1 of this subdivision whose power prices may be subject to increase before
2 June thirtieth, two thousand [nine] TEN. Provided, however, that the
3 total amount of megawatts of replacement and preservation power which,
4 due to the extension of the energy cost savings benefits, are not relin-
5 quished by or withdrawn from a recipient shall be deemed to be relin-
6 quished or withdrawn for purposes of offering such megawatts by the
7 authority for reallocation pursuant to subdivision thirteen of section
8 one thousand five of the public authorities law. Provided, further, that
9 for any such reallocation, the authority shall maintain the same energy
10 cost savings benefit level for all eligible businesses using any avail-
11 able authority resources as deemed feasible and advisable by the trus-
12 tees pursuant to section seven of part U of chapter fifty-nine of the
13 laws of two thousand six.

14 4. Applications for an energy cost savings benefit shall be in the
15 form and contain such information, exhibits and supporting data as the
16 board may prescribe. The board shall review the applications received
17 and shall determine the applications which best meet the criteria estab-
18 lished for the benefits pursuant to this subdivision and it shall recom-
19 mend such applications to the power authority of the state of New York
20 with such terms and conditions as it deems appropriate; provided, howev-
21 er, that for energy cost savings benefits granted on or after June thir-
22 tieth, two thousand [seven] NINE through June thirtieth, two thousand
23 [eight] TEN, the board shall expedite the awarding of such benefits and
24 shall defer the review of compliance with such criteria until after the
25 applicant has been awarded an energy cost savings benefit. Such terms
26 and conditions shall include reasonable provisions providing for the
27 partial or complete withdrawal of the energy cost savings benefit in the
28 event the recipient fails to maintain mutually agreed upon commitments
29 that may include, but are not limited to, levels of employment, capital
30 investment and power utilization. Recommendation for approval of an
31 energy cost savings benefit shall qualify an applicant to receive an
32 energy cost savings benefit from the power authority of the state of New
33 York pursuant to the terms and conditions of the recommendation. ANY
34 ENERGY COST SAVINGS BENEFIT WHICH IS RELINQUISHED OR WITHDRAWN AFTER THE
35 EFFECTIVE DATE OF THE CHAPTER OF THE LAWS OF TWO THOUSAND NINE WHICH
36 AMENDED THIS PARAGRAPH SHALL BE AVAILABLE FOR REALLOCATION TO ELIGIBLE
37 BUSINESSES AS DEFINED IN PARAGRAPH TWO OF THIS SUBDIVISION.

38 S 2. The opening paragraph of paragraph 5 of subdivision (a) of
39 section 189 of the economic development law, as amended by section 2 of
40 part Y of chapter 59 of the laws of 2008, is amended to read as follows:

41 "Power for jobs electricity savings reimbursements" shall mean
42 payments made by the power authority of the state of New York as recom-
43 mended by the board to recipients of allocations of power under phases
44 four and five of the power for jobs program for a period of time until
45 November thirtieth, two thousand four, subsequent to the expiration of
46 their phase four or five power for jobs contract provided however that
47 any power for jobs recipient may choose to receive an electricity
48 savings reimbursement as a substitute for a contract extension for the
49 period from the date the recipient's contract expires through June thir-
50 tieth, two thousand [nine] TEN. The "basic reimbursement" is an amount
51 that when credited against the recipient's actual "unit cost of elec-
52 tricity" during a quarter (meaning the cost for commodity and delivery
53 per kilowatt-hour for the quantity of electricity purchased and deliv-
54 ered under the power for jobs program during a similar period in the
55 final year of the recipient's contract), results in an effective unit
56 cost of electricity during the quarter equal to the average unit cost of

1 electricity such recipient paid during the final year of the contract
2 for power allocated under phase four or five of the power for jobs
3 program.

4 S 3. Subdivisions (f) and (l) of section 189 of the economic develop-
5 ment law, as amended by section 3 of part Y of chapter 59 of the laws of
6 2008, are amended to read as follows:

7 (f) Eligibility. The board shall recommend applications for allo-
8 cations of power under the power for jobs program to or for the use of
9 businesses which normally utilize a minimum peak electric demand in
10 excess of four hundred kilowatts; provided, however, that up to one
11 hundred megawatts of power available for allocation during the initial
12 three phases of the power for jobs program may be recommended for allo-
13 cations to not-for-profit corporations and to small businesses; and,
14 provided, further that up to seventy-five megawatts of power available
15 for allocation during the fourth phase of the program may be recommended
16 for allocations to not-for-profit corporations and to small businesses.
17 The board may require small businesses that normally utilize a minimum
18 peak electric demand of less than one hundred kilowatts to aggregate
19 their electric demand in amounts of no less than one hundred kilowatts,
20 for the purposes of applying to the board for an allocation of power.
21 The board shall recommend allocations of the additional three hundred
22 megawatts available during the fourth phase of the program to any such
23 eligible applicant, including any recipient of power allocated during
24 the first phase of the program. The board shall recommend allocations of
25 the additional one hundred eighty-three megawatts available during the
26 fifth phase of the program to any eligible applicant, including any
27 recipient of power allocated during the second and third phases of the
28 program; provided, however, that the term of contracts for allocations
29 under the fifth phase of the program shall in no case extend beyond June
30 thirtieth, two thousand [nine] TEN. Notwithstanding any provision of
31 law to the contrary, and, in particular, the provisions of this chapter
32 concerning the terms of contracts for allocations under the power for
33 jobs program, the terms of any contract with a recipient of power allo-
34 cated under phase two of the power for jobs program that has expired or
35 will expire on or before the thirty-first day of August, two thousand
36 two, may be extended by the power authority of the state of New York for
37 an additional period of three months effective on the date of such expi-
38 ration, pending the filing and approval of an application by such recip-
39 ient for an allocation under the fifth phase of the program. The term of
40 any new contract with such recipient under the fifth phase of the
41 program shall be deemed to include any three month contract extension
42 made pursuant to this subdivision and the termination date of any such
43 new contract under phase five shall be no later than if such new
44 contract had commenced upon the expiration of the recipient's original
45 phase two contract. The terms of any contract with a recipient of power
46 allocated under phase four and/or phase five of the power for jobs
47 program that has expired or will expire on or before the thirty-first
48 day of December, two thousand five, may be extended by the power author-
49 ity of the state of New York from a date beginning no earlier than the
50 first day of December, two thousand four and extending through June
51 thirtieth, two thousand [nine] TEN.

52 (l) The board shall solicit and review applications for the power for
53 jobs electricity savings reimbursements and contract extensions from
54 recipients of power for jobs allocations under phases four and five of
55 the program for the award of such reimbursements and/or contract exten-
56 sions. The board may prescribe a simplified form and content for an

1 application for such reimbursements or extensions. An applicant shall be
2 eligible for such reimbursements and/or extensions only if it is in
3 compliance with and agrees to continue to meet the job retention and
4 creation commitments set forth in its prior power for jobs contract, or
5 such other commitments as the board deems reasonable; provided, however,
6 that for the power for jobs electricity savings reimbursements and
7 contract extensions granted on or after June thirtieth, two thousand
8 [seven] NINE through June thirtieth, two thousand [eight] TEN, the board
9 shall expedite the awarding of such reimbursements and/or extensions and
10 shall defer the review of compliance with such commitments until after
11 the applicant has been awarded a power for jobs electricity savings
12 reimbursement and/or contract extension. The board shall review such
13 applications and make recommendations for the award: 1. of such
14 reimbursements through the power authority of the state of New York for
15 a period of time up to November thirtieth, two thousand four, and 2. of
16 such contract extensions or reimbursements as applied for by the recipi-
17 ent for a period of time beginning December first, two thousand four and
18 ending June thirtieth, two thousand [nine] TEN. At no time shall a
19 recipient receive both a reimbursement and extension after December
20 first, two thousand four. The power authority of the state of New York
21 shall receive notification from the board regarding the award of power
22 for jobs electricity savings reimbursements and/or contract extensions.
23 ANY POWER FOR JOBS ALLOCATION WHICH IS RELINQUISHED OR WITHDRAWN AFTER
24 THE EFFECTIVE DATE OF THE CHAPTER OF THE LAWS OF TWO THOUSAND NINE WHICH
25 AMENDED THIS SUBDIVISION SHALL BE AVAILABLE FOR REALLOCATION TO CUSTOM-
26 ERS ELIGIBLE FOR POWER FOR JOBS ALLOCATIONS AS DEFINED IN SUBDIVISION
27 (F) OF THIS SECTION.

