BACKGROUND: The proposed legislation would apply to TRS members currently employed by the New York City Department of Education, who were employed by the City of Yonkers Parks Department for the period beginning in 2009 and ending in 2014 and did not join the New York State and Local Employees' Retirement System during such employment.

Under this proposed legislation, such members would receive service credit in TRS for their employment with the Yonkers Parks Department and would be granted retroactive Tier 4 membership. A change from Tier 6 to Tier 4 would result in an earlier date of service retirement eligibility, lower overall employee contribution rates, and a larger pension benefit.

ASSUMPTIONS AND METHODS: The estimates presented herein have been calculated based on the Revised 2021 Actuarial Assumptions and Methods of the impacted retirement systems.

For purposes of this Fiscal Note, it was assumed that members will get a refund of past Tier 6 contributions that exceeded their applicable Tier 4 contribution rate.

RISK AND UNCERTAINTY: The costs presented in this Fiscal Note depend highly on the actuarial assumptions, methods, and models used, demographics of the impacted population, and other factors such as investment, contribution, and other risks. If actual experience deviates from actuarial assumptions, the actual costs could differ from those presented herein. Quantifying these risks is beyond the scope of this Fiscal Note.

This Fiscal Note is intended to measure pension-related impacts and does not include other potential costs (e.g., administrative and Other Postemployment Benefits). This Fiscal Note does not reflect any chapter laws that may have been enacted during the current legislative session.

We are members of NYCERS, but do not believe it impairs our objectivity, and we meet the Qualification Standards of the American Academy of Actuaries to render the actuarial opinion contained herein. To the best of our knowledge, the results contained herein have been prepared in accordance with generally accepted actuarial principles and procedures and with the Actuarial Standards of Practice issued by the Actuarial Standards Board.

FISCAL NOTE IDENTIFICATION: This Fiscal Note 2026-18 dated February 24, 2026 was prepared by the Chief Actuary for the New York City Retirement Systems and Pension Funds and is intended for use only during the 2026 Legislative Session.
