## IN SENATE

January 28, 2025

Introduced by Sen. CLEARE -- read twice and ordered printed, and when printed to be committed to the Committee on Agriculture

AN ACT to amend the agriculture and markets law, in relation to requiring the department of agriculture and markets to facilitate and expand an initiative to promote opportunities for farm ownership to farmers who are black, indigenous and people of color

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Legislative intent and findings. The legislature finds that  
2 black, indigenous and people of color farmers make up approximately 2.1%  
3 of all farmers in New York state. Using data from the 2017 census, that  
4 means that only 1,228 out of 57,865 farmers were black, indigenous, and  
5 people of color. It is the intent of the legislature to diversify the  
6 profession of farming within the state and to encourage black, indige-  
7 nous, and people of color to pursue farm ownership.

8 § 2. Section 16 of the agriculture and markets law is amended by  
9 adding a new subdivision 53 to read as follows:

10 53. Facilitate and expand, with financial and technical support, an  
11 initiative to promote opportunities for farm ownership to farmers who  
12 are black, indigenous and people of color. The department shall promote  
13 a consistent demand of products and services from farmers who are black,  
14 indigenous, and people of color and re-establish opportunities for farm  
15 ownership for such farmers. A report shall be provided annually to the  
16 governor and the legislature detailing information including, but not  
17 limited to, the type of initiatives undertaken, the funding distributed  
18 by region, the percentage of farms owned by farmers who are black,  
19 indigenous, and people of color by region, and the various products  
20 distributed to and from each region.

21 § 3. This act shall take effect on the ninetieth day after it shall  
22 have become a law.

EXPLANATION--Matter in italics (underscored) is new; matter in brackets  
[-] is old law to be omitted.
