FISCAL NOTE. -- Pursuant to Legislative Law, Section 50:

This bill would provide additional service credit (one-twelfth of a year for each year of non-sick leave, non-Article 19 service credited as of the date of retirement, up to a maximum of three years) for certain members of the New York State and Local Employees' Retirement System, New York State Teachers' Retirement System, New York City Teachers' Retirement System, New York City Board of Education and the New York City Employees' Retirement System. Further, for certain members who are not otherwise eligible for a service retirement benefit, this bill would provide the ability to retire with reductions. This benefit would be available to only targeted positions.

In addition, this bill would eliminate the early retirement reductions at 25 years of service instead of at 30 years of service for retirement during a specified 90 day period for Tier 2, 3 and 4 members of the New York State and Local Employees' Retirement System, New York State Teachers' Retirement System, New York City Teachers' Retirement System, New York City Board of Education and the New York City Employees' Retirement System. Employers electing this provision can declare health and safety positions to be ineligible.

Retiring members may not receive both the additional service credit and the elimination of the early retirement reductions at 25 years of service instead of at 30 years of service.

If this bill is enacted, insofar as it affects the New York State and Local Employees' Retirement System (ERS), the additional cost for each member who receives these benefits will vary depending on the member's age, years of service, plans and final average salary.

We anticipate that the per-member cost (at retirement) of the additional service credit benefit will average approximately 60% of a member's final average salary. This cost will be borne by each employer electing the incentive over a five-year period commencing with a payment in the State fiscal year 2011-2012.

We anticipate that the per-member cost (at retirement) of the elimination of the early retirement reductions at 25 years of service instead of at 30 years of service will average approximately 110% of a member's final average salary. This cost will be borne by each employer electing the incentive over a five-year period commencing with a payment in the State fiscal year 2011-2012.

This estimate, dated April 30, 2010, and intended for use only during the 2010 Legislative Session, is Fiscal Note No. 2010-157 prepared by the Actuary for the New York State and Local Employees' Retirement System.

FISCAL NOTE. -- Pursuant to Legislative Law, Section 50:

This bill would provide a temporary retirement incentive for fiscal year 2010-2011. In Part A of the retirement incentive, employers who elect to participate would provide certain eligible employees a retirement incentive of one-twelfth of a year of additional service credit per year of accrued service credit up to a maximum of three additional years. To be eligible, a member must have attained age 50 or greater, with at least ten years of service. Members not subject to an early retirement reduction and less than age 55 at retirement will have their benefit reduced by five percent for each year their age precedes 55.

Part B of the retirement incentive would permit eligible Tier 2, 3 and 4 members of employers who elect to participate to retire without early retirement reductions upon attainment of at least age 55 with 25 years Currently 30 years of service are required. In order to service. receive either the Part A or Part B benefit, an eligible member employer who has elected to participate must retire during the employer's designated open period. For Part A, such period shall be at 30, but not more than 90 days in length, and for educational employers, shall not extend beyond August 31, 2010. For Part B, the open period for educational employers shall begin upon the later of June 1, 2010 or the date elected by the employer, and shall not extend beyond August 31, 2010. Members may not receive a benefit under both Part A and Part Part A and the retirement incentive provided under Chapter 45 of the Laws of 2010. Employers participating in Part A or Part B (or both) would pay the cost of the retirement incentive over a period not to exceed five years, beginning in the state fiscal year ending March 2012.

It is not possible to accurately forecast the total cost to the New York State Teachers' Retirement System employers electing to participate in this retirement incentive because the number of eligible members electing to retire under the incentive, their ages and the amount of service credited cannot be readily estimated. The Part A cost, measured as the increase in the present value of benefit per participating member, however, will range from 5% to more than 100% of final average

salary, averaging between 50% and 75% of final average salary, depending on the member's age, years of service, and tier at retirement. The Part B cost per participating member will range from 3% to more than 100% of final average salary, depending on the member's age, years of service, and tier at retirement. The potential number of members eligible to benefit under Part A is much greater than under Part B.

The source of this estimate is Fiscal Note 2010-54 dated May 18, 2010 prepared by the Actuary of the New York State Teachers' Retirement System and is intended for use only during the 2010 Legislative Session.

