6 property;

7 (c) the proximity of entities with vulnerable populations;

8 (d) accessibility to family members, friends or other supportive

14 the likelihood that such offenders will be transient.

15 § 4. Subdivision (a) of section 10.11 of the mental hygiene law, as

18 is amended to read as follows:

19 (a) (1) Before ordering the release of a person to a regimen of strict
20 and intensive supervision and treatment pursuant to this article, the
21 court shall order that the department of corrections and community
22 supervision recommend supervision requirements to the court. These
23 supervision requirements, which shall be developed in consultation with
24 the commissioner, shall include a prohibition against a sex offender
25 designated as a level three offender residing within the area defined as
26 school grounds, as such term is defined in subdivision fourteen of
27 section 220.00 of the penal law, the measurements to be taken in

34 of the deceased victim, if the spouse, child, step child, sibling,
35 parent, grandparent or grandchild of the victim continues to reside at
36 such residence and may include but need not be limited to, electronic
37 monitoring or global positioning satellite tracking for an appropriate
38 period of time, polygraph monitoring, specification of residence or type
39 [~~of~~] of residence, prohibition of contact with identified past or poten-
40 tial victims, strict and intensive supervision by a parole officer, and
41 any other lawful and necessary conditions that may be imposed by a
42 court. In addition, after consultation with the psychiatrist, psychol-
43 ogist or other professional primarily treating the respondent, the
44 commissioner shall recommend a specific course of treatment. A copy of
45 the recommended requirements for supervision and treatment shall be
46 given to the attorney general and the respondent and [~~his or her~~] such
47 respondent's counsel a reasonable time before the court issues its writ-
48 ten order pursuant to this section.

49 (2) Before issuing its written order, the court shall afford the
50 parties an opportunity to be heard, and shall consider any additional
51 submissions by the respondent and the attorney general concerning the
52 proposed conditions of the regimen of strict and intensive supervision
53 and treatment. The court shall issue an order specifying the conditions
54 of the regimen of strict and intensive supervision and treatment, which
55 shall include a prohibition against a sex offender designated as a level
56 three offender residing within the area defined as school grounds, as

1 such term is defined in subdivision fourteen of section 220.00 of the

9 spouse, child, step child, sibling, parent, grandparent or grandchild of
10 the victim continues to reside at such residence, specified supervision
11 requirements and compliance with a specified course of treatment. A
12 written statement of the conditions of the regimen of strict and inten-
13 sive supervision and treatment shall be given to the respondent and to
14 [~~his or her~~] such respondent's counsel, any designated service providers
15 or treating professionals, the commissioner, the attorney general and

17 of corrections and community supervision to take appropriate actions to
18 implement the supervision plan and assure compliance with the conditions
19 of the regimen of strict and intensive supervision and treatment and to
20 investigate and approve the location of the respondent's residence and
21 place of employment. A regimen of strict and intensive supervision does
22 not toll the running of any form of supervision in criminal cases,
23 including but not limited to post-release supervision and parole.
