February 4, 2025

Introduced by Sens. PARKER, SEPULVEDA -- read twice and ordered printed, and when printed to be committed to the Committee on Aging

AN ACT to amend the elder law, the penal law, the criminal procedure law and the state finance law, in relation to crime prevention and control; and providing for the repeal of such provisions upon expiration thereof

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. The elder law is amended by adding a new article 4 to read as follows:

ARTICLE 4

ELDERLY CRIME PREVENTION AND CONTROL TRUST FUND ACT

Section 401. Short title.
402. Legislative finding and declaration.
403. Definitions.
404. Administration of trust fund.
405. Application procedures.
406. Rules and regulations.
407. Reporting.
408. Legislative hearings.

§ 401. Short title. This article shall be known and may be cited as the "Elderly Crime Prevention and Control Trust Fund Act".

§ 402. Legislative finding and declaration. This legislature does hereby find and declare that the elderly population of this state, which for the purposes of this article is defined as individuals over the age of sixty-two years, is uniquely vulnerable to actual and potential criminal victimization by virtue of physical frailty, concentrations in high risk urban neighborhoods, and socio-economic household factors advertising seniors as high visibility crime targets. This heightened vulnerability acts as a precursor for a generalized and debilitating sense of fear which impacts on mobility, concepts of self-worth, and isolation from the larger society. The legislature further finds and declares that on the basis of available demographic information, the elderly population of this state will continue to expand, thus requiring that the

problem of criminal victimization of the elderly be a focus of continuing and paramount concern. This legislature further finds that although the state's commitment of general revenue funds to the criminal justice system has increased nearly three-fold in the past decade, crime prevention and control activities targeted to our elderly population have been wedded to moneys originating within the federal system. Additionally, statistical trends in the criminal victimization of the elderly promise a continued escalation in seemingly rampant crime rates despite the best efforts of law enforcement and community based organizations. These findings, coupled with the philosophic shifts occurring on a national level, mandate that responsibility for the safety and well-being of elderly citizens rests principally with this legislature. In response to that obligation, this legislature does hereby declare and endorse the establishment of an exclusive dedicated revenue source for the operation and maintenance of crime prevention, detection, and enforcement activities for the sole benefit of elderly citizens in this state.

§ 403. Definitions. For the purposes of this article:

1. "Elderly person" means a person sixty-two years of age or older.

2. "Commissioner" means the chief administrative officer of the division of criminal justice services.

3. "Grant recipient" means any local government, to include any town, city, or county, or any local government agency that administers a crime prevention, detection or enforcement program principally for the benefit of elderly persons.

§ 404. Administration of trust fund. The elderly crime prevention and control trust fund, which is established pursuant to section ninety-seven-uuuu of the state finance law shall be administered and supervised under the direction of the commissioner pursuant to this article, and it shall be for the establishment and continuance of crime prevention, detection or enforcement programs principally benefitting elderly persons.

§ 405. Application procedures. Funds appropriated or available for the purposes of this article may be allocated for the purpose of designing, expanding, or implementing interactive crime prevention, detection, and enforcement activities that principally enhance the safety, mobility, physical security and emotional well-being of elderly persons as proposed by grant recipients.

1. Grant recipients shall be selected by the commissioner from applications submitted.

2. The director shall require that applications submitted for funding include, but need not be limited to, the following:

(a) the cost of each proposed program including the proposed compensation of employees and purchase of support services and hardware;

(b) a description of the proposed community area of service and other characteristics as determined by the commissioner;

(c) a program goal to be achieved and an assessment standard measuring achievement of that goal;

§ 406. Rules and regulations. The commissioner shall promulgate rules and regulations to effectuate the purposes of this article, including but not limited to:

1. Provisions for periodic monitoring and evaluation of each program awarded a grant recipient;

2. Provisions that limit the expenditure of funds for administrative purposes to fifty per centum of the grant award; provided, however, if the local government, local government agency, or community based organization shall match the state grant award with equal local resources, seventy-five per centum may be used for administrative purposes.

§ 407. Reporting. Grant recipients shall bi-annually provide the commissioner such data as to reasonably reflect the funded program activities for the inclusive period of January first through June thirtieth, and July first through December thirty-first of each calendar year in which fund moneys are received and expended. 1. The commissioner shall annually report to the appropriate committees of the legislature:

(b) unexpended funds from the current state fiscal year operations; and

(c) encumbered and contracted funds from the current state fiscal year.

2. On the basis of the plan submitted by the commissioner, joint legislative committee hearings shall be conducted at the pleasure and convenience of the appropriate committee chairpersons.

6. The clerk of the court, wherein the conviction occurred, resulting in a mandatory administrative assessment being collected, shall be entitled, on behalf of the court, to retain a fee not to exceed five per centum of the mandatory administrative assessment.

§ 420.37 Mandatory administrative assessments; applicability to sentences mandating payment of fines.

The provisions of section 430.20 of this title governing the commitment of a defendant for failure to pay a fine shall be applicable to mandatory administrative assessments imposed pursuant to section 80.20 of the penal law.