FISCAL NOTE: PROVISIONS OF PROPOSED LEGISLATION: With respect to certain New York City Retirement Systems ("NYCRS"), this proposed legislation would provide for a temporary Early Retirement Incentive Program ("ERI Program") to allow certain NYCRS members to elect immediate retirement with enhanced benefits. This proposed legislation consists of two components, each wholly contained within a part, identified as Part A and Part B.

- * Part A: Additional Service Credit of 1/12 per year of service, to a maximum of three years, if at least age 50 with 10 or more years of service, or
- * Part B: Unreduced Benefit on Account of Age, if at least age 55 with 25 or more years of service.

A NYCRS member eligible for Part B would be permitted to elect Part A (if eligible for Part A) but would not be permitted to combine the benefits of Part A and Part B.

In addition, to be eligible, a member of a NYCRS must be the employee of an employer participating in a NYCRS ("Obligor") who elects to participate in the ERI Program.

Additional requirements and details are set forth under the Terms of Early Retirement Incentive section that follows.

The Effective Date of the proposed legislation would be the date of enactment.

TERMS OF EARLY RETIREMENT INCENTIVE PROGRAM: Under the proposed legislation, with respect to the NYCRS, and ERI Program would be made available if elected by a participating employer, including New York City (the "City"), by enactment of a local law or resolution. Such local law or resolution would specify for employees the applicable "Open Period," anywhere from 30 to 90 days, during which time eligible NYCRS members would be permitted to elect and retire, but not beyond August 31, 2010 for educational employees and not beyond December 31, 2010 for all others.

The Mayor of the City may declare employees of the Community Colleges of the City University of New York ("CUNY") to be ineligible for Part A of the ERI Program. It is also the understanding of the Actuary that the Mayor may determine such employees to be ineligible for Part B.

This proposed legislation also provides that employers who elect Part A of the ERI Program should demonstrate certain compensation savings over the two-year period following the effective dates of retirement of those employees who participate in Part A of the ERI Program.

NYCRS RETIREMENT SYSTEMS IMPACTED: The proposed legislation would impact the following NYCRS:

- * New York City Employees' Retirement System ("NYCERS"),
- * New York City Teachers' Retirement System ("NYCTRS"), and
- * New York City Board of Education Retirement System ("BERS").
 PART A

If an employer elects to participate in Part A of the ERI Program, then an employee must meet the following criteria in order to retire under the ERI:

Eligibility - Part A: A NYCRS member must be a member of NYCERS, NYCTRS or BERS and is required to:

- 1. Be in Active Service paid on payroll, or
- On leave of absence with pay, or
- Approved leave of absence without pay but not more than 12 weeks prior to the "Open Period," or
- A teacher on payroll as of February 1, 2010 which would include the period between the end of the June 2010 term and on or before August 31, 2010, and
 - 2. Be in an Eligible Title.
 - Those positions otherwise identified for layoff,
- Those positions that could be transferred or reassigned under Civil Service Law, and
- 3. Be eligible for Service Retirement if the ERI service credit is applied or have at least attained age 50 with 10 or more years of service, and
- 4. Be in Active Service between February 1, 2010 and the commencement date specified in the Open Period, and
- 5. File an application for Service Retirement that is effective during the Open Period, and
- 6. File written notification with the employer of the member on or before the 21st day prior to the end of the Open Period.

Benefits - Part A: For those NYCRS members who participate in Part A, the members would receive an ERI of:

- 1/12 of additional retirement service credit per year of pension service, up to a maximum of three years.

Such retirement service credit would be usable for both inclusion in the applicable benefit formula and for meeting eligibility requirements to retire.

Generally, there would be reductions to the retirement benefit if the eligible employee retired before a plan's normal retirement age.

In addition, for an eligible employee who participates in a retirement plan which provides for a retirement allowance equal to 50% of FAS upon the completion of 25 years without regard to age, the proposed legislation sets forth the reductions to the retirement allowance otherwise payable if the eligible employee has not accrued, excluding the additional credit granted under the proposed legislation, the minimum number of years needed to retire with such allowance.

However, the proposed legislation does not address the situation where an eligible employee is in a plan where 25 years of service is needed to retire with 55% of FAS.

It is the understanding of the Actuary that the same reductions described in the proposed legislation for plans providing 50% of FAS after 25 years of service would apply to plans providing 55% of FAS after 25 years of service.

Optional Retirement Program - Part A: For those NYCRS members who participate in an Optional Retirement Program (i.e., Internal Revenue Code ("IRC") Section 403(b) Plan or "403(b) Plan") as specified in Education Law Section 6251, there is a special Part A benefit.

