered agency or authority in accordance with the provisions of subdivision ten of section twenty-nine hundred eighty-five of the public authorities law or section two hundred thirty-nine of this chapter, as applicable; and

(ii) within thirty-seven days after receiving notice from the covered agency or authority of the date and time of a liability, together with the other information contained in the original notice of liability, the lessor submits to such covered agency or authority the correct name and address of the lessee of the vehicle identified in the notice of liability at the time of such violation, together with such other additional information contained in the rental, lease or other contract document, as may be reasonably required by the covered agency or authority pursuant to regulations that may be promulgated for such purpose.

(b) Failure to comply with subparagraph (ii) of paragraph (a) of this subdivision shall render the lessor liable for the penalty prescribed in this section.

(c) Where the lessor complies with the provisions of paragraph (a) of this subdivision, the lessee of such vehicle on the date of such violation shall be deemed to be the owner of such vehicle for purposes of this section, shall be subject to liability for such violation pursuant to this section and shall be sent a notice of liability pursuant to subdivision seven of this section.

11. (a) If the owner liable for a violation of section three hundred eighty-five of this article and the rules and regulations of the covered agency or authority in relation to gross vehicle weight and/or axle weight pursuant to this section was not the operator of the vehicle at the time of the violation, the owner may maintain an action for indemnification against the operator.

(b) Notwithstanding any other provision of this section, no owner of a vehicle shall be subject to a monetary fine imposed pursuant to this section if the operator of such vehicle was operating such vehicle without the consent of the owner at the time such operator operated such vehicle in violation of section three hundred eighty-five of this article and the rules and regulations of the covered agency or authority in relation to gross vehicle weight and/or axle weight. For purposes of this subdivision there shall be a presumption that the operator of such vehicle was operating such vehicle with the consent of the owner at the time such operator operated such vehicle in violation of section three hundred eighty-five of this article and the rules and regulations of the covered agency or authority in relation to gross vehicle weight and/or axle weight.

12. Nothing in this section shall be construed to limit the liability of an operator of a vehicle for any violation of section three hundred eighty-five of this article and the rules and regulations of the covered agency or authority in relation to gross vehicle weight and/or axle weight.

13. It shall be a defense to any prosecution for a violation of section three hundred eighty-five of this article and the rules and regulations of the covered agency or authority in relation to gross vehicle weight and/or axle weight pursuant to this section that such weigh-in-motion violation monitoring system was malfunctioning at the time of the alleged violation.

§ 2. Subdivision 2 of section 87 of the public officers law is amended by adding a new paragraph (v) to read as follows:

tion program authorized by section 385-b of the vehicle and traffic law; and (iii) take such measures as are necessary to implement such program prior to its implementation, including promulgating any rules and regulations necessary for the implementation of this act.

§ 4. The purchase or lease of equipment for a demonstration program pursuant to section 385-b of the vehicle and traffic law shall be subject to the provisions of section 103 of the general municipal law.

§ 5. This act shall take effect immediately.

2. The rate of such surcharge shall be imposed based on a schedule that takes into consideration the geographical zone in which the permit is issued and in no case shall be:

(a) For a permit for the partial obstruction of a sidewalk, less than fifty cents or more than fifty dollars for up to and including ten linear feet of sidewalk per day;

(a) sixty percent of the surcharge due for days one through ninety; and

(b) forty percent of the surcharge due for days ninety-one through three hundred sixty-five.

4. Such reduction shall be in proportion to the percentage of affordable housing units created or preserved.

§ 1713. Application and exemptions. 1. Surcharge to be in addition to monies owed. Any surcharge imposed under the authority of this article shall be in addition to any and all other fees or taxes authorized or imposed under any other provision of law. This article shall not be construed as limiting the power of any city, county or school district to impose any other fee or tax which it is authorized to impose under any other provision of law.

2. Any local law enacted pursuant to this article shall exempt from the surcharge authorized herein any permit issued to:

(a) The state of New York, or any of its agencies, instrumentalities, public corporations or political subdivisions where it is the permittee;

§ 1714. Administration and collection of surcharge. 1. The surcharge authorized by section seventeen hundred twelve of this article shall be administered and collected in such manner as may be provided in local laws with such amendments in respect to administration and collection as may be enacted, including through the commencement of actions and issuance of tax warrants in a manner consistent with the commencement of actions and issuance of warrants pursuant to subdivisions a, b and d of section 11-1614 of the administrative code of the city of New York.

2. Any local law enacted pursuant to this article shall require that the surcharge be paid to the agency issuing the permit prior to the issuance or renewal of such permit for the term of such permit, in a form and manner determined by such agency.

3. Such surcharge shall not be refundable except where a reduction for such surcharge is authorized pursuant to subdivision four of section seventeen hundred twelve of this article and an application for such reduction is filed with the department of transportation no later than: (a) eighteen months after execution of: (i) an agreement with a federal,

state or local government entity, public benefit corporation or public housing authority, relating to the creation or preservation of affordable housing units; or (ii) a similar instrument; or (b) eighteen months after payment of such surcharge.

§ 1715. Limitations on assessment of surcharge. Except in the case of a willfully false or fraudulent permit application with intent to evade the surcharge authorized by the provisions of this article, no assessment of additional surcharge shall be made with respect to the surcharge imposed under the authority of this article, after the expiration of more than three years from the date of the permit application or renewal thereof, provided, however, that where no such application has been filed, or where there has been a change relating to the use of the street or pedestrian plaza for which a permit has been issued that would increase the amount of surcharge liability, as provided by law, the surcharge may be assessed at any time. Where a person subject to the surcharge authorized by the provisions of this article makes a change or correction to a permit that has been issued, as provided by law, an assessment may be made at any time within two years after the application for such permit was filed. Any local law enacted pursuant to this article shall authorize enforcement remedies, including but not limited to the imposition of civil penalties in an amount no greater than ten percent of such surcharge where a person subject to the surcharge authorized by the provisions of this article fails to pay such surcharge by failing to submit the required permit application.

§ 1716. Judicial review. Any final determination of the amount of any surcharge payable under this article shall be reviewable for error, illegality or unconstitutionality or any other reason whatsoever by a proceeding under article seventy-eight of the civil practice law and rules if application therefor is made to the supreme court within four months after the giving of the notice of such final determination, provided, however, that any such proceeding under article seventy-eight of the civil practice law and rules shall not be instituted by a person liable for such surcharge unless: 1. the amount of any surcharge sought to be reviewed, with such interest and penalties thereon as may be provided for by local law or regulation, shall be first deposited and there is filed an undertaking, issued by a surety company authorized to transact business in this state and approved by the superintendent of financial services of this state as to solvency and responsibility, in such amount as a justice of the supreme court shall approve to the effect that if such proceeding be dismissed or surcharge confirmed such liable person will pay all costs and charges which may accrue in the prosecution of such proceeding; or 2. at the option of such liable person, such undertaking may be in a sum sufficient to cover the surcharge, interest and penalties stated in such determination, plus the costs and charges which may accrue against such liable person in the prosecution of the proceeding, in which event the liable person shall not be required to pay such surcharge, interest or penalties as a condition precedent to the application.

§ 2. Title 11 of the administrative code of the city of New York is amended by adding a new chapter 32 to read as follows:

(e) Dwelling unit. The term "dwelling unit" has the meaning ascribed to such term in the housing maintenance code.

(f) Full obstruction. The term "full obstruction" means the occupation of the entire length of a curb lane, vehicular travel lane, or sidewalk for construction-related activity where there is a permit issued to close such length to motor vehicles, pedestrians, or bicyclists.

§ 11-3202 Surcharge for permit to obstruct or close the street for construction-related purposes. (a) A surcharge is imposed on the issuance of any construction permit.

(b) The rate of such surcharge shall be: (1) For a construction permit for the partial obstruction of a sidewalk, five dollars for up to and including ten linear feet of sidewalk per day, except for in the central business district, where the rate shall be ten dollars for up to and including ten linear feet of sidewalk per day;

(2) For a construction permit for the full obstruction of a sidewalk, two hundred dollars for up to and including one hundred linear feet per day, except for in the central business district where the rate shall be four hundred dollars for up to and including one hundred linear feet per day;

(3) For a construction permit for the full obstruction of a curb lane, fifteen dollars for up to and including ten linear feet of curb lane per day, except for in the central business district where the rate shall be thirty-five dollars for up to and including ten linear feet per day;

(4) For a construction permit for the full obstruction of a vehicular travel lane, three hundred dollars for up to and including one hundred linear feet of vehicular travel lane per day, except for in the central business district where the rate shall be seven hundred dollars for up to and including one hundred linear feet of vehicular travel lane per day; and

(5) For a construction permit for the full obstruction of any portion of a pedestrian plaza, thirty cents for up to and including ten square feet of vehicular travel lane per day, except for in the central business district where the rate shall be sixty cents for up to and including ten square feet of pedestrian plaza per day.

(c) Such rate shall be reduced for the initial three hundred sixty-five days for which the construction permit has been issued as follows:

(1) sixty percent of the surcharge due for days one through ninety; and

(2) forty percent of the surcharge due for days ninety-one through three hundred sixty-five.

(d) Such rate shall be reduced in proportion to the percentage of affordable housing units created or preserved.

§ 11-3203 General powers of the commissioner of transportation. The commissioner of transportation is hereby authorized and empowered:

(a) To make, adopt and amend rules and regulations appropriate to the carrying out of this chapter and the purposes thereof;

(b) To prescribe methods for determining the construction permits issued or the length or area of street or pedestrian plaza obstructed;

(c) To require construction contractors, construction managers, design engineers, or other persons, as applicable, to maintain records with respect to streets and pedestrian plazas obstructed, and to furnish any information with respect thereto upon request to the commissioner of transportation;

(d) To assess, determine and readjust the surcharge imposed under this chapter;

(e) (1) To administer oaths and take affidavits, or to cause the employees or officers of the department of transportation to administer oaths and affidavits in relation to any matter or proceeding in the exercise of their powers and duties under this chapter; and

(2) To subpoena and require the attendance of witnesses and the production of books, papers and documents to secure information pertinent to the performance of such commissioner's duties pursuant to this chapter and of the enforcement of this chapter and to examine them in relation thereto, and to issue commissions for the examination of witnesses who are out of the state or unable to attend before such commissioner or excused from attendance;

(f) To remit penalties but not interest; and to compromise disputed claims in connection with the surcharge hereby imposed; and

(g) To delegate the functions hereunder to an assistant commissioner or deputy commissioner of transportation or to any employee or employees of such commissioner.

§ 11-3204 Presumption and burden of proof; payment of surcharge. (a) If a street or pedestrian plaza is obstructed without the issuance of a valid construction permit, or if a street or pedestrian plaza is obstructed beyond the area or beyond the time period authorized in a construction permit, in a manner that would subject such obstruction to the surcharge described in section 11-3202 of this chapter, there shall be a rebuttable presumption that such obstruction is subject to the surcharge. If an obstruction is observed beyond the time period in which such obstruction was authorized in a construction permit, there shall be a rebuttable presumption that such obstruction occurred continuously until such observation. If an obstruction is observed beyond the area in which such obstruction was authorized in a construction permit, there shall be a rebuttable presumption that such obstruction occurred continuously from the point at which such construction permit authorized any obstruction. Such presumption shall prevail until the contrary is established and the burden of proving the contrary shall be upon the person to whom the construction permit is issued. Such surcharge shall be due against the person to whom the construction permit is issued, or if no such permit was issued, against the person creating such obstruction. Any person under contract with such person for the performance of work

or other activity creating such obstruction shall also be liable for such surcharge.

(b) For the purpose of proper administration of this chapter and to prevent evasion of the surcharge authorized under this chapter, the surcharge authorized by this chapter shall be due prior to issuance of a construction permit. The payment shall be made by the person to whom the construction permit is issued and shall be paid to the department of transportation in accordance with rules of such department.

(c) The surcharge shall not be refundable, except where a reduction for such surcharge is authorized pursuant to subdivision (d) of section 11-3202 of this chapter and an application for such reduction is filed with the department of transportation no later than: (1) eighteen months after execution of: (i) an agreement with a federal, state or local government entity, public benefit corporation, or public housing authority, relating to the creation or preservation of affordable housing units; or (ii) a similar instrument; or (2) eighteen months after payment of such surcharge.

§ 11-3205 Records to be kept. Every person to whom a construction permit has been issued shall keep records in such form and manner as the commissioner may by rule require. Such records shall be preserved for a period of three years from the date of issuance of such construction permit. Such records shall be available for inspection and examination upon demand by the commissioner of transportation or the commissioner's duly authorized agent or employee.

§ 11-3206 Exemptions. The surcharge imposed pursuant to the authority of section 11-3202 of this chapter shall not be imposed on any construction permit issued to:

(a) The state of New York, or any of its agencies; instrumentalities, public corporations or political subdivisions where it is the permittee;

(b) The United States of America, and any of its agencies and instrumentalities, insofar as it is immune from taxation where it is the permittee; or

(c) Any person where the construction for which such permit is issued relates to the creation or preservation of affordable housing units provided that such affordable housing units constitute no less than fifty percent of the total number of dwelling units created or preserved by such construction.

§ 11-3207 Determination of surcharge. If a surcharge required by section 11-3202 of this chapter is not paid, or if the amount of the surcharge that is paid is incorrect or insufficient, the amount of surcharge due shall be determined by the commissioner of transportation from such information as may be obtainable, and, if necessary, such surcharge may be estimated on the basis of factors determined by the commissioner of transportation, in accordance with the presumptions set forth in subdivision (a) of section 11-3204 of this chapter. Notice of such determination shall be given to the person liable for the payment of the surcharge. Such determination shall finally and irrevocably fix the surcharge unless the person against whom it is assessed, within ninety days after giving notice of such determination, shall apply to the hearing officer at the department of transportation for a hearing, or unless the commissioner of transportation on their own motion shall redetermine the same. After such hearing, the commissioner of transportation's determination shall be reviewable for error, illegality or unconstitutionality or any other reason whatsoever by a proceeding under article seventy-eight of the civil practice law and rules if application therefor is made to the supreme court within four months after giving of

the notice of such determination. A proceeding under article seventy-eight of the civil practice law and rules shall not be instituted unless: (a) the amount of any surcharge sought to be reviewed, with penalties and interest thereon, if any, shall be first deposited with the commissioner of transportation and there shall be filed with the commissioner of transportation an undertaking, issued by a surety company authorized to transact business in this state, and approved by the superintendent of insurance of this state as to solvency and responsibility, in such amount as a justice of the supreme court shall approve to the effect that if such proceeding be dismissed or the surcharge confirmed, the petitioner will pay all costs and charges which may accrue in the prosecution of the proceeding; or (b) at the option of the applicant such undertaking filed with the commissioner of transportation may be in a sum sufficient to cover the surcharges, penalties and interest thereon stated in such determination plus the costs and charges which may accrue against it in the prosecution of the proceeding, in which event the applicant shall not be required to deposit such surcharges, penalties and interest as a condition precedent to the application.

