1 S 2. Creation of a state debt. The creation of a state debt to an
2 amount not exceeding in the aggregate five billion dollars
3 (\$5,000,000,000) is hereby authorized to provide moneys for the single
4 purpose of preserving, enhancing, restoring, and improving the quality
5 of the state's environment by the accomplishment of projects and the
6 funding of activities by state agencies, public authorities and public
7 benefit corporations, municipalities, and other governmental entities
8 and not-for-profit corporations for and related to protecting, improv-
9 ing, and enhancing the quality of drinking water and enhancement of
10 water bodies; by providing funds for open space, farmland protection,
11 habitat restoration, climate change adaptation, water quality related
12 research and development and for parks; for repairing, replacing and
13 updating municipal wastewater and drinking water infrastructure; for
14 preserving, enhancing, restoring and maintaining the quality of the air;
15 for restoring and improving contaminated areas and returning those to
16 productive use; for improving environmental health; for protection and
17 pollution prevention projects in urban communities, community gardens
18 and greenways; for energy efficiency, residential and municipal building
19 weatherization; for energy research and development; and for fuel effi-
20 cient transit fleet programs and green transit oriented projects.

21 The legislature may, by appropriate legislation and subject to such
22 conditions as it may impose, make available out of the proceeds of the
23 sale of bonds authorized in this section, moneys disbursed or to be
24 disbursed for state programs or state assistance payments toward the
25 cost of such programs undertaken by or through a state or local public
26 authority or public benefit corporation, not-for-profit corporation,
27 county, city, town, village, school district, supervisory district,
28 district corporation, improvement district within a county, city, town,
29 village, or Indian tribe residing in whole or in part within New York
30 state, or any combination thereof, for the purpose of preserving,
31 enhancing, restoring, and improving the quality of the state's environ-
32 ment and natural resources.

33 S 3. Bonds of the state. The state comptroller is hereby authorized
34 and empowered to issue and sell bonds of the state to the amount of five
35 billion dollars (\$5,000,000,000) for the purpose of this act, subject to
36 the provisions of article 5 of the state finance law. The aggregate
37 principal amount of such bonds shall not exceed five billion dollars
38 excluding bonds issued to refund or otherwise repay bonds theretofore
39 issued for such purpose; provided, however, that upon any such refunding
40 or repayment the total aggregate principal amount of outstanding bonds
41 may be greater than five billion dollars only if the present value of
42 the aggregate debt service of the refunding or repayment bonds to be
43 issued shall not exceed the present value of the aggregate debt service
44 of the bonds to be refunded or repaid. The method for calculating pres-
45 ent value shall be determined by law.

46 S 4. Use of moneys received. The moneys received by the state from the
47 sale of bonds sold pursuant to this act shall be expended pursuant to
48 appropriations in the following amount:

49 a. For clean water through the protection of the state's watersheds
50 and natural resources; drinking water supply protection and flood
51 control projects, including the protection of open space, farmland
52 protection, habitat restoration, climate change adaptation, water quali-
53 ty related research and development, and for state and municipal parks,
54 one billion dollars (\$1,000,000,000).

1 b. For clear water infrastructure including repairing, replacing, and
2 updating New York's municipal wastewater infrastructure and drinking
3 water supply systems, one billion dollars (\$1,000,000,000).

4 c. For improving environmental health and community restoration,
5 including protection and pollution prevention projects in urban communi-
6 ties, restoring and improving contaminated areas and returning those to
7 productive use, improving environmental health, community gardens and
8 greenways, one billion dollars (\$1,000,000,000).

9 d. For the creation of green jobs through energy efficiency, including
10 residential, municipal and state building weatherization and energy
11 efficiency research and development projects, one billion dollars
12 (\$1,000,000,000).

13 e. For preserving, enhancing, restoring and maintaining the quality of
14 the air and for fuel efficient transit fleet projects, and green transit
15 oriented projects, one billion dollars (\$1,000,000,000).

16 S 2. This act shall take effect immediately, provided that the
17 provisions of section one of this act shall not take effect unless and
18 until this act shall have been submitted to the people at the general
19 election to be held in November 2010, and shall have been approved by a
20 majority of all votes cast for and against it at such election. Upon
21 approval by the people, section one of this act shall take effect imme-
22 diately. The ballots to be furnished for the use of voters upon
23 submission of this act shall be in the form prescribed by the election
24 law and the proposition or question to be submitted shall be printed
25 thereon in substantially the following form, namely, "Shall chapter
26 (here insert the number of the chapter) of the laws of 2010 known as the
27 clean water/clean air/green jobs bond act of 2010, authorizing the
28 creation of state debt to provide moneys for the preservation, enhance-
29 ment, restoration, and improvement of the quality of the state's envi-
30 ronment and natural resources, promote energy efficiency and energy
31 security; and invest in the creation of clean and green jobs in the
32 amount of five billion dollars be approved?".