A member of a 403(b) Plan would, if the member elected to retire under the Part A provisions, be entitled to an additional employer contribution equal to: 1/12 x years of service x 15% x member's annual salary

rate as of March 1, 2010, such amount could not exceed 45% of such salary rate (i.e., no more than 36 years of service would be included).

PART B

If an employer elects to participate in Part B of the ERI Program, then the employees must meet the following criteria in order to retire under the ERI:

Eligibility - Part B: To be eligible for Part B, members must have attained age 55 and have completed 25 or more years of creditable service as of the effective date of retirement.

Benefits - Part B: For those NYCRS members who are eligible for Part B, such members would be entitled to receive the retirement allowance accrued under the plan in which the member participates based on the amount of credited service such member would have at retirement, but such retirement allowance would be payable without reduction for early commencement.

Note: If eligible under Part A, a NYCRS member eligible for Part B would be permitted to elect to receive the benefits under Part A in lieu of the benefits under Part B.

PART A AND PART B

Any additional benefits payable under Part A or Part B would be limited to the extent that the total benefit payable were to exceed the Internal Revenue Code ("IRC") Section 415 limits.

Note: Under Chapter 623 of the Laws of 2004, the NYCRS now have Excess Benefit Plans that permit benefits in excess of the IRC Section 415 limits but the ERI Program does not recognize the availability of these Excess Benefit Plans.

With respect to the Optional Retirement Program, for any additional employer contribution made under a 403(b) Plan, such additional employer contribution would not be permitted to exceed the IRC Section 415 limits. If it were to exceed those limits, then the portion in excess of the limit would either be contributed to the employee in a separate IRC Section 403(b) contract to the extent it can be contributed on a before-tax basis under the limit or paid to the employee over a 24-month period in three equal installments.

Note: It is also the understanding of the Actuary that Part A, Section 10 (i.e., IRC Section 415 limits) and Part A, Section 13 (i.e., provisions of RSSL Section 430) would be applicable to both Part A and Part B of the proposed legislation.

FINANCIAL IMPACT - OVERVIEW: If enacted into the law, the ultimate employer cost of this proposed legislation would be determined by the number of members of the NYCRS who participate in the ERI Program and the amount of additional benefits paid.

FINANCIAL IMPACT - ACTUARIAL PRESENT VALUES: Based on the census data and the actuarial assumptions and methods described herein, the enactment of this proposed legislation would increase the Actuarial Present Value of Benefits ("APVB") and increase employer contributions to NYCERS, NYCTRS and BERS based on the number of members who participate in the ERI Program and the amounts of benefits that are paid.

The following Table 1 presents, based on assumptions set forth herein by the Actuary, a Hypothetical Scenario of the financial impact to provide the ERI Program for the NYCRS:

Table 1

Hypothetical Scenario of Financial Impact to Provide an Early Retirement Incentive for Certain NYCRS Members*
(\$ Millions)

Retirement Additional Estimated Additional

System	APVB**	Employer Contributions#
NYCERS	\$ 76.8	\$20.0
NYCTRS	34.2	8.9
BERS	4.9	1.3
TOTAL	\$115.9	\$30.2

- * Based on Hypothetical Scenario developed by the Actuary assuming employers were to elect to participate in the ERI Program and members were to elect to participate as set forth in Actuarial Assumptions and Methods section of this Fiscal Note.
- ** Estimated amounts as of June 30, 2010 based on the actuarial assumptions and methods described herein.
- # The amounts shown would be payable annually over five Fiscal Years beginning Fiscal Year 2012.

FINANCIAL IMPACT - EMPLOYER CONTRIBUTIONS: Based on the census data and the actuarial assumptions and methods described herein as a Hypothetical Scenario, the enactment of this proposed legislation would increase annual employer contributions by approximately \$20.0 million for NYCERS, \$8.9 million for NYCTRS and \$1.3 million for BERS, or a total of \$30.2 million per year for the five fiscal years beginning Fiscal Year 2012.

FINANCIAL IMPACT - TIMING OF EMPLOYER CONTRIBUTIONS: The increased employer contributions to NYCERS, NYCTRS and BERS attributable to this proposed legislation would be paid over a period of not more than five years commencing with the fiscal year beginning during the New York State fiscal year ending March 31, 2012 (e.g. as applicable to most participating employers of the NYCRS, beginning with the fiscal year ending June 30, 2012).

