S 27. Legislative findings. The legislature hereby finds and declares that the current regulatory environment in New York state has a significant impact on the state's businesses, economy and global economic competitiveness. In order to provide New York businesses the opportunity for growth and the ability to compete, along with providing the citizens of this state the ability to find gainful employment and the benefits of a strong economy, New York state must provide a regulatory environment that reduces the cost of doing business in the state, promotes business growth and encourages job creation.

The legislature further finds that it is in the interest of the state to undertake at this time a rational, independent review of all regulations that impact the business environment of this state which stifles the potential of New York's workers and businesses. In order to undertake such review rationally and equitably, the legislature determines

1 that it is necessary to establish a commission separate and apart from
2 existing bodies responsible for promulgating rules and regulations which
3 affect the business environment, to review all existing rules and regu-
4 lations and to provide continued oversight on future proposed rules and
5 regulations in an effort to cut waste, reduce paperwork and create an
6 efficient and cost effective environment for doing business in New York.

7 S 28. Commission established. (a) There is hereby created in the exec-

14 by the commission. It shall be further charged to review the economic
15 impact and cost of any new proposed rules or regulations and make recom-

20 shall be appointed by the speaker of the assembly; (iii) one member
21 shall be appointed by the minority leader of the senate; (iv) one member
22 shall be appointed by the minority leader of the assembly; and (v) elev-

32 the commission shall be considered public officers for purposes of
33 section 17 of the public officers law.

34 (d) The commission shall begin to act forty-five days after this act
35 shall have become a law. A quorum shall consist of a majority of the

37 ation. Approval of any matter shall require the affirmative vote of a
38 majority of the members voting thereon.

39 (e) The commission shall adopt by-laws for the management and regu-
40 lation of its affairs.

41 S 29. Appointments to commission. The legislative leaders shall submit
42 their appointments to the governor, and the governor shall make his or
43 her appointments, no later than forty-five days after this act becomes a
44 law. If any such appointment is not made by such date, the appointing
45 officer may make the appointment after that date, but the vacant
46 appointment shall not count for calculation of a quorum until it is
47 filled. Vacancies in the commission shall be filled in the same manner
48 as the member whose vacancy is being filled was appointed.

49 S 30. Commission staff. The commission, acting by the chair of the
50 commission, may employ staff and consultants, who shall be paid from
51 amounts available to the commission for that purpose.

17 also adopt additional factors to be considered in its deliberations.

18 S 32. Deliberations of commission. The deliberations, meetings and
19 other proceedings of the commission and any committee thereof shall be
20 governed by article 7 of the public officers law, provided that,
21 notwithstanding section 105 of the public officers law, the commission
22 and any committee thereof shall conduct business in executive session
23 anytime it is addressing in detail the medical, financial, or credit

26 tee by means of a conference telephone, conference video or similar
27 communications equipment allowing all persons participating in the meet-
