FISCAL NOTE. -- This bill would allow certain members and retirees of public retirement systems in New York State who are members of the military on active duty who become physically incapacitated for the performance of duties as the result of an injury sustained in a combat theatre or combat zone of operations to receive a performance of duty disability benefit of 75% of their one year final average salary. Affected individuals must file an application within two years of being discontinued from active duty. This bill would be deemed to have been in effect as of September 11, 2001.

If this bill is enacted, insofar as it would affect the New York State and Local Employees' Retirement System (NYS&LERS) and the New York State and Local Police and Fire Retirement System (NYS&LPFRS), the cost would depend on the age, service, salary and plan of the affected member. It is estimated that there could be per person one-time costs of as much as four (4) times salary. These costs would be borne by the State of New York and all the participating employers in the ERS and PFRS.

This estimate, dated April 21, 2009, and intended for use only during the 2009 Legislative Session, is Fiscal Note No. 2009-224, prepared by the Actuary for the NYS&LERS and the NYS&LPFRS.