§ 11-3208 Remedies exclusive. The remedies provided by section 11-3207 of this chapter shall be the exclusive remedy available to any person for the review of liability for the surcharge imposed by section 11-3202 of this chapter; and no determination or proposed determination of surcharge shall be enjoined or reviewed by an action for declaratory judgment, an action for money had and received or by any action or proceeding other than a proceeding in the nature of a certiorari proceeding under article seventy-eight of the civil practice law and rules; provided, however, that such person may proceed by declaratory judgment if such person institutes suit within thirty days after a deficiency assessment is made and pays the amount of the deficiency assessment to the commissioner of transportation prior to the institution of such suit and posts a bond for costs as provided in section 11-3207 of this chapter.

§ 11-3209 Proceedings to recover surcharge. (a) Whenever any person to whom a construction permit has been issued fails to pay the correct and sufficient surcharge, penalty or interest imposed by this chapter as therein provided, the commissioner of transportation shall notify the commissioner of finance of all relevant records determined necessary by the commissioner of finance to facilitate collection of such surcharge. The corporation counsel shall, upon the request of the commissioner of finance bring or cause to be brought an action to enforce the payment of the same on behalf of the city of New York in any court of the state of New York or of any other state or of the United States. If, however, the commissioner of finance in their discretion believes that any such person is about to cease business, leave the state or remove or dissipate the assets out of which the surcharge, penalty or interest might be satisfied, and that any such surcharge, penalty or interest will not be paid when due, the commissioner of finance may declare such surcharge, penalty or interest to be immediately due and payable and may issue a warrant immediately.

(b) As an additional or alternate remedy, the commissioner of finance may issue a warrant, directed to the city sheriff commanding the city sheriff to levy upon and sell the real and personal property of the person liable for the surcharge, which may be found within the city, for the payment of the amount thereof, with any penalties and interest, and the cost of executing the warrant, and to return such warrant to the

commissioner of finance and to pay to the commissioner of finance the money collected by virtue thereof within sixty days after the receipt of such warrant. The city sheriff shall within five days after the receipt of the warrant file with the county clerk a copy thereof, and thereupon such clerk shall enter in the judgment docket the name of the person mentioned in the warrant and the amount of the surcharge, penalties and interest for which the warrant is issued and the date when such copy is filed. Thereupon the amount of such warrant so docketed shall become a lien upon the title to and interest in real and personal property of the person against whom the warrant is issued. The city sheriff shall then proceed upon the warrant, in the same manner, and with like effect, as that provided by law in respect to executions issued against property upon judgments of a court of record, and for services in executing the warrant the city sheriff shall be entitled to the same fees, which such city sheriff may collect in the same manner. In the discretion of the commissioner of finance a warrant of like terms, force and effect may be issued and directed to any officer or employee of the department of finance, and in the execution thereof such officer or employee shall have all the powers conferred by law upon sheriffs, but shall be entitled to no fee or compensation in excess of the actual expenses paid in the performance of such duty. If a warrant is returned not satisfied in full, the commissioner of finance may from time to time issue new warrants and shall also have the same remedies to enforce the amount due thereunder as if the city had recovered judgment therefore and execution thereon had been returned unsatisfied.

(c) The commissioner of finance, if such commissioner finds that the interests of the city will not thereby be jeopardized, and upon such conditions as the commissioner of finance may require, may release any property from the lien of any warrant or vacate such warrant for unpaid surcharges, penalties and interest filed pursuant to subdivision (b) of this section, and such release or vacating of the warrant may be recorded in the office of any recording officer in which such warrant has been filed. The clerk shall thereupon cancel and discharge as of the original date of docketing the vacated warrant.

§ 11-3210 Penalties and interest. (a) Any person failing to pay any surcharge to the commissioner of transportation within the time required by this chapter shall be subject to a penalty of five percent of the amount of surcharge due; plus interest at the rate of one percent of such surcharge for each month of delay excepting the first month after such surcharge became due; but the commissioner of transportation if satisfied that the delay was excusable, may remit all or any part of such penalty, but not interest at the rate of six percent per year. Such penalties and interest shall be paid and disposed of in the same manner as other revenues from this chapter. Unpaid penalties and interest may be enforced in the same manner as the surcharge imposed by this chapter.

(b) Any person failing to keep the records required by subdivision (c) of section 11-3203 of this chapter, shall, in addition to the penalties herein or elsewhere prescribed, be subject to a civil penalty in an amount up to one hundred dollars per day from the date on which a determination has been made that any such person failed to keep any such records until the date on which such records are provided, provided that such period shall be no greater than three years. It shall not be any defense to an action under this subdivision that the failure to keep the records was unintentional or not willful.

(c) The certificate of the commissioner of transportation to the effect that a surcharge has not been paid or that information has not

been supplied pursuant to the provisions of this chapter, shall be presumptive evidence thereof.

(d) Any person failing to submit the required permit application for a construction permit and who fails to pay the surcharge authorized by the provisions of this chapter, shall, in addition to the penalties herein or elsewhere prescribed, be subject to a civil penalty in an amount no greater than ten percent of such surcharge.

§ 11-3211 Notices and limitations of time. (a) Any notice authorized or required under the provisions of this chapter may be given by mailing the same to the person for whom it is intended in a postpaid envelope addressed to such person at the address given in the construction permit issued to such person pursuant to the rules of the city of New York or, if no permit has been issued to such person, then to such address as may be obtainable. The mailing of such notice shall be presumptive evidence of the receipt of the same by the person to whom addressed. Any period of time which is determined according to the provisions of this chapter by the giving of notice shall commence to run from the date of mailing of such notice.

(b) The provisions of the civil practice law and rules or any other law relative to limitations of time for the enforcement of a civil remedy shall not apply to any proceeding or action taken by the city to levy, appraise, assess, determine or enforce the collection of any surcharge or penalty provided by this chapter. However, except in the case of a willfully false or fraudulently obtained construction permit with intent to evade the surcharge, no assessment of additional surcharge shall be made after the expiration of more than three years from the date of the issuance of a construction permit or the renewal thereof; provided, however, that where no construction permit has been issued, or where there has been a change relating to the use of the street for which a construction permit has been issued that would increase the amount of the surcharge, any additional surcharge may be assessed at any time.

§ 3. Any local law enacted pursuant to the authority of section one of this act shall designate an agency to adopt rules and regulations to implement the provisions of such section.

§ 4. This act shall take effect immediately, except that section two of this act shall take effect January 1, 2028.

PART Q

Section 1. The section heading, paragraphs 1, 2, 4 and subparagraph (i) of paragraph 6 of subdivision (a), subdivisions (b), (e), (f), (h), (i), (j), paragraph 3 of subdivision (g) and the opening paragraph of subdivision (m) of section 1180-e of the vehicle and traffic law, as added by chapter 421 of the laws of 2021, are amended to read as follows:

Owner liability for failure of operator to comply with certain posted maximum speed limits; highway construction or maintenance work area.

1. Notwithstanding any other provision of law, the commissioner of transportation is hereby authorized to establish a [~~demonstration~~] program imposing monetary liability on the owner of a vehicle for failure of an operator thereof to comply with posted maximum speed limits in a highway construction or maintenance work area located on a controlled-access highway (i) when highway construction or maintenance work is occurring and a work area speed limit is in effect as provided in paragraph two of subdivision (d) or subdivision (f) of section eleven

hundred eighty of this article or (ii) when highway construction or maintenance work is occurring and other speed limits are in effect as provided in subdivision (b) or (g) or paragraph one of subdivision (d) of section eleven hundred eighty of this article. Such [~~demonstration~~] program shall empower the commissioner to install photo speed violation monitoring systems within no more than twenty highway construction or maintenance work areas located on controlled-access highways and to operate such systems within such work areas (iii) when highway construction or maintenance work is occurring and a work area speed limit is in effect as provided in paragraph two of subdivision (d) or subdivision (f) of section eleven hundred eighty of this article or (iv) when highway construction or maintenance work is occurring and other speed limits are in effect as provided in subdivision (b) or (g) or paragraph one of subdivision (d) of section eleven hundred eighty of this article. The commissioner, in consultation with the superintendent of the division of state police, shall determine the location of the highway construction or maintenance work areas located on a controlled-access highway in which to install and operate photo speed violation monitoring systems. In selecting a highway construction or maintenance work area in which to install and operate a photo speed violation monitoring system, the commissioner shall consider criteria including, but not limited to, the speed data, crash history, and roadway geometry applicable to such highway construction or maintenance work area. A photo speed violation monitoring system shall not be installed or operated on a controlled-access highway exit ramp.

2. Notwithstanding any other provision of law, [~~after holding a public hearing in accordance with the public officers law and subsequent approval of the establishment of a demonstration program in accordance with this section by a majority of the members of the entire board of the thruway authority,~~] the chair of the thruway authority is hereby authorized to establish a [~~demonstration~~] program imposing monetary liability on the owner of a vehicle for failure of an operator thereof to comply with posted maximum speed limits in a highway construction or maintenance work area located on the thruway (i) when highway construction or maintenance work is occurring and a work area speed limit is in effect as provided in paragraph two of subdivision (d) or subdivision (f) of section eleven hundred eighty of this article or (ii) when highway construction or maintenance work is occurring and other speed limits are in effect as provided in subdivision (b) or (g) or paragraph one of subdivision (d) of section eleven hundred eighty of this article. Such [~~demonstration~~] program shall empower the chair to install photo speed violation monitoring systems within no more than ten highway construction or maintenance work areas located on the thruway and to operate such systems within such work areas (iii) when highway construction or maintenance work is occurring and a work area speed limit is in effect as provided in paragraph two of subdivision (d) or subdivision (f) of section eleven hundred eighty of this article or (iv) when highway construction or maintenance work is occurring and other speed limits are in effect as provided in subdivision (b) or (g) or paragraph one of subdivision (d) of section eleven hundred eighty of this article. The chair, in consultation with the superintendent of the division of state police, shall determine the location of the highway construction or maintenance work areas located on the thruway in which to install and operate photo speed violation monitoring systems. In selecting a highway construction or maintenance work area in which to install and operate a photo speed violation monitoring system, the chair

shall consider criteria including, but not limited to, the speed data, crash history, and roadway geometry applicable to such highway construction or maintenance work area. A photo speed violation monitoring system shall not be installed or operated on a thruway exit ramp.

4. Operators of photo speed violation monitoring systems shall have completed training in the procedures for setting up, testing, and operating such systems. Each such operator shall complete and sign a daily set-up log for each such system that [~~he or she~~] **the operator** operates that (i) states the date and time when, and the location where, the system was set up that day, and (ii) states that such operator successfully performed, and the system passed, the self-tests of such system before producing a recorded image that day. The commissioner or the chair, as applicable, shall retain each such daily log until the later of the date on which the photo speed violation monitoring system to which it applies has been permanently removed from use or the final resolution of all cases involving notices of liability issued based on photographs, microphotographs, video or other recorded images produced by such system.

(i) Such [~~demonstration~~] program shall utilize necessary technologies to ensure, to the extent practicable, that photographs, microphotographs, videotape or other recorded images produced by such photo speed violation monitoring systems shall not include images that identify the driver, the passengers, or the contents of the vehicle. Provided, however, that no notice of liability issued pursuant to this section shall be dismissed solely because such a photograph, microphotograph, videotape or other recorded image allows for the identification of the driver, the passengers, or the contents of vehicles where the commissioner or the chair, as applicable, shows that they made reasonable efforts to comply with the provisions of this paragraph in such case.

(b) If the commissioner or chair establishes a [~~demonstration~~] program pursuant to subdivision (a) of this section, the owner of a vehicle shall be liable for a penalty imposed pursuant to this section if such vehicle was used or operated with the permission of the owner, express or implied, within a highway construction or maintenance work area located on a controlled-access highway or on the thruway in violation of paragraph two of subdivision (d) or subdivision (f), or when other speed limits are in effect in violation of subdivision (b) or (g) or paragraph one of subdivision (d), of section eleven hundred eighty of this article, such vehicle was traveling at a speed of more than ten miles per hour above the posted speed limit in effect within such highway construction or maintenance work area, and such violation is evidenced by information obtained from a photo speed violation monitoring system; provided however that no owner of a vehicle shall be liable for a penalty imposed pursuant to this section where the operator of such vehicle has been convicted of the underlying violation of subdivision (b), (d), (f) or (g) of section eleven hundred eighty of this article.

(e) An owner liable for a violation of subdivision (b), (d), (f) or (g) of section eleven hundred eighty of this article pursuant to a [~~demonstration~~] program established pursuant to this section shall be liable for monetary penalties not to exceed fifty dollars for a first violation, [~~seventy-five~~] **one hundred twenty-five** dollars for a second violation both of which were committed within a period of eighteen months, and one hundred **seventy-five** dollars for a third or subsequent violation all of which were committed within a period of eighteen months; provided, however, that an additional penalty not in excess of

twenty-five dollars for each violation may be imposed for the failure to respond to a notice of liability within the prescribed time period.

(f) An imposition of liability under the [~~demonstration~~] program established pursuant to this section shall not be deemed a conviction as an operator and shall not be made part of the operating record of the person upon whom such liability is imposed nor shall it be used for insurance purposes in the provision of motor vehicle insurance coverage.

3. The notice of liability shall contain information advising the person charged of the manner and the time in which [~~he or she~~] **the owner** may contest the liability alleged in the notice. Such notice of liability shall also contain a prominent warning to advise the person charged that failure to contest in the manner and time provided shall be deemed an admission of liability and that a default judgment may be entered thereon.

(h) Adjudication of the liability imposed upon owners of this section shall be by a traffic violations bureau established pursuant to section three hundred seventy of the general municipal law where the violation occurred or, if there be none, by [~~the court having jurisdiction over traffic infractions where the violation occurred, except that if a city has established an administrative tribunal to hear and determine complaints of traffic infractions constituting parking, standing or stopping violations such city may, by local law, authorize such adjudication by such tribunal~~]**, a hearing officer designated by the commissioner of motor vehicles provided, however, if a city with a population of one million or more has established an administrative tribunal to hear and determine complaints of traffic infractions constituting parking, standing or stopping violations, such tribunal shall adjudicate liability pursuant to this section**.

(i) If an owner receives a notice of liability pursuant to this section for any time period during which the vehicle or the number plate or plates of such vehicle was reported to the police department as having been stolen, it shall be a valid defense to an allegation of liability for a violation of subdivision (b), (d), (f) or (g) of section eleven hundred eighty of this article pursuant to this section that the vehicle or the number plate or plates of such vehicle had been reported to the police as stolen prior to the time the violation occurred and had not been recovered by such time. For purposes of asserting the defense provided by this subdivision, it shall be sufficient that a certified copy of the police report on the stolen vehicle or number plate or plates of such vehicle be sent by first class mail to the [~~traffic violations bureau, court having jurisdiction or parking violations bureau~~] **department of transportation or thruway authority as applicable**.

