3 a public meeting; and provided, further, that food purchase contracts
4 (including contracts for food service work, but excluding any purchase
5 contract necessary for the completion of a public works contract pursu-
6 ant to article eight of the labor law) may be awarded: (i) to an other-
7 wise qualified bidder based in New York state who complies with one or
8 more of the values based procurement standards pursuant to subparagraphs
9 (i), (ii), (iii), (iv), (v), (vi) and (vii) of paragraph (c) of this
10 subdivision and may be given preference over other bidders, provided,
11 however, that the cost included in the bid is not more than ten percent
12 greater than the cost included in a bid by the lowest responsible
13 bidder; or (ii) awarded to a responsive and responsible bidder or offer-
14 er based in New York state on the basis of best value, as defined in
15 section one hundred sixty-three of the state finance law, in the manner
16 provided by this section, and which complies with one or more of the
17 values based procurement standards pursuant to subparagraphs (i), (ii),
18 (iii), (iv), (v), (vi) and (vii) of paragraph (c) of this subdivision.
19 Provided further that pursuant to paragraph (b) of this subdivision, all
20 bidders or offerers on food purchase contracts shall provide relevant
21 supply chain data in their bids or offers to the appropriate officer,
22 board or agency. The appropriate officer, board or agency shall make
23 such data publicly available on the entities' respective websites,
24 excepting data not subject to disclosure pursuant to article six of the
25 public officers law. In any case where a responsible bidder's or
26 responsible offerer's gross price is reducible by an allowance for the
27 value of used machinery, equipment, apparatus or tools to be traded in
28 by a political subdivision, the gross price shall be reduced by the
29 amount of such allowance, for the purpose of determining the best value.
30 In cases where two or more responsible bidders or offerers furnishing
31 the required security submit identical bids or offers as to price, such
32 officer, board or agency may award the contract to any of such bidders
33 or offerers. Such officer, board or agency may, in [~~his or her or its~~]
34 their discretion, reject all bids or offers and readvertise for new bids
35 or offers in the manner provided by this section. In determining whether
36 a purchase is an expenditure within the discretionary threshold amounts
37 established by this subdivision, the officer, board or agency of a politi-
38 cal subdivision or of any district therein shall consider the reason-
39 ably expected aggregate amount of all purchases of the same commodities,
40 services or technology to be made within the twelve-month period
41 commencing on the date of purchase. Purchases of commodities, services
42 or technology shall not be artificially divided for the purpose of
43 satisfying the discretionary buying thresholds established by this
44 subdivision. A change to or a renewal of a discretionary purchase shall
45 not be permitted if the change or renewal would bring the reasonably
46 expected aggregate amount of all purchases of the same commodities,
47 services or technology from the same provider within the twelve-month
48 period commencing on the date of the first purchase to an amount greater
49 than the discretionary buying threshold amount. For purposes of this
50 section, "sealed bids" and "sealed offers", as that term applies to
51 purchase contracts, (including contracts for service work, but excluding
52 any purchase contracts necessary for the completion of a public works
53 contract pursuant to article eight of the labor law) shall include bids
54 and offers submitted in an electronic format including submission of the
55 statement of non-collusion required by section one hundred three-d of
56 this article, provided that the governing board of the political subdi-

vision or district, by resolution, has authorized the receipt of bids and offers in such format. Submission in electronic format may, for technology contracts only, be required as the sole method for the submission of bids and offers. Provided however, the appropriate officer, board or agency of a city with a population of one million inhabitants or more, or any district, board or agency with jurisdiction exclusively within such city, may authorize or require bids and offers for any contract to be submitted in an electronic format. Bids and offers submitted in an electronic format shall be transmitted by bidders and offerers to the receiving device designated by the political subdivision or district. Any method used to receive electronic bids and offers shall comply with article three of the state technology law, and any rules and regulations promulgated and guidelines developed thereunder and, at a minimum, must ~~[(a)]~~ (i) document the time and date of receipt of each bid and offer received electronically; ~~[(b)]~~ (ii) authenticate the identity of the sender; ~~[(c)]~~ (iii) ensure the security of the information transmitted; and ~~[(d)]~~ (iv) ensure the confidentiality of the bid or offer until the time and date established for the opening of bids or offers. The timely submission of an electronic bid or offer in compliance with instructions provided for such submission in the advertisement for bids or offers and/or the specifications shall be the responsibility solely of each bidder or offerer or prospective bidder or offerer. No political subdivision or district therein shall incur any liability from delays of or interruptions in the receiving device designated for the submission and receipt of electronic bids and offers.

(b) (i) All relevant supplier data, including supplier data from subcontractors, shall be submitted to the entity advertising the bid or offer at the time of bid or offer, to the best of the bidder's or offerer's ability, and updated by the winning bidder or offerer at the point of contract execution. Such data shall also be updated annually by the winning bidder or offerer and upon any changes to supplier information related to the contract. Such data required pursuant to this paragraph shall include the name and facility address of each supplier, distributor, processor, and producer involved in the provision of the products that the bidder or offerer will supply.

Such practices shall:

32 fide labor union; having worker-led workplace health and safety commit-
33 tees; or being a worker-owned cooperative; or

34 (v) valued agricultural sector. Suppliers who pay farmers a fair

27 wise qualified bidder based in New York state who complies with one or
28 more of the values based procurement standards pursuant to subparagraphs
29 (i), (ii), (iii), (iv), (v), (vi) and (vii) of paragraph (c) of this

32 participates in the department of agriculture and markets' grown and
33 certified program pursuant to section one hundred fifty-six-h of the
34 agriculture and markets law; or

54 present on the premises where the animal is kept;

55 (D) protect and enhance wildlife habitats and biodiversity;

1 (E) avoid contributing to water quality impairment and deterioration
