2009-2010 Regular Sessions

I N A S S E M B L Y

May 27, 2009

Introduced by M. of A. O'DONNELL, BARRON, CASTRO -- read once and referred to the Committee on Education

AN ACT to amend the education law, in relation to the reform of the system of school governance in the city school district of the city of New York; to repeal certain provisions of such law relating thereto; making an appropriation therefor; and providing for the repeal of such provisions upon expiration thereof

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1 Section 1. Legislative findings. Bronx, Kings, New York, Queens and
2 Richmond counties, including the five Boroughs of New York city contain
3 a population of approximately 8.25 million people. Approximately 1.1
4 million youth attend public schools in the New York city public school
5 system. For the last six years, this public school system, by act of
6 this legislature, has been governed by mayoral control.
7 Mayoral control will sunset in June 2009. Hearings have been held on
8 behalf of the senate by the democratic taskforce on school governance,
9 the assembly education committee, and by the New York city public advocate's commission. The legislature has received recommendations from
10 individuals, from the New York city council, the united federation of
11 teachers, from other groups, and from the mayor of the city of New York.
12 There is a general, if not unanimous agreement, that changes in school
13 governance are needed to provide improved transparency, accountability,
14 and representation of parent, teacher and student views in the decision-making process at the central and local district levels and at
15 school site level.
16 The unacceptable conditions of New York city public schools with
17 regard to graduation rates, literacy and numeracy, scientific, artistic,
18 and civic knowledge and engagement for the majority of its students have
19 persisted despite numerous changes in governance structures and procedures over the past 40 years. There is presently no explicit artic-

1 ulation of the goals of education in New York city, or how to achieve
2 these goals.

3 The legislature therefore determines that it is necessary to establish
4 a commission on public education.

5 S 2. Section 2590-b of the education law is REPEALED and a new section
6 2590-b is added to read as follows:
