22 of age who have been receiving such benefit for [~~five~~] two years.

23 § 5. This act shall take effect immediately.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would expand eligibility for the defined benefit cost-of-living adjustment (COLA) for the New York State and Local Retirement System. Effective immediately, COLA will be payable to (1) service pensioners aged sixty-two years and retired two years, (2) service pensioners aged fifty-five years and retired five years, (3) disability pensioners regardless of age once retired two years, and (4) accidental death beneficiaries after receiving a benefit for two years.

Insofar as this bill affects the New York State and Local Employees' Retirement System (NYSLERS), if this bill were enacted during the 2025 Legislative Session, the increase in the present value of benefits would be approximately \$1.67 billion.

In NYSLERS, this benefit improvement will be funded by (1) billing a past service cost to cover retrospective benefit increases and (2) increasing the billing rates charged annually to cover prospective benefit increases, as follows: (1) To fund retrospective costs, pursuant to Section 25 of the Retirement and Social Security Law, the increased costs would be borne entirely by the State of New York and would require an itemized appropriation sufficient to pay the cost of the provision, of \$1.47 billion as of March 1, 2026. (2) To fund prospective costs, the increase in the annual contribution required of all participating employers in NYSLERS is 0.12% of billable salary, or approximately \$16 million to the State of New York and approximately \$24 million to the local participating employers. This permanent annual cost will vary in subsequent billing cycles with changes in the billing rate and salary of the affected members.

This proposal primarily benefits current and former members of Tiers 1 - 5. The cost of this benefit improvement will primarily be borne by current and future members of Tier 6.

Insofar as this bill affects the New York State and Local Police and Fire Retirement System (NYSLPFRS), the increased costs would be shared by the State of New York and the local participating employers in NYSLPFRS and spread over future billing cycles. If this bill were

enacted during the 2025 Legislative Session, the increase in the present value of benefits would be approximately \$154 million.

NYSLPFRS	Increase in present value of benefits	Increase in required contributions
Pensioners	\$ 66 mn	\$ 0 mn
Actives Tiers 1-5 (Closed)	\$ 58 mn	\$ 62 mn
Actives Tier 6 (Open)	\$ 30 mn	\$ 92 mn
Total	\$154 mn	\$154 mn

In NYSLPFRS, this benefit improvement will be funded by increasing the billing rates charged annually to cover both retrospective and prospective benefit increases. The increase in the annual contribution required of all participating employers in NYSLPFRS is 0.3% of billable salary, or approximately \$2.62 million to the State of New York and approximately \$11.3 million to the local participating employers. This permanent annual cost will vary in subsequent billing cycles with changes in the billing rate and salary of the affected members.