(j) 1. [~~Where the adjudication of liability imposed upon owners pursuant to this section is by a traffic violations bureau or a court having jurisdiction, an~~] **An** owner who is a lessor of a vehicle to which a notice of liability was issued pursuant to subdivision (g) of this section shall not be liable for the violation of subdivision (b), (d), (f) or (g) of section eleven hundred eighty of this article pursuant to this section, provided that [~~he or she~~] **the owner** sends to the [~~traffic violations bureau or court having jurisdiction~~] **commissioner or chair as applicable** a copy of the rental, lease or other such contract document covering such vehicle on the date of the violation, with the name and address of the lessee clearly legible, within thirty-seven days after receiving notice from the [~~bureau or court~~] **commissioner or chair as applicable** of the date and time of such violation, together with the other information contained in the original notice of liability. Failure

to send such information within such thirty-seven day time period shall render the owner liable for the penalty prescribed by this section. Where the lessor complies with the provisions of this paragraph, the lessee of such vehicle on the date of such violation shall be deemed to be the owner of such vehicle for purposes of this section, shall be subject to liability for the violation of subdivision (b), (d), (f) or (g) of section eleven hundred eighty of this article pursuant to this section and shall be sent a notice of liability pursuant to subdivision (g) of this section.

2. [~~(i)~~] In a city which, by local law, has authorized the adjudication of liability imposed upon owners by this section by a parking violations bureau, an owner who is a lessor of a vehicle to which a notice of liability was issued pursuant to subdivision (g) of this section shall not be liable for the violation of subdivision (b), (d), (f) or (g) of section eleven hundred eighty of this article, provided that:

[~~(A)~~] **(i)** prior to the violation, the lessor has filed with the bureau in accordance with the provisions of section two hundred thirty-nine of this chapter; and

[~~(B)~~] **(ii)** within thirty-seven days after receiving notice from the [~~bureau~~] **chair or commissioner as applicable** of the date and time of a liability, together with the other information contained in the original notice of liability, the lessor submits to the bureau the correct name and address of the lessee of the vehicle identified in the notice of liability at the time of such violation, together with such other additional information contained in the rental, lease or other contract document, as may be reasonably required by the [~~bureau~~] **chair or commissioner as applicable** pursuant to regulations that may be promulgated for such purpose.

[~~(ii)~~] **3.** Failure to comply with [~~clause (B) of subparagraph (i) of~~] this [~~paragraph~~] **subdivision** shall render the owner liable for the penalty prescribed in this section.

[~~(iii)~~] **4.** Where the lessor complies with the provisions of this [~~paragraph~~] **subdivision**, the lessee of such vehicle on the date of such violation shall be deemed to be the owner of such vehicle for purposes of this section, shall be subject to liability for such violation pursuant to this section and shall be sent a notice of liability pursuant to subdivision (g) of this section.

If the commissioner or chair adopts a [~~demonstration~~] program pursuant to subdivision (a) of this section the commissioner or chair, as applicable, shall [~~conduct a study and~~] submit a report on or before [~~May first, two thousand twenty-four and a report on or before~~] May first, two thousand twenty-six on the results of the use of photo devices to the governor, the temporary president of the senate and the speaker of the assembly. The commissioner or chair shall also make such reports available on their public-facing websites, provided that they may provide aggregate data from paragraph one of this subdivision if the commissioner or chair finds that publishing specific location data would jeopardize public safety. Such report shall include:

§ 2. The vehicle and traffic law is amended by adding a new section 1180-h to read as follows:

§ 1180-h. Owner liability for failure of operator to comply with certain posted maximum speed limits; Triborough bridge and tunnel project highway construction or maintenance work area. (a) 1. Notwithstanding any other provision of law, the Triborough bridge and tunnel authority, a body corporate and politic constituting a public benefit

corporation created and constituted pursuant to title three of article three of the public authorities law, is hereby authorized to establish a program imposing monetary liability on the owner of a vehicle for failure of an operator thereof to comply with posted maximum speed limits in a construction or maintenance work area located at any Triborough bridge and tunnel authority project referred to in subdivision nine of section five hundred fifty-three of the public authorities law, or as otherwise provided in an applicable interagency agreement, (i) when construction or maintenance work is occurring and a work area speed limit is in effect as provided in paragraph two of subdivision (d) or subdivision (f) of section eleven hundred eighty of this article or (ii) when construction or maintenance work is occurring and other speed limits are in effect as provided in subdivision (b) or (g) or paragraph one of subdivision (d) of section eleven hundred eighty of this article. Such program shall empower the Triborough bridge and tunnel authority to install photo speed violation monitoring systems within construction or maintenance work areas located at Triborough bridge and tunnel authority projects and to operate such systems within such work areas (iii) when construction or maintenance work is occurring and a work area speed limit is in effect as provided in paragraph two of subdivision (d) or subdivision (f) of section eleven hundred eighty of this article or (iv) when construction or maintenance work is occurring and other speed limits are in effect as provided in subdivision (b) or (g) or paragraph one of subdivision (d) of section eleven hundred eighty of this article. The Triborough bridge and tunnel authority shall determine the location of the construction or maintenance work areas located at a Triborough bridge and tunnel authority project in which to install and operate photo speed violation monitoring systems. In selecting a construction or maintenance work area in which to install and operate a photo speed violation monitoring system, the Triborough bridge and tunnel authority shall consider criteria including, but not limited to, the speed data, crash history, and roadway geometry applicable to such construction or maintenance work area.

2. No photo speed violation monitoring system shall be used in a construction or maintenance work area unless (i) on the day it is to be used it has successfully passed a self-test of its functions; and (ii) it has undergone an annual calibration check performed pursuant to paragraph four of this subdivision. The Triborough bridge and tunnel authority shall install signs giving notice that a photo speed violation monitoring system is in use, in conformance with standards established in the MUTCD.

3. Operators of photo speed violation monitoring systems shall have completed training in the procedures for setting up, testing, and operating such systems. Each such operator shall complete and sign a daily set-up log for each such system that the operator operates that (i) states the date and time when, and the location where, the system was set up that day, and (ii) states that such operator successfully performed, and the system passed, the self-tests of such system before producing a recorded image that day. The Triborough bridge and tunnel authority shall retain each such daily log until the later of the date on which the photo speed violation monitoring system to which it applies has been permanently removed from use or the final resolution of all cases involving notices of liability issued based on photographs, microphotographs, video or other recorded images produced by such system.

4. Each photo speed violation monitoring system shall undergo an annual calibration check performed by an independent calibration laboratory

which shall issue a signed certificate of calibration. The Triborough bridge and tunnel authority shall keep each such annual certificate of calibration on file until the final resolution of all cases involving a notice of liability issued during such year which were based on photographs, microphotographs, videotape or other recorded images produced by such photo speed violation monitoring system.

5. (i) Such program shall utilize necessary technologies to ensure, to the extent practicable, that photographs, microphotographs, videotape or other recorded images produced by such photo speed violation monitoring systems shall not include images that identify the driver, the passengers, or the contents of the vehicle. Provided, however, that no notice of liability issued pursuant to this section shall be dismissed solely because such a photograph, microphotograph, videotape or other recorded image allows for the identification of the driver, the passengers, or the contents of vehicles where the Triborough bridge and tunnel authority shows that it made reasonable efforts to comply with the provisions of this paragraph in such case.

(ii) Photographs, microphotographs, videotape or any other recorded image from a photo speed violation monitoring system shall be for the exclusive use of the Triborough bridge and tunnel authority for the purpose of the adjudication of liability imposed pursuant to this section and of the owner receiving a notice of liability pursuant to this section, and shall be destroyed by the Triborough bridge and tunnel authority upon the final resolution of the notice of liability to which such photographs, microphotographs, videotape or other recorded images relate, or one year following the date of issuance of such notice of liability, whichever is later. Notwithstanding the provisions of any other law, rule or regulation to the contrary, photographs, microphotographs, videotape or any other recorded image from a photo speed violation monitoring system shall not be open to the public, nor subject to civil or criminal process or discovery, nor used by any court or administrative or adjudicatory body in any action or proceeding therein except that which is necessary for the adjudication of a notice of liability issued pursuant to this section, and no public entity or employee, officer or agent thereof shall disclose such information, except that such photographs, microphotographs, videotape or any other recorded images from such systems:

(A) shall be available for inspection and copying and use by the motor vehicle owner and operator for so long as such photographs, microphotographs, videotape or other recorded images are required to be maintained or are maintained by such public entity, employee, officer or agent; and

(B) (1) shall be furnished when described in a search warrant issued by a court authorized to issue such a search warrant pursuant to article six hundred ninety of the criminal procedure law or a federal court authorized to issue such a search warrant under federal law, where such search warrant states that there is reasonable cause to believe such information constitutes evidence of, or tends to demonstrate that, a misdemeanor or felony offense was committed in this state or another state, or that a particular person participated in the commission of a misdemeanor or felony offense in this state or another state, provided, however, that if such offense was against the laws of another state, the court shall only issue a warrant if the conduct comprising such offense would, if occurring in this state, constitute a misdemeanor or felony against the laws of this state; and

(2) shall be furnished in response to a subpoena duces tecum signed by a judge of competent jurisdiction and issued pursuant to article six

hundred ten of the criminal procedure law or a judge or magistrate of a federal court authorized to issue such a subpoena duces tecum under federal law, where the judge finds and the subpoena states that there is reasonable cause to believe such information is relevant and material to the prosecution, or the defense, or the investigation by an authorized law enforcement official, of the alleged commission of a misdemeanor or felony in this state or another state, provided, however, that if such offense was against the laws of another state, such judge or magistrate shall only issue such subpoena if the conduct comprising such offense would, if occurring in this state, constitute a misdemeanor or felony in this state; and

(3) may, if lawfully obtained pursuant to this clause and clause (A) of this subparagraph and otherwise admissible, be used in such criminal action or proceeding.

(b) The owner of a vehicle shall be liable for a penalty imposed pursuant to this section if such vehicle was used or operated with the permission of the owner, express or implied, within a construction or maintenance work area located at a Triborough bridge and tunnel authority project in violation of paragraph two of subdivision (d) or subdivision (f), or when other speed limits are in effect in violation of subdivision (b) or (g) or paragraph one of subdivision (d) of section eleven hundred eighty of this article, such vehicle was traveling at a speed of more than ten miles per hour above the posted speed limit in effect within such construction or maintenance work area, and such violation is evidenced by information obtained from a photo speed violation monitoring system; provided however that no owner of a vehicle shall be liable for a penalty imposed pursuant to this section where the operator of such vehicle has been convicted of the underlying violation of subdivision (b), (d), (f) or (g) of section eleven hundred eighty of this article.

(c) For purposes of this section, the following terms shall have the following meanings:

1. "manual on uniform traffic control devices" or "MUTCD" shall mean the manual and specifications for a uniform system of traffic control devices maintained by the commissioner of transportation pursuant to section sixteen hundred eighty of this chapter;

2. "owner" shall have the meaning provided in article two-B of this chapter;

3. "photo speed violation monitoring system" shall mean a vehicle sensor installed to work in conjunction with a speed measuring device which automatically produces two or more photographs, two or more microphotographs, a videotape or other recorded images of each vehicle at the time it is used or operated in a construction or maintenance work area located at a Triborough bridge and tunnel authority project in violation of subdivision (b), (d), (f) or (g) of section eleven hundred eighty of this article in accordance with the provisions of this section;

4. "Triborough bridge and tunnel authority projects" shall mean the projects referred to in subdivision nine of section five hundred fifty-three of the public authorities law, or as otherwise provided in an applicable interagency agreement.

(d) A certificate, sworn to or affirmed by a technician employed by the Triborough bridge and tunnel authority or its agent as applicable, or a facsimile thereof, based upon inspection of photographs, microphotographs, videotape or other recorded images produced by a photo speed violation monitoring system, shall be prima facie evidence of the facts contained therein. Any photographs, microphotographs, videotape or other

recorded images evidencing such a violation shall include at least two date and time stamped images of the rear of the motor vehicle that include the same stationary object near the motor vehicle to the extent practicable and shall be available for inspection reasonably in advance of and at any proceeding to adjudicate the liability for such violation pursuant to this section.

(e) An owner liable for a violation of subdivision (b), (d), (f) or (g) of section eleven hundred eighty of this article pursuant to a program established pursuant to this section shall be liable for monetary penalties not to exceed fifty dollars for a first violation, one hundred twenty-five dollars for a second violation both of which were committed within a period of eighteen months, and one hundred seventy-five dollars for a third or subsequent violation all of which were committed within a period of eighteen months; provided, however, that an additional penalty not in excess of twenty-five dollars for each violation may be imposed for the failure to respond to a notice of liability within the prescribed time period.

(f) An imposition of liability under the program established pursuant to this section shall not be deemed a conviction as an operator and shall not be made part of the operating record of the person upon whom such liability is imposed nor shall it be used for insurance purposes in the provision of motor vehicle insurance coverage.

(g) 1. A notice of liability shall be sent by first class mail to each person alleged to be liable as an owner for a violation of subdivision (b), (d), (f) or (g) of section eleven hundred eighty of this article pursuant to this section, within fourteen business days if such owner is a resident of this state and within forty-five business days if such owner is a non-resident. Personal delivery on the owner shall not be required. A manual or automatic record of mailing prepared in the ordinary course of business shall be prima facie evidence of the facts contained therein.

2. A notice of liability shall contain the name and address of the person alleged to be liable as an owner for a violation of subdivision (b), (d), (f) or (g) of section eleven hundred eighty of this article pursuant to this section, the registration number of the vehicle involved in such violation, the location where such violation took place, the date and time of such violation, the identification number of the camera which recorded the violation or other document locator number, at least two date and time stamped images of the rear of the motor vehicle that include the same stationary object near the motor vehicle to the extent practicable, and the certificate charging the liability.

3. The notice of liability shall contain information advising the person charged of the manner and the time in which such person may contest the liability alleged in the notice. Such notice of liability shall also contain a prominent warning to advise the person charged that failure to contest in the manner and time provided shall be deemed an admission of liability and that a default judgment may be entered thereon.

4. The notice of liability shall be prepared and mailed by the Triborough bridge and tunnel authority or by any other entity authorized by the Triborough bridge and tunnel authority to prepare and mail such notice of liability.

(h) Adjudication of the liability imposed upon owners of this section shall be by the New York city parking violations bureau.

(i) If an owner receives a notice of liability pursuant to this section for any time period during which the vehicle or the number plate or plates of such vehicle was reported to the police department as having been stolen, it shall be a valid defense to an allegation of liability for a violation of subdivision (b), (d), (f) or (g) of section eleven hundred eighty of this article pursuant to this section that the vehicle or the number plate or plates of such vehicle had been reported to the police as stolen prior to the time the violation occurred and had not been recovered by such time. For purposes of asserting the defense provided by this subdivision, it shall be sufficient that a certified copy of the police report on the stolen vehicle or number plate or plates of such vehicle be sent by first class mail to the Triborough bridge and tunnel authority.

