2009-2010 Regular Sessions

I N S E N A T E

April 7, 2009

Introduced by Sen. PARKER -- read twice and ordered printed, and when printed to be committed to the Committee on Energy and Telecommunications

AN ACT to amend the public service law and the public authorities law, in relation to requiring the public service commission to annually review the compensation and benefits paid to certain officers, directors and high-level employees of certain gas or electric corporations

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1 Section 1. The legislature hereby finds and declares that the compensation and benefits provided to certain officers, directors, and high-level managerial employees of certain gas or electric corporations may be excessive and out of proportion with objective measures of performance, equity, and fairness. Some top executives of certain gas or electric corporations have inflated their compensation, even as the customers they serve continue to struggle with the burdens of wage stagnation.
2 Establishing control over levels of compensation and benefits paid to high-level managerial employees of certain gas or electric corporations is clearly in the public interest. By doing so, the state will be able to provide assurance to the ratepayer that his or her dollars are not being spent on exorbitant salaries for top executives of gas or electric corporations.

14 It is the purpose of this legislation to require the public service commission to review the proposed salary and benefits of officers, directors and high-level managerial executives of certain gas or electric corporations and, based on enumerated criteria, either approve, modify or reject such proposed salaries and benefits.

19 S 2. The public service law is amended by adding a new section 5-a to read as follows:

21 S 5-A. REVIEW OF COMPENSATION AND BENEFITS PROVIDED TO OFFICERS,
22 DIRECTORS AND CERTAIN EMPLOYEES OF GAS OR ELECTRIC CORPORATIONS WITH

EXPLANATION--Matter in *ITALICS* (underscored) is new; matter in brackets [] is old law to be omitted.
