1 to this section, Walter M. Callahan shall provide, on or before December  
2 31, 2009, notice to the comptroller and the governing body of the New  
3 York state teachers' retirement system of his election to transfer his  
4 membership in the New York state and local employees' retirement system  
5 pursuant to this section.

6 S 2. Upon the election by Walter M. Callahan to take advantage of the  
7 provisions of this act, the New York state and local employees' retire-  
8 ment system shall transfer the amount of his pension reserve to the New  
9 York state teachers' retirement system.

10 S 3. All costs incurred in implementing the provisions of this act,  
11 unless otherwise stated, shall be borne by the New York state teachers'  
12 retirement system.

13 S 4. This act shall take effect immediately.

FISCAL NOTE.--This legislation will allow Walter M. Callahan, a retiree from the New York State and Local Employees' Retirement System, to retroactively transfer his membership to the New York State Teachers' Retirement System.

Insofar as this bill will affect the New York State and Local Employees' Retirement System, if it is enacted, Mr. Callahan will retroactively transfer to the New York State Teachers' Retirement System and there will be a transfer of reserves from the New York State and Local Employees' Retirement System to the New York State Teachers' Retirement System which will equal our liability due to Mr. Callahans' current pension. Therefore, this legislation will generate no cost to the New York State and Local Employees' Retirement System. This legislation, however, may generate a cost to the New York State Teachers' Retirement System.

This estimate, dated January 27, 2009 and intended for use only during the 2009 Legislative Session, is Fiscal Note No. 2009-117, prepared by the Actuary for the New York State and Local Employees' Retirement System.

FISCAL NOTE.--This bill would allow Walter M. Callahan, a retired member of the New York State and Local Employees' Retirement System (NYSLERS) and currently an active member of the New York State Teachers' Retirement System (NYSTRS), to retroactively transfer his membership from NYSLERS to NYSTRS pursuant to Section 43 of the Retirement and Social Security Law. Upon his retirement from NYSTRS, his retirement allowance shall be recalculated taking into account the forfeiture of his enhanced retirement benefits by reason of his return to public service pursuant to Section 11 of Chapter 41 of the Laws of 1997. Additionally, his retirement benefit shall be reduced by the actuarial equivalent of the retirement benefits received from NYSLERS from November 4, 2000 through September 30, 2006. Mr. Callahan shall not be required to make any further employee contributions to NYSTRS, and upon retirement his benefit shall be increased by the actuarial equivalent of employee contributions made to NYSTRS after August 30, 2006. Mr. Callahan must file a written request with the head of the New York State Teachers' Retirement System on or before December 31, 2009.

The cost of this benefit is equal to the net increase in the present value of liabilities, which is estimated to be \$360,000. This cost will be partially offset by the pension reserve transferred from the New York State and Local Employees' Retirement System in accordance with this bill.

The source of this estimate is Fiscal Note 2009-39 dated April 10, 2009 prepared by the Actuary of the New York State Teachers' Retirement System and is intended for use only during the 2009 Legislative Session.