(j) 1. An owner who is a lessor of a vehicle to which a notice of liability was issued pursuant to subdivision (g) of this section shall not be liable for the violation of subdivision (b), (d), (f) or (g) of section eleven hundred eighty of this article pursuant to this section, provided that the owner sends to the Triborough Bridge and tunnel authority a copy of the rental, lease or other such contract document covering such vehicle on the date of the violation, with the name and address of the lessee clearly legible, within thirty-seven days after receiving notice from the Triborough bridge and tunnel authority of the date and time of such violation, together with the other information contained in the original notice of liability. Failure to send such information within such thirty-seven-day time period shall render the owner liable for the penalty prescribed by this section. Where the lessor complies with the provisions of this paragraph, the lessee of such vehicle on the date of such violation shall be deemed to be the owner of such vehicle for purposes of this section, shall be subject to liability for the violation of subdivision (b), (d), (f) or (g) of section eleven hundred eighty of this article pursuant to this section and shall be sent a notice of liability pursuant to subdivision (g) of this section.

2. An owner who is a lessor of a vehicle to which a notice of liability was issued pursuant to subdivision (g) of this section shall not be liable for the violation of subdivision (b), (d), (f) or (g) of section eleven hundred eighty of this article, provided that:

(i) prior to the violation, the lessor has filed with the bureau in accordance with the provisions of section two hundred thirty-nine of this chapter; and

(ii) within thirty-seven days after receiving notice from the Triborough bridge and tunnel authority of the date and time of a liability, together with the other information contained in the original notice of liability, the lessor submits to the Triborough bridge and tunnel authority the correct name and address of the lessee of the vehicle identified in the notice of liability at the time of such violation, together with such other additional information contained in the rental, lease or other contract document, as may be reasonably required by the Triborough bridge and tunnel authority pursuant to regulations that may be promulgated for such purpose.

3. Failure to comply with this subdivision shall render the owner liable for the penalty prescribed in this section.

4. Where the lessor complies with the provisions of this subdivision, the lessee of such vehicle on the date of such violation shall be deemed to be the owner of such vehicle for purposes of this section, shall be subject to liability for such violation pursuant to this section and

shall be sent a notice of liability pursuant to subdivision (g) of this section.

(k) 1. If the owner liable for a violation of subdivision (b), (d), (f) or (g) of section eleven hundred eighty of this article pursuant to this section was not the operator of the vehicle at the time of the violation, the owner may maintain an action for indemnification against the operator.

2. Notwithstanding any other provision of this section, no owner of a vehicle shall be subject to a monetary fine imposed pursuant to this section if the operator of such vehicle was operating such vehicle without the consent of the owner at the time such operator operated such vehicle in violation of subdivision (b), (d), (f) or (g) of section eleven hundred eighty of this article. For purposes of this subdivision there shall be a presumption that the operator of such vehicle was operating such vehicle with the consent of the owner at the time such operator operated such vehicle in violation of subdivision (b), (d), (f) or (g) of section eleven hundred eighty of this article.

(l) Nothing in this section shall be construed to limit the liability of an operator of a vehicle for any violation of subdivision (b), (d), (f) or (g) of section eleven hundred eighty of this article.

(m) It shall be a defense to any prosecution for a violation of subdivision (b), (d), (f) or (g) of section eleven hundred eighty of this article pursuant to this section that such photo speed violation monitoring system was malfunctioning at the time of the alleged violation.

§ 3. The vehicle and traffic law is amended by adding a new section 1180-i to read as follows:

§ 1180-i. Owner liability for failure of operator to comply with certain posted maximum speed limits; New York state bridge authority project highway construction or maintenance work area. (a) 1. Notwithstanding any other provision of law, the New York state bridge authority "bridge authority", a body corporate and politic constituting a public benefit corporation created and constituted pursuant to title two of article three of the public authorities law, is hereby authorized to establish a program imposing monetary liability on the owner of a vehicle for failure of an operator thereof to comply with posted maximum speed limits in a construction or maintenance work area located at any bridge authority project referred to in subdivision ten or ten-a of section five hundred twenty-eight of the public authorities law, or as otherwise provided in an applicable interagency agreement, (i) when construction or maintenance work is occurring and a work area speed limit is in effect as provided in paragraph two of subdivision (d) or subdivision (f) of section eleven hundred eighty of this article or (ii) when construction or maintenance work is occurring and other speed limits are in effect as provided in subdivision (b) or (g) or paragraph one of subdivision (d) of section eleven hundred eighty of this article. Such program shall empower the bridge authority to install photo speed violation monitoring systems within construction or maintenance work areas located at bridge authority projects and to operate such systems within such work areas (iii) when construction or maintenance work is occurring and a work area speed limit is in effect as provided in paragraph two of subdivision (d) or subdivision (f) of section eleven hundred eighty of this article or (iv) when construction or maintenance work is occurring and other speed limits are in effect as provided in subdivision (b) or (g) or paragraph one of subdivision (d) of section eleven hundred eighty of this article. The bridge authority shall determine the location of the construction or maintenance work areas located

at a bridge authority project in which to install and operate photo speed violation monitoring systems. In selecting a construction or maintenance work area in which to install and operate a photo speed violation monitoring system, the bridge authority shall consider criteria including, but not limited to, the speed data, crash history, and roadway geometry applicable to such construction or maintenance work area.

2. No photo speed violation monitoring system shall be used in a construction or maintenance work area unless (i) on the day it is to be used it has successfully passed a self-test of its functions; and (ii) it has undergone an annual calibration check performed pursuant to paragraph four of this subdivision. The bridge authority shall install signs giving notice that a photo speed violation monitoring system is in use, in conformance with standards established in the MUTCD.

3. Operators of photo speed violation monitoring systems shall have completed training in the procedures for setting up, testing, and operating such systems. Each such operator shall complete and sign a daily set-up log for each such system that the operator operates that (i) states the date and time when, and the location where, the system was set up that day, and (ii) states that such operator successfully performed, and the system passed, the self-tests of such system before producing a recorded image that day. The bridge authority shall retain each such daily log until the later of the date on which the photo speed violation monitoring system to which it applies has been permanently removed from use or the final resolution of all cases involving notices of liability issued based on photographs, microphotographs, video or other recorded images produced by such system.

4. Each photo speed violation monitoring system shall undergo an annual calibration check performed by an independent calibration laboratory which shall issue a signed certificate of calibration. The bridge authority shall keep each such annual certificate of calibration on file until the final resolution of all cases involving a notice of liability issued during such year which were based on photographs, microphotographs, videotape or other recorded images produced by such photo speed violation monitoring system.

5. (i) Such program shall utilize necessary technologies to ensure, to the extent practicable, that photographs, microphotographs, videotape or other recorded images produced by such photo speed violation monitoring systems shall not include images that identify the driver, the passengers, or the contents of the vehicle. Provided, however, that no notice of liability issued pursuant to this section shall be dismissed solely because such a photograph, microphotograph, videotape or other recorded image allows for the identification of the driver, the passengers, or the contents of vehicles where the bridge authority shows that it made reasonable efforts to comply with the provisions of this paragraph in such case.

(ii) Photographs, microphotographs, videotape or any other recorded image from a photo speed violation monitoring system shall be for the exclusive use of the bridge authority for the purpose of the adjudication of liability imposed pursuant to this section and of the owner receiving a notice of liability pursuant to this section, and shall be destroyed by the bridge authority upon the final resolution of the notice of liability to which such photographs, microphotographs, videotape or other recorded images relate, or one year following the date of issuance of such notice of liability, whichever is later. Notwithstanding the provisions of any other law, rule or regulation to the contrary,

photographs, microphotographs, videotape or any other recorded image from a photo speed violation monitoring system shall not be open to the public, nor subject to civil or criminal process or discovery, nor used by any court or administrative or adjudicatory body in any action or proceeding therein except that which is necessary for the adjudication of a notice of liability issued pursuant to this section, and no public entity or employee, officer or agent thereof shall disclose such information, except that such photographs, microphotographs, videotape or any other recorded images from such systems:

(A) shall be available for inspection and copying and use by the motor vehicle owner and operator for so long as such photographs, microphotographs, videotape or other recorded images are required to be maintained or are maintained by such public entity, employee, officer or agent; and

(B) (1) shall be furnished when described in a search warrant issued by a court authorized to issue such a search warrant pursuant to article six hundred ninety of the criminal procedure law or a federal court authorized to issue such a search warrant under federal law, where such search warrant states that there is reasonable cause to believe such information constitutes evidence of, or tends to demonstrate that, a misdemeanor or felony offense was committed in this state or another state, or that a particular person participated in the commission of a misdemeanor or felony offense in this state or another state, provided, however, that if such offense was against the laws of another state, the court shall only issue a warrant if the conduct comprising such offense would, if occurring in this state, constitute a misdemeanor or felony against the laws of this state; and

(2) shall be furnished in response to a subpoena duces tecum signed by a judge of competent jurisdiction and issued pursuant to article six hundred ten of the criminal procedure law or a judge or magistrate of a federal court authorized to issue such a subpoena duces tecum under federal law, where the judge finds and the subpoena states that there is reasonable cause to believe such information is relevant and material to the prosecution, or the defense, or the investigation by an authorized law enforcement official, of the alleged commission of a misdemeanor or felony in this state or another state, provided, however, that if such offense was against the laws of another state, such judge or magistrate shall only issue such subpoena if the conduct comprising such offense would, if occurring in this state, constitute a misdemeanor or felony in this state; and

(3) may, if lawfully obtained pursuant to this clause and clause (A) of this subparagraph and otherwise admissible, be used in such criminal action or proceeding.

(b) The owner of a vehicle shall be liable for a penalty imposed pursuant to this section if such vehicle was used or operated with the permission of the owner, express or implied, within a construction or maintenance work area located at a bridge authority project in violation of paragraph two of subdivision (d) or subdivision (f), or when other speed limits are in effect in violation of subdivision (b) or (g) or paragraph one of subdivision (d) of section eleven hundred eighty of this article, such vehicle was traveling at a speed of more than ten miles per hour above the posted speed limit in effect within such construction or maintenance work area, and such violation is evidenced by information obtained from a photo speed violation monitoring system; provided however that no owner of a vehicle shall be liable for a penalty imposed pursuant to this section where the operator of such vehicle

has been convicted of the underlying violation of subdivision (b), (d), (f) or (g) of section eleven hundred eighty of this article.

(c) For purposes of this section, the following terms shall have the following meanings:

4. "bridge authority projects" shall mean the projects referred to in subdivision ten or ten-a of section five hundred twenty-eight of the public authorities law, or as otherwise provided in an applicable inter-agency agreement.

(d) A certificate, sworn to or affirmed by a technician employed by the bridge authority or its agent as applicable, or a facsimile thereof, based upon inspection of photographs, microphotographs, videotape or other recorded images produced by a photo speed violation monitoring system, shall be prima facie evidence of the facts contained therein. Any photographs, microphotographs, videotape or other recorded images evidencing such a violation shall include at least two date and time stamped images of the rear of the motor vehicle that include the same stationary object near the motor vehicle to the extent practicable and shall be available for inspection reasonably in advance of and at any proceeding to adjudicate the liability for such violation pursuant to this section.

(e) An owner liable for a violation of subdivision (b), (d), (f) or (g) of section eleven hundred eighty of this article pursuant to a program established pursuant to this section shall be liable for monetary penalties not to exceed fifty dollars for a first violation, one hundred twenty-five dollars for a second violation both of which were committed within a period of eighteen months, and one hundred seventy-five dollars for a third or subsequent violation all of which were committed within a period of eighteen months; provided, however, that an additional penalty not in excess of twenty-five dollars for each violation may be imposed for the failure to respond to a notice of liability within the prescribed time period.

(f) An imposition of liability under the program established pursuant to this section shall not be deemed a conviction as an operator and shall not be made part of the operating record of the person upon whom such liability is imposed nor shall it be used for insurance purposes in the provision of motor vehicle insurance coverage.

Personal delivery on the owner shall not be

required. A manual or automatic record of mailing prepared in the ordinary course of business shall be prima facie evidence of the facts contained therein.

3. The notice of liability shall contain information advising the person charged of the manner and the time in which such person may contest the liability alleged in the notice. Such notice of liability shall also contain a prominent warning to advise the person charged that failure to contest in the manner and time provided shall be deemed an admission of liability and that a default judgment may be entered thereon.

4. The notice of liability shall be prepared and mailed by the bridge authority or by any other entity authorized by the bridge authority to prepare and mail such notice of liability.

(h) Adjudication of the liability imposed upon owners of this section shall be by a traffic violations bureau established pursuant to section three hundred seventy of the general municipal law where the violation occurred or, if there be none, by a hearing officer designated by the commissioner of motor vehicles.

(i) If an owner receives a notice of liability pursuant to this section for any time period during which the vehicle or the number plate or plates of such vehicle was reported to the police department as having been stolen, it shall be a valid defense to an allegation of liability for a violation of subdivision (b), (d), (f) or (g) of section eleven hundred eighty of this article pursuant to this section that the vehicle or the number plate or plates of such vehicle had been reported to the police as stolen prior to the time the violation occurred and had not been recovered by such time. For purposes of asserting the defense provided by this subdivision, it shall be sufficient that a certified copy of the police report on the stolen vehicle or number plate or plates of such vehicle be sent by first class mail to the bridge authority.

§ 735. Short title. This article shall be known and may be cited as the "buy-now-pay-later act".

§ 736. Definitions. As used in this article, the following terms shall have the following meanings:

1. "Consumer" means an individual who is a resident of the state of New York.

2. "Buy-now-pay-later loan" means closed-end credit provided to a consumer in connection with such consumer's particular purchase of goods and/or services, other than a motor vehicle as defined under section one hundred twenty-five of the vehicle and traffic law. A "buy-now-pay-later loan" does not include credit where the creditor is the seller of such goods and/or services, unless it is credit pursuant to an agreement whereby, at a consumer's request, the creditor purchases a specific good and/or service from a seller and resells such specific good and/or service to such consumer on closed-end credit.

3. "Buy-now-pay-later lender" means a person who offers buy-now-pay-later loans in this state. For purposes of the preceding sentence, "offer" means offering to make a buy-now-pay-later loan by extending credit directly to a consumer or operating a platform, software or system with which a consumer interacts and the primary purpose of which is to allow third parties to offer buy-now-pay-later loans, or both. A person shall not be considered a buy-now-pay-later lender on the basis of isolated, incidental or occasional transactions which otherwise meet the definitions of this section.

4. "Exempt organization" means any banking organization or foreign banking corporation licensed by the superintendent or the comptroller of the currency to transact business in this state or originating buy-now-pay-later loans from a branch in this state subject to article five-C of this chapter, licensed lender licensed by the superintendent under article nine of this chapter, national bank, federal savings bank, federal savings and loan association, federal credit union, or state depository institution or state credit union as defined in 12 U.S.C. §§ 1813(c)(5) and 1752(6) respectively.

5. "Licensee" means a person who has been issued a license under this article.

6. "Person" means an individual, partnership, corporation, association or any other business organization.

§ 737. License. 1. No person or other entity, except an exempt organization as defined in this article, shall act as a buy-now-pay-later lender without first obtaining a license from the superintendent under this article.

2. An application for a license shall be in writing, under oath, and in the form and containing such information as the superintendent may require.

3. At the time of filing an application for a license, the applicant shall pay to the superintendent a fee as prescribed pursuant to section eighteen-a of this chapter.

4. A license granted under this article shall be valid unless revoked or suspended by the superintendent or unless surrendered by the licensee and accepted by the superintendent.

5. In connection with an application for a license, the applicant shall submit an affidavit of financial solvency, including financial statements, noting such capitalization requirements and access to such credit or such other affirmation or information as may be prescribed by the regulations of the superintendent.

§ 738. Conditions precedent to issuing a license; procedure where application is denied. 1. After the filing of an application for a license accompanied by payment of the fee pursuant to subdivision three of section seven hundred thirty-seven of this article, it shall be substantively reviewed. After the application is deemed sufficient and complete, if the superintendent finds that the financial responsibility, including meeting any capital requirements as established pursuant to subdivision three of this section, experience, character and general fitness of the applicant or any person associated with the applicant are such as to command the confidence of the community and to warrant the belief that the business will be conducted honestly, fairly and efficiently within the purposes and intent of this article, the superintendent shall issue the license. For the purpose of this subdivision, the applicant shall be deemed to include all the members of the applicant if it is a partnership or unincorporated association or organization, and all the stockholders, officers and directors of the applicant if it is a corporation.

2. If the superintendent refuses to issue a license, the superintendent shall notify the applicant of the denial and retain the fee paid pursuant to subdivision three of section seven hundred thirty-seven of this article.

3. The superintendent may promulgate rules and regulations setting capital requirements to ensure the solvency and financial integrity of licensees and their ongoing operations, taking into account the risks, volume of business, complexity, and other relevant factors regarding such licensees. Further, the superintendent may promulgate rules and regulations prescribing a methodology to calculate capital requirements with respect to licensees or categories thereof.

§ 739. License provisions and posting. 1. A license issued under this article shall state the name and address of the licensee, and if the licensee be a co-partnership or association, the names of the members thereof, and if a corporation the date and place of its incorporation.

2. Such license shall be kept conspicuously posted on the mobile application, website, or other consumer interface of the licensee, as well as listed in the terms and conditions of any buy-now-pay-later loan

offered or entered into by the licensee. The superintendent may provide by regulation an alternative form of notice of licensure.

3. A license issued under this article shall not be transferable or assignable.

§ 740. Application for acquisition of control of buy-now-pay-later lender by purchase of stock. 1. It shall be unlawful except with the prior approval of the superintendent for any action to be taken which results in a change of control of the business of a licensee. Prior to any change of control, the person desirous of acquiring control of the business of a licensee shall make written application to the superintendent and pay an investigation fee as prescribed pursuant to section eighteen-a of this chapter to the superintendent. The application shall contain such information as the superintendent, by regulation, may prescribe as necessary or appropriate for the purpose of making the determination required by subdivision two of this section.

2. The superintendent shall approve or disapprove the proposed change of control of a licensee in accordance with the provisions of section seven hundred thirty-eight of this article.

3. For a period of six months from the date of qualification thereof and for such additional period of time as the superintendent may prescribe, in writing, the provisions of subdivisions one and two of this section shall not apply to a transfer of control by operation of law to the legal representative, as hereinafter defined, of one who has control of a licensee. Thereafter, such legal representative shall comply with the provisions of subdivisions one and two of this section. The provisions of subdivisions one and two of this section shall be applicable to an application made under such section by a legal representative.

4. The term "legal representative," for the purposes of this section, shall mean one duly appointed by a court of competent jurisdiction to act as executor, administrator, trustee, committee, conservator or receiver, including one who succeeds a legal representative and one acting in an ancillary capacity thereto in accordance with the provisions of such court appointment.

5. As used in this section, the term "control" means the possession, directly or indirectly, of the power to direct or cause the direction of the management and policies of a licensee, whether through the ownership of voting stock of such licensee, the ownership of voting stock of any person which possesses such power or otherwise. Control shall be presumed to exist if any person, directly or indirectly, owns, controls or holds with power to vote ten per centum or more of the voting stock of any licensee or of any person which owns, controls or holds with power to vote ten per centum or more of the voting stock of any licensee, but no person shall be deemed to control a licensee solely by reason of being an officer or director of such licensee or person. The superintendent may in the superintendent's discretion, upon the application of a licensee or any person who, directly or indirectly, owns, controls or holds with power to vote or seeks to own, control or hold with power to vote any voting stock of such licensee, determine whether or not the ownership, control or holding of such voting stock constitutes or would constitute control of such licensee for purposes of this section.

§ 741. Grounds for revocation or suspension of license; procedure. 1. A license granted under this article may be revoked or suspended by the superintendent upon a finding that:

(a) the licensee has violated any applicable law or regulation;

(b) any fact or condition exists which, if it had existed at the time of the original application for such license, clearly would have warranted the superintendent's refusal to issue such license; or

(c) the licensee has failed to pay any sum of money lawfully demanded by the superintendent or to comply with any demand, ruling or requirement of the superintendent.

2. Any licensee may surrender any license by delivering to the superintendent written notice that the licensee thereby surrenders such license. Such surrender shall be effective upon its acceptance by the superintendent, and shall not affect such licensee's civil or criminal liability for acts committed prior to such surrender.

3. Every license issued under this article shall remain in force and effect until the same shall have been surrendered, revoked or suspended, in accordance with the provisions of this article, but the superintendent shall have authority to reinstate suspended licenses or to issue a new license to a licensee whose license has been revoked if no fact or condition then exists which clearly would have warranted the superintendent's refusal to issue such license.

4. Whenever the superintendent shall revoke or suspend a license issued under this article, the superintendent shall forthwith execute a written order to that effect, which order may be reviewed in the manner provided by article seventy-eight of the civil practice law and rules. Such special proceeding for review as authorized by this section must be commenced within thirty days from the date of such order of suspension or revocation.

5. The superintendent may, for good cause, without notice and a hearing, suspend any license issued under this article for a period not exceeding thirty days, pending investigation. "Good cause," as used in this subdivision, shall exist only when the licensee has engaged in or is likely to engage in a practice prohibited by this article or the rules and regulations promulgated thereunder or engages in dishonest or inequitable practices which may cause substantial harm to the public.

6. No revocation, suspension or surrender of any license shall impair or affect any pre-existing lawful contracts between the licensee and any borrower.

§ 742. Superintendent authorized to examine. 1. The superintendent shall have the power to make such investigations as the superintendent shall deem necessary to determine whether any buy-now-pay-later lender or any other person has violated any of the provisions of this article or any other applicable law, or whether any licensee has conducted itself in such manner as would justify the revocation of its license, and to the extent necessary therefor, the superintendent may require the attendance of and examine any person under oath, and shall have the power to compel the production of all relevant books, records, accounts, and documents.

2. The superintendent shall have the power to make such examinations of the books, records, accounts and documents used in the business of any licensee as the superintendent shall deem necessary to determine whether any such licensee has violated any of the provisions of this chapter or any other applicable law or to secure information lawfully required by the superintendent.

§ 743. Licensee's books and records; reports. 1. A buy-now-pay-later lender shall keep and use in its business such books, accounts and records as will enable the superintendent to determine whether such buy-now-pay-later lender is complying with the provisions of this article and with the rules and regulations promulgated by the superintendent

thereunder. Every buy-now-pay-later lender shall preserve such books, accounts and records for at least six years after making the final entry in respect to any buy-now-pay-later loan recorded therein; provided, however, the preservation of photographic or digital reproductions thereof or records in photographic or digital form shall constitute compliance with this requirement.

2. By a date to be set by the superintendent, each licensee shall annually file a report with the superintendent giving such information as the superintendent may require concerning the licensee's business and operations during the preceding calendar year within the state under the authority of this article. Such report shall be subscribed and affirmed as true by the licensee under the penalties of perjury and be in the form prescribed by the superintendent. In addition to such annual reports, the superintendent may require of licensees such additional regular or special reports as the superintendent may deem necessary to the proper supervision of licensees under this article. Such additional reports shall be in the form prescribed by the superintendent and shall be subscribed and affirmed as true under the penalties of perjury.

§ 744. Acts prohibited. 1. No buy-now-pay-later lender shall take or cause to be taken any confession of judgment or any power of attorney to confess judgment or to appear for the consumer in a judicial proceeding.

2. No buy-now-pay-later lender shall:

(a) employ any scheme, device, or artifice to defraud or mislead a borrower;

(b) engage in any deceptive or unfair practice toward any person or misrepresent or omit any material information in connection with the buy-now-pay-later loans, including, but not limited to, misrepresenting the amount, nature or terms of any fee or payment due or claimed to be due on the loan, the terms and conditions of the loan agreement or the borrower's obligations under the loan;

(c) misapply payments to the outstanding balance of any buy-now-pay-later loan or to any related fees;

(d) provide inaccurate information to a consumer reporting agency; or

(e) make any false statement or make any omission of a material fact in connection with any information or reports filed with a governmental agency or in connection with any investigation conducted by the superintendent or another governmental agency.

§ 745. Interest and other charges. 1. Subject to applicable federal law, no buy-now-pay-later lender shall charge, contract for, or otherwise receive from a consumer any interest, discount, or other consideration in connection with a buy-now-pay-later loan, whether directly or indirectly, greater than the rate permitted by section 5-501 of the general obligations law.

2. The superintendent may establish a standard amount or percentage for total maximum charge or fee in connection with late payment, default or any other violation of the buy-now-pay-later loan agreement that a buy-now-pay-later lender can charge a consumer. Such fee or charge shall not be collected more than once for a single such late payment, default, or other violation of the buy-now-pay-later loan agreement.

3. The superintendent may promulgate rules and regulations regarding the manner of charging interest and fees described in this section.

§ 746. Consumer protections. 1. A buy-now-pay-later lender shall disclose or cause to be disclosed to consumers the terms of buy-now-pay-later loans, including the cost, such as interest and fees, repayment schedule, whether the transaction will or will not be reported to a credit reporting agency, and other material conditions, in a clear and

conspicuous manner. Disclosures shall comply with applicable federal regulations, including but not limited to regulation Z of title I of the Consumer Credit Protection Act.

2. Subject to regulations to be promulgated by the superintendent, a buy-now-pay-later lender shall, before providing or causing to be provided a buy-now-pay-later loan to a consumer, make, or cause to be made, a reasonable determination that such consumer has the ability to repay the buy-now-pay-later loan. No licensee shall collect, evaluate, report, or maintain in the file on a borrower the credit worthiness, credit standing, or credit capacity of members of the borrower's social network for purposes of determining the credit worthiness of the borrower; the average credit worthiness, credit standing, or credit capacity of members of the borrower's social network; or any group score that is not the borrower's own credit worthiness, credit standing, or credit capacity.

3. A buy-now-pay-later lender shall maintain or cause to be maintained policies and procedures for maintaining accurate data that may be reported to credit reporting agencies. The superintendent may promulgate rules and regulations requiring that buy-now-pay-later lenders report or cause to be reported data on buy-now-pay-later loans to credit reporting agencies, requiring that such reporting occur in a particular manner, or prohibiting such reporting.

4. A buy-now-pay-later lender shall provide or cause to be provided refunds or credits for goods or services purchased in connection with a buy-now-pay-later loan, upon consumer request, in a manner that is fair, transparent, and not unduly burdensome to consumers. A buy-now-pay-later lender shall maintain or cause to be maintained policies and procedures to provide such refunds or credits. Such policies and procedures shall be fair, transparent, and not unduly burdensome to the consumer. A buy-now-pay-later lender shall disclose or cause to be disclosed to consumers, in a clear and conspicuous manner, the process by which they can obtain refunds or credits for goods or services they have purchased in connection with a buy-now-pay-later loan.

5. A buy-now-pay-later lender shall resolve or cause to be resolved disputes in a manner that is fair and transparent to consumers. A buy-now-pay-later lender shall create or cause to be created a readily available and prominently disclosed method for consumers to bring a dispute to the buy-now-pay-later lender. A buy-now-pay-later lender shall maintain policies and procedures for handling consumer disputes. The superintendent may promulgate rules and regulations regarding treatment of unauthorized use, so that consumers are liable for use of buy-now-pay-later loans in their name only under circumstances where such liability would be fair and reasonable. A buy-now-pay-later lender shall apply to buy-now-pay-later loans the dispute rights and unauthorized charges requirements that apply to credit cards under the Truth in Lending Act, 15 U.S.C. § 1643, 1666, 1666a, 1666i, regardless of whether such law applies to buy-now-pay-later loans or whether the buy-now-pay-later lender offers a credit card within the scope of such law.

6. A buy-now-pay-later lender may use, sell, or share the data of a consumer, other than in connection with the making of a particular buy-now-pay-later loan to the consumer, only with the consumer's consent. A buy-now-pay-later lender shall disclose or cause to be disclosed to a consumer in a clear and conspicuous manner how such consumer's data may be used, shared, or sold by the buy-now-pay-later lender before obtaining such consumer's consent and also shall disclose or cause to be disclosed to such consumer in a clear and conspicuous manner how such

consumer may subsequently withdraw consent to such use, sharing, or sale. The superintendent, in their discretion, may by regulation prohibit certain uses of consumer data. A buy-now-pay-later lender shall maintain policies and procedures regarding its use, sale, and sharing of consumers' data.

7. Any buy-now-pay-later loan made by a person not licensed under this article, other than an exempt organization, shall be void, and such person shall have no right to collect or receive any principal, interest or charge whatsoever.

§ 747. Authority of superintendent. 1. The superintendent is authorized to promulgate such general rules and regulations as may be appropriate to implement the provisions of this article, protect consumers, and ensure the solvency and financial integrity of buy-now-pay-later lenders. PART HH

Section 1. Short title. This act shall be known and may be cited as the "private activity bond allocation act of 2025".

§ 2. Legislative findings and declaration. The legislature hereby finds and declares that the federal tax reform act of 1986 established a statewide bond volume ceiling on the issuance of certain tax exempt private activity bonds and notes and, under certain circumstances, governmental use bonds and notes issued by the state and its public authorities, local governments, agencies which issue on behalf of local governments, and certain other issuers. The federal tax reform act establishes a formula for the allocation of the bond volume ceiling which was subject to temporary modification by gubernatorial executive order until December 31, 1987. That act also permits state legislatures to establish, by statute, an alternative formula for allocating the volume ceiling. Bonds and notes subject to the volume ceiling require an allocation from the state's annual volume ceiling in order to qualify for federal tax exemption.

It is hereby declared to be the policy of the state to maximize the public benefit through the issuance of private activity bonds for the purposes of, among other things, allocating a fair share of the bond volume ceiling upon initial allocation and from a bond reserve to local agencies and for needs identified by local governments; providing housing and promoting economic development; job creation; an economical energy supply; and resource recovery and to provide for an orderly and efficient volume ceiling allocation process for state and local agencies by establishing an alternative formula for making such allocations.

§ 3. Definitions. As used in this act, unless the context requires otherwise:

1. "Bonds" means bonds, notes or other obligations.

2. "Carryforward" means an amount of unused private activity bond ceiling available to an issuer pursuant to an election filed with the internal revenue service pursuant to section 146(f) of the code.