FINANCIAL IMPACT - OTHER: The Actuary is expecting to propose revised actuarial assumptions and methods to be effective on or after Fiscal Year 2010.

The estimated financial impact of proposed legislation incorporating those revised actuarial assumptions and methods is expected to differ, possibly significantly, from the financial impact computed using the actuarial assumptions and methods continued from Fiscal Year 2010.

Further, the near certainty of payment of benefits from the NYCRS (due to the substantive level of funding and New York State Constitutional Protection of benefits), suggests that it may be appropriate to also consider a more economic-based, market-related estimate of the value of those benefits (i.e., a Financial Value estimate). Such value of benefits would likely be based on an expected pattern of benefits payments determined using discount rates consistent with those derived from default-free securities of similar duration.

Under current economic conditions, the APVB, employer cost and employer contributions determined under Financial Value concepts would be greater than those shown herein.

OTHER COSTS: Most significantly, not measured herein is any potential reduction in employer payrolls attributable to members who retire under the ERI Program.

Also not measured in this Fiscal Note is the impact of this proposed legislation on administrative costs of NYCERS, NYCTRS and BERS and their participating employers.

In addition, and potentially significant, no account has been taken of the impact of the expected increase in costs attributable to Other Post Employment Benefits ("OPEB"). CENSUS DATA: The census data used for the estimates of additional APVB and employer contributions presented herein was the active data used in the June 30, 2009 (Lag) actuarial valuations of NYCERS, NYCTRS and BERS used to determine Preliminary Fiscal Year 2011 employer contributions.

Active members as of June 30, 2009 were grouped by individual ages and services for the members who could potentially meet the age and service requirements for the ERI Program and are shown in Table 2.

Note: This slightly overstates the number of potentially eligible members as some members may have left employment after June 30, 2009.

* Assumes NYCRS members as of June 30, 2009 remain in active service through June 30, 2010 and then meet the age and service requirements for the ERI Program as of June 30, 2010.

The following Table 3 presents the estimated number and salaries for those potential members assumed to participate in the ERI Program under the Hypothetical Scenario.

ACTUARIAL ASSUMPTIONS AND METHODS: The additional APVB and employer contributions presented herein have been calculated, with certain additional Hypothetical Scenario assumptions, based on the actuarial assumptions and methods used for NYCERS, NYCTRS and BERS in the June 30, 2009 (Lag) actuarial valuations used to determine Preliminary Fiscal Year 2011 employer contributions to the NYCRS.

These actuarial assumptions were adopted by the Boards of Trustees of the NYCRS during Fiscal Year 2006 and are part of an overall package of actuarial assumptions and methods used to determine employer contributions to the NYCRS that includes an Actuarial Interest Rate ("AIR") assumption of 8.0% per annum.

* Based on assumptions that 20% of all potentially eligible ERI - Part B members, and that of the 25% of ERI - Part A members who are assumed to be targeted employees, 20% would elect to participate in the ERI Program.

For purposes of determining those active members who would be potentially eligible (and likely to consider Part B), it was assumed that those active members who meet the Part B eligibility conditions would prefer this Part B versus Part A if they were under attained age 61 and were not otherwise eligible to retire immediately with an unreduced benefit (excluding teacher members with 30 or more years of credited

service). The balance of the potentially eligible NYCRS members were assumed to potentially participate in Part A.

For the purposes of the Hypothetical Scenario, the following additional assumptions were used to determine the additional APVB and annual employer contributions:

- * Part A
 - ** Obligors to NYCRS choose to participate in Part A, and
 - ** Obligors target 25% of all Eligible Employees in Eligible Titles ("Targeted Employees"), and
 - ** Only Targeted Employees with the following characteristics elect to take ERI ("Part A Eligible Employees"):
 - *** Age 55 and greater
 - *** 20 or more years of service, and
 - ** 20% of Part A Eligible Employees elect to take the ERI
- * Part B
 - ** All Obligors to NYCRS choose to participate in Part B, and
 - ** 20% of Part B Eligible Employees elect to take the ERI

Employer contributions have been developed under the terms of the proposed legislation that require that the APVB of such ERI be spread over five years in the fiscal year beginning in the New York State fiscal year ending March 31, 2012.
