S 2. This act shall take effect immediately.

FISCAL NOTE.--Pursuant to legislative law, section 50: This bill would extend the benefits of Chapter 548, Laws of 2000 to members and retirees of public retirement systems in New York State who rendered military service in Lebanon from 6/1/83-12/1/87, Grenada from 10/23/83-11/21/83 or Panama from 12/20/89-1/31/90 who did not receive an expeditionary medal. However, the total service credit granted for any military service shall not exceed three (3) years. Members must have at least five years of credited service (not including military service). Retirees must have retired on or after December 21, 1998. The recalculated annual allowance will be retroactive to the date of retirement. Members would be required to make a payment of three percent of their most recent compensation per year of additional service credit granted by this bill. Retirees will receive this additional service credit at no charge.

If this bill is enacted, insofar as this proposal affects the New York State and Local Employees Retirement System (ERS), there would be an estimated past service cost which would exceed 10 percent of each members' salary for each year of additional service credit that is purchased.

Insofar as this proposal affects the New York State and Local Police and Fire Retirement System (PFRS), the cost per person would vary greatly. If a member purchases this additional service credit to enable immediate retirement, the cost would exceed 30% of the member's salary for each year of additional service credit that is purchased. For a member on a retirement plan which is capped after reaching a certain number of years of service credit, there would be no benefit from this additional service credit if they will or already have reached the cap without this service credit.

If less than 200 of the active membership and post 12/21/1998 retirees have such military service and will benefit by purchasing the service credit, there will be estimated increases in annual contributions of less than \$250,000 to employers in the ERS and less than \$100,000 to employers in the PFRS.

In addition to the above costs, there would be additional costs for future members of the Retirement System's who have such military service.

This estimate, dated April 21, 2009 and intended for use only during the 2009 Legislative Session, is Fiscal Note No. 2009-220, prepared by the Actuary for the New York State and Local Employees' Retirement System and the New York State and Local Police and Fire Retirement System.
