

STATE OF NEW YORK

9677

IN ASSEMBLY

January 21, 2026

Introduced by M. of A. CASHMAN -- read once and referred to the Committee on Environmental Conservation

AN ACT to amend the environmental conservation law, in relation to bioheating fuel requirements

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Section 19-0327 of the environmental conservation law, as
2 amended by chapter 750 of the laws of 2021, paragraph (b) of subdivision
3 1 and subdivision 9 as amended by chapter 5 of the laws of 2022, is
4 amended to read as follows:

5 § 19-0327. Bioheating fuel requirements.

6 (1) Definitions. For the purpose of this section, the following terms
7 shall have the following meanings:

8 (a) [~~"Biodiesel"~~] "Biofuel" shall mean a fuel, designated one hundred
9 percent B100 or a blend of ninety-nine percent B99 biodiesel by volume,
10 that meets the requirements of the ASTM international specification
11 D6751 or the requirements of the ASTM international specification D975;
12 provided, however, that biofuel shall include R100 or R99 produced from
13 hydroprocessing renewable biomass feedstocks.

14 (b) "Renewable Hydrocarbon Diesel" shall mean a [~~North-American-pro-~~
15 ~~duced~~] fuel derived from vegetable oils, animal fats, and other renewa-
16 ble feedstocks that meet the requirements of ASTM international specifi-
17 cation D975. Renewable hydrocarbon shall not include any fuel from
18 co-processed biomass with a feedstock that is not biomass.

19 (c) "Bioheating fuel" shall mean a fuel, designated B100 or B99,
20 comprised of [~~biodiesel~~] biofuel blended with petroleum heating oil that
21 meets the requirements of the ASTM international specification D396, a
22 [~~fuel comprised of domestically-produced renewable hydrocarbon diesel~~]
23 biofuel, designated R100 or R99 with petroleum heating oil that meets
24 the specifications of ASTM international specification D975, or other
25 specifications as determined by the commissioner.

26 (d) "Heating oil" shall mean petroleum oil refined for the purpose of
27 use as fuel for combustion in a space and/or water heating system that

EXPLANATION--Matter in italics (underscored) is new; matter in brackets
[-] is old law to be omitted.

LBD06490-01-5

1 meets the requirements of the [~~ATSM~~] ASTM international specification
2 D396 or other specifications as determined by the commissioner.

3 (e) "Feedstock" shall mean soybean oil, oil from annual cover crops,
4 algal oil, biogenic waste oils, fats or greases, or non-food grade corn
5 oil, provided that the commissioner may, by rules and regulations, modi-
6 fy the definition of feedstock based on the vegetable oils, animal fats
7 or cellulosic biomass listed in table 1 of 40 C.F.R. § 80.1426.

8 (2) On and after July first, two thousand eighteen, all heating oil
9 sold for use in any building within the counties of Nassau, Suffolk and
10 Westchester shall be bioheating fuel that contains at least five percent
11 [~~biodiesel~~] biofuel.

12 (3) On or after July first, two thousand twenty-two, all heating oil
13 sold for use in any building within the state shall be bioheating fuel
14 that contains at least five percent [~~biodiesel~~] biofuel.

15 (4) On or after July first, two thousand twenty-five, all heating oil
16 sold for use in any building within the state shall be bioheating fuel
17 that contains at least ten percent [~~biodiesel~~] biofuel.

18 (5) On or after July first, two thousand thirty, all heating oil sold
19 for use in any building within the state shall be bioheating fuel that
20 contains at least twenty percent [~~biodiesel~~] biofuel.

21 (6) The minimum content requirements of this section shall not apply
22 to kerosene.

23 (7) The governor may, by issuing an executive order, temporarily
24 suspend the applicability of this section at any time based on the
25 governor's determination, after consulting with the New York state ener-
26 gy research and development authority and the department, that meeting
27 the requirement of subdivision two of this section is not feasible due
28 to lack of adequate supply of [~~biodiesel~~] biofuel or that meeting the
29 requirement would result in financial hardship to consumers.

30 (8) The requirements of this section shall not: (a) prohibit the sale
31 and use of bioheating fuel with the same or any greater percentage of
32 [~~biodiesel~~] biofuel blended with heating oil, or the sale and use of one
33 hundred percent [~~biodiesel~~] biofuel, for space and/or water heating
34 purposes in the state; and (b) preempt any laws of the city of New York
35 with respect to mandated percentage levels of [~~biodiesel~~] biofuel blends
36 with heating oil provided that such laws require the same or greater
37 percentage of [~~biodiesel~~] biofuel blended with heating oil as required
38 by this section.

39 (9) No bioheating fuel shall be sold to a customer that would void the
40 manufacturer's warranty for that burner or boiler type unless the
41 [~~bioheat~~] bioheating fuel provider warranties in writing to the customer
42 that the use of such bioheating fuel will be covered to the extent and
43 time limits of the warranty then covering such burner or boiler.

44 § 2. This act shall take effect immediately.
