AN ACT to amend the environmental conservation law, in relation to
prohibiting the release of certain balloons

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEM-
BLY, DO ENACT AS FOLLOWS:

1 Section 1. Legislative findings. The legislature finds that the
2 release of large quantities of helium-filled balloons result in litter
3 on land and at sea; that sea mammals and other marine life die upon
4 ingesting deflated balloons; that growing public awareness concerning
5 pollution has had the salutary effect of causing the cancellation of
6 several celebratory and promotional launches of balloons; and that plac-
7 ing statutory limitations on the quantity of balloons that may be
8 launched will reduce litter and protect the ocean environment, and is in
9 the public interest.

10 S 2. The environmental conservation law is amended by adding two new
11 sections 11-0331 and 71-0929 to read as follows:

17 HELIUM OR OTHER SUBSTANCE WHICH CAUSES THE BALLOON TO RISE OR FLOAT IN

15 ing the date on which it shall have become a law; provided, however,
16 that effective immediately, the addition, amendment and/or repeal of any
