MENTS, MAY FILE WITH THE COMMISSIONER A COMPLAINT REGARDING A VIOLATION OF OR THE POTENTIAL FOR THE IMMINENT VIOLATION OF THIS ARTICLE OR ARTICLE NINETEEN OF THIS CHAPTER OCCASIONED BY ANOTHER PERSON, CORPORATION, EMPLOYER OR ENTITIES IN VIOLATION OF ARTICLE THIRTY-FIVE-E OF THE GENERAL BUSINESS LAW FOR AN INVESTIGATION OF SUCH COMPLAINT AND STATEMENT SETTING THE APPROPRIATE REMEDY, IF ANY.

S 2. Subdivision 1 of section 756 of the general business law, as added by chapter 127 of the laws of 2002, is amended to read as follows:

1. "Construction contract" means a written or oral agreement for the construction, reconstruction, alteration, maintenance, moving or demolition of any building, structure or improvement, or relating to the excavation of or other development or improvement to land, and where the aggregate cost of the construction project including all labor, services, materials and equipment to be furnished, equals or exceeds [two hundred fifty thousand dollars] ONE HUNDRED FIFTY THOUSAND DOLLARS. For the purposes of this article a construction contract shall not include any such contract made and awarded by the state, any public department, any public benefit corporation, any public corporation or official thereof, or a municipal corporation or official thereof for construction, reconstruction, alteration, repair, maintenance, moving or demolition of any public works project nor any contract with a contractor or subcontractor which is part of such project; or any such contract the purpose of which is the construction, reconstruction, alteration, repair, maintenance, moving or demolition of an individual one, two or three family residential dwelling or a residential tract development of one hundred [fifty] or less one or two family dwellings, or any residential construction project where the aggregate size of such project is [nine thousand] FOUR THOUSAND FIVE HUNDRED square feet or less, or any residential project of fewer than [one hundred fifty] SEVENTY-FIVE units which receives financial assistance from the federal government, the state or a municipal entity designed for households earning an average of one hundred twenty-five percent of the housing and urban development agency area median income.

S 3. Section 756-a of the general business law, as added by chapter 127 of the laws of 2002, is amended to read as follows:

S 756-a. Obligations. IT IS THE POLICY AND PURPOSE OF THIS ARTICLE TO EXPEDITE PAYMENT OF ALL MONIES OWED TO THOSE WHO PERFORM CONTRACTING SERVICES PURSUANT TO CONSTRUCTION CONTRACTS. Except as otherwise provided in this article, the terms and conditions of a construction contract shall supersede the provisions of this article and govern the conduct of the parties thereto.

1. Billing cycle. The parties to a construction contract may, by mutual agreement, establish a billing cycle for the submission of invoices requesting payment for work performed pursuant to a construction contract. In the absence of an agreement by the parties as to the billing cycle, the billing cycle shall be the calendar month within which the work is performed.

2. Invoices. (a) A contractor shall be entitled to invoice the owner for interim payments at the end of the billing cycle. A contractor shall be entitled to submit a final invoice for payment in full upon the performance of all the contractor's obligation under the contract.

(i) Upon delivery of an invoice and all contractually required documentation, an owner shall approve or disapprove all or a portion of such invoice within twelve business days. Owner approval of invoices shall not be unreasonably withheld nor shall an owner, in bad faith disapprove all or a portion of an invoice. If an owner declines to

1 approve an invoice or a portion thereof, it must prepare and issue a
2 written statement describing those items in the invoice that are not
3 approved. An owner may decline to approve an invoice or portion of an
4 invoice for:

- 5 (1) Unsatisfactory or disputed job progress;
- 6 (2) Defective construction work or material not remedied;
- 7 (3) Disputed work materials;
- 8 (4) Failure to comply with other material provisions of the
9 construction contract;
- 10 (5) Failure of the contractor to make timely payments for labor
11 including collectively bargained fringe benefit contributions, payroll
12 taxes and insurance, equipment and materials, damage to the owner, or
13 reasonable evidence that the construction contract cannot be completed
14 for the unpaid balance of the construction contract sum; or
- 15 (6) Failure of the owner's architect to certify payment for any or all
16 of the reasons set forth in this section so long as the reasons are
17 included in the owner's written statement of disapproval.