28 S 4. Section 9 of chapter 316 of the laws of 1997 amending the public
29 authorities law and other laws relating to the provision of low cost
30 power to foster statewide economic development, as amended by section 4
31 of part Y of chapter 59 of the laws of 2008, is amended to read as
32 follows:

33 S 9. This act shall take effect immediately and shall expire and be
34 deemed repealed June 30, [2009] 2010.

35 S 5. Subdivision 9 of section 186-a of the tax law, as amended by
36 section 5 of part Y of chapter 59 of the laws of 2008, is amended to
37 read as follows:

38 9. Notwithstanding any other provision of this chapter or any other
39 law to the contrary, for taxable periods nineteen hundred ninety-seven
40 through and including two thousand [nine] TEN, any utility which deliv-
41 ers power under the power for jobs program, as established by section
42 one hundred eighty-nine of the economic development law, shall be
43 allowed a credit, subject to the limitations thereon contained in this
44 subdivision, against the tax imposed under this section equal to net
45 lost revenues from the delivery of power under such power for jobs
46 program. Net lost revenues means the "net receipts" less "net utility
47 revenue" from such delivery of power. For purposes of this subdivision,
48 "net receipts" shall mean the amount that the utility would have other-
49 wise received from customers receiving power pursuant to allocations by
50 the New York state economic development power allocation board in
51 accordance with section one hundred eighty-nine of the economic develop-
52 ment law, or from customers whose allocation has been transferred to an
53 energy service company, or from energy service companies to which such
54 allocation has been transferred, pursuant to its tariff supervised by
55 the public service commission for substantially comparable service
56 otherwise applicable to such customers or energy service companies in

1 the absence of such designation, less the utility's annual average
2 incremental short-term variable and capacity costs of providing such
3 power in the absence of such purchase. For the purposes of this subdivi-
4 sion, "net utility revenue" shall mean the revenues the utility actually
5 receives in accordance with such section one hundred eighty-nine from
6 such customers so designated by the New York state economic development
7 power allocation board or from customers whose allocation has been
8 transferred to an energy service company, or from the energy service
9 companies to which a power for jobs allocation has been transferred,
10 less the utility's cost of such power under such program. Provided,
11 however, that any credit under this section shall be used only with
12 respect to the same taxable year during which such credit arose and
13 shall not be capable of being carried forward or backward to any other
14 taxable period. Nor shall any credit be allowed to any utility for the
15 total amount of power, expressed in kilowatt hours, purchased by the
16 customers of such utility under such program during the taxable period
17 that exceeds the prorated "baseline energy use" by all customers of that
18 utility purchasing power under such program during the taxable period.
19 "Baseline energy use" with respect to each customer shall mean the larg-
20 est amount of kilowatt hours of energy used by such customer during any
21 twelve consecutive month period occurring during the preceding thirty
22 months immediately preceding the New York state economic development
23 power allocation board's recommendation of such customer's application,
24 prorated to reflect the length of time of the customer's participation
25 in such program during the taxable period. Provided further, however,
26 that in accordance with subdivision (k) of section one hundred eighty-
27 nine of the economic development law no tax credit shall be available
28 for any revenue losses when a utility has declined to purchase power
29 allocated for sale under such program. No electric corporation shall be
30 allowed the tax credit authorized by this subdivision until it shall
31 file a certificate from the department of public service for the period
32 covered by the return verifying that the calculation of such tax credit
33 complies with this subdivision and the department of public service has
34 approved such certificate and forwarded a copy of such approved certif-
35 icate to the commissioner or any amended certificate resulting from the
36 need for correction. The credit allowed by this subdivision shall not be
37 applicable in calculating any other tax imposed or authorized to be
38 imposed by this chapter or any other law, and the amount of the tax
39 surcharge imposed under section one hundred eighty-six-c of this article
40 shall be calculated and payable as if the credit provided for by this
41 subdivision were not allowed.

