AN ACT to amend the New York state urban development corporation act, in  
relation to creating the New York state innovative energy and environ-  
mental technology program

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEM-  
BLY, DO ENACT AS FOLLOWS:

1     Section 1. Legislative intent. The legislature hereby finds and  
2 declares that the success of innovative energy and environmental tech-  
3 nology-oriented businesses with growth potential is essential to the  
4 continued economic health and security of New York state. It is further  
5 found that the development of new products to assist mature industries  
6 undergoing dramatic changes or facing increasing international competi-  
7 tion with reducing energy costs and complying with environmental regu-  
8 lations, can serve to retain, and even increase, employment. However,  
9 commercialization of these products is restrained as numerous small  
10 businesses are limited by lack of early stage financing.

11     Therefore, the legislature seeks to provide early stage funds, via a  
12 grants program, to stimulate the creation of a substantial number of new  
13 businesses and jobs in the energy and environmental sector.

14     S 2. Section 1 of chapter 174 of the laws of 1968, constituting the  
15 New York state urban development corporation act, is amended by adding a  
16 new section 16-t to read as follows:

EXPLANATION--Matter in ITALICS (underscored) is new; matter in brackets  
[ ] is old law to be omitted.
