AN ACT to amend the general business law, in relation to prohibiting the manufacture, distribution and sale of toys and child care products containing phthalates

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1 Section 1. Legislative findings. The legislature hereby finds that  
2 phthalates are a class of chemicals used in polyvinyl chloride (PVC)  
3 plastic to improve flexibility and in cosmetics to bind fragrance to the  
4 product. Phthalates are used in many products intended for use by young  
5 children including, but not limited to, teething rings, toys and soft plastic  
6 books.  
7 It is further found that there is extensive scientific literature  
8 reporting the hormone disrupting effect of phthalates, and substantial  
9 evidence that levels of the phthalates of concern are found in humans at  
10 levels associated with adverse effects. Population studies show that  
11 virtually everyone carries some level of phthalates in their body. For  
12 the general population, the oral route of exposure is considered a major  
13 route.  
14 S 2. The general business law is amended by adding a new section 397-b  
15 to read as follows:  
16 S 397-B. TOYS AND CHILD CARE PRODUCTS; PHTHALATES. 1. FOR THE PURPOSES  
17 OF THIS SECTION:

EXPLANATION--Matter in ITALICS (underscored) is new; matter in brackets  
[ ] is old law to be omitted.
