

STATE OF NEW YORK

2025-2026 Regular Sessions

IN ASSEMBLY

May 22, 2025

Introduced by M. of A. HEVESI -- read once and referred to the Committee on Health

AN ACT to amend the public health law, the tax law and the state finance law, in relation to enacting the "NYS health care tax reform act"

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Short title. This act shall be known and may be cited as
2 the "NYS health care tax reform act".

3 § 2. Legislative findings. The legislature hereby finds that:

4 The affordability of health care and health insurance is extremely
5 important in ensuring that the maximum number of New York state resi-
6 dents can obtain high quality affordable health care.

7 Health care and health insurance are currently subject to several
8 taxes that directly and indirectly increase the cost of health insurance
9 coverage, including an annual flat tax on all privately insured people
10 in New York state called the covered lives assessment and a 9.63% sales
11 tax surcharge on certain hospital based health services (HCRA taxes).

12 Collectively, the taxes on health care, health insurance, and other
13 taxes were budgeted at \$6.5 billion in the FY 2025 state budget. These
14 taxes are now the fourth largest revenue source for the state behind
15 only the personal income, sales, and broad-based business taxes. These
16 taxes have been increased fourteen times since the program began in
17 1997. The program is now far larger and is used for purposes never
18 originally contemplated when first enacted.

19 The taxes on health care and health insurance are fundamentally
20 regressive taxes because the taxes are unrelated to a consumer's wealth
21 or ability to pay, directly impact hospitalization costs at a time when
22 consumers are facing some of their greatest health care challenges,
23 directly increase the cost of health insurance, and are counterproduc-
24 tive to the public policy objective of making health insurance as
25 affordable as possible. Even worse, these taxes are levied in a horribly

1 unfair manner. They are levied on employees and their employers who are
2 doing the right thing by providing employer-based health benefits.
3 Employers who provide no health benefits to hourly workers, including
4 some of the largest employers in the state, pay nothing.

5 It is therefore the intent of the legislature that these HCRA taxes be
6 repealed and replaced so as to maintain the revenue needed to continue
7 all of the public goods services currently provided under HCRA, includ-
8 ing but not limited to indigent care grants, subsidies to medical malp-
9 ractice insurers, and the creation of a diverse pool of physicians in
10 training. Repeal of the current HCRA taxes may only occur in connection
11 with the preservation of all the public goods.

12 § 3. Subparagraph (i) of paragraph (b) and paragraphs (c), (d) and (e)