42 S 6. Section 11 of chapter 645 of the laws of 2006 amending the
43 economic development law and other laws relating to reauthorizing the
44 New York power authority to make contributions to the general fund, as
45 amended by section 6 of part Y of chapter 59 of the laws of 2008, is
46 amended to read as follows:

47 S 11. This act shall take effect immediately and shall be deemed to
48 have been in full force and effect on and after April 1, 2006; provided,
49 however, that the amendments to section 183 of the economic development
50 law and subparagraph 2 of paragraph g of the ninth undesignated para-
51 graph of section 1005 of the public authorities law made by sections two
52 and six of this act shall not affect the expiration of such section and
53 subparagraph, respectively, and shall be deemed to expire therewith;
54 provided further, however, that the amendments to section 189 of the
55 economic development law and subdivision 9 of section 186-a of the tax
56 law made by sections three, four, five and ten of this act shall not

1 affect the repeal of such section and subdivision, respectively, and
2 shall be deemed to be repealed therewith; provided further, however,
3 that section seven of this act shall expire and be deemed repealed June
4 30, [2009] 2010.

5 S 7. Subparagraph 2 of paragraph g of the ninth undesignated paragraph
6 of section 1005 of the public authorities law, as amended by section 7
7 of part Y of chapter 59 of the laws of 2008, is amended to read as
8 follows:

9 2. The authority, as deemed feasible and advisable by the trustees, is
10 authorized to make payments to recipients of the power for jobs elec-
11 tricity savings reimbursements and additional annual voluntary contrib-
12 utions into the state treasury to the credit of the general fund. The
13 authority shall make such contributions to the state treasury no later
14 than ninety days after the end of the calendar year in which a credit
15 under subdivision nine of section one hundred eighty-six-a of the tax
16 law is available: (a) for the additional three hundred megawatts of
17 power under the fourth phase of the program provided under chapter
18 sixty-three of the laws of two thousand and under the fifth phase for
19 the additional one hundred eighty-three megawatts provided under chapter
20 two hundred twenty-six of the laws of two thousand two; and (b) for any
21 extension of any contract for allocations under the fourth phase of the
22 program and under the fifth phase of the program. Payments for any elec-
23 tricity savings reimbursement under section one hundred eighty-nine of
24 the economic development law shall be made pursuant to such section.
25 Such annual contributions shall be equal to fifty percent of the total
26 amount of such credits available each year to all local distributors of
27 electricity. In addition, such authorization for contribution in state

35 chapter sixty-three of the laws of two thousand and under the fifth

37 under chapter two hundred twenty-six of the laws of two thousand two. In
38 state fiscal year two thousand four--two thousand five, such authorized
39 annual contribution shall be equal to one hundred percent of the total
40 amount of such credits available each year to all local distributors of
41 electricity. Such authorization for contribution in state fiscal years
42 two thousand four and two thousand five shall be equal to the total
43 amount of credit available in two thousand four and two thousand five;
44 under subdivision nine of section one hundred eighty-six-a of the tax
45 law under the fourth phase of the program for the additional three
46 hundred megawatts provided under chapter sixty-three of the laws of two
47 thousand and under the fifth phase for the additional one hundred eight-
48 y-three megawatts provided under chapter two hundred twenty-six of the
49 laws of two thousand two. In addition, such authorization for contrib-
50 ution for any extension of any contract for allocations under the fourth
51 phase of the program and under the fifth phase of the program in each
52 state fiscal year shall be equal to the total amount of credit or
53 reimbursement available in state fiscal year two thousand four--two
54 thousand five, state fiscal year two thousand five--two thousand six and
55 two thousand six--two thousand seven. Additionally, notwithstanding any
56 other section of law, the authority is authorized to make a contribution

13 THE COMMISSIONER. The department of public service shall estimate the
14 payment due by the end of the calendar year in which the credit is
15 available. In no case shall the amount of the total annual contributions
16 for the years during which delivery and sale of power associated with
17 all power for jobs phases and any extensions thereof takes place exceed
18 the aggregate total of four hundred [forty-nine] SIXTY-NINE million
19 dollars.

20 S 8. This act shall take effect immediately; provided that the amend-
21 ments to sections 183 and 189 of the economic development law, subdivi-
