FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would modify the service retirement benefit for members of
the New York State and Local Employees' Retirement System employed by
Westchester County as correction officers. The modified service retire-
ment benefit will be one-half of final average salary (FAS) upon
completion of twenty-five years of creditable service and sixty percent
of FAS upon completion of thirty years of creditable service. The
current service retirement benefit is one-half of FAS upon completion of
twenty-five years of creditable service.

If this bill is enacted during the 2025 Legislative Session, we antic-
ipate that there will be an increase of approximately \$549,000 in the
annual contributions of Westchester County for the fiscal year ending
March 31, 2026. In future years this cost will vary but is expected to
average 0.5% of salary annually.

In addition to the annual contributions discussed above, there will be an immediate past service cost of approximately \$5.85 million which will be borne by Westchester County as a one-time payment. This estimate assumes that payment will be made on February 1, 2026. If Westchester County elects to amortize this cost over a 10-year period, the cost for each year including interest would be \$747,000.

These estimated costs are based on 824 affected members employed by Westchester County, with annual salary of approximately \$96.2 million as of March 31, 2024.
