20 S 2. This act shall take effect immediately and shall be deemed to  
21 have been in full force and effect on and after December 21, 1998.

FISCAL NOTE.--This bill would amend Chapter 548 of the Laws of 2000 to allow certain individuals with less than three (3) years of military duty, who were discharged from the military for medical reasons due to injuries suffered during such military duty, to purchase three (3) years of service credit for military duty. The additional service credit granted pursuant to this legislation, when added to credit granted for military service pursuant to any other provision of law shall not exceed a total of three (3) years. Members must have at least five (5) years of credited service and would be required to make a payment of three (3) percent of current compensation per year of additional services granted by this bill.

The exact number of members who could be affected by this legislation cannot be readily determined. In all likelihood, very few members would be affected.

Insofar as this bill would affect the New York State and Local Employees' Retirement System and the New York State and Local Police and Fire Retirement System, if it is enacted, there would be an immediate past service cost for each affected member. The amount of this cost would depend on the member's age, current service, annual salary, plan and tier status, as well as on the amount of additional service to be credited. This cost would be shared by the State of New York and the participating employers in the New York State and Local Employees' Retirement System and the New York State and Local Police and Fire Retirement System.

This estimate, dated March 24, 2009 and intended for use only during the 2009 Legislative Session, is Fiscal Note No. 2009-199, prepared by the Actuary for the New York State and Local Employees' Retirement System and the New York State and Local Police and Fire Retirement System.
