IN SENATE -- A BUDGET BILL, submitted by the Governor pursuant to article seven of the Constitution -- read twice and ordered printed, and when printed to be committed to the Committee on Finance -- committee discharged, bill amended, ordered reprinted as amended and recommitted to said committee -- committee discharged, bill amended, ordered reprinted as amended and recommitted to said committee -- committee discharged, bill amended, ordered reprinted as amended and recommitted to said committee

IN ASSEMBLY -- A BUDGET BILL, submitted by the Governor pursuant to article seven of the Constitution -- read once and referred to the Committee on Ways and Means -- committee discharged, bill amended, ordered reprinted as amended and recommitted to said committee -- again reported from said committee with amendments, ordered reprinted as amended and recommitted to said committee -- again reported from said committee with amendments, ordered reprinted as amended and recommitted to said committee

AN ACT making appropriations for the support of government

TRANSPORTATION, ECONOMIC DEVELOPMENT AND ENVIRONMENTAL CONSERVATION BUDGET

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. a) The several amounts specified in this chapter for state operations and for aid to localities, or so much thereof as shall be sufficient to accomplish the purposes designated by the appropriations, are hereby appropriated and authorized to be paid as hereinafter provided, to the respective public officers and for the several purposes specified.

b) Where applicable, appropriations made by this chapter for expenditures from federal grants for state operations and for aid to localities may be allocated for spending from federal grants for any grant period

EXPLANATION--Matter in ITALICS (underscored) is new; matter in brackets [ ] is old law to be omitted.

LBD12355-09-9

beginning, during, or prior to, the state fiscal year beginning on April 1, 2009.

c) The several amounts specified in this chapter for capital projects, or so much thereof as shall be necessary to accomplish the purpose of the appropriations, are appropriated by comprehensive construction programs (hereinafter referred to by the abbreviation CCP), purposes, and projects designated by the appropriations, and authorized to be made available as hereinafter provided to the respective public officers; such appropriations shall be deemed to provide all costs necessary and pertinent to accomplish the intent of the appropriations and are appropriated in accordance with the provisions of section 93 of the state finance law.

d) Any amounts specified in this chapter for advances for capital projects, or so much thereof as shall be necessary to accomplish the purpose of the appropriations, are appropriated by comprehensive construction programs (hereinafter referred to by the abbreviation CCP), purposes and projects designated by the appropriations as advances from the capital projects fund in accordance with the provisions of sections 40-a and 93 of the state finance law, and are authorized to be paid as hereinafter provided as an advance for a share, part or whole of the cost for such programs, purposes and projects hereinafter specified.

e) The several amounts specified in this chapter as capital projects - reappropriations, or so much thereof as shall be sufficient to accomplish the purpose of the appropriations, as appropriated by comprehensive construction programs (hereinafter referred to by the abbreviation CCP), purposes, and projects, being the undisbursed balances of the prior year's appropriations, are reappropriated and unless otherwise amended or repealed in part or total in this chapter shall continue to be available for the same purposes as the prior appropriations or as otherwise amended for the fiscal year beginning April 1, 2009.

The capital projects reappropriations contained in this chapter may be amended by repealing the items set forth in brackets and by adding thereto the underscored material. Certain reappropriations in this chapter are shown using abbreviated text, with three leader dots (an ellipsis) followed by three spaces (...) used to indicate where existing law that is being continued is not shown. However, unless a change is clearly indicated by the use of brackets [-] for deletions and underscores for additions, the purpose, amounts, funding source and all other aspects pertinent to each item of appropriation shall be as last appropriated.

For the purpose of complying with section 25 of the state finance law, the year, chapter and section of the last act reappropriating a former original appropriation or any part thereof is, unless otherwise indicated, chapter 55, section 1 or 2, of the laws of 2008.

f) The several amounts named herein, or so much thereof as shall be sufficient to accomplish the purpose designated, being the unexpended balances of the prior year's appropriations, are hereby reappropriated from the same funds and made available for the same purposes as the prior year's appropriations, unless herein amended, for the fiscal year beginning April 1, 2009. Certain reappropriations in this chapter are shown using abbreviated text, with three leader dots (an ellipsis) followed by three spaces (...) used to indicate where existing law that is being continued is not shown. However, unless a change is clearly indicated by the use of brackets [-] for deletions and underscores for additions, the purposes, amounts, funding source and all other

aspects pertinent to each item of appropriation shall be as last appropriated.

For the purpose of complying with the state finance law, the year, chapter and section of the last act reappropriating a former original appropriation or any part thereof is, unless otherwise indicated, chapter 55, section 1 or 2, of the laws of 2008.

g) No moneys appropriated by this chapter shall be available for payment until a certificate of approval has been issued by the director of the budget, who shall file such certificate with the department of audit and control, the chairperson of the senate finance committee and the chairperson of the assembly ways and means committee.

h) The appropriations contained in this chapter shall be available for the fiscal year beginning on April 1, 2009.

For payment to Essex county under an agreement with the department of environmental conservation	294,000
For payment to Hamilton county under an agreement with the department of environmental conservation	147,000

For community impact research grants. Such grants shall be in an amount of up to $50,000 for community groups for projects that address a community's exposure to multiple environmental harms and risks. Such projects shall include studies to investigate the environment, or related public health issues of the community. Projects shall include research that will be used to expand the knowledge or understanding of the affected community. The results of the investigation shall be disseminated to members of the affected community. Community groups eligible for funding shall be located in the same area as the environmental and/or related public health issues to be addressed by the

project. Such groups shall be primarily focused on addressing the environmental and/or related public health issues of the residents of the affected community and shall be comprised primarily of members of the affected community 490,000

Pesticides program (09PD09ER) 575,000

Notwithstanding any law to the contrary, for assessment and recovery of any natural resource damages (09RD09ER) 450,000

Notwithstanding any law to the contrary, for the pollution prevention institute; including $1,000,000 for the Green Initiative Institute and $350,000 for the Interstate Chemicals Clearinghouse (09PP09ER) 2,350,000

Notwithstanding any law to the contrary, for the breast cancer and environmental risk factors program at Cornell University (O9BCO9ER) 450,000

For services and expenses of projects and purposes authorized by section 92-s of the state finance law to receive funding from the parks, recreation and historic

preservation account in accordance with a programmatic and financial plan to be approved by the director of the budget, including suballocation to other state departments and agencies, according to the following:

Local waterfront revitalization programs, notwithstanding any law to the contrary, not less than, $9,750,000 for waterfront revitalization projects which are in or primarily serve areas where demographic and other relevant data for such areas demonstrate that the areas are densely populated and have sustained physical deterioration, decay, neglect, or disinvestment, or where a substantial proportion of the residential population is of low income or is otherwise disadvantaged and is underserved with respect to the existing recreational opportunities in the area; and provided further this appropriation shall not be construed to restrict the use of any additional monies for such projects; $1,000,000 for Buffalo Waterfront; $300,000 for Niagara River Greenway; and $750,000 for Hudson and Champlain Docks (09WR09ER) 24,375,000

Parks, recreation and historic preservation projects, notwithstanding any law to the contrary, not less than, $8,490,000 for municipal parks projects which are in or primarily serve areas where demographic and other relevant data for such areas demonstrate that the areas are densely populated and have sustained physical deterioration, decay, neglect or disinvestment or where a substantial proportion of the residential population is of low income or is otherwise disadvantaged and is underserved with respect to the existing recreational opportunities in the area, and notwithstanding any law to the contrary, $500,000 for Olmstead Park (09MP09ER) 21,225,000

Notwithstanding any law to the contrary, for state parks and land and easement infrastructure, access and stewardship projects which shall include capital

projects: (i) on state parks and state owned lands acquired pursuant to sections 54-0303 and 56-0307 of the environmental conservation law and (ii) on state parks or state owned lands and easements under the jurisdiction of the department of environmental conservation or the office of parks, recreation and historic preservation for access opportunities for people with disabilities; access to the State Forest Preserve; State reforestation, Wildlife Management areas and conservation easement lands; recreational trail construction and maintenance; Catskill and Adirondack campground improvements to public access and sanitation facilities; environmental education; conservation education facility improvements; archeological, historic, cultural and natural resource surveys, forest health surveys, interpretation, and inventories; Forest Preserve and state forest unit management planning; conservation easement public recreation planning; habitat restoration and enhancement; state fish hatchery improvements; water access facilities and safety improvements; public beach facility development and improvement; public access improvements at day use areas; state historic site exterior restoration; and cabin area and camping facility development, restoration and reconstruction (09ST09ER) 7,000,000

Notwithstanding subdivision 7 of section 92-s of the state finance law or any other law to the contrary, for services and expenses of the Hudson River Park Trust for projects related to the development of the Hudson River Park consistent with provisions of chapter 592 of the laws of 1998; provided, however, such funds shall not be available for suballocation to any public benefit corporation or public authority with the exception of the Hudson River Park Trust and shall be available solely for the liabilities incurred by the Hudson River Park Trust or by other state departments or agencies on behalf of the Hudson River Park Trust and shall be available

solely for the liabilities incurred by the Hudson River Park Trust or by other state departments or agencies on behalf of the Hudson River Park Trust on or after April 1, 1999. Provided further that, the comptroller is hereby authorized and directed to release monies to the Hudson River Park Trust in amounts set forth in a schedule approved by the director of the budget (09HR09ER) 6,000,000

Notwithstanding any law to the contrary, for the purposes of Hudson-FultonChamplain Quadricentennial celebrations, projects and programs (09QC09ER) 1,500,000

Notwithstanding any law to the contrary, for zoos, botanical gardens and aquaria program (O9ZBO9ER) 9,000,000

For services and expenses of projects and purposes authorized by section 92-s of the state finance law to receive funding from the open space account in accordance with a programmatic and financial plan to be approved by the director of the budget, including suballocation to other state departments and agencies, according to the following:

Costs related to the acquisition of the following properties: Atlantic Coast, Long Island Sound Coastal Area, Long Island South Shore Estuary Reserve, Peconic Pinelands Maritime Reserve Projects, Central Pine Barrens, Adirondack Mountain Club Lands, Hudson River projects, Western Suffolk/Nassau Special Groundwater Protection Areas, Harbor Herons Wildlife Complex, Inner City/Underserved Community Parks, Long Pond/Butler Woods, Staten Island Greenbelt, Staten Island Wet Woods, Harlem River Waterfront, Great Swamp, Neversink Highlands, Plutarch/Black Creek Wetlands Complex, New York Highlands, Mongaup Valley Wildlife Management Area, Northern Putnam Greenway, Putnam Railroad, Schunnemunk Mountain/Moodna Creek/Woodcock Mountain, Sterling Forest, Shawangunk Mountains, Northeastern Westchester Watershed and Biodiver-

sity Lands, Rockland Riverfront Communities/Palisades Ridge, Catskill Mountain/Delaware River Region, Beaverkill/Willowemoc, Hudson River Estuary/Greenway Trail Corridor, Catskill Unfragmented Forest, Long Path, New York City Watershed Lands, Taconic Ridge/ Harlem Valley, Albany Pine Bush, Five Rivers Environmental Education Center, Helderberg Escarpment, Pine Bush-Hudson River Link/Tivoli Preserve, Batten Kill Watershed-Saratoga National Historic Park View shed, Washington County Agricultural Lands-Saratoga National Historic Park View shed, Westmere Woods, International Paper Fee Lands, Lake George watershed, Lake Champlain watershed, Boeselager forestry, Domtar/Lyme Fee Lands, Catskill River and Road corridor, Rensselaer plateau, Hudson River Gorge, Franklinton Vlaie Wildlife Management area, Black Creek Marsh/Vly Swamp, Mohawk River Valley Corridor/Barge Canal, Oomsdale farm and surrounding landscape, Susquehanna River Valley Corridor, Pilot Knob, Floodwood Camp, Lake Champlain Shoreline and Wetlands, Saratoga County, Mays Pond Tract, State Forest and Wildlife Management Area Protection, Follensby Park, National Lead/Tahawus, Undeveloped Lake George Shore, Whitney Park, Finch Woodlands, Washington County Grasslands, Northern Flow River Corridors, Recreational Trail Linkages and Networks, Bog River/Beaver River Headwater Complex, Maumee Swamp, Moose River Corridor, Rome Sand Plains, Saint Lawrence River Islands, Shorelines and Wetlands, Eastern Lake Ontario Shoreline and Islands, Tug Hill Core Forests and Headwater Streams, Tioga County Park Opportunities, Nelson Swamp, Genny-Green Trail/Link Trail, Clark Reservation State Park, Salmon River Corridor, State Parks Greenbelt/Tompkins County, Cattaraugus Creek and tributaries, Carpenter Falls/Bear Swamp Creek Corridor, Junius Ponds State Forest and Wildlife Management Area Protection, Tonawanda Creek Watershed, Two Rivers State Park, Finger Lakes Shoreline, Buffalo/Niagara River

