1 and construction, and costs related to management and general maintenance
2 of the park, playground, and recreational facility created on the
3 land(s) set aside for such purpose.

4 (d) In the event the planning board makes a finding pursuant to para-
5 graph (b) of this subdivision that the proposed subdivision plat
6 presents a proper case for requiring a park or parks suitably located
7 for playgrounds or other recreational purposes, but that a suitable park
8 or parks of adequate size to meet the requirement cannot be properly
9 located on such subdivision plat, the planning board may require a sum
10 of money in lieu thereof, in an amount to be established by the town
11 board. In making such determination of suitability, the board shall
12 assess the size and suitability of lands shown on the subdivision plat
13 which could be possible locations for park or recreational facilities,
14 as well as practical factors including whether there is a need for addi-
15 tional facilities in the immediate neighborhood or existing parks, play-

19 planning board in lieu of land for park, playground or other recreation-
20 al purposes, pursuant to the provisions of this section, shall be depos-

28 § 2. The subdivision heading and paragraphs (c) and (d) of subdivision
29 6 of section 274-a of the town law, as added by chapter 694 of the laws
30 of 1992, are amended to read as follows:

31 Reservation of parkland on site plans containing residential units and
32 commercial and industrial site plans seeking to develop and improve land
33 exceeding twenty-five acres.

34 (c) In the event the authorized board makes a finding pursuant to
35 paragraph (b) of this subdivision that the proposed site plan presents a
36 proper case for requiring a park or parks suitably located for play-
37 grounds or other recreational purposes, then such land shall be set
38 aside and declared held in the public trust for use limited to park,
39 playground, or recreation, together with a sum of money equal to twenty
40 percent of the value of the land or twenty percent of the town's
41 projected costs to improve the property for park, playground or recre-
42 ational purposes whichever is greater but not to exceed thirty percent
43 of the value of the land, to be deposited in a trust fund for improve-
44 ment of the park, playground, and recreational facilities and equipment,
45 including costs related to design and construction, and costs related to
46 management and general maintenance of the park, playground, and recre-
47 ational facility created on the land(s) set aside for such purpose.

48 (d) In the event the planning board makes a finding pursuant to para-
49 graph (b) of this subdivision that the proposed site plan presents a
50 proper case for requiring a park or parks suitably located for play-
51 grounds or other recreational purposes, but that a suitable park or
52 parks of adequate size to meet the requirement cannot be properly
53 located on such site plan, the [authorized] planning board may require a
54 sum of money in lieu thereof to be established by the town board. In
55 making such determination of suitability, the board shall assess the
56 size and suitability of lands shown on the site plan which could be

1 possible locations for park or recreational facilities, as well as prac-
2 tical factors including whether there is a need for additional facili-
3 ties in the immediate neighborhood or existing parks, playgrounds, and
4 recreational facilities proximate to the proposed subdivision that would
5 benefit from improvement, expansion, repair, replacement and management
6 and/or general maintenance. Any monies required by the [~~authorized~~]
7 planning board in lieu of land for park, playground or other recreation-
8 al purposes, pursuant to the provisions of this section, shall be depos-
9 ited into a trust fund to be used by the town exclusively for park,
10 playground or other recreational purposes, including the acquisition of
11 property, improvement, expansion, repair or replacement of the park,
12 playground, and recreational facilities and equipment, costs related to
13 design and construction, and costs related to management and general
14 maintenance of the park, playground, and recreational facilities.

15 [~~(d)~~] (e) Notwithstanding the foregoing provisions of this subdivi-
16 sion, if the land included in a site plan under review is a portion of a
17 subdivision plat which has been reviewed and approved pursuant to
18 section two hundred seventy-six of this article, the authorized board
19 shall credit the applicant for any land set aside or money donated in
20 lieu thereof under such subdivision plat approval. In the event of
21 resubdivision of such plat, nothing shall preclude the additional reser-
22 vation of parkland or money donated in lieu thereof.

23 § 3. This act shall take effect immediately.