4. "Commissioner" means the commissioner of the New York state department of economic development.

6. "Director" means the director of the New York state division of the budget.

7. "Issuer" means a local agency, state agency or other issuer.

8. "Local agency" means an industrial development agency established or operating pursuant to article 18-A of the general municipal law, the Troy industrial development authority and the Auburn industrial development authority.

9. "Other issuer" means any agency, political subdivision or other entity, other than a local agency or state agency, that is authorized to issue covered bonds.

14. "Multi-year housing development project" means a project (a) which qualifies for covered bonds; (b) which is to be constructed over two or more years and (c) in which at least twenty percent of the dwelling units will be occupied by persons and families of low income.

§ 4. Local agency set-aside. A set-aside of statewide ceiling for local agencies for any calendar year shall be an amount which bears the same ratio to one-third of the statewide ceiling as the population of the jurisdiction of such local agency bears to the population of the entire state. The commissioner shall administer allocations of such set-aside to local agencies.

§ 5. State agency set-aside. A set-aside of statewide ceiling for all state agencies for any calendar year shall be one-third of the statewide ceiling. The director shall administer allocations of such set-aside to state agencies and may grant an allocation to any state agency upon receipt of an application in such form as the director shall require.

§ 6. Statewide bond reserve. One-third of the statewide ceiling is hereby set aside as a statewide bond reserve to be administered by the director.

1. Allocation of the statewide bond reserve among state agencies, local agencies and other issuers. The director shall transfer a portion of the statewide bond reserve to the commissioner for allocation to and use by local agencies and other issuers in accordance with the terms of this section. The remainder of the statewide bond reserve may be allo-

cated by the director to state agencies in accordance with the terms of this section.

2. Allocation of statewide bond reserve to local agencies or other issuers.

(a) Local agencies or other issuers may at any time apply to the commissioner for an allocation from the statewide bond reserve. Such application shall demonstrate:

(i) that the requested allocation is required under the code for the interest earned on the bonds to be excluded from the gross income of bondholders for federal income tax purposes;

(ii) that the local agency's remaining unused allocation provided pursuant to section four of this act, and other issuer's remaining unused allocation, or any available carryforward will be insufficient for the specific project or projects for which the reserve allocation is requested; and

(iii) that, except for those allocations made pursuant to section thirteen of this act to enable carryforward elections, the requested allocation is reasonably expected to be used during the calendar year, and the requested future allocation is reasonably expected to be used in the calendar year to which the future allocation relates.

(b) In reviewing and approving or disapproving applications, the commissioner shall exercise discretion to ensure an equitable distribution of allocations from the statewide bond reserve to local agencies and other issuers. Prior to making a determination on such applications, the commissioner shall notify and seek the recommendation of the president and chief executive officer of the New York state housing finance agency in the case of an application related to the issuance of multifamily housing or mortgage revenue bonds, and in the case of other requests, such state officers, departments, divisions and agencies as the commissioner deems appropriate.

(c) Applications for allocations shall be made in such form and contain such information and reports as the commissioner shall require.

(d) On or before September fifteenth of each year, the commissioner shall publish the total amount of local agency set-aside that has been recaptured pursuant to section twelve of this act for that year on the department of economic development's website.

3. Allocation of statewide bond reserve to state agencies. The director may make an allocation from the statewide bond reserve to any state agency. Before making any allocation of statewide bond reserve to state agencies the director shall be satisfied:

(a) that the allocation is required under the code for the interest earned on the bonds to be excluded from the gross income of bondholders for federal income tax purposes;

(b) that the state agency's remaining unused allocation provided pursuant to section five of this act or any available carryforward will be insufficient to accommodate the specific bond issue or issues for which the reserve allocation is requested; and

(c) that, except for those allocations made pursuant to section thirteen of this act to enable carryforward elections, the requested allocation is reasonably expected to be used during the calendar year, and the requested future allocation is reasonably expected to be used in the calendar year to which the future allocation relates.

§ 7. Access to employment opportunities. 1. All issuers shall require that any new employment opportunities created in connection with industrial or manufacturing projects financed through the issuance of qualified small issue bonds shall be listed with the New York state depart-

ment of labor and with the one-stop career center established pursuant to the federal Workforce Innovation and Opportunity Act (Pub. L. No. 113-128) serving the locality in which the employment opportunities are being created. Such listing shall be in a manner and form prescribed by the commissioner. All issuers shall further require that for any new employment opportunities created in connection with an industrial or manufacturing project financed through the issuance of qualified small issue bonds by such issuer, industrial or manufacturing firms shall first consider persons eligible to participate in the Workforce Innovation and Opportunity Act (Pub. L. No. 113-128) programs who shall be referred to the industrial or manufacturing firm by one-stop centers in local workforce investment areas or by the department of labor. Issuers of qualified small issue bonds are required to monitor compliance with the provisions of this section as prescribed by the commissioner.

2. Nothing in this section shall be construed to require users of qualified small issue bonds to violate any existing collective bargaining agreement with respect to the hiring of new employees. Failure on the part of any user of qualified small issue bonds to comply with the requirements of this section shall not affect the allocation of bonding authority to the issuer of the bonds or the validity or tax exempt status of such bonds.

§ 8. Overlapping jurisdictions. In a geographic area represented by a county local agency and one or more sub-county local agencies, the allocation granted by section four of this act with respect to such area of overlapping jurisdiction shall be apportioned one-half to the county local agency and one-half to the sub-county local agency or agencies. Where there is a local agency for the benefit of a village within the geographic area of a town for the benefit of which there is a local agency, the allocation of the village local agency shall be based on the population of the geographic area of the village, and the allocation of the town local agency shall be based upon the population of the geographic area of the town outside of the village. Notwithstanding the foregoing, a local agency may surrender all or part of its allocation for such calendar year to another local agency with an overlapping jurisdiction. Such surrender shall be made at such time and in such manner as the commissioner shall prescribe.

§ 9. Ineligible local agencies. To the extent that any allocation of the local agency set-aside would be made by this act to a local agency which is ineligible to receive such allocation under the code or under regulations interpreting the state volume ceiling provisions of the code, such allocation shall instead be made to the political subdivision for whose benefit that local agency was created.

§ 10. Municipal reallocation. The chief executive officer of any political subdivision or, if such political subdivision has no chief executive officer, the governing board of the political subdivision for the benefit of which a local agency has been established, may withdraw all or any portion of the allocation granted by section four of this act to such local agency. The political subdivision may then reallocate all or any portion of such allocation, as well as all or any portion of the allocation received pursuant to section nine of this act, to itself or any other issuer established for the benefit of that political subdivision or may assign all or any portion of the allocation received pursuant to section nine of this act to the local agency created for its benefit. The chief executive officer or governing board of the political subdivision, as the case may be, shall notify the commissioner of any such reallocation.

§ 11. Future allocations for multi-year housing development projects. 1. In addition to other powers granted under this act, the commissioner is authorized to make the following future allocations of statewide ceiling for any multi-year housing development project for which the commissioner also makes an allocation of statewide ceiling for the current year under this act or for which, in the event of expiration of provisions of this act described in section eighteen of this act, an allocation of volume cap for a calendar year subsequent to such expiration shall have been made under section 146 of the code: (a) to local agencies from the local agency set-aside (but only with the approval of the chief executive officer of the political subdivision to which the local agency set-aside relates or the governing body of a political subdivision having no chief executive officer) and (b) to other issuers from that portion, if any, of the statewide bond reserve transferred to the commissioner by the director. Any future allocation made by the commissioner shall constitute an allocation of statewide ceiling for the future year specified by the commissioner and shall be deemed to have been made on the first day of the future year so specified.

2. In addition to other powers granted under this act, the director is authorized to make future allocations of statewide ceiling from the state agency set-aside or from the statewide bond reserve to state agencies for any multi-year housing development project for which the director also makes an allocation of statewide ceiling from the current year under this act or for which, in the event of expiration of provisions of this act described in section eighteen of this act, an allocation of volume cap for a calendar year subsequent to such expiration shall have been made under section 146 of the code, and is authorized to make transfers of the statewide bond reserve to the commissioner for future allocations to other issuers for multi-year housing development projects for which the commissioner has made an allocation of statewide ceiling for the current year. Any such future allocation or transfer of the statewide bond reserve for future allocation made by the director shall constitute an allocation of statewide ceiling or transfer of the statewide bond reserve for the future years specified by the director and shall be deemed to have been made on the first day of the future year so specified.

3. (a) If an allocation made with respect to a multi-year housing development project is not used by September fifteenth of the year to which the allocation relates, the allocation with respect to the then current year shall be subject to recapture in accordance with the provisions of section twelve of this act, and in the event of such a recapture, unless a carryforward election by another issuer shall have been approved by the commissioner or a carryforward election by a state agency shall have been approved by the director, all future allocations made with respect to such project pursuant to subdivision one or two of this section shall be canceled.

(b) The commissioner and the director shall have the authority to make future allocations from recaptured current year allocations and canceled future allocations to multi-year housing development projects in a manner consistent with the provisions of this act. Any such future allocation shall, unless a carryforward election by another issuer shall have been approved by the commissioner or a carryforward election by a state agency shall have been approved by the director, be canceled if the current year allocation for the project is not used by December 31, 2026.

(c) The commissioner and the director shall establish procedures consistent with the provisions of this act relating to carryforward of future allocations.

4. The aggregate future allocations from either of the two succeeding years shall not exceed six hundred fifty million dollars for each such year.

§ 12. Year end allocation recapture. On or before September first of each year, each state agency shall report to the director and each local agency and each other issuer shall report to the commissioner the amount of bonds subject to allocation under this act that will be issued prior to the end of the then current calendar year, and the amount of the issuer's then total allocation that will remain unused. As of September fifteenth of each year, the unused portion of each local agency's and other issuer's then total allocation as reported and the unallocated portion of the set-aside for state agencies shall be recaptured and added to the statewide bond reserve and shall no longer be available to covered bond issuers except as otherwise provided herein. From September fifteenth through the end of the year, each local agency or other issuer having an allocation shall immediately report to the commissioner and each state agency having an allocation shall immediately report to the director any changes to the status of its allocation or the status of projects for which allocations have been made which should affect the timing or likelihood of the issuance of covered bonds therefor. If the commissioner determines that a local agency or other issuer has overestimated the amount of covered bonds subject to allocation that will be issued prior to the end of the calendar year, the commissioner may recapture the amount of the allocation to such local agency or other issuer represented by such overestimation by notice to the local agency or other issuer, and add such allocation to the statewide bond reserve. The director may likewise make such determination and recapture with respect to state agency allocations.

§ 13. Allocation carryforward. 1. No local agency or other issuer shall make a carryforward election utilizing any unused allocation (pursuant to section 146(f) of the code) without the prior approval of the commissioner. Likewise no state agency shall make or file such an election, or elect to issue or carryforward mortgage credit certificates, without the prior approval of the director.

2. On or before November fifteenth of each year, each state agency seeking unused statewide ceiling for use in future years shall make a request for an allocation for a carryforward to the director, whose approval shall be required before a carryforward election is filed by or on behalf of any state agency. A later request may also be considered by the director, who may file a carryforward election for any state agency with the consent of such agency.

3. On or before November fifteenth of each year, each local agency or other issuer seeking unused statewide ceiling for use in future years shall make a request for an allocation for a carryforward to the commissioner, whose approval shall be required before a carryforward election is filed by or on behalf of any local or other agency. A later request may also be considered by the commissioner.

4. On or before January fifteenth of each year, the director shall publish the total amount of unused statewide ceiling from the prior year on the division of budget's website.

§ 14. New York state bond allocation policy advisory panel. 1. There is hereby created a policy advisory panel and process to provide policy

advice regarding the priorities for distribution of the statewide ceiling.

2. The panel shall consist of five members, one designee being appointed by each of the following: the governor, the temporary president of the senate, the speaker of the assembly, the minority leader of the senate and the minority leader of the assembly. The designee of the governor shall chair the panel. The panel shall monitor the allocation process through the year, and in that regard, the division of the budget and the department of economic development shall assist and cooperate with the panel as provided in this section. The advisory process shall operate through the issuance of advisory opinions by members of the panel as provided in subdivisions six and seven of this section. A meeting may be held at the call of the chair with the unanimous consent of the members.

3. (a) Upon receipt of a request for allocation or a request for approval of a carryforward election from the statewide reserve from a local agency or other issuer, the commissioner shall, within five working days, notify the panel of such request and provide the panel with copies of all application materials submitted by the applicant.

(b) Upon receipt of a request for allocation or a request for approval of carryforward election from the statewide reserve from a state agency, the director shall, within five working days, notify the panel of such request and provide the panel with copies of all application materials submitted by the applicant.

4. (a) Following receipt of a request for allocation from a local agency or other issuer, the commissioner shall notify the panel of a decision to approve or exclude from further consideration such request, and the commissioner shall state the reasons. Such notification shall be made with or after the transmittal of the information specified in subdivision three of this section and at least five working days before formal notification is made to the applicant.

(b) Following receipt of a request for allocation from a state agency, the director shall notify the panel of a decision to approve or exclude from further consideration such request, and shall state the reasons. Such notification shall be made with or after the transmission of the information specified in subdivision three of this section and at least five working days before formal notification is made to the state agency.

5. The requirements of subdivisions three and four of this section shall not apply to adjustments to allocations due to bond sizing changes.

6. In the event that any decision to approve or to exclude from further consideration a request for allocation is made within ten working days of the end of the calendar year and in the case of all requests for consent to a carryforward election, the commissioner or director, as is appropriate, shall provide the panel with the longest possible advance notification of the action, consistent with the requirements of the code, and shall, wherever possible, solicit the opinions of the members of the panel before formally notifying any applicant of the action. Such notification may be made by means of telephone communication to the members or by written notice delivered to the Albany office of the appointing authority of the respective members.

7. Upon notification by the director or the commissioner, any member of the panel may, within five working days, notify the commissioner or the director of any policy objection concerning the expected action. If three or more members of the panel shall submit policy objections in

writing to the intended action, the commissioner or the director shall respond in writing to the objection prior to taking the intended action unless exigent circumstances make it necessary to respond after the action has been taken.

8. On or before the first day of July, in any year, the director shall report to the members of the New York state bond allocation policy advisory panel on the actual utilization of volume cap for the issuance of bonds during the prior calendar year and the amount of such cap allocated for carryforwards for future bond issuance. The report shall include, for each local agency or other issuer and each state agency the initial allocation, the amount of bonds issued subject to the allocation, the amount of the issuer's allocation that remained unused, the allocation of the statewide bond reserve, carryforward allocations and recapture of allocations. Further, the report shall include projections regarding private activity bond issuance for state and local issuers for the calendar year, as well as any recommendations for legislative action. The director shall publish the report on the division of budget's website concurrently with the release of the report to the panel.

§ 15. Severability. If any clause, sentence, paragraph, section, or item of this part shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair, or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, section, or item thereof directly involved in the controversy in which such judgment shall have been rendered.