18 (ii) Upon delivery of an invoice and all contractually required
19 documentation, a contractor or subcontractor shall approve or disapprove
20 all or a portion of such invoice within twelve business days. Contractor
21 and subcontractor approval of invoices shall not be unreasonably with-
22 held nor shall a contractor or subcontractor, in bad faith, disapprove
23 all or a portion of an invoice. Nothing in this section shall prohibit
24 the contractor or subcontractor, at the time of application to the owner
25 or contractor, from withholding such application to the owner or
26 contractor for payment to the subcontractor or material supplier for:

- 27 (1) Unsatisfactory or disputed job progress;
- 28 (2) Defective construction work or material not remedied;
- 29 (3) Disputed work;
- 30 (4) Failure to comply with other material provisions of the
31 construction contract; or
- 32 (5) Failure of the subcontractor to make timely payments for labor
33 including collectively bargained fringe benefit contributions; payroll
34 taxes and insurance, equipment and materials, damage to contractor or
35 another subcontractor or material supplier, or reasonable evidence that
36 the subcontract cannot be completed for the unpaid balance of the
37 subcontract sum.

38 (b) Nothing in this subdivision shall authorize the withholding of an
39 application to the owner or contractor for the payment to a subcontrac-
40 tor or material supplier when due to a delay in job progress by the
41 owner, contractor or another subcontractor or material supplier other
42 than the applicant or applicant's subcontractor or material supplier.

43 3. Payment. (a) The owner's payment of a contractor's interim and
44 final invoices shall be made on the basis of a duly approved invoice of
45 work performed and the material supplied during the billing cycle.

46 (i) Unless the provisions of this article provide otherwise, the owner
47 shall pay the contractor strictly in accordance with the terms of the
48 construction contract.

49 (ii) [Unless otherwise agreed to by the parties, payment] PAYMENT of
50 an interim or final invoice shall be due from the owner not later than
51 thirty days after approval of the invoice.

52 (iii) If payment by the owner is contingent upon lender approval,
53 payment of a contractor's interim or final invoice or the amount of loan
54 proceeds disbursed by the lender for payment of the contractor's interim
55 or final invoice shall be due from the owner seven days after receipt by

1 the owner of good funds except where the provisions of section seven
2 hundred fifty-six-d of this article applies.

3 (iv) An owner may withhold from an interim payment only an amount that
4 is sufficient to pay the costs and expenses the owner reasonably expects
5 to incur in order to cure the defect or correct any items set forth in
6 writing pursuant to subparagraph (i) of paragraph (a) of subdivision two
7 of this section, or in the alternative, to withhold an amount not to
8 exceed the line item amount appearing in the agreed schedule of values
9 together with any change orders, additions and/or deletions, if such
10 schedule has been previously submitted, and/or an amount sufficient to
11 cover liquidated damages as established in an agreed upon schedule in
12 the construction contract.

13 (b) The contractor or subcontractor's payment of subcontractor or
14 material supplier's interim or final invoice shall be made on the basis
15 of a duly approved invoice of the work performed and materials supplied
16 during the billing cycle.

17 (i) Unless the provisions of this article provide otherwise, the
18 contractor or subcontractor shall pay the subcontractor strictly in
19 accordance with the terms of the construction contract. Performance by a
20 subcontractor in accordance with the provisions of its contract shall
21 entitle it to payment from the party with which it contracts. Notwith-
22 standing this article, where a contractor enters into a construction
23 contract with a subcontractor as agent for a disclosed owner, the
24 payment obligation shall flow directly from the disclosed owner as prin-
25 cipal to the subcontractor and through the agent.

26 (ii) When a subcontractor has performed in accordance with the
27 provisions of its construction contract, the contractor shall pay to the
28 subcontractor, and each subcontractor shall in turn pay to its subcon-
29 tractors, the full or proportionate amount of funds received from the
30 owner for each subcontractor's work and materials based on work or
31 services provided under the construction contract, seven days after
32 receipt of good funds for each interim or final payment, provided all
33 contractually required documentation and waivers are received.

34 (iii) A contractor or subcontractor may withhold amounts received from
35 an owner in connection with an interim payment due to a subcontractor or
36 material supplier only such sums that are sufficient to pay the direct
37 expenses as are reasonable to correct deficiencies identified pursuant
38 to subparagraph (ii) of paragraph (a) of subdivision two of this
39 section, or in the alternative, to withhold an amount not to exceed the
40 line item amount appearing in the agreed schedule of values, together
41 with any change order, additions or deletions, if such schedule has been
42 previously submitted[, and/or an amount sufficient to cover liquidated
43 damages as established in an agreed upon schedule in the construction
44 contract].

