Section 1. Short title. This act shall be known as the "minimum standards for subsidized jobs act". S 2. Legislative findings and purpose. The legislature hereby finds

- S 2. Legislative findings and purpose. The legislature hereby finds and declares that:
- (a) Every year, New York state awards money in economic development subsidies to for-profit businesses.
- (b) When government invests in economic development, it makes no economic sense to support the creation or promotion of jobs that do not give workers the chance to earn a decent living.
- (c) When state-subsidized jobs provide low wages and poor benefits, they increase the need for government services, including public assistance for food, housing, health care, and child care.

The purpose of this act is to improve the effectiveness of economic development expenditures, take pressure off state social services programs, and improve the public health and welfare by ensuring that major state subsidies are used to support at least minimum living standards for working families.
