AN ACT to amend the elder law, in relation to the senior citizen energy packaging pilot program and making technical changes thereto; and to repeal section 221 of such law relating to the legislative intent underlying the senior citizen energy packaging pilot program

13 CONJUNCTION WITH COUNTY OFFICES FOR THE AGING. THE LEGISLATURE FURTHER
14 DECLARES THAT SUCH A PROGRAM WILL FURTHER THE ENERGY CONSERVATION OBJEC-
15 TIVES OF THE STATE AND SHOULD BE PARTIALLY SUPPORTED BY PETROLEUM OVER-
16 CHARGE RESTITUTION FUNDS.
17 2. Within the amounts appropriated therefor, the office shall estab-
18 lish guidelines for and administer a senior citizen energy packaging
19 pilot program to be carried out by county offices for the aging in the
20 counties of Nassau, Suffolk, Broome, Erie, and Tompkins and such other
21 counties as funds may allow. Wherever possible, such program shall be
22 coordinated with appropriate existing programs of public utilities, the
23 state energy office, and the department of state.
24 [2.] 3. These appropriations shall be used specifically for the train-
25 ing of personnel within county offices for the aging to insure their

5 the client population to be served, no more than five of such personnel
6 shall be trained and utilized in any county.

7 [3.] 4. The client population shall consist of those senior citizens
8 living at or below the poverty level. Whenever possible, priority shall
9 be given to serving first those in greatest need of assistance, includ-
10 ing but not limited to, home energy assistance program recipients.