45 (iv) If a contractor, after submitting an invoice to an owner under a
46 construction contract, but before making a payment to a subcontractor or
47 material supplier for the subcontractor's or material supplier's
48 performance covered by such invoice, discovers that all or a portion of
49 the payment otherwise due to the subcontractor or material supplier is
50 subject to withholding from the subcontractor or material supplier in
51 accordance with the construction contract and the conditions set forth
52 in subparagraph (ii) of paragraph (a) of subdivision two of this
53 section, then the contractor shall:

54 (1) As soon as practicable upon ascertaining the cause giving rise to
55 a withholding, but prior to the due date for a subcontractor or material
56 supplier payment, furnish to the subcontractor or material supplier and

1 the owner written notice of withholding specifying conditions for with-
2 holding payment and identifying the amount to be withheld;

3 (2) Reduce the subcontractor's or material supplier's interim payment
4 by an amount not to exceed the amount specified in the notice of with-
5 holding; and

6 (3) Pay the subcontractor or material supplier amounts withheld within
7 seven days after correction of the identified subcontractor or material
8 supplier performance deficiency and receipt of all required documenta-
9 tion and waivers, unless the funds [therefore] THEREFOR must be obtained
10 from the owner's next interim payment due to a reduction in the contrac-
11 tor's billing directly resulting from the subcontractor's or material
12 supplier's performance deficiency identified in the notice of withhold-
13 ing.

14 (c) A written notice of any withholding under this subdivision shall
15 be issued to a subcontractor or material supplier specifying:

16 (i) The amount to be withheld;

17 (ii) The specific causes for withholding under the terms of the
18 construction contract and pursuant to this subdivision;

19 (iii) The remedial actions necessary to be taken by the subcontractor
20 or material supplier in order to receive payments of the amounts with-
21 held; and

22 (iv) The documentation and waivers required.

23 4. Notice. A contractor or subcontractor shall disclose to a subcon-
24 tractor, at the time the construction subcontract is entered into, the
25 due date for receipt of payments to the contractor or subcontractor from
26 the owner or the contractor as the case may be. If a contractor or
27 subcontractor fails to accurately disclose the due date to a subcontrac-
28 tor, the contractor or subcontractor shall be obligated to pay the
29 subcontractor as though the due dates established in paragraph (a) of
30 subdivision three of this section were met by the owner. In addition,
31 upon written request of a subcontractor, the owner shall provide notice
32 to such subcontractor within five days of making any interim or final
33 payment to the contractor. The subcontractor's request shall remain in
34 effect for the duration of the subcontractor's work on the project.

35 S 4. Section 756-b of the general business law, as added by chapter
36 127 of the laws of 2002, is amended to read as follows:

37 S 756-b. Remedies. 1. (a) If any interim or final payment to a
38 contractor is delayed beyond the due date established in paragraph (a)
39 of subdivision three of section seven hundred fifty-six-a of this arti-
40 cle, the owner shall pay the contractor interest beginning on the next
41 day at the rate of one percent per month or fraction of a month on the
42 unpaid balance, or at a higher rate consistent with the construction
43 contract.

44 (b) Notwithstanding any contrary agreement, if any interim or final
45 payment to a subcontractor is delayed beyond the due date established in
46 paragraph (b) of subdivision three of section seven hundred fifty-six-a
47 of this article the contractor or subcontractor shall pay its subcon-
48 tractor interest, beginning on the next day, at the rate of one percent
49 a month or fraction of a month on the unpaid balance, or at a higher
50 rate consistent with the construction contract.

51 2. (a) (i) If an owner fails to approve or disapprove an invoice with-
52 in the time limits established in subparagraph (i) of paragraph (a) of
53 subdivision two of section seven hundred fifty-six-a of this article, or
54 to pay the contractor the undisputed invoice amount within the time
55 limits provided by paragraph (a) of subdivision three of section seven

3 this paragraph.

4 (ii) A contractor intending to suspend performance on the construction
5 contract for failure of the owner to make timely payments or approvals
6 within the time limits provided by this article must provide the owner
7 written notice at least ten calendar days before the contractor's
8 intended suspension. Such notice shall:

9 (A) inform the owner that payment for undisputed invoice amounts have
10 not been received; and

19 this subparagraph occur and only after providing written notice and an
20 opportunity to cure consistent with subparagraph (ii) of this paragraph:

21 (A) If an owner fails to make timely payments for undisputed invoices
22 within the time limits established by subdivision three of section seven
23 hundred fifty-six-a of this article for the subcontractor's work and the
24 contractor also fails to pay the subcontractor for the approved work;

25 (B) If an owner pays the contractor within the time limits established
26 by subdivision three of section seven hundred fifty-six-a of this arti-