§ 16. Notwithstanding any provisions of this act to the contrary (1) provided that a local agency or other issuer certifies to the commissioner on or before October 1, 2025 that it has issued private activity bonds described in this act and the amount thereof which used statewide ceiling, a commitment or allocation of statewide ceiling to a local agency or other issuer made to or so used by such local agency or other issuer pursuant to the federal tax reform act of 1986 on or after January 1, 2025 and prior to the effective date of this act, in an amount which exceeds the local agency set-aside established by section four of this act, shall be first chargeable to the statewide bond reserve established pursuant to section six of this act, and (2) a commitment or allocation of statewide ceiling to a state agency made to or used by such agency pursuant to the internal revenue code, as amended, on or after January 1, 2025 and prior to the effective date of this act, shall be first chargeable to the state agency set-aside established pursuant to section five of this act, and, thereafter, to the statewide bond reserve established by section six of this act.

§ 17. Nothing contained in this act shall be deemed to supersede, alter or impair any allocation used by or committed by the director or commissioner to a state or local agency or other issuer pursuant to the federal tax reform act of 1986 and prior to the effective date of this act.

§ 18. This act shall take effect immediately; provided, however, that sections three, four, five, six, seven, eight, nine, ten, twelve, thirteen and fourteen of this act shall expire July 1, 2028 when upon such date the provisions of such sections shall be deemed repealed; except that the provisions of subdivisions two and three of section thirteen of this act shall expire and be deemed repealed February 15, 2028.

PART OO

Section 1. Section 321 of the agriculture and markets law, as amended by chapter 158 of the laws of 2018, is amended to read as follows:

§ 321. Statement of legislative findings and intent. It is hereby found and declared that agricultural lands are irreplaceable state assets. In an effort to maintain the economic viability, and environmental and landscape preservation values associated with agriculture, the state must explore ways to sustain the state's valuable farm economy [~~and to protect~~] **by protecting** farm operations and the **associated** land base [~~associated with it~~] **and supporting local and regional food systems**. External pressures on farm stability such as population growth [~~in non-metropolitan areas~~], **climate change,** lack of access to affordable farmland, and public infrastructure development pose a significant threat to farm operations, yet are the pressures over which farmers have the least control. Local initiatives in agricultural protection policy, facilitated by the agricultural districts program established in article twenty-five-AA of this chapter, have proved effective as a basic step in addressing these pressures. In an effort to encourage further development of agricultural and farmland protection programs, and to recognize both the crucial role that local government plays in developing these strategies, plus the state constitutional directive to the legislature to provide for the protection of agricultural lands, it is therefore declared the policy of the state to promote local initiatives for agricultural and farmland protection.

§ 2. Subdivision 1 of section 322 of the agriculture and markets law, as amended by chapter 158 of the laws of 2018, is amended to read as follows:

1. "Agricultural and farmland protection" means [~~the preservation~~] **local government initiatives to: preserve**, [~~conservation~~] **conserve**, [~~management~~] **manage** or [~~improvement of~~] **improve** lands which are part of viable farming operations, for the purpose of encouraging such lands to remain in agricultural production[~~. Such preservation efforts include~~] **including** the use of farmland protection conservation easements [~~and~~

~~purchase of development rights.~~]**; and activities which support local and regional food systems.**

§ 3. Subdivisions 6 and 7 of section 322 of the agriculture and markets law, as added by chapter 158 of the laws of 2018, are amended to read as follows:

6. "Farmer-purchaser farmland protection agreement" means preemptive purchase rights or other provisions that are part of or linked to a farmland protection conservation easement providing the easement holder the preferential right to purchase protected farmland at its agricultural use value in the event the landowner intends to sell such farmland to a purchaser who does not intend to maintain the land in [~~commercial~~] agricultural production and who does not have the requisite farming experience and farming income to demonstrate, in a manner acceptable to the department, a good faith plan to maintain the land in [~~commercial~~] agricultural production. The purpose of such provisions is to ensure that farmer-purchasers who would maintain protected farmland in [~~commercial~~] agricultural production can afford such farmland that might otherwise be sold at a higher price to other purchasers.

7. "Agricultural use value" means the fair market value of a property that is restricted by an easement to its productive [~~commercial~~] agricultural use value rather than the highest and/or best potential use value for residential or other non-agricultural purposes.

§ 4. Section 322 of the agriculture and markets law is amended by adding three new subdivisions 8, 9 and 10 to read as follows:

8. "Local and regional food systems" means a collaborative network that integrates sustainable production, processing, distribution, and consumption of human food, and the associated management of wastes originating from within this network, in order to enhance the environmental, economic, and social health of a particular area.

9. "Local food supply chain" means all processes involved in the local movement of human foods from the farm to the consumer, including marketing, markets, distribution, aggregation, processing, packaging, purchasing, preparation, resource recovery, and waste disposal.

10. "Urban agriculture" means the production, processing, distribution, and marketing of food within urban, suburban, and peri-urban (i.e., on the perimeter of urban areas) areas for commercial, non-commercial, educational, or not-for-profit purposes.

§ 5. Section 324 of the agriculture and markets law, as added by chapter 797 of the laws of 1992 and paragraph (c) of subdivision 1 as amended by chapter 248 of the laws of 2015, is amended to read as follows:

§ 324. County agricultural and farmland protection plans. 1. County agricultural and farmland protection boards may develop plans, in cooperation with the local soil and water conservation district and soil conservation service, which shall include, but not be limited to:

(c) A county or two or more counties acting jointly shall apply for state assistance payments for agricultural and farmland protection planning activities in such manner as the commissioner may prescribe.

4. (a) Subject to the availability of funds, state assistance payments shall be made available for municipalities to conduct agricultural and farmland protection planning activities. The commissioner may require such information or additional planning as [~~he or she deems~~] they deem necessary to evaluate such a request for state assistance.

(e) In evaluating applications for funding, the commissioner shall give priority to projects intended to preserve viable agricultural land as defined in section three hundred one of this chapter; that are in areas facing significant development pressure; and that serve as a buffer for a significant natural public resource containing important ecosystem or habitat characteristics.

(f) In evaluating applications for funding, the commissioner shall consider whether future physical climate risk due to sea level rise, and/or storm surges and/or flooding, based on available data predicting the likelihood of future extreme weather events, including hazard risk analysis data if applicable, has been considered.

(g) In evaluating applications for funding, projects for protecting agricultural land that include farmer-purchaser farmland protection agreements are eligible for state assistance payments.

3. Upon receipt of a request for state assistance, the commissioner shall review the request, consult with the advisory council on agriculture and, within ninety days from the receipt of a complete application, shall make a determination as to whether or not such projects shall receive state assistance.

§ 8. Subdivisions 2 and 6 of section 325-a of the agriculture and markets law, as added by chapter 268 of the laws of 2008, are amended to read as follows:

2. Awards of state assistance payments shall be made on a competitive basis through a request for proposal process which shall set forth the standards for the selection process, the required proposal format, the

costs which are eligible for funding, reporting requirements, and such other provisions as the commissioner may deem necessary, proper or desirable to achieve the purposes of this section. Applications for state assistance payments **for activities to assist counties and municipalities outside the city of New York** must be endorsed by the agricultural and farmland protection board for the county or counties in which the funded activities would be implemented. **Any application associated with activities occurring within the city of New York must be endorsed for funding by the city council or by any board so delegated by its city council.**

6. State assistance payments awarded pursuant to this section shall not exceed [~~fifty~~] **seventy-five** thousand dollars to any applicant in any fiscal year[~~, and shall not exceed five hundred thousand dollars to all applicants in any fiscal year~~].

§ 9. The agriculture and markets law is amended by adding two new sections 325-b and 325-c to read as follows:

§ 325-b. State assistance payments to counties. 1. Subject to the availability of funds, a program is hereby established for the purpose of awarding state assistance payments to counties to implement activities of their approved agricultural and farmland protection plans other than agricultural and farmland protection projects funded pursuant to section three hundred twenty-five of this article. State assistance payments to such counties shall not exceed seventy-five percent of the cost of implementing the activities for which state assistance has been requested. The commissioner may require such information deemed necessary to evaluate such a request for state assistance. Eligible activities shall include, but not be limited to:

(a) audit a municipality's land use and subdivision regulations, zoning, or site plan requirements to assess potential hardship or unreasonable restrictions to agricultural land and farm operations;

(b) audit a municipality's zoning to assess opportunities and challenges to recruiting and retaining agriculture support service providers;

(c) incorporate local and regional food system planning into existing emergency management and disaster plans of county and municipal governments;

(d) compile and disseminate planning guide or guides that help identify existing and emerging constraints for urban agriculture and suggested strategies for municipalities to encourage and sustain urban agriculture;

(e) compile and disseminate planning guide or guides in support of agricultural economic development, such as opportunities to incorporate agricultural tourism or other value-added enterprises to farm operations in a manner compatible with agricultural land use; and

(f) compile and disseminate planning guide(s) that help identify emerging land use conflicts with agriculture and suggested strategies for municipalities to avoid or mitigate potential harm to local farm operations.

§ 325-c. State assistance payments for agricultural and farmland protection capacity building initiatives. 1. Subject to the availability of funds, state assistance payments may be awarded to counties, municipalities, soil and water conservation districts, and not-for-profit conservation organizations to increase staff capacity to accelerate locally-led agricultural and farmland protection projects. State assistance payments may provide up to one hundred percent of the cost of each awarded staff capacity initiative. The commissioner may require

such information as such commissioner deems necessary to evaluate such a request for state assistance. Any county, municipality, soil and water conservation district, or not-for-profit conservation organization which has previously received state assistance from an award from this program may, after one hundred twenty months from the date of the final payment associated with such prior award, apply for additional state assistance payments for agricultural and farmland protection capacity building.

2. Subject to the availability of funds, state assistance payments may be awarded to recently established not-for-profit conservation organizations to specifically carry out locally led agricultural and farmland protection projects. State assistance payments may provide up to one hundred percent of qualified five-year start-up costs for such not-for-profit conservation organizations. The commissioner may require such information as they deem necessary to evaluate such a request for state assistance.

§ 10. This act shall take effect immediately.

§ 2. Paragraph b of subdivision 2 of section 27-1305 of the environmental conservation law, as amended by section 3 of part E of chapter 1 of the laws of 2003, is amended to read as follows:

b. The department shall, as part of the registry, assess and, based upon new information received, reassess by March thirty-first of each year, in cooperation with the department of health, the relative need for action at each site to remedy environmental and health problems resulting from the presence of hazardous wastes at such sites including in such assessment whether sites shall be prioritized under paragraph b of subdivision five of section 27-1313 of this title due to site location in areas identified as a disadvantaged community pursuant to subdivision five of section 75-0101 of this chapter; provided, however, that if at the time of such assessment or reassessment, the department has not placed a site in classification 1 or 2, as described in subparagraphs one and two of this paragraph, and such site is the subject of negotiations for, or implementation of, a brownfield site cleanup agreement pursuant to title fourteen of this article, obligating the person subject to such agreement to, at a minimum, eliminate or mitigate all significant threats to the public health and environment posed by the hazardous waste pursuant to such agreement, the department shall defer its assessment or reassessment during the period such person is engaged in good faith negotiations to enter into such an agreement and, following its execution, is in compliance with the terms of such agreement,

and shall assess or reassess such site upon completion of remediation to the department's satisfaction. In making its assessments, the department shall place every site in one of the following classifications:

(4) Site properly closed--requires continued management;

(5) Site properly closed, no evidence of present or potential adverse impact--no further action required. **The department shall prioritize remedial programs at sites placed in classification 1 or 2, as described in subparagraphs one and two of this paragraph, that are located in disadvantaged communities as identified pursuant to subdivision five of section 75-0101 of this chapter, consistent with the protection of public health and the environment.**

§ 3. Paragraph b of subdivision 5 of section 27-1313 of the environmental conservation law, as amended by chapter 857 of the laws of 1982, is amended to read as follows:

b. In the event that the commissioner has found that hazardous wastes at a site constitute a significant threat to the environment, but after a reasonable attempt to determine who may be responsible is either unable to determine who may be responsible, or is unable to locate a person who may be responsible, the department may develop and implement an inactive hazardous waste disposal site remedial program for such site. **The department shall prioritize implementation of remedial programs at sites located in disadvantaged communities as identified pursuant to subdivision five of section 75-0101 of this chapter.** The commissioner shall make every effort, in accordance with the requirements for notice, hearing and review provided for in this title, to secure appropriate relief from any person subsequently identified or located who is responsible for the disposal of hazardous waste at such site, including, but not limited to, development and implementation of an inactive hazardous waste disposal site remedial program, payment of the cost of such a program, recovery of any reasonable expenses incurred by the state, money damages and penalties.

In addition, any regulations shall set forth findings to be based on a factual record, which must be made before the commissioner determines that a significant threat to the environment exists.~~]

2. **Any regulations concerning a hearing pursuant to subdivision four of section 27-1313 of this title shall include provisions which establish the procedures for such hearing and shall ensure a division of functions between the commissioner, the staff who present the case, and**

any hearing officers appointed. In addition, any regulations shall set forth findings to be based on a factual record, which shall be made before the commissioner determines that a significant threat to the environment exists.

3. Such rules and regulations of the department as shall be in effect on the effective date of this subdivision that shall have been promulgated to carry out the purposes of this title shall be deemed to be revised, as of the effective date of this subdivision, to include the definition of "hazardous waste" as it appears in section 27-1301 of this title.

§ 5. Subdivision 2 of section 27-1323 of the environmental conservation law, as added by section 9 of part E of chapter 1 of the laws of 2003, is amended to read as follows:

2. Municipal exemption. (a) For the purposes of this title no municipality or public corporation shall incur any liability [~~from any statutory claims of the state as an owner or operator of a site, or a person responsible for the disposal of a hazardous waste at such site, if such public corporation acquired such site involuntarily, and such public corporation retained such site without participating in the development of such site~~] as a responsible person.

(b) This exemption shall not apply to any municipality or public corporation that [~~has caused or contributed to the release or threatened release of a hazardous waste from or onto the site, or to any public corporation that generated, transported, or disposed of, arranged for, or that caused the generation, transportation, or disposal of hazardous waste, from or onto the site~~] through action or inaction, intentionally or recklessly caused or contributed to contamination, outside of its performance of governmental functions, which threatens public health or the environment, at real property it owns or operates.

(c) When used in this section:

(1) "Public corporation" means a public corporation as defined in section sixty-five of the general construction law, a local public authority, supervisory district, improvement district within a county, city, town, or village, or Indian nation or tribe recognized by the state or the United States with a reservation wholly or partly within the boundaries of New York state, or any combination thereof.

(2) "Involuntary acquisition of ownership or control" includes but is not limited to the following:

(i) Acquisitions by a public corporation in its sovereign capacity, including but not limited to acquisitions pursuant to abandonment proceedings or bequest;

(ii) Acquisitions by a public corporation, or its agent, acting as a conservator or receiver pursuant to a clear and direct statutory mandate or regulatory authority;

(iii) Acquisitions of assets through foreclosure and its equivalents, or otherwise, by a public corporation in the course of administering a loan, loan guarantee, tax lien, or tax forbearance agreement, or loan insurance program; or

(iv) Acquisitions by a public corporation pursuant to seizure, injunction, condemnation, or forfeiture authority; provided that such ownership or control is not retained primarily for investment purposes.

