Introduced by M. of A. SKARTADOS, BRODSKY -- (at request of the Governor) -- read once and referred to the Committee on Corporations, Authorities and Commissions

AN ACT to amend the public authorities law, in relation to the powers of the New York state bridge authority

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Legislative findings and declaration. The legislature hereby finds that Poughkeepsie-Highland railroad bridge played an important role in the cultural and economic development of the state; that the bridge was superbly designed and constructed and properly maintained; that the bridge is listed on the state and national registers of historic places; that the continued integrity of the superstructure is necessary to protect public safety, the Franklin Delano Roosevelt Mid-Hudson bridge located one-quarter mile downstream, and the commercial and recreational vessel traffic of the Hudson river; that the deck of the bridge should serve as a recreational asset to the people of the state and provide a connection to existing and future Hudson valley trails; that the preservation of the bridge will provide an alternative route for emergency vehicles in the event of closure or blockage of the Franklin Delano Roosevelt Mid-Hudson bridge; that the preservation of the bridge will contribute to tourism and economic development within the region; and that the preservation of the bridge to be known as the walkway over the Hudson should be a legacy of the Hudson-Fulton-Champlain Quadricentennial commemoration. Therefore, the legislature declares the acquisition and preservation of the Poughkeepsie-Highland railroad bridge, which will be known as the walkway over the Hudson bridge, to be a public purpose.

S 2. Section 526 of the public authorities law is amended by adding a new subdivision 7-b to read as follows:
