AN ACT to amend the social services law, in relation to establishing
certain requirements for payment of medical assistance for needy
persons to assisted living residences

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEM-
BLY, DO ENACT AS FOLLOWS:

1 Section 1. Legislative intent. The legislature hereby finds that the
2 placement of persons who need only aging in place care and services in
3 assisted residences, rather than being placed in nursing homes, results
4 in substantial savings to the medical assistance program. Therefore,
5 appropriate assisted living residences, established pursuant to article
6 46-B of the public health law, should be made available to all residents
7 of the state who need or desire the benefits afforded by assisted
8 living. The benefits of assisted living are best provided in a non-in-
9 stitutional setting, which is integrated into the community; in a facil-
10 ity which complies with the provisions of the Americans with Disabili-
11 ties Act and all provisions of article 46-B of the public health law and
12 in an atmosphere that encourages resident independence, autonomy, priva-
13 cy and freedom of choice.

14 The legislature hereby declares that no assisted living residence
15 shall receive medical assistance payments or reimbursement unless it
16 complies with the standards specified in this act.