	(thousands of dollars)
State clean-fueled vehicles	

DEPARTMENT OF ENVIRONMENTAL CONSERVATION

CAPITAL PROJECTS - REAPPROPRIATIONS 2009-10

projects	6,000
Clean-fueled buses projects	10,000
Other air quality projects	3,000
Clean air for schools projects	10,000
Clean air for schools projects	15,000
Total	44,000

By chapter 55, section 1, of the laws of 1997:

For state assistance payments for the state share of the costs of air quality/green growth projects in accordance with the provisions of title 6 of article 56 of the environmental conservation law for project costs, including costs incidental and appurtenant thereto and for payment of reimbursements to the clean water/clean air implementation fund for services and expenses of state departments and agencies, including fringe benefits, hereinafter referred to as "Air Quality Project Disbursements". The moneys appropriated herein may be suballocated to any state department or agency. Further, moneys herein appropriated may be suballocated only to public authorities and public benefit corporations specifically authorized by title 6 of article 56 of the environmental conservation law to enter into contracts for state assistance payments for the state share of costs for air quality projects, provided however, that moneys herein appropriated pursuant to paragraph one of section 56-0603 of the environmental conservation law for state clean-fueled vehicles projects may be suballocated to any public authority or public benefit corporation and moneys herein appropriated pursuant to section 56-0607 of the environmental conservation law for other air quality projects may be suballocated to the environmental facilities corporation. Notwithstanding the provisions of any general or special law, the moneys hereby appropriated shall be available for state air quality improvement projects in accordance with title 6 of article 56 of the environmental conservation law upon the issuance of a certificate of approval of availability by the director of the division of the budget. The state comptroller shall at the commencement of each month certify to the director of the division of the budget, the commissioner of environmental conservation, the chairman of the senate finance committee, and the chairman of the assembly ways and means committee the amounts disbursed from this appropriation for "Air Quality Improvement Disbursements" for the month preceding such certification (09BA9755) ..... 80,000,000 ..... (re. $20,680,000)

AIR RESOURCES - EQBA (CCP)

Capital Projects Fund - EQBA (Bondable)

Air Resources Purpose

Municipal Air Quality Improvement Projects

By chapter 54, section 1, of the laws of 2002, as amended by chapter 55, section 1, of the laws of 2003:
For payment of the costs of state air quality improvement projects including suballocation to other state departments and agencies (09720255) ... 5,810,000 ..... (re. $5,463,000)

By chapter 54, section 1, of the laws of 1983, as amended by chapter 55, section 1, of the laws of 1996:
For the state share of the cost of municipal air quality improvement projects, including the payment of liabilities incurred prior to April one, nineteen hundred eighty-three (02878655) ... . 15,689,000 ..... (re. $8,000)

By chapter 54, section 3, of the laws of 1981, as amended by chapter 54, section 3, of the laws of 1993:
For the state share of the cost of municipal air quality improvement projects, including the payment of liabilities incurred prior to April 1, 1981 (00333755) ... ... 20,222,000 ..... (re. $2,000)

By chapter 54, section 1, of the laws of 1975, as amended by chapter 54, section 3, of the laws of 1982, and as supplemented by certificate of transfer issued pursuant to the provisions of section 93 of the state finance law as amended, for:
The state share of the cost of municipal air quality improvement projects, including the payment of liabilities incurred prior to April 1, 1975 (00320655) ... . (re. $2,000)

By chapter 54, section 1, of the laws of 1974, as amended by chapter 54, section 3, of the laws of 1988, and as supplemented by certificate of transfer issued pursuant to the provisions of section 93 of the state finance law as amended, for:
The state share of the cost of municipal air quality improvement projects including the payment of liabilities incurred prior to April 1, 1974 (00319455) ... ... 15,483,930 ..... (re. $1,000)

By chapter 673, section 4, of the laws of 1973, as amended by chapter 54, section 3, of the laws of 1989, for:

DEPARTMENT OF ENVIRONMENTAL CONSERVATION

CAPITAL PROJECTS - REAPPROPRIATIONS 2009-10

The state share of the cost of municipal air quality improvement projects (00319055) ... ... 15,230,931 ..... (re. $342,000)

State Air Quality Improvement Projects

By chapter 54, section 1, of the laws of 1987:
For payment of the cost of State air quality improvement projects, including the payment of liabilities incurred prior to April 1, 1987 (09A18755) ... ... 2,588,000 ..... (re. $528,000)

CLEAN WATER/CLEAN AIR BOND FUND (CCP)

Clean Water/Clean Air Bond Fund - 127

Bond Proceeds Purpose

By chapter 55, section 1, of the laws of 1997:
The sum of $1,475,000,000 or so much thereof as may be necessary is hereby appropriated from the clean water/clean air bond fund as established by section 97-aaa of the state finance law for payment to the capital projects fund for disbursements from such fund as certified by the state comptroller as: "Safe Drinking Water Project Disbursements", "Clean Water Project Disbursements", "Solid Waste Project Disbursements", "Environmental Restoration Project Disbursements", and "Air Quality Project Disbursements".
The director of the budget shall designate to the state comptroller appropriations made from the capital projects fund which are eligible for reimbursement from the clean air/clean water bond fund.
The state comptroller shall at the commencement of each month certify to the director of the budget, the chairman of the senate finance committee, and the chairman of the assembly ways and means committee, the amounts disbursed from such appropriations.
No moneys shall be available from the clean water/clean air bond fund until a certificate of approval of availability shall have been issued by the director of the budget, and a copy of such certificate of approval filed with the chairman of the senate finance committee and the chairman of the assembly ways and means committee (09019710) ... 1,475,000,000 ..... (re. $385,110,000)

CLEAN WATER/CLEAN AIR IMPLEMENTATION (CCP)

Clean Water/Clean Air Implementation Fund

Clean Water/Clean Air Implementation Purpose

By chapter 55, section 1, of the laws of 2008:
For services and expenses including personal services and fringe benefits necessary to implement the clean water/clean air bond act (09BA08WI) ... 1,050,000 ..... (re. $1,050,000)

By chapter 55, section 1, of the laws of 2007:

DEPARTMENT OF ENVIRONMENTAL CONSERVATION

CAPITAL PROJECTS - REAPPROPRIATIONS 2009-10

For services and expenses including personal services and fringe benefits necessary to implement the clean water/clean air bond act (09BA07WI) ... 1,050,000 ..... (re. $1,050,000)

By chapter 55, section 1, of the laws of 2006:
For services and expenses including personal services and fringe benefits necessary to implement the clean water/clean air bond act (09BA06WI) ... 1,050,000 ..... (re. $1,050,000)

By chapter 55, section 1, of the laws of 2005:
For services and expenses including personal services and fringe benefits necessary to implement the clean water/clean air bond act (09BA05WI) ... 1,050,000 ..... (re. $1,348,000)

By chapter 55, section 1, of the laws of 2004:
For services and expenses including personal services and fringe benefits necessary to implement the clean water/clean air bond act in accordance with the purpose included in the following project schedule (09BA04WI) ... 2,527,000 ..... (re. $1,591,000)

Project Schedule

PROJECT	AMOUNT
	(thousands of dollars)
Clean Water	1,071
Environmental Restoration	1,138
Solid Waste	318
Total	2,527

ENVIRONMENT AND RECREATION (CCP)

Environmental Protection Fund

Environment and Recreation Purpose

By chapter 55, section 1, of the laws of 2008:
Notwithstanding any law to the contrary, for the pollution prevention institute (09PP08ER) ... 1,000,000 ..... (re. $1,000,000)
Notwithstanding any law to the contrary, for the breast cancer and environmental risk factors program at Cornell University (09BC08ER) ... 450,000 ..... (re. $450,000)
Notwithstanding subdivision 7 of section 92-s of the state finance law or any other law to the contrary, for services and expenses of the Hudson River Park Trust for projects related to the development of the Hudson River Park consistent with provisions of chapter 592 of the laws of 1998; provided, however, such funds shall not be available for suballocation to any public benefit corporation or public authority with the exception of the Hudson River Park Trust and shall be available solely for the liabilities incurred by the Hudson River Park Trust or by other state departments or agencies on behalf

of the Hudson River Park Trust and shall be available solely for the liabilities incurred by the Hudson River Park Trust or by other state departments or agencies on behalf of the Hudson River Park Trust on or after April 1, 1999. Provided further that, the comptroller is hereby authorized and directed to release monies to the Hudson River Park Trust in amounts set forth in a schedule approved by the director of the budget (09HR08ER) ..... 1,000,000 ..... (re. $1,000,000)

Notwithstanding any law to the contrary, for zoos, botanical gardens and aquaria program (09ZB08ER) ..... 9,000,000 ..... (re. $9,000,000)

Notwithstanding any law to the contrary, for the Catskill Interpretive Center (09CC08ER) ... 1,000,000 ..... (re. $1,000,000)

Notwithstanding any law to the contrary, for the purposes of Hudson-FultonChamplain Quadricentennial celebrations, projects and programs (09QC08ER) ... 3,000,000 ..... (re. $3,000,000)

Notwithstanding any law to the contrary, for solar energy initiatives (09SO08ER) ... 2,000,000 ..... (re. $2,000,000)

The appropriation made by chapter 55, section 1, of the laws of 2008, as amended by chapter 1, section 4, of the laws of 2009, is amended and reappropriated to read:

For services and expenses of projects and purposes authorized by section 92-s of the state finance law to receive funding from the solid waste account in accordance with a programmatic and financial plan to be approved by the director of the budget, including suballocation to other state departments and agencies, according to the following:

Municipal waste reduction or recycling projects (09MR08ER) ..... 9,825,000 ..... (re. $9,825,000)

Secondary materials regional marketing assistance and energy conservation services projects (09SM08ER) ..... 2,500,000 ..... (re. $2,500,000)

For services and expenses of projects and purposes authorized by section 92-s of the state finance law to receive funding from the parks, recreation and historic preservation account in accordance with a programmatic and financial plan to be approved by the director of the budget, including suballocation to other state departments and agencies, according to the following:

Local waterfront revitalization programs, notwithstanding any law to the contrary, not less than, $7,100,000 for waterfront revitalization projects which are in or primarily serve areas where demographic and other relevant data for such areas demonstrate that the areas are densely populated and have sustained physical deterioration, decay, neglect, or disinvestment, or where a substantial proportion of the residential population is of low income or is otherwise disadvantaged and is underserved with respect to the existing recreational opportunities in the area; and provided further this appropriation shall not be construed to restrict the use of any additional monies for such projects; [$1,000,000 for services and expenses of riverfront development properties in Rensselaer county; $1,625,000 for services and expenses of the Beacon Institute;

$1,000,000 for services and expenses for Long Island water projects;] $250,000 for services and expenses of the Upper Susquehanna Coalition (09WR08ER) ... 22,375,000 ..... (re. $22,375,000)

Parks, recreation and historic preservation projects, notwithstanding any law to the contrary, not less than, $6,400,000 for municipal parks projects which are in or primarily serve areas where demographic and other relevant data for such areas demonstrate that the areas are densely populated and have sustained physical deterioration, decay, neglect or disinvestment or where a substantial proportion of the residential population is of low income or is otherwise disadvantaged and is underserved with respect to the existing recreational opportunities in the area, and notwithstanding any law to the contrary, $50,000 from the heritage areas allocation for the purpose of awarding grants on a competitive basis to heritage area organizations designated in statute (09MP08ER) ..... 19,225,000 ..... (re. $19,225,000)

Notwithstanding any law to the contrary, for state parks and land and easement infrastructure, access and stewardship projects which shall include capital projects: (i) on state parks and state owned lands acquired pursuant to sections 54-0303 and 56-0307 of the environmental conservation law; (ii) on state parks or state owned lands and easements under the jurisdiction of the department of environmental conservation or the office of parks, recreation and historic preservation for access opportunities for people with disabilities; access to the State Forest Preserve; State reforestation, Wildlife Management areas and conservation easement lands; recreational trail construction and maintenance; Catskill and Adirondack campground improvements to public access and sanitation facilities; environmental education; conservation education facility improvements; archeological, historic, cultural and natural resource surveys, forest health surveys, interpretation, and inventories; Forest Preserve and state forest unit management planning; conservation easement public recreation planning; habitat restoration and enhancement; state fish hatchery improvements; water access facilities and safety improvements; public beach facility development and improvement; public access improvements at day use areas; state historic site exterior restoration; and cabin area and camping facility development, restoration and reconstruction; (iii) $750,000 from such amount for Belleayre Mountain ski center projects (09ST08ER) ... 4,000,000 ..... (re. $4,000,000)

For services and expenses of projects and purposes authorized by section 92-s of the state finance law to receive funding from the open space account in accordance with a programmatic and financial plan to be approved by the director of the budget, including suballocation to other state departments and agencies, according to the following:

Costs related to the acquisition of the following properties: Atlantic Coast, Long Island Sound Coastal Area, Long Island South Shore Estuary Reserve, Peconic Pinelands Maritime Reserve Projects, Central Pine Barrens, Adirondack Mountain Club Lands, Hudson River projects, Western Suffolk/Nassau Special Groundwater Protection Areas, Harbor Herons Wildlife Complex, Inner City/Underserved Community Parks,

For services and expenses relating to the operational services of the department of environmental conservation (09HD0351) ..... 11,000,000 ..... (re. $11,000,000)

Financial Security Fund

Operational Services Purpose

By chapter 54, section 1, of the laws of 1994:

For services and expenses of the department to complete or remediate a department-regulated project using the proceeds specified in the project's required financial security arrangement when the terms of that arrangement must be implemented. No portion of this appropriation shall be available for projects for which financial security proceeds have not been received (09439451) ..... 2,000,000 ..... (re. $1,183,000)

DEPARTMENT OF ENVIRONMENTAL CONSERVATION

CAPITAL PROJECTS - REAPPROPRIATIONS 2009-10

Natural Resource Damages Fund

Operational Services Purpose

By chapter 55, section 1, of the laws of 2007:
For services and expenses related to restoration projects, replacement acquisition projects or combinations thereof resulting from successful natural resource damages claims (09440751) .....
26,000,000 ..... (re. $26,000,000)

By chapter 54, section 1, of the laws of 1994, as amended by chapter 54, section 1, of the laws of 2005, and as supplemented by a certificate of transfer:
For services and expenses related to restoration projects, replacement acquisition projects or combinations thereof resulting from successful natural resource damages claims. No portion of this appropriation shall be available for projects for which recovered funds have not been received including suballocation to the department of health and the office of parks, recreation and historic preservation (09449451) ... 23,503,000 ..... (re. $2,425,000)

PURE WATERS BOND FUND (CCP)

Pure Waters Bond Fund - 105

Bond Proceeds Purpose

By chapter 54, section 8, of the laws of 1978, as amended by chapter 55, section 1, of the laws of 1996:
The sum of two hundred sixty-three million thirty-five thousand nine hundred sixty-one dollars ($263,035,961) or so much thereof as may be necessary, is hereby appropriated from the proceeds of the sale of bonds authorized pursuant to the provisions of chapter one hundred and seventy-six of the laws of nineteen hundred sixty-five known as the "Pure Waters Bond Act" for payment to the capital projects fund as created by section ninety-three of the state finance law for disbursements from such fund pursuant to appropriations for the payment of the non-municipal share of the cost of construction of sewage treatment works in the manner and to the extent specified in section 17-1903 of the environmental conservation law. Such disbursements are hereinafter referred to as "Pure Waters disbursements."
The director of the budget is hereby authorized to designate to the state comptroller appropriations made from the capital projects fund for purposes for which pure waters expenditures are authorized. The state comptroller shall at the commencement of each month certify to the director of the budget, the chairman of the senate finance committee, and the chairman of the assembly ways and means committee, the amounts disbursed from the appropriations designated by the director of the budget from the capital construction fund for pure waters disbursements for the month preceding such certification. Such certifications shall not exceed in aggregate the moneys appro-

priated thereof from the capital projects fund. A copy of each such certification shall also be delivered to the public officer of the respective state department to which such capital projects fund appropriations are made available (01354910) ..... (re. $27,227,000)

RECREATION (CCP)

Capital Projects Fund

Recreation Purpose

By chapter 55, section 1, of the laws of 2008:
For campground modernization and reconstruction including personal services, fringe benefits and indirect costs (09CM0852) ..... 1,000,000 ..... (re. $1,000,000)
For alterations and improvements to Belleayre Mountain Ski Center lifts and trails to comply with safety regulations including personal services, fringe benefits and indirect costs (09LS0852) ... 500,000 ..... (re. $408,000)

By chapter 55, section 1, of the laws of 2007:
For campground modernization and reconstruction including personal services, fringe benefits and indirect costs (09CM0752) ..... 1,000,000 ..... (re. $1,000,000)

By chapter 55, section 1, of the laws of 2006:
For campground modernization and reconstruction including personal services, fringe benefits and indirect costs (09CM0652) ..... 1,000,000 ..... (re. $551,000)

By chapter 55, section 1, of the laws of 2006, as amended by chapter 108, section 5, of the laws of 2006:
For services and expenses for the construction of a new ski lodge at Belleayre Mountain Ski Center (09BL0652) ..... 5,500,000 ..... (re. $4,293,000)

SOLID AND HAZARDOUS WASTE MANAGEMENT (CCP)

Capital Projects Fund

Solid Waste Management Purpose

By chapter 55, section 1, of the laws of 2004:
For services and expenses of remedial activities performed at state-owned sites and including costs incidental and appurtenant thereto (09RS0456) ... 2,501,000 ..... (re. $1,501,000)

Hazardous Waste Purpose

By chapter 55, section 1, of the laws of 2008:
For payment by the state, as reimbursement or as an advance from responsible parties for remedial and monitoring work at inactive

hazardous waste disposal sites or from volunteers for the voluntary cleanup of contaminated brownfield sites. No portion of this appropriation shall be available for expenditure until a party or parties either responsible for a site or volunteering to cleanup a site have entered into an agreement with the commissioner of the department of environmental conservation or the commission's designee, and which agreement is approved by the director of the budget, providing for repayment to the state of an amount equal to the amount disbursed from this appropriation. A copy of such agreement shall be filed with the state comptroller, the chairman of the senate finance committee and chairman of the assembly ways and means committee.

Nothwithstanding any other provision of law to the contrary, the comptroller is authorized to repay settlements or advances for specified inactive hazardous waste remedial projects and voluntary cleanup projects from this fund with monies of the hazardous waste remedial fund received for such projects pursuant to inactive hazardous waste site remediation consent orders and voluntary cleanup agreements. The director of the budget shall certify to the comptroller the specific portions of this appropriation for which monies have been received pursuant to such consent orders and voluntary cleanup agreements (09AD08F7) ... 10,000,000 ..... (re. $10,000,000)

By chapter 55, section 1, of the laws of 2006, as amended by chapter 55, section 1, of the laws of 2007:

For services and expenses for the Town of Smithtown/Kings Park Psychiatric Center Rehabilitation including suballocation to other state departments and agencies (09KP06F7) ..... 25,000,000 ..... (re. $25,000,000)

By chapter 55, section 1, of the laws of 2004, as amended by chapter 55, section 1, of the laws of 2006:

For payment by the state, as reimbursement or as an advance from responsible parties for remedial and monitoring work at inactive hazardous waste disposal sites or from volunteers for the voluntary cleanup of contaminated brownfield sites. No portion of this appropriation shall be available for expenditure until a party or parties either responsible for a site or volunteering to cleanup a site have entered into an agreement with the commissioner of the department of environmental conservation or the commission's designee, and which agreement is approved by the director of the budget, providing for repayment to the state of an amount equal to the amount disbursed from this appropriation. A copy of such agreement shall be filed with the state comptroller, the chairman of the senate finance committee and chairman of the assembly ways and means committee.

Notwithstanding any other provision of law to the contrary, the comptroller is authorized to repay settlements or advances for specified inactive hazardous waste remedial projects and voluntary cleanup projects from this fund with monies of the hazardous waste remedial fund received for such projects pursuant to inactive hazardous waste site remediation consent orders and voluntary cleanup agreements. The director of the budget shall certify to the comptroller the specific portions of this appropriation for which monies have been

WATER RESOURCES - CLEAN WATER/CLEAN AIR (CCP)

Capital Projects Fund

DEPARTMENT OF ENVIRONMENTAL CONSERVATION

CAPITAL PROJECTS - REAPPROPRIATIONS 2009-10

Water Resources Purpose

Water Quality Improvement Projects

By chapter 54, section 1, of the laws of 2002:

For state assistance payments for the state share of the costs of clean water projects in accordance with the provisions of title 3 of article 56 of the environmental conservation law for project cost, including costs incidental and appurtenant thereto and for payment of reimbursements to the clean water/clean air implementation fund for services and expenses of state departments and agencies, including fringe benefits, hereinafter referred to as "Clean Water Project Disbursements".

The moneys appropriated herein may be suballocated to all state departments and agencies. Further, moneys herein appropriated may be suballocated only to public authorities and public benefit corporations specifically authorized by paragraph (1) of subdivision 1 of section 56-0303 of the environmental conservation law to enter into contracts for state assistance payments for the state share of costs for clean water projects, provided however, that moneys herein appropriated pursuant to paragraph (i) of subdivision 1 of section 56-0303 of the environmental conservation law for state facility projects may be suballocated to any public authority or public benefit corporation.

Notwithstanding the provisions of any general or special law, the moneys hereby appropriated shall be available for clean water quality projects in accordance with title 3 of article 56 of the environmental conservation law upon the issuance of a certificate of approval of availability by the director of the division of the budget.

The state comptroller shall at the commencement of each month certify to the director of the division of the budget, the commissioner of environmental conservation, the chairman of the senate finance committee, and the chairman of the assembly ways and means committee the amounts disbursed from this appropriation for "Clean Water Project Disbursements" for the month preceding such certification

WATER RESOURCES - PWBA (CCP)

Capital Projects Fund

Water Resources Purpose

Water Quality Improvements

By chapter 55, section 1, of the laws of 2003:
For water resources purposes, shall be available for the state share of the costs of water quality improvement projects, as defined in section 56-0101 of the environmental conservation law, to implement the Long Island Sound Comprehensive Conservation Management Plan consistent with paragraph (b) of subdivision 1 of section 56-0303 of the environmental conservation law, and to implement wastewater treatment improvement projects in small upstate communities (09650357) ... 8,168,000 ..... (re. $5,668,000)

By chapter 54, section 1, of the laws of 2002:
For water resources purposes, shall be available for the state share of the costs of water quality improvement projects, as defined in section 56-0101 of the environmental conservation law, to implement the Long Island Sound Comprehensive Conservation Management Plan consistent with paragraph (b) of subdivision 1 of section 56-0303 of the environmental conservation law, and to implement wastewater treatment improvement projects in small upstate communities (09650257) ... 4,900,000 ..... (re. $1,400,000)

By chapter 54, section 1, of the laws of 1990, as amended by chapter 54, section 1, of the laws of 2002:
For the state share of the costs of construction of water quality improvement projects, including the payment of liabilities incurred prior to April 1, 1990, in accordance with the provisions of title 3 of article 51 of the environmental conservation law as amended, to provide state matching funds for projects scheduled to receive construction grants from federal fiscal years 1989 and 1990 funds, including costs incidental and appurtenant thereto, hereinafter referred to as "Water Quality Improvement Disbursements."
Notwithstanding the provisions of any general or special law, the moneys hereby appropriated shall be available for water quality improvement expenditures for eligible water quality improvement projects as defined by section 51-0303 of the environmental conservation law upon the issuance of a certificate of approval of avail-

ability by the director of the division of the budget. No such certificates of approval of availability shall be issued for or include funds for projects which have not received a federal grant for the construction of sewage treatment related facilities.

Notwithstanding the provisions of any general or special law, the amounts hereby appropriated shall have all disbursements reimbursed from the Pure Waters Bond Act proceeds authorizations and are contingent upon the partial repeal of existing capital projects fund authorizations elsewhere in this chapter. The state comptroller shall at the commencement of each month certify to the director of the division of the budget, the commissioner of environmental conservation, the chairman of the senate finance committee, and the chairman of the assembly ways and means committee the amounts disbursed from this appropriation for Water Quality Improvement Disbursements for the month preceding such certification (09019057) ... 4,609,600 ..... (re. $1,466,000)

By chapter 54, section 1, of the laws of 1988, as amended by chapter 55, section 1, of the laws of 2003:

For the state share of the costs of construction of water quality improvement projects, including the payment of liabilities incurred prior to April 1, 1988, in accordance with the provisions of title 3 of article 51 of the environmental conservation law as amended, to provide a reserve to supplement or fund additional phases of projects previously appropriated and scheduled on or after May 12, 1965.

Notwithstanding the provisions of any general or special law, the moneys hereby appropriated shall be available for water quality improvement expenditures for any project scheduled in appropriation bills on or after May 12, 1965.

Notwithstanding the provisions of any general or special law, the amounts hereby appropriated shall be made available from the Pure Waters Bond Act authorizations and are contingent upon the repeal of existing authorizations elsewhere in this chapter.

Notwithstanding the provisions of any general or special law, the moneys hereby appropriated shall not be made available until the director of the division of the budget issues a certificate of approval of availability with a schedule of approved and previously authorized projects for which such funds shall be used. No such certificates of approval of availability shall be issued for or include funds for projects which have not received a federal grant for the construction of sewage treatment related facilities. The state comptroller shall at the commencement of each month certify to the director of the division of the budget, the commissioner of environmental conservation, the chairman of the senate finance committee, and the chairman of the assembly ways and means committee the amounts disbursed from this appropriation for Water Quality Improvement Disbursements for the month preceding such certification (09P28857) ... 11,690,000 ..... (re. $717,000)

By chapter 54, section 1, of the laws of 1984, as amended by chapter 55, section 1, of the laws of 2006:

For the state share of the costs of construction of water quality improvement projects, including the payment of liabilities incurred prior to April one, nineteen hundred eighty-four, in accordance with the provisions of title three of article fifty-one of the environmental conservation law as amended, for projects previously appropriated and scheduled on or after April one, nineteen hundred seventy-two.

Notwithstanding the provisions of any general or special law, the moneys hereby appropriated shall be available for water quality improvement expenditures for any project scheduled in appropriation bills on or after April one, nineteen hundred seventy-two.

Notwithstanding the provisions of any general or special law, the amounts hereby appropriated shall be made available from the Pure Water Bond Act authorizations and are contingent upon the repeal of existing authorizations elsewhere in this chapter.

Notwithstanding the provisions of any general or special law, the moneys hereby appropriated shall not be made available until the director of the division of the budget issues a certificate of approval of availability with a schedule of approved and previously authorized projects for which such funds shall be used. No such certificates of approval of availability shall be issued for or include funds for projects which have not received a federal grant for the construction of sewage treatment related facilities (09178457) ... 56,869,200 ..... (re. $913,000)

By chapter 79, section 14, of the laws of 1970, as amended by chapter 55, section 1, of the laws of 2006:

Notwithstanding the provisions of chapter 657 of the laws of 1982 to the contrary, the sum of two hundred eighty million nine hundred thirty-four thousand dollars ($280,934,000), or so much thereof as may be necessary, is hereby appropriated from the Capital Projects Fund to the department of environmental conservation for the payment of the nonmunicipal share of the cost of construction of sewage treatment works in the manner and to the extent specified in section 17-1903 of the Environmental Conservation Law.

Notwithstanding the provisions of any general or special law, no part of this appropriation made hereby shall be available until a certificate of approval of availability shall have been issued by the director of the budget and a copy of such certificate filed with the state comptroller, the chairman of the senate finance committee and the chairman of the assembly ways and means committee.

Such certificate may be amended from time to time by the director of the budget and a copy of each such amendment shall be filed with the state comptroller, the chairman of the senate finance committee and the chairman of the assembly ways and means committee (01385357) ... 272,873,100 ..... (re. $1,100,000)

By chapter 177, section 5, of the laws of 1965, as amended by chapter 55, section 1, of the laws of 2003:

The sum of two hundred eighty-six million three hundred thirty-four thousand dollars ($286,334,000), or so much thereof as may be necessary, is hereby appropriated from the Capital Projects Fund to the

DEPARTMENT OF ENVIRONMENTAL CONSERVATION

For health and safety projects at various parks and historic sites, including personal service and the payment of liabilities incurred prior to April 1, 2005 (49010501) ... 2,700,000 ..... (re. $843,000)

By chapter 55, section 1, of the laws of 2004, as amended by chapter 55, section 1, of the laws of 2005:

OFFICE OF PARKS, RECREATION AND HISTORIC PRESERVATION

CAPITAL PROJECTS - REAPPROPRIATIONS 2009-10

For health and safety projects at various parks and historic sites, including personal service and the payment of liabilities incurred prior to April 1, 2004 (49010401) ... 2,661,000 ... (re. $2,130,000)

Preservation of Facilities Purpose

By chapter 55, section 1, of the laws of 2008:

For alterations, rehabilitation and improvements of various park facilities and historic sites including personal service and the payment of liabilities incurred prior to April 1, 2008 (49030803) ... 20,317,000 ..... (re. $19,771,000)

For state parks capital initiatives including personal service and the payment of liabilities incurred prior to April 1, 2008. Notwithstanding any other provision of law, portions of this appropriation may be suballocated to any department, agency, or public authority or transferred to aid to localities for such eligible projects subject to the approval of the director of the budget, including for state parks and land and easement infrastructure, access and stewardship projects under the jurisdiction of the department of environmental conservation or the office of parks, recreation and historic preservation, for alterations, rehabilitation and improvements at the state fair, and up to $8,000,000 for the Walkway Over the Hudson River project. Notwithstanding any other provision of law to the contrary, prior to the expenditure of any portion of this appropriation, the office of parks, recreation and historic preservation shall provide notice in the form of a report to the director of the budget, the chair of the senate finance committee, the chair of the assembly ways and means committee, and the chairs of the senate and assembly standing committees concerned with the office of parks, recreation and historic preservation within thirty days of enactment of the budget for 2008-09. The report shall include but not be limited to (1) each project to be funded, (2) the estimated amount of each project, (3) the purpose of each project, (4) the location of each project and (5) the anticipated construction dates for each project. In addition, the office of parks, recreation and historic preservation shall provide notice of (1) projects that have been added to or deleted from the report, and (2) any planned modification to a reported project that will change the estimated total cost thereof by more than thirty percent. The notice will be provided to the director of the budget, the chair of the senate finance committee, the chair of the assembly ways and means committee, and the chairs of the senate and assembly standing committees concerned with the office of parks, recreation and historic preservation to the extent practicable at least thirty days prior to any such addition, deletion and/or modification (49PC0803) ..... 95,000,000 ..... (re. $88,113,000)

By chapter 55, section 1, of the laws of 2007:

For alterations, rehabilitation and improvements of various park facilities and historic sites including personal service and the payment of liabilities incurred prior to April 1, 2007 (49030703) ... 21,912,000 ..... (re. $12,974,000)

General Fund / State Operations
State Purposes Account - 003

PERSONAL SERVICE

Personal service--regular	2,154,000

NONPERSONAL SERVICE

Supplies and materials	26,000
Travel	37,000
Contractual services	461,000
Equipment	75,000
Fringe benefits	950,000
Indirect costs	90,000
Amount available for nonpersonal service	1,639,000
Program account subtotal	3,793,000

Special Revenue Funds - Other / State Operations
Miscellaneous Special Revenue Fund - 339

FOUNDATION FOR SCIENCE, TECHNOLOGY AND INNOVATION

STATE OPERATIONS AND AID TO LOCALITIES 2009-10

Science, Technology and Academic Research Account

NONPERSONAL SERVICE

Contractual services	500,000
Program account subtotal	500,000
HIGH TECHNOLOGY PROGRAM	30,483,000

General Fund / Aid to Localities
Local Assistance Account - 001

For services and expenses related to the following: centers for advanced technology, for matching grants to designated centers for advanced technology, pursuant to subdivision 3 of section 3102-b of the public authorities law. Notwithstanding any provision of law to the contrary, funds may also be used for initiatives related to the operation and development of the centers of excellence or other high technology centers. No funds shall be expended from this appropriation until the director of the budget has approved a spending plan submitted by the foundation for science, technology and innovation in such detail as the director of the budget may require 13,818,000

Technology development organization matching grants, to be awarded on a competitive basis in accordance with the provisions of section 3102-d of the public authorities law. Notwithstanding any inconsistent provision of law, the director of the budget may suballocate up to the full amount of this appropriation to any department, agency or authority. No funds shall be expended from this appropriation until the director of the budget has approved a spending plan submitted by the foundation for science, technology and innovation in such detail as the director of the budget may require 1,382,000

Industrial technology extension service. Notwithstanding any inconsistent provision of law, the director of the budget may suballocate up to the full amount of this appropriation to any department, agency or

authority. No funds shall be expended from this appropriation until the director of the budget has approved a spending plan submitted by the foundation for science, technology and innovation in such detail as the director of the budget may require 921,000

Focus center - New York. No funds shall be expended from this appropriation until the director of the budget has approved a spending plan submitted by the foundation for science, technology and innovation in such detail as the director of the budget may require 4,606,000

High technology matching grants program, including the security through advanced research and technology (START) initiative to leverage resources from federal or private sources including but not limited to the national science foundation, businesses, industry consortiums, foundations, and other organizations for efforts associated with high technology economic development, including the payment of liabilities incurred prior to April 1, 2009. No funds shall be expended from this appropriation until the director of the budget has approved a spending plan submitted by the foundation for science, technology and innovation in such detail as the director of the budget may require 4,606,000

Cornell university/NSF nanobiotechnology. No funds shall be expended from this appropriation until the director of the budget has approved a spending plan submitted by the foundation for science, technology and innovation in such detail as the director of the budget may require 294,000

Cornell university/NSF materials research science and engineering center. No funds shall be expended from this appropriation until the director of the budget has approved a spending plan submitted by the foundation for science, technology and innovation in such detail as the director of the budget may require 392,000

Cornell university/NSF nanoscale science and engineering center. No funds shall be expended from this appropriation until the director of the budget has approved a spending plan submitted by the foundation for science, technology and innovation in

such detail as the director of the budget may require 490,000

Cornell university/NSF national nanotechnology infrastructure network. No funds shall be expended from this appropriation until the director of the budget has approved a spending plan submitted by the foundation for science, technology and innovation in such detail as the director of the budget may require 490,000

Columbia university/NSF nanoscale science and engineering center. No funds shall be expended from this appropriation until the director of the budget has approved a spending plan submitted by the foundation for science, technology and innovation in such detail as the director of the budget may require 490,000

Columbia university/NSF materials research science and engineering center. No funds shall be expended from this appropriation until the director of the budget has approved a spending plan submitted by the foundation for science, technology and innovation in such detail as the director of the budget may require 245,000

RPI/NSF nanoscale science and engineering center. No funds shall be expended from this appropriation until the director of the budget has approved a spending plan submitted by the foundation for science, technology and innovation in such detail as the director of the budget may require 490,000

CUNY optical sensing and imaging center. No funds shall be expended from this appropriation until the director of the budget has approved a spending plan submitted by the foundation for science, technology and innovation in such detail as the director of the budget may require 69,000

SUNY Albany semiconductor research corporation (SRC)center for advanced interconnect systems technologies (CAIST), including the payment of liabilities incurred prior to April 1, 2007. No funds shall be expended from this appropriation until the director of the budget has approved a spending plan submitted by the foundation for science, technology and innovation in such detail as the director of the budget may require 690,000

FOUNDATION FOR SCIENCE, TECHNOLOGY AND INNOVATION

STATE OPERATIONS AND AID TO LOCALITIES 2009-10

University at Albany Institute for Nanoelectronics Discovery and Exploration (INDEX). No funds shall be expended from this appropriation until the director of the budget has approved a spending plan submitted by the foundation for science, technology and innovation in such detail as the director of the budget may require 750,000

Rensselaer Polytechnic Institute Smart Lighting Systems Engineering Research Center. No funds shall be expended from this appropriation until the director of the budget has approved a spending plan submitted by the foundation for science, technology and innovation in such detail as the director of the budget may require 500,000

Stony Brook University Semiconductor High-Energy Radiation project. No funds shall be expended from this appropriation until the director of the budget has approved a spending plan submitted by the foundation for science, technology and innovation in such detail as the director of the budget may require 250,000

RESEARCH DEVELOPMENT PROGRAM 5,948,000

General Fund / Aid to Localities
Local Assistance Account - 001

Faculty development program 2,685,000

Incentive program in accordance with the following:

For the science and technology law center program 343,000

For expenses related to the incentive program 2,920,000

TRAINING AND BUSINESS ASSISTANCE PROGRAM 1,470,000

General Fund / Aid to Localities
Local Assistance Account - 001

For services and expenses of state matching funds for the federal manufacturing extension partnership program. Notwithstanding any inconsistent provision of law, the director of the budget may suballocate up to the full amount of this

appropriation to any department, agency or authority. No funds shall be expended from this appropriation until the director of the budget has approved a spending plan submitted by the foundation for science, technology and innovation in such detail as the director of the budget may require 1,470,000

Total new appropriations for state operations and aid to localities 42,194,000

Maintenance Undistributed

For services and expenses or for contract with municipalities and/or private not-for-profit agencies for the amounts herein provided:

General Fund / Aid to Localities
Community Projects Fund - 007
Account CC

CENTER FOR ENGINEERING DESIGN AND INDUSTRIAL INNOVATION-UB 250,000
RIT - CENTER FOR REMANUFACTURING 301,000
RIT - INTEGRATED MANUFACTURING STUDIES 50,000
RIT - INTEGRATED MANUFACTURING STUDIES 564,000

FOUNDATION FOR SCIENCE, TECHNOLOGY AND INNOVATION

STATE OPERATIONS AND AID TO LOCALITIES - REAPPROPRIATIONS 2009-10

CUNY optical sensing and imaging center. No funds shall be expended from this appropriation until the director of the budget has approved a spending plan submitted by the foundation for science, technology and innovation in such detail as the director of the budget may require ... 69,000 ..... (re. $69,000)

FOUNDATION FOR SCIENCE, TECHNOLOGY AND INNOVATION

STATE OPERATIONS AND AID TO LOCALITIES - REAPPROPRIATIONS 2009-10

By chapter 55, section 1, of the laws of 2008, as amended by chapter 496, section 6, of the laws of 2008:

For services and expenses related to the following: centers for advanced technology, for matching grants to designated centers for advanced technology, pursuant to subdivision 3 of section 3102-b of the public authorities law. Notwithstanding any provision of law to the contrary, funds may also be used for initiatives related to the operation and development of the centers of excellence or other high technology centers. No funds shall be expended from this appropriation until the director of the budget has approved a spending plan submitted by the foundation for science, technology and innovation in such detail as the director of the budget may require, provided, however, that the amount of this appropriation available for expenditure and disbursement on and after September 1, 2008 shall be reduced by six percent of the amount that was undisbursed as of August 15, 2008 ... 14,700,000 ..... (re. $14,700,000)

For services and expenses related to the following: college applied research centers, for matching grants to designated college applied research centers, pursuant to section 209-t of article 10-B of the executive law. No funds shall be expended from this appropriation until the director of the budget has approved a spending plan submitted by the foundation for science, technology and innovation in such detail as the director of the budget may require, provided, however, that the amount of this appropriation available for expenditure and disbursement on and after September 1, 2008 shall be reduced by six percent of the amount that was undisbursed as of August 15, 2008 ... 1,470,000 ..... (re. $1,470,000)

Technology development organization matching grants, to be awarded on a competitive basis in accordance with the provisions of section 3102-d of the public authorities law. Notwithstanding any inconsistent provision of law, the director of the budget may suballocate up to the full amount of this appropriation to any department, agency or authority. No funds shall be expended from this appropriation until the director of the budget has approved a spending plan submitted by the foundation for science, technology and innovation in such detail as the director of the budget may require, provided, however, that the amount of this appropriation available for expenditure and disbursement on and after September 1, 2008 shall be reduced by six percent of the amount that was undisbursed as of August 15, 2008 ... 1,470,000 ..... (re. $1,470,000)

Industrial technology extension service. Notwithstanding any inconsistent provision of law, the director of the budget may suballocate up to the full amount of this appropriation to any department, agency or authority. No funds shall be expended from this appropriation until the director of the budget has approved a spending plan submitted by the foundation for science, technology and innovation in such detail as the director of the budget may require, provided, however, that the amount of this appropriation available for expenditure and disbursement on and after September 1, 2008 shall be reduced by six percent of the amount that was undisbursed as of August 15, 2008 ... 980,000 ..... (re. $980,000)

Focus center - New York. No funds shall be expended from this appropriation until the director of the budget has approved a spending plan submitted by the foundation for science, technology and innovation in such detail as the director of the budget may require, provided, however, that the amount of this appropriation available for expenditure and disbursement on and after September 1, 2008 shall be reduced by six percent of the amount that was undisbursed as of August 15, 2008 ... 4,900,000 ..... (re. $4,900,000)

High technology matching grants program, including the security through advanced research and technology (START) initiative to leverage resources from federal or private sources including but not limited to the national science foundation, businesses, industry consortiums, foundations, and other organizations for efforts associated with high technology economic development, including the payment of liabilities incurred prior to April 1, 2007. No funds shall be expended from this appropriation until the director of the budget has approved a spending plan submitted by the foundation for science, technology and innovation in such detail as the director of the budget may require, provided, however, that the amount of this appropriation available for expenditure and disbursement on and after September 1, 2008 shall be reduced by six percent of the amount that was undisbursed as of August 15, 2008 ..... 4,900,000 ..... (re. $4,900,000)

SUNY Albany semiconductor research corporation (SRC)center for advanced interconnect systems technologies (CAIST), including the payment of liabilities incurred prior to April 1, 2007. No funds shall be expended from this appropriation until the director of the budget has approved a spending plan submitted by the foundation for science, technology and innovation in such detail as the director of the budget may require, provided, however, that the amount of this appropriation available for expenditure and disbursement on and after September 1, 2008 shall be reduced by six percent of the amount that was undisbursed as of August 15, 2008 ..... 735,000 ..... (re. $735,000)

Emerging Industries Alliance. No funds shall be expended from this appropriation until the director of the budget has approved a spending plan submitted by the foundation for science, technology and innovation in such detail as the director of the budget may require, provided, however, that the amount of this appropriation available for expenditure and disbursement on and after September 1, 2008 shall be reduced by six percent of the amount that was undisbursed as of August 15, 2008 ... 637,000 ..... (re. $637,000)

For services and expenses of:

Center for Integrated Manufacturing ... 705,000 ..... (re. $705,000)

Center for Remanufacturing ... 376,000 ..... (re. $376,000)

CEN Institute for Excellence in Manufacturing ..... 470,000 ..... (re. $470,000)

Excell Partners ... 705,000 ..... (re. $705,000)

New York Loves Bio ... 141,000 ..... (re. $141,000)

Center for Economic Growth ... 235,000 ..... (re. $235,000)

By chapter 55, section 1, of the laws of 2007:

FOUNDATION FOR SCIENCE, TECHNOLOGY AND INNOVATION

STATE OPERATIONS AND AID TO LOCALITIES - REAPPROPRIATIONS 2009-10

Syracuse university sensing, analyzing, interpreting and deciding center - SAID. No funds shall be expended from this appropriation until the director of the budget has approved a spending plan submitted by the foundation for science, technology and innovation in such detail as the director of the budget may require ..... 320,000 ..... (re. $320,000)

Cornell university/NSF materials research science and engineering center. No funds shall be expended from this appropriation until the director of the budget has approved a spending plan submitted by the foundation for science, technology and innovation in such detail as the director of the budget may require ..... 400,000 ..... (re. $300,000)

Cornell university/NSF nanoscale science and engineering center. No funds shall be expended from this appropriation until the director of the budget has approved a spending plan submitted by the foundation for science, technology and innovation in such detail as the director of the budget may require ... 500,000 ..... (re. $500,000)

Columbia university/NSF nanoscale science and engineering center. MASS TRANSPORTATION OPERATING ASSISTANCE

Special Revenue Funds - Other / Aid to Localities

Mass Transportation Operating Assistance Fund - 313
Metropolitan Mass Transportation Operating Assistance Account

By chapter 53, section 1, of the laws of 1994:
Notwithstanding any provision of law, for special mobility improvement projects related to transit enhancements within the metropolitan commuter transportation district as defined in section 1262 of the public authorities law.
Notwithstanding the provisions of section 18-b of the state transportation law or of any other general or special law, such projects may include capital costs associated with the construction, improvement, and acquisition of facilities, buses and other equipment which may enhance regional mobility, including but not limited to the cost of related engineering services and the acquisition of property. Payments shall be made in accordance with rules and regulations prescribed by the commissioner subject to the approval by the director of the budget ... 1,000,000 ..... (re. $44,000)

By chapter 53, section 1, of the laws of 1993, as added by chapter 61, section 1, of the laws of 1993:
Notwithstanding any provision of law, for special mobility improvement projects related to transit enhancements within the metropolitan commuter transportation district as defined in section 1262 of the public authorities law. No funds shall be allocated for such purposes until the commissioner of transportation, upon the approval of the director of the budget, promulgates rules and regulations establishing the maximum amount of assistance to be provided to each project, the information that must be provided by the entity requesting assistance, and criteria for providing assistance from this appropriation. Such criteria for receiving assistance shall include the amount of funds to be contributed by the entity requesting assistance, the contribution the project shall make in meeting other federal and state requirements, the cost effectiveness of the project, improvements to air quality, reductions in traffic congestion, and improvements to regional mobility including enhanced intermodal coordination. The commissioner of transportation shall submit a report annually on October 1 summarizing the status of any mobility improvement projects financed through this appropriation, which shall include but not be limited to information pertaining to the criteria for project selection established in the rules and regulations governing the program. Copies of the report shall be submitted to the chairperson of the senate finance committee, the chairperson of the assembly ways and means committee and the director of the budget.
Notwithstanding the provisions of section 18-b of the state transportation law or of any other general or special law, projects funded under this appropriation may include capital costs associated with the construction, improvement, and acquisition of facilities, buses and other equipment which may enhance regional mobility, including but not limited to the cost of related engineering services and the acquisition of property.

Payments pursuant to this appropriation shall be made according to rules and regulations prescribed by the commissioner subject to the approval by the director of the budget ... 400,000 ... (re. $25,000)

Metropolitan Mass Transportation Operating Assistance Account

By chapter 55, section 1, of the laws of 2008:
For services and expenses related to the administration of the mass transportation operating assistance program including bus

inspections primarily within the metropolitan commuter transportation district. Provided, however, notwithstanding any other provision of law, $100,000 of this appropriation shall be made available for contractual services for the purpose of auditing and examining the accounts, books, records, documents, and papers of transportation operators receiving mass transportation operating assistance payments serving primarily within the metropolitan commuter transportation district when the commissioner of transportation deems such audits necessary.

Such contracts may also include, but not be limited to, recommendations to achieve economies and efficiencies in the state transportation operating assistance program.

Contractual services ... 100,000 ..... (re. $100,000)

By chapter 55, section 1, of the laws of 2007:

For services and expenses related to the administration of the mass transportation operating assistance program including bus inspections primarily within the metropolitan commuter transportation district. Provided, however, notwithstanding any other provision of law, $100,000 of this appropriation shall be made available for contractual services for the purpose of auditing and examining the accounts, books, records, documents, and papers of transportation operators receiving mass transportation operating assistance payments serving primarily within the metropolitan commuter transportation district when the commissioner of transportation deems such audits necessary.

Such contracts may also include, but not be limited to, recommendations to achieve economies and efficiencies in the state transportation operating assistance program.

Contractual services ... 100,000 ..... (re. $89,000)

By chapter 55, section 1, of the laws of 2006:

For services and expenses related to the administration of the mass transportation operating assistance program including bus inspections primarily within the metropolitan commuter transportation district. Provided, however, notwithstanding any other provision of law, $100,000 of this appropriation shall be made available for contractual services for the purpose of auditing and examining the accounts, books, records, documents, and papers of transportation operators receiving mass transportation operating assistance payments serving primarily within the metropolitan commuter transportation district when the commissioner of transportation deems such audits necessary.

Such contracts may also include, but not be limited to, recommendations to achieve economies and efficiencies in the state transportation operating assistance program.

Contractual services ... 332,000 ..... (re. $13,000)

By chapter 55, section 1, of the laws of 2005:

For services and expenses related to the administration of the mass transportation operating assistance program including bus inspections primarily within the metropolitan commuter transporta-

tion district. Provided, however, notwithstanding any other provision of law, $100,000 of this appropriation shall be made available for contractual services for the purpose of auditing and examining the accounts, books, records, documents, and papers of transportation operators receiving mass transportation operating assistance payments serving primarily within the metropolitan commuter transportation district when the commissioner of transportation deems such audits necessary. Such contracts may also include, but not be limited to, recommendations to achieve economies and efficiencies in the state transportation operating assistance program.
Contractual services ... 325,000 ..... (re. $4,000)

By chapter 55, section 1, of the laws of 2004:
For services and expenses related to the administration of the mass transportation operating assistance program including bus inspections primarily within the metropolitan commuter transportation district. Provided, however, notwithstanding any other provision of law, $100,000 of this appropriation shall be made available for contractual services for the purpose of auditing and examining the accounts, books, records, documents, and papers of transportation operators receiving mass transportation operating assistance payments serving primarily within the metropolitan commuter transportation district when the commissioner of transportation deems such audits necessary. Such contracts may also include, but not be limited to, recommendations to achieve economies and efficiencies in the state transportation operating assistance program.
Contractual services ... 317,000 ..... (re. $4,000)

By chapter 55, section 1, of the laws of 2003, as amended by chapter 55, section 1, of the laws of 2005:
For services and expenses related to the administration of the mass transportation operating assistance program including bus inspections primarily within the metropolitan commuter transportation district. Provided, however, notwithstanding any other provision of law, $100,000 of this appropriation shall be made available for contractual services for the purpose of auditing and examining the accounts, books, records, documents, and papers of transportation operators receiving mass transportation operating assistance payments serving primarily within the metropolitan commuter transportation district when the commissioner of transportation deems such audits necessary. Such contracts may also include, but not be limited to, recommendations to achieve economies and efficiencies in the state transportation operating assistance program.
Contractual services ... 317,000 ..... (re. $47,000)

By chapter 55, section 1, of the laws of 2002, as amended by chapter 55, section 1, of the laws of 2005:
For services and expenses related to the administration of the mass transportation operating assistance program including bus inspections primarily within the metropolitan commuter transportation district. Provided, however, notwithstanding any other provision of law, $100,000 of this appropriation shall be made

available for contractual services for the purpose of auditing and examining the accounts, books, records, documents, and papers of transportation operators receiving mass transportation operating assistance payments serving primarily within the metropolitan commuter transportation district when the commissioner of transportation deems such audits necessary. Such contracts may also include, but not be limited to, recommendations to achieve economies and efficiencies in the state transportation operating assistance program.

Contractual services ... 244,000 ..... (re. $12,000)

By chapter 55, section 1, of the laws of 2001, as amended by chapter 55, section 1, of the laws of 2005:

For services and expenses related to the administration of the mass transportation operating assistance program including bus inspections primarily within the metropolitan commuter transportation district. Provided, however, notwithstanding any other provision of law, $100,000 of this appropriation shall be made available for contractual services for the purpose of auditing and examining the accounts, books, records, documents, and papers of transportation operators receiving mass transportation operating assistance payments serving primarily within the metropolitan commuter transportation district when the commissioner of transportation deems such audits necessary. Such contracts may also include, but not be limited to, recommendations to achieve economies and efficiencies in the state transportation operating assistance program.

Contractual services ... 288,000 ..... (re. $21,000)

CAPITAL PROJECTS 2009-10

For the comprehensive construction programs, purposes and projects as herein specified in accordance with the following:

Dedicated Highway and Bridge Trust Fund	1,949,800,000
Special Revenue Funds - Other	91,068,000
Federal Capital Projects Fund	5,663,000,000
Fiduciary Funds	50,000,000
Capital Projects Fund - Rebuild and Renew (Bondable)	232,000,000
All Funds	7,985,868,000

AIRPORT OR AVIATION STATE PROGRAM (CCP)	4,000,000

Dedicated Highway and Bridge Trust Fund - 072

Aviation Purpose

For state aid to municipal corporations, private airports as authorized by section 14-h of the transportation law and for payment of the cost of projects at Stewart and Republic Airports, for the acquisition, construction, reconstruction, and improvement of airport or aviation capital projects, including the acquisition of real property and liabilities incurred prior to April 1, 2009.

Prior to requesting approval of a certificate of approval of availability for moneys appropriated, the commissioner of transportation shall certify that each airport or aviation project progressed under the program, other than state owned airports, has received federal approval and the federally authorized level of financial assistance. Funds from this appropriation may also be utilized for grants to municipal corporations and private airports for the cost of projects authorized by section 14-1 of the transportation law, including the acquisition of real property and liabilities incurred prior to April 1, 2008; provided, however, that funds available for this purpose shall not exceed the amount by which $4,000,000 exceeds the sum of the amount in such state fiscal year necessary for the state share of federal projects provided

pursuant to section 14-h of the transportation law and the amount in such state fiscal year required for payment of the costs of projects at Stewart and Republic Airports, upon certification by the commissioner of transportation at the end of the calendar year (17230914) 4,000,000

AMERICAN RECOVERY AND REINVESTMENT ACT (CCP) 3,680,600,000

Dedicated Highway and Bridge Trust Fund - 072

Preparation of Plans Purpose

For transportation engineering services purposes eligible for funding under Title 12 of the American Recovery and Reinvestment Act of 2009. Funds appropriated herein shall be subject to all applicable reporting and accountability requirements contained in such act.
For engineering services, including but not limited to personal services, nonpersonal services and fringe benefits, for activities including but not limited to the preparation of designs, plans, specifications and estimates; construction management and supervision; and appraisals, surveys, testing and environmental impact statements, including the payment of liabilities incurred prior to April 1, 2009 (17FS0930) 23,600,000

Federal Capital Projects Fund - 291
American Recovery and Reinvestment Act Purpose

For Supplemental Discretionary Grants for a National Surface Transportation System funded by Title 12 of the American Recovery and Reinvestment Act of 2009. Funds appropriated herein shall be subject to all applicable reporting and accountability requirements contained in such act.
For the payment of eligible costs, including but not limited to construction, reconstruction, replacement, improvement, reconditioning, rehabilitation, preservation, related appurtenances, equipment, facilities, the acquisition of real property and interests therein, the preparation of designs, plans, specifications and estimates; construction management and

supervision; and appraisals, surveys, testing and environmental impact statements, including the payment of liabilities incurred prior to April 1, 2009.

For payment of engineering services, including reimbursements to the dedicated highway and bridge trust fund, including but not limited to personal services, nonpersonal services and fringe benefits, for activities including but not limited to the preparation of designs, plans, specifications and estimates; construction management and supervision; and appraisals, surveys, testing and environmental impact statements, including the payment of liabilities incurred prior to April 1, 2009 (170109FS) 500,000,000

For Grants-in-Aid for Airports funded by Title 12 of the American Recovery and Reinvestment Act of 2009. Funds appropriated herein shall be subject to all applicable reporting and accountability requirements contained in such act.

For the payment of eligible costs, including but not limited to construction, reconstruction, replacement, improvement, reconditioning, rehabilitation, preservation, related appurtenances, equipment, facilities, the acquisition of real property and interests therein, the preparation of designs, plans, specifications and estimates; construction management and supervision; and appraisals, surveys, testing and environmental impact statements, including the payment of liabilities incurred prior to April 1, 2009.

For payment of engineering services, including reimbursements to the dedicated highway and bridge trust fund, including but not limited to personal services, nonpersonal services and fringe benefits, for activities including but not limited to the preparation of designs, plans, specifications and estimates; construction management and supervision; and appraisals, surveys, testing and environmental impact statements, including the payment of liabilities incurred prior to April 1, 2009 (170209FS) 10,000,000

For Highway Infrastructure Investment funded by Title 12 of the American Recovery and Reinvestment Act of 2009. Funds appropriated herein shall be subject to all applicable reporting and accountability requirements contained in such act.
For the payment of eligible costs, including but not limited to construction, reconstruction, replacement, improvement, reconditioning, rehabilitation, preservation, related appurtenances, equipment, facilities, the acquisition of real property and interests therein, the preparation of designs, plans, specifications and estimates; construction management and supervision; and appraisals, surveys, testing and environmental impact statements, including the payment of liabilities incurred prior to April 1, 2009.
For payment of engineering services, including reimbursements to the dedicated highway and bridge trust fund, including but not limited to personal services, nonpersonal services and fringe benefits, for activities including but not limited to the preparation of designs, plans, specifications and estimates; construction management and supervision; and appraisals, surveys, testing and environmental impact statements, including the payment of liabilities incurred prior to April 1, 2009 (170309FS) 1,120,700,000

For Capital Assistance for High Speed Rail Corridors and Intercity Passenger Rail Service funded by Title 12 of the American Recovery and Reinvestment Act of 2009. Funds appropriated herein shall be subject to all applicable reporting and accountability requirements contained in such act.
For the payment of eligible costs, including but not limited to construction, reconstruction, replacement, improvement, reconditioning, rehabilitation, preservation, related appurtenances, equipment, facilities, the acquisition of real property and interests therein, the preparation of designs, plans, specifications and estimates; construction management and supervision; and appraisals, surveys, testing and environmental impact state-

ments, including the payment of liabilities incurred prior to April 1, 2009.

For payment of engineering services, including reimbursements to the dedicated highway and bridge trust fund, including but not limited to personal services, nonpersonal services and fringe benefits, for activities including but not limited to the preparation of designs, plans, specifications and estimates; construction management and supervision; and appraisals, surveys, testing and environmental impact statements, including the payment of liabilities incurred prior to April 1, 2009 (170409FS) 2,000,000,000

For Transit Capital Assistance funded by Title 12 of the American Recovery and Reinvestment Act of 2009. Funds appropriated herein shall be subject to all applicable reporting and accountability requirements contained in such act.

For the payment of the costs of mass transportation capital projects and facilities including replacement of buses meeting federal standards for replacement, related bus equipment and the acquisition, design and construction, including engineering and consulting costs, of mass transit bus garages or other mass transportation projects and facilities, including liabilities incurred prior to April 1, 2009 (170509FS) 26,300,000

ENGINEERING SERVICES PROGRAM (CCP) 19,597,000

FEDERAL AID HIGHWAYS FEDERAL PURPOSE (CCP) 2,000,000,000

Federal Capital Projects Fund - 291

Federal Aid Highways Purpose

For the federal share of state transportation projects including but not limited to construction, reconstruction, reconditioning and preservation, the acquisition of property, operating costs as provided for in the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users and any successive legislation, payment of reimbursements to the dedicated highway and bridge trust fund of the department of transportation, including but not limited to fringe benefits, and the contract services provided by private firms; personal services, nonpersonal services, for activities including but not limited to the preparation of designs, plans, specifications and estimates; construction management and supervision; and appraisals, surveys,

testing, and environmental impact statements for transportation projects, the payment of liabilities incurred prior to April 1, 2009 and any other such purposes as specified in section 89-b of the state finance law as amended (17030920) 2,000,000,000

FEDERAL AIRPORT OR AVIATION (CCP) 6,000,000

Federal Capital Projects Fund - 291

Aviation Purpose

For payment by the state of the federal share of the cost, including payment of liabilities incurred prior to April 1, 2009, of construction, reconstruction, alteration and rehabilitation of airport and aviation facilities at Republic airport, including the cost of acquisition of real property, the acquisition of equipment and other related incidental expenses thereto and for the federal share of consultant services in carrying out federally approved aviation studies.

Within the amount appropriated herein, authorization is granted to the department of transportation to enter into all necessary contracts and agreements, subject to the approval of the director of the budget, to carry out the purposes of this appropriation.

Prior to requesting a certificate of approval of availability for any of the moneys authorized herein, the commissioner of transportation shall certify to the director of the budget that the federal government has agreed to finance the federal share of the project. However with the approval of the director of the budget, projects may be designed prior to federal approval upon the written assurance by the commissioner of transportation that federal funds are likely to be forthcoming (17520914) 6,000,000

MAINTENANCE FACILITIES (CCP) 18,165,000

DEPARTMENT OF TRANSPORTATION

CAPITAL PROJECTS 2009-10

Dedicated Highway and Bridge Trust Fund - 072

Highway Maintenance Facilities Purpose

For the preparation of designs, plans, specifications and estimates, for the acquisition, alterations, and rehabilitation of existing facilities, for the acquisition of land and construction of new facilities for highway maintenance purposes, and for the contract engineering services provided by private firms, including the payment of liabilities incurred prior to April 1, 2009 (17250913) 15,965,000

Preparation of Plans Purpose

For payment to the design and construction management account of the centralized services fund of the New York state office of general services for the purpose of preparation and review of plans, specifications, estimates, services, construction management and supervision, inspection, studies, appraisals, surveys, testing and environmental impact statements, including the payment of liabilities incurred prior to April 1, 2009(17D10930) 2,200,000

MASS TRANSPORTATION (CCP) 21,000,000

Special Revenue Funds - Other
Dedicated Mass Transportation Trust Fund - 073

Omnibus and Transit Purpose

For state aid to municipal corporations for the preparation of designs, plans, specifications and estimates, for the acquisition, construction, reconstruction, and improvement of mass transportation capital projects including the acquisition of real property, for other mass transportation projects including local transportation planning studies. Notwithstanding any inconsistent provisions of law, the state share of such projects shall be 50 percent of the nonfederal share, but in no event

shall the state share exceed 10 percent of project costs.

Notwithstanding any other provision of law, the commissioner of transportation shall make available directly to the City of New York (City) an amount commensurate with the state share of (i) federal funds previously awarded to the City and reallocated to the metropolitan transportation authority (MTA), and (ii) the federally authorized level of financial assistance transferred by resolution of the metropolitan planning organization (MPO) to the metropolitan transportation authority (MTA) and credited to the City by the MTA for capital expenses.

The state share of such reimbursement shall be 50 percent of the non-federal share of the federally authorized level of financial assistance transferred to the MTA, but in no event shall the state share exceed 10 percent of project costs. Prior to requesting reimbursement for projects progressed by the MTA on behalf of the City, the City shall certify to the commissioner of transportation that each eligible project progressed under this provision is federally eligible and that the match amount requested does not exceed the state share of the federally authorized level of financial assistance. In addition, the City must provide an application to the commissioner of transportation certifying that the work to be funded under the project has been performed and that the City has reimbursed the MTA for 100 percent of the match amount for the project. Upon such application, the commissioner of transportation shall review and approve eligible activities for reimbursement.

Prior to requesting approval of a certificate of approval of availability for the moneys hereby appropriated, the commissioner of transportation shall certify that each omnibus project progressed under the program has received federal approval. Such certificate shall report the federally author-

ized level of financial assistance
(17170929) 21,000,000

MASS TRANSPORTATION AND RAIL FREIGHT (CCP) 57,971,000

Dedicated Highway and Bridge Trust Fund - 072

Rail Service Preservation Purpose

Notwithstanding the provisions of section 89-b of the state finance law, for the construction and improvement of passenger and rail freight projects including, but not limited to, the acquisition, construction, reconstruction, improvement or rehabilitation of any railroad capital facility and any capital improvement used in connection herewith, for contractual agreements entered into for rail passenger service, and for the acquisition of real property or interests in real property required or expected to be required therefor
(17150941) 7,500,000

Special Revenue Funds - Other
Dedicated Mass Transportation Trust Fund - 073

Non-MTA Capital Purpose

For the payment of the costs of mass transportation capital projects and facilities including replacement of buses meeting federal standards for replacement, related bus equipment and the acquisition, design and construction, including engineering and consulting costs, of mass transit bus garages or other mass transportation projects and facilities approved by the commissioner of transportation in a program of projects. Such funding may be part of a total project of which a portion is federally funded but shall not be used in substitution for the required non-federal matching shares of the federally-funded portion of the project to which it is added. The moneys hereby appropriated are to be made available for projects undertaken by mass transit systems other than those

mass transit operating agencies which receive money from the metropolitan transportation authority dedicated tax fund (17360929) 21,000,000

For the payment of operating expenses for public transportation systems eligible to receive operating assistance under the provisions of section 18-b of the transportation law in accordance with the schedule below (17020929) 29,471,000

SCHEDULE

To the Capital District transportation authority for the operating expenses thereof 6,079,000

To the Central New York regional transportation authority for the operating expenses thereof 5,344,000

To the Rochester-Genesee regional transportation authority for the operating expenses thereof 5,857,000

To the Niagara Frontier Regional Transportation Authority for the operating expenses thereof 7,569,000

To all other public transportation bus systems serving primarily areas outside of the metropolitan transportation commuter district eligible to receive operating assistance under the provisions of section 18-b of the transportation law for the operating expenses thereof in accordance with the service and usage formula to be established by the commissioner of transportation with the approval of the director of the budget 4,622,000

Non-Federal Aided Highway Purpose

For that portion of liabilities incurred by the department of transportation on behalf of entities other than state departments or agencies pursuant to the highway law or transportation law (17500922) 50,000,000

NON-FEDERALLY AIDED HIGHWAY CAPITAL PROJECTS (CCP) 1,896,535,000

Dedicated Highway and Bridge Trust Fund - 072

Non-Federal Aided Highway Purpose

For the payment of the costs, including the payment of liabilities incurred prior to April 1, 2009, of state highways, parkways, bridges, the New York State Thruway, Indian reservation roads, and facilities for which the responsibility is vested with the state department of transportation including work appurtenant and ancillary thereto, the cost of administrative services of the department of transportation and the cost of services provided by private firms; including the costs of preventive maintenance on state roads and bridges as defined in paragraph (a) of subdivision 1 of section 10-d of the highway law for contractual preventive maintenance services provided by private firms; and including but not limited to the preparation of designs, plans, specifications and estimates; construction management and supervision, and appraisals, surveys, testing and environmental impact statements for transportation projects. Project costs funded from this appropriation may include but shall not be limited to construction, reconstruction, reconditioning and preservation, preventive maintenance, and the acquisition of property.

DEPARTMENT OF TRANSPORTATION

CAPITAL PROJECTS 2009-10

With the approval of the director of the budget, the commissioner of transportation is authorized to enter into agreements with any municipality to finance local bridge projects through state non-federally aided highway funds appropriated herein when the use of federal aid funds for such local bridge projects would not be cost effective and the federal aid and state matching funds saved as a result of the use of nonfederal aid funds for local bridge projects are made available for bridge projects on the state highway system. The total amount of non-federally aided highway funds made available for local bridge projects from this appropriation shall not exceed $2,500,000 in state fiscal year 2009-10.

The items shown in the schedule below shall be for projects with a common purpose and may be interchanged without limitation subject to the approval of the director of the budget (17020922) 516,550,000

TRANSPORTATION BONDABLE (CCP) 232,000,000

Capital Projects Fund - Rebuild and Renew (Bondable)

Highway Facilities Purpose

For the costs, pursuant to the provisions of the rebuild and renew New York transportation bond act of 2005 and article 22 of the transportation law, of capital projects to be reimbursed from bond fund proceeds for the planning and design, construction, reconstruction, replacement, improvement, reconditioning, rehabilitation and preservation, including the acquisition of real property and interests therein required or expected to be required in connection therewith, of: state highways, bridges and parkways; border crossing enhancements either on or off the state highway system; and the improvement and/or elimination of highway-railroad grade crossings either on or off the state highway system.

For payment of engineering services, including reimbursements to the dedicated highway and bridge trust fund of the department of transportation, including but not limited to personal services, nonpersonal services, fringe benefits, and the contract services provided by private firms, for activities including but not limited to the preparation of designs, plans, specifications and estimates; construction management and supervision; and appraisals, surveys, testing and environmental impact statements for transportation projects.

For the payment of liabilities incurred prior to April 1, 2009(17010911) 168,600,000

Canals and Waterways Purpose

For the costs, pursuant to the provisions of the rebuild and renew New York transportation bond act of 2005 and article 22 of the transportation law, of capital projects to be reimbursed from bond fund proceeds for the planning and design, construction, reconstruction, replacement, improvement, reconditioning, rehabilitation and preservation, including the acquisition of real property and interests therein required or expected to be required in connection therewith, of: the canal system and appurtenances

thereto; moveable bridges that cross over the canal system; and pedestrian and/or bicycle trails, pathways and bridges serving transportation needs. Costs may include highways and bridges either on or off the state highway system necessary or reasonably expected to be necessary as a project component or incidental to projects otherwise authorized herein and by the rebuild and renew New York transportation bond act of 2005.

For payment of engineering services, including reimbursements to the dedicated highway and bridge trust fund of the department of transportation, including but not limited to personal services, nonpersonal services, fringe benefits, and the contract services provided by private firms, for activities including but not limited to the preparation of designs, plans, specifications and estimates; construction management and supervision; and appraisals, surveys, testing and environmental impact statements for transportation projects, and to the canal corporation for the cost of the engineering services of the corporation or the thruway authority, including fringe benefits, and the contract services provided by private firms, for activities including but not limited to the preparation of designs, plans, specifications and estimates; construction management and supervision; and appraisals, surveys, testing and environmental impact statements for transportation projects.

For the payment of liabilities incurred prior to April 1, 2009(17020916) 10,000,000

Aviation Purpose

For the costs, pursuant to the rebuild and renew New York transportation bond act of 2005 and article 22 of the transportation law, of capital projects to be reimbursed from bond fund proceeds for the planning and design, construction, reconstruction, replacement, improvement, reconditioning, rehabilitation and

preservation, including the acquisition of real property and interests therein required or expected to be required in connection therewith, of airports and aviation facilities, equipment and related projects exclusive of those airports and facilities under the jurisdiction of the port authority of New York and New Jersey or operated by the state of New York.

Costs may include highways and bridges either on or off the state highway system necessary or reasonably expected to be necessary as a project component or incidental to projects otherwise authorized herein and by the rebuild and renew New York transportation bond act of 2005.

For payment of engineering services, including reimbursements to the dedicated highway and bridge trust fund of the department of transportation, including but not limited to personal services, nonpersonal services, fringe benefits, and the contract services provided by private firms, for activities including but not limited to the preparation of designs, plans, specifications and estimates; construction management and supervision; and appraisals, surveys, testing and environmental impact statements for transportation.