(d) For the purpose of this section, the terms "foreclosure" and "foreclose" mean, respectively, acquiring or to acquire a brownfield site through:

(1) purchase at sale under a judgment or decree, power of sale, or non-judicial foreclosure sale;

(2) a deed in lieu of foreclosure, or similar conveyance, or abandonment from a person or trustee;

(3) conveyance pursuant to an extension of credit or tax forbearance previously contracted; or

(4) any other formal or informal manner by which a person acquires, for subsequent disposition, title to or possession of a site in order to protect the security interest of the public corporation or lender.

(e) [~~"Participating in development" means the carrying out, or causing or permitting the carrying out, of any above-grade improvements to the site or any other environmental investigation or remediation, except for those improvements which are part of a site remedial program pursuant to this article or in furtherance of site safety, such as fencing or lighting, but does not include licensing, regulatory oversight, or the mere capacity to regulate or influence, or the unexercised right to control the operation of the property. For purposes of this section, participating in development does not include:~~

~~(1) having the capacity to influence management of a site;~~

~~(2) having the unexercised right to control or to regulate the site or operations thereof;~~

~~(3) holding, abandoning, or releasing a security interest or tax lien on such site;~~

~~(4) including a condition relating to environmental compliance in a contract, permit, license, or security agreement;~~

~~(5) monitoring or enforcing the terms and conditions of an agreement or tax forbearance agreement;~~

~~(6) monitoring or undertaking one or more inspections of a site including, but not limited to, boring test wells;~~

~~(7) exercising other remedies available under applicable laws;~~

~~(9) applying for or participating in federal or state statutory programs or benefits; or~~

~~(10) declining to take any of the actions described in subparagraphs one through nine of this paragraph.~~

~~(f)~~] Any public corporation that has taken possession of a site shall notify the department of any release of hazardous waste within ten days of obtaining actual knowledge of such release, unless a shorter notice period is required under any other provision of law, in which case the shorter notice period controls. Failure to notify the department within the ten day or shorter notification period shall result in the loss of the exemption set forth in this section.

§ 6. The environmental conservation law is amended by adding a new section 27-1325 to read as follows:

§ 27-1325. Financial responsibility provisions.

1. The department may promulgate regulations regarding financial responsibility for the implementation of an inactive hazardous waste disposal site remedial program.

2. Financial responsibility required by subdivision one of this section may be established in accordance with regulations promulgated by the commissioner by any one, or any combination, of the following: insurance, guarantee, surety bond, letter of credit, or qualification as a self-insurer. In promulgating requirements under this section, the commissioner is authorized to specify policy or other contractual terms, conditions, or defenses which are necessary or are unacceptable in establishing such evidence of financial responsibility in order to effectuate the purposes of this article.

3. In any case where the responsible party is in bankruptcy, reorganization, or arrangement pursuant to the Federal Bankruptcy Code or where, with reasonable diligence, jurisdiction in any state or federal court within the state cannot be obtained over a responsible party likely to be solvent at the time of judgment, any claim arising from conduct for which evidence of financial responsibility shall be provided under this section may be asserted directly against the guarantor providing such evidence of financial responsibility. In the case of any action pursuant to this subdivision, such guarantor shall be entitled to invoke all rights and defenses which would have been available to the responsible party if any action had been brought against the responsible party by the claimant and which would have been available to the guarantor if an action had been brought against the guarantor by the responsible party.

4. The total liability of any guarantor shall be limited to the aggregate amount which the guarantor has provided as evidence of financial responsibility to the responsible party under this chapter. Nothing in this subdivision shall be construed to limit any other state or federal statutory, contractual or common law liability of a guarantor to its responsible party including, but not limited to, the liability of such guarantor for bad faith either in negotiating or in failing to negotiate the settlement of any claim. Nothing in this subdivision shall be construed to diminish the liability of any person under section 27-1313 of this article or other applicable law.

5. For the purpose of this section, the term "guarantor" means any person, other than the responsible party, who provides evidence of financial responsibility for a responsible party under this section.

§ 7. The environmental conservation law is amended by adding a new section 27-1327 to read as follows:

§ 27-1327. Recovery of response costs and natural resource damages.

1. Each responsible person as defined in section 27-1313 of this title shall be strictly liable, jointly and severally, for all response costs and for all natural resource damages resulting from the disposal of hazardous waste at an inactive hazardous waste disposal site. The commissioner may commence an action in a court of competent jurisdiction to recover the response costs and/or natural resource damages. The commissioner shall prioritize securing relief or other action at sites placed in classification 1 or 2, as described in subparagraphs one and two of paragraph b of subdivision two of section 27-1305 of this title, that are located in disadvantaged communities as identified pursuant to subdivision five of section 75-0101 of this chapter.

2. A determination or assessment of natural resource damages for the purposes of this section made or adopted by the commissioner in accordance with any applicable regulations promulgated under section 27-1315 of this title or under section 9651(c) of title 42 of the United States Code shall have the force and effect of a rebuttable presumption on behalf of the commissioner in any judicial proceeding.

3. In an action to recover response costs and/or natural resource damages, the commissioner may also seek civil penalties under section 71-2705 of this chapter.

4. All amounts received to satisfy liability for natural resource damages shall be credited to the department's natural resource damages fund to be used exclusively to pay or reimburse costs of assessing natural resource damages and restore, replace, and/or acquire the equivalent of the affected natural resources. The measure of compensation for injury to, destruction of, or loss of natural resources is the cost of:

(a) restoration or rehabilitation of the injured natural resources to a condition where they can provide the level of services available had the disposal of hazardous waste not occurred; or

(b) the replacement and/or acquisition of equivalent natural resources capable of providing such services.

5. The state shall have a lien for all response costs incurred by the state and for all natural resource damages for which a judicial determination of liability has been made upon such real property located within the state:

(a) owned by a person liable to the state for such response costs and/or natural resource damages under this title at the time a notice of environmental lien is filed; and

(b) upon which the disposal of hazardous wastes occurred.

6. An environmental lien shall attach when:

(a) response costs are incurred by the state and/or a judicial judgment of liability for natural resource damages is entered;

(b) the responsible person fails to pay such costs within ninety days after a written demand therefor by the state is mailed by certified or registered mail, return receipt requested, and/or fails to pay such natural resource damages within ninety days after entry of judgment; and

(c) a notice of environmental lien is filed by the department as provided in paragraph (a) of subdivision ten of this section; provided, however, that a copy of the notice of environmental lien is served upon the owner of the real property subject to the environmental lien within thirty days of such filing in accordance with the provisions of section eleven of the lien law.

7. (a) An environmental lien shall continue against the real property until:

(i) the claim or judgment against the person referred to in subdivision one of this section for response costs and/or natural resource damages is satisfied or becomes unenforceable;

(ii) the lien is released by the commissioner pursuant to this subdivision;

(iii) the lien is discharged by payment of monies into court; or

(iv) the lien is otherwise vacated by court order.

(b) Upon the occurrence of any event under subparagraphs (i) through (iv) of paragraph (a) of this subdivision, except where the lien is vacated by court order, the commissioner shall execute the release of an environmental lien and file the release as provided in subdivision nine of this section. The commissioner may release an environmental lien where:

(i) a legally enforceable agreement satisfactory to the commissioner has been executed relating to the response costs and/or natural resource damages that are the subject of the lien or reimbursing the state for such response costs and/or natural resource damages; or an owner or operator of the site subject to the lien agrees to perform remedial work, site management, or other in-kind services of sufficient value to the commissioner; or

(ii) the attachment or enforcement of the environmental lien is determined by the commissioner not to be in the public interest.

8. An environmental lien is subject to the rights of any other person, including an owner, purchaser, holder of a mortgage or security interest, or judgment lien creditor, whose interest is perfected before a lien notice has been filed as provided in subdivision ten of this section.

9. A notice of environmental lien shall state:

(a) that the lienor is the state of New York;

(b) the name of the record owner of the real property on which the environmental lien has attached;

(c) the real property subject to the lien, with a description thereof sufficient for identification;

(d) that the real property described in the notice is the property upon which a disposal of hazardous wastes occurred and that response costs have been incurred by the lienor and/or that natural resource damages have been judicially determined to be due to the lienor as a result of such disposal;

(e) that the owner is potentially liable for response costs and/or subject to a judgment for natural resource damages pursuant to this title; and

(f) that an environmental lien has attached to the described real property.

10. (a) A notice of environmental lien shall be filed in the clerk's office of the county where the property is situated. If such property is situated in two or more counties, the notice of environmental lien shall be filed in the office of the clerk of each of such counties. The notice of lien shall be indexed by the county clerk in accordance with the provisions of section ten of the lien law. The notice of lien shall be served upon the owner of the real property subject to the lien in accordance with the provisions of section eleven of the lien law.

(b) A release of an environmental lien shall be filed in the clerk's office of each county where the notice of environmental lien was filed and shall be indexed in the manner prescribed for indexing environmental liens.

11. An environmental lien may be enforced against the property specified in the notice of environmental lien, and an environmental lien may be vacated or discharged, as prescribed in article three of the lien law; provided, however, that nothing in this article or in article three of the lien law shall affect the right of the state to bring an action to recover response costs and/or natural resource damages under section one hundred seven of the federal comprehensive environmental recovery, compensation and liability act (42 U.S.C. § 9601 et seq).

12. Amounts received by the administrator to satisfy all or part of an environmental lien for response costs shall be deposited in the department's hazardous waste remedial fund, and amounts received to satisfy all or part of an environmental lien for natural resource damages shall be deposited in the department's natural resource damages fund.

13. (a) An owner or operator of an inactive hazardous waste disposal site whose liability under this title and/or 42 U.S.C. § 9607 et seq. arises solely from being considered an owner or operator of such site shall not be liable as long as it can demonstrate that one or more of the affirmative defenses in paragraph (a) of subdivision four of section 27-1323 of this title applies, and the owner or operator does not impede the performance of a response action or natural resource restoration.

(b) If there are unrecovered response costs incurred by the department at an inactive hazardous waste disposal site for which an owner or operator of the site is not liable by reason of paragraph (a) of this subdivision, and if each of the conditions described in paragraph (c) of this subdivision is met, the department shall have a lien on the facility, or may by agreement with the owner or operator, obtain from the owner or operator a lien on any other property or other assurance of payment satisfactory to the department, for the unrecovered response costs.

(c) The conditions referred to in paragraph (b) of this subdivision are the following:

(i) A response action for which there are unrecovered costs of the department is carried out at the inactive hazardous waste disposal site.

(ii) The response action increases the fair market value of the site above the fair market value of the site that existed before the response action was initiated.

(d) A lien under paragraph (b) of this subdivision:

(i) shall be in an amount not to exceed the increase in fair market value of the property attributable to the response action at the time of a sale or other disposition of the property;

(ii) shall arise at the time at which costs are first incurred by the department with respect to a response action at the site;

(iii) shall be subject to the requirements of subdivisions seven, eight, and nine of this section; and

(iv) shall continue until the earlier of:

(A) satisfaction of the lien by sale or other means; or

(B) recovery of all response costs incurred at the site.

§ 8. The environmental conservation law is amended by adding a new section 27-1329 to read as follows:

§ 27-1329. Abatement actions.

1. Maintenance, jurisdiction, etc. When the commissioner determines that there may be an imminent danger or significant threat to the health or welfare of the people of the state or the environment, or results in or is likely to result in irreversible or irreparable damage to natural resources because of an actual or threatened release of a hazardous substance from an inactive hazardous waste disposal site, the commissioner may request the attorney general to secure such relief as may be necessary to abate such danger or threat and to grant such relief as the public interest and the equities of the case may require. The commissioner may also take other action under this section including, but not limited to, issuing such orders as may be necessary to protect public health and welfare and the environment.

2. Fines; reimbursement. (a) Any person who, without sufficient cause, fails or refuses to comply with, any order of the commissioner under subdivision one of this section may, in an action brought in the appropriate court of competent jurisdiction to enforce such order, be fined not more than thirty-seven thousand five hundred dollars for each day in which such violation occurs or such failure to comply continues.

PART BBB

Section 1. Legislative intent. Pursuant to 2 U.S.C. § 2131, every state is invited to provide and furnish to the United States Capitol two statues, in marble or bronze, of deceased persons who were distinguished and prominent citizens of the state for placement in the National Statuary Hall Collection. New York is currently represented in the National Statuary Hall Collection at the United States Capitol by Robert R. Livingston and George Clinton, statues which were placed there in the 1870s.

Pursuant to 2 U.S.C. § 2132, a state has the option to replace statues in the National Statuary Hall, that have been displayed for at least 10 years, by making a request to the Joint Committee on the Library of Congress.

The Legislature recognizes that Harriet Tubman was a distinguished and prominent New Yorker who meets the high standards required to represent the great state of New York in the United States Capitol. One of America's most famous abolitionists, Harriet Tubman was born enslaved in Maryland in 1822 before escaping to freedom. She became a leading figure of the Underground Railroad and she risked her life to help free dozens of enslaved people. During the Civil War she became one of the first African American woman to serve in the military. In 1859, Harriet Tubman purchased property in Auburn, NY, where she would live until her death in 1913.

§ 2. Commission. (a) A commission is hereby established to replace the statue of Robert R. Livingston with a statue of Harriet Tubman in the

National Statuary Hall of the United States Capitol. The commission shall consist of the following appointees: the Governor, or a designee, the Temporary President of the Senate, or a designee, the Speaker of the Assembly, or a designee, the Executive director of the council on the arts, or a designee, and the Commissioner of the office of general services, or a designee.

(b) The commission shall be responsible for selecting the design of the statue of Harriet Tubman. The statue shall be designed and created in accordance with the published guidelines set forth by the Architect of the United States Capitol.

(c) The Governor, along with the commission, shall submit an official, written request, along with a copy of this act to the Joint Committee on the Library of Congress, the Architect of the Capitol, the Speaker of the United States House of Representatives, and the Presiding Officer of the United States Senate. The request shall include a description of the location in the state where the replaced statue of Robert R. Livingston will be displayed after it is transferred.

(d) Upon approval for replacement of the statue of Robert R. Livingston by the Architect of the Capitol with a statue of Harriet Tubman, the Governor shall formalize an agreement between the Architect of the Capitol and the State of New York to complete the process.

§ 3. This act shall take effect September 1, 2025.

§ 2. This act shall take effect immediately.

§ 2. Severability clause. If any clause, sentence, paragraph, subdivision, section or part of this act shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair, or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section or part thereof directly involved in the controversy in which such judgment shall have been rendered. It is hereby declared to be the intent of the legislature that this act would have been enacted even if such invalid provisions had not been included herein.

§ 3. This act shall take effect immediately provided, however, that the applicable effective date of Parts A through BBB of this act shall be as specifically set forth in the last section of such Parts.