For the payment of liabilities incurred prior to April 1, 2009(17030914) 16,400,000

Rail and Port Purpose

For the costs, pursuant to the provisions of the rebuild and renew New York transportation bond act of 2005 and article 22 of the transportation law, of capital projects to be reimbursed from bond fund proceeds for the planning and design, construction, reconstruction, replacement, improvement, reconditioning, rehabilitation and preservation, including the acquisition of real property and interests therein required or expected to be required in connection therewith, of: intercity passenger rail and freight rail facilities and equipment; ports,

marine terminals and marine transportation facilities exclusive of those under the jurisdiction of the port authority of New York and New Jersey or the canal corporation; and intermodal passenger and freight facilities and equipment.

Costs may include highways and bridges either on or off the state highway system necessary or reasonably expected to be necessary as a project component or incidental to projects otherwise authorized herein and by the rebuild and renew New York transportation bond act of 2005.

For payment of engineering services, including reimbursements to the dedicated highway and bridge trust fund of the department of transportation, including but not limited to personal services, nonpersonal services, fringe benefits, and the contract services provided by private firms, for activities including but not limited to the preparation of designs, plans, specifications and estimates; construction management and supervision; and appraisals, surveys, testing and environmental impact statements for transportation.

For the payment of liabilities incurred prior to April 1, 2009(17040915) 27,000,000

Mass Transit Purpose

For the costs, pursuant to the provisions of the rebuild and renew New York transportation bond act of 2005 and article 22 of the transportation law, of capital projects to be reimbursed from bond fund proceeds for the planning and design, acquisition, construction, reconstruction, replacement, improvement, reconditioning, rehabilitation and preservation, including the acquisition of real property and interests therein required or expected to be required in connection therewith, of: omnibus, mass transit and rapid transit systems, facilities and equipment, including facilities used jointly by commuter railroad companies and freight railroad companies, but otherwise exclusive of

those operated by or under the jurisdiction of the metropolitan transportation authority and its subsidiaries, the New York City transit authority and its subsidiaries and the Triborough bridge and tunnel authority; intermodal passenger facilities and equipment; and marine terminals and marine transportation facilities exclusive of those under the jurisdiction of the port authority of New York and New Jersey or the canal corporation. Costs may include highways and bridges either on or off the state highway system necessary or reasonably expected to be necessary as a project component or incidental to projects otherwise authorized herein and by the rebuild and renew New York transportation bond act of 2005.

For payment of engineering services, including reimbursements to the dedicated highway and bridge trust fund of the department of transportation, including but not limited to personal services, nonpersonal services, fringe benefits, and the contract services provided by private firms, for activities including but not limited to the preparation of designs, plans, specifications and estimates; construction management and supervision; and appraisals, surveys, testing and environmental impact statements for transportation.

For the payment of liabilities incurred prior to April 1, 2009(170509MT) 10,000,000

All or a portion of the disbursements made pursuant to the reappropriations made hereinafter from the dedicated highway and bridge trust fund may be repaid from the proceeds of bonds and notes issued pursuant to chapter 56 of the laws of 1993.

ACCELERATED CAPACITY AND TRANSPORTATION IMPROVEMENTS FUND (CCP)

Accelerated Capacity and Transportation Improvements Fund - 126

Bond Proceeds Purpose

By chapter 54, section 1, of the laws of 1989, as amended by chapter 55, section 1, of the laws of 1996:

The sum of $2,530,000,000, or so much thereof as may be necessary and available, is hereby appropriated from the accelerated capacity and transportation improvements fund as established by section 77 of the state finance law in accordance with the provisions of such section for payment to the capital projects fund in order to reimburse such fund for disbursements certified by the state comptroller as bondable under the provisions of section 50 of chapter 261 of the laws of 1988.

The director of the budget is hereby authorized to designate to the state comptroller specific appropriations made from the capital projects fund for purposes for which accelerated capacity and transportation improvements fund expenditures are authorized. The state comptroller shall at the commencement of each month certify to the director of the budget, the chairman of the senate finance committee, and the chairman of the assembly ways and means committee, the amounts disbursed from the appropriations so designated by the director of the budget from the capital projects fund for such purposes for the month preceding such certification and such certifications shall not exceed in the aggregate the moneys hereby appropriated. A copy of each such certificate shall also be delivered to state departments and agencies to which such capital projects fund appropriations are made available.

Notwithstanding the provisions of any general or special law, no moneys shall be available from the accelerated capacity and transportation improvements fund until a certificate of approval of availability shall have been issued by the director of the budget, and a copy of such certificate of approval filed with the state comptroller, the chairman of the senate finance committee and the chairman of the assembly ways and means committee. Such certificate may be amended from time to time by the director of the budget, and a copy of each such amendment shall be filed with the state comptroller, the chairman of the senate finance committee and the chairman of the assembly ways and means committee (71258910) .....

For state aid to municipal corporations and to the department of transportation for the preparation of designs, plans, specifications

and estimates, for the contract engineering services provided by private firms, and for the acquisition, construction, reconstruction, and improvement of airport or aviation capital projects, including the acquisition of real property, pursuant to the provisions of the rebuild New York through transportation infrastructure renewal bond act of 1983, in accordance with the schedule set forth below. The moneys hereby appropriated are to be made available for payment of state aid to municipal corporations including payment of liabilities incurred prior to April one, nineteen hundred eighty-six. The items shown in the project schedule below shall be for projects with a common purpose and may be interchanged without limitation subject to the approval of the director of the division of the budget.

Prior to requesting approval of a certificate of approval of availability for the moneys hereby appropriated, the commissioner shall certify that each airport or aviation project progressed under the program categories listed in the schedule below has received federal approval and the federally authorized level of financial assistance

(17238614) ... . 5,100,000 ..... (re. $110,000)

By chapter 54, section 1, of the laws of 1986, as amended by chapter 54, section 3, of the laws of 1987:

For payment of the costs, including the payment of liabilities incurred prior to April one, nineteen hundred eighty-six, for the preparation of designs, plans, specifications and estimates, for the construction, reconstruction, and improvement of airport or aviation capital projects, including infrastructure improvements at Stewart airport, for the costs of real property acquisition, contract engineering services provided by private firms, and other expenses related thereto, pursuant to the transportation capital facilities development act of nineteen hundred sixty-seven, notwithstanding any inconsistent provisions of law.

No funds shall be allocated that are directly related to a private facility until the commissioner of transportation enters into a written agreement, subject to the approval of the director of the budget, with such private entity providing that such entity is committed to locate its facilities at Stewart airport and has arranged financing for the costs of construction of such facilities.

Funds shall not be allocated from this appropriation for infrastructure improvements or other development purposes not directly related to a private facility until the commissioner of transportation has provided the director of the budget with the following projections to support any such allocation of funds: (a) effect on Stewart airport net operating revenues; (b) effect on new jobs for the state of New York; and (c) effect on net revenues of amortization of state capital expenditures.

The commissioner of transportation shall secure and use any federal funds which are or may become available for the purposes of this appropriation. Any such funds shall be used to reduce the state's share of project costs for which federal funds become available

(17A18614) ... 19,500,000 ..... (re. $134,000)

DEPARTMENT OF TRANSPORTATION

CAPITAL PROJECTS - REAPPROPRIATIONS 2009-10

By chapter 54, section 1, of the laws of 1985, as amended by chapter 54, section 3, of the laws of 1988:

For state aid to municipal corporations for the acquisition, construction, reconstruction, and improvement of airport or aviation capital projects, including the acquisition of real property, pursuant to the transportation capital facilities development act of nineteen hundred sixty-seven notwithstanding any inconsistent provisions of law, in accordance with the schedule set forth below. The moneys hereby appropriated are to be made available for payment of state aid to municipal corporations including payment of liabilities incurred prior to April one, nineteen hundred eighty-five, as defined in the transportation capital facilities development act of nineteen hundred sixty-seven. The items shown in the project schedule below shall be for projects with a common purpose and may be interchanged without limitation subject to the approval of the director of the division of the budget.

Prior to requesting approval of a certificate of approval of availability for the moneys hereby appropriated, the commissioner shall certify that each airport or aviation project progressed under the program categories listed in the schedule below has received federal approval and the federally authorized level of financial assistance

The moneys hereby appropriated are to be made available for payment of state aid to municipal corporations including payment of liabilities incurred prior to April one, nineteen hundred eighty-four, as defined in the transportation capital facilities development act of nineteen hundred sixty-seven.

Prior to requesting approval of a certificate of approval of availability for the moneys hereby appropriated, the commissioner shall certify that each airport or aviation project progressed under the program categories listed in the schedule below has received federal approval and the federally authorized level of financial assistance

(17178414) ... . (re. $313,000)

REPUBLIC AND STEWART AIRPORTS

By chapter 54, section 7, of the laws of 1973, as transferred by chapter 370, section 3, of the laws of 1982, and as amended by chapter 54, section 3, of the laws of 1986:

To the department of transportation, notwithstanding the provisions of title one of chapter seven hundred seventeen of the laws of nineteen hundred sixty-seven, as amended, or of any agreements entered into pursuant to such provisions (which agreements shall no longer be applicable to such projects), for one hundred percentum of the net

project cost of the acquisition, construction, reconstruction and improvement, with expected federal aid as indicated, of airport or aviation capital projects in accordance with the schedule set forth below, including the completion of those of the said projects already commenced, which amount shall be available for the payment of liabilities incurred prior to April 1, 1971, provided that as to any project in the foregoing schedule which has not heretofore been authorized by the legislature in an appropriation act, no certificate of approval of availability shall be issued until the commissioner of transportation has delivered to the director of the budget his certification that such project is consistent with the provisions of subdivision 1 of section 15 of the transportation law. The amount hereby appropriated is in addition to and supplemental to the amounts heretofore expended from the capital construction fund as part of the "net project cost" as set forth in the schedule below:

AIRPORT OR AVIATION CAPITAL PROJECTS

project schedule

CAPITAL PROJECT	COMPLETION DATE	ADDITIONAL ESTIMATED TOTAL COST	ADDITIONAL ESTIMATED FEDERAL SHARE	ADDITIONAL NET PROJECT COST
		(thousands)		
To supplement the project appropriated by 320/23/71 as supplemented by 34/8/72, for the project reading: "Acquire and develop Republic Airport, including new hangars, administration building, and other capital improvements; acquire lands; close Zahn's Airport"	12/74	$4,205	.....	$4,205
Total		$4,205		$4,205

Notwithstanding the provisions of any general or special law, no part of any such appropriation shall be available for the purposes designated until a certificate of approval of availability shall have been issued by the director of the budget and a copy of such certificate filed with the state comptroller, the chairman of the senate finance committee and the chairman of the assembly ways and means committee. Such certificate may be amended from time to time subject to the approval of the director of the budget and a copy of each such amendment shall be filed with the state comptroller, the chairman of the senate finance committee and the chairman of the assembly ways and means committee.

The moneys hereby appropriated, when made available pursuant to a certificate of approval of availability, issued by the director of the budget, shall be paid from the capital construction fund on the audit and warrant of the state comptroller on vouchers approved by the commissioner of transportation or his duly designated officer
(02412614) ... 4,205,000 ..... (re. $900,000)

AIRPORT OR AVIATION PROGRAM--BONDABLE (CCP)

Capital Projects Fund

Aviation Purpose

By chapter 54, section 1, of the laws of 1991:

For state aid to municipal corporations, private airports as authorized by section 14-h of the transportation law and for payment of the state share of federally aided projects at Stewart and Republic Airports, for the acquisition, construction, reconstruction, and improvement of airport or aviation capital projects, including the acquisition of real property, pursuant to the transportation capital facilities development act of 1967 notwithstanding any inconsistent provisions of law, in accordance with the schedule set forth below. The moneys hereby appropriated are to be made available for payment of state aid to municipal corporations, private airports as authorized by section 14-h of the transportation law and for payment of the state share of federally aided projects at Stewart and Republic Airports, including payment of liabilities incurred prior to April 1, 1991, as defined in the transportation capital facilities development act of 1967. The items shown in the project schedule below shall be for projects with a common purpose and may be interchanged without limitation subject to the approval of the director of the division of the budget.

Prior to requesting approval of a certificate of approval of availability for the moneys hereby appropriated, the commissioner of transportation shall certify that each airport or aviation project progressed under the program categories listed in the schedule below has received federal approval and the federally authorized level of financial assistance.

No funds shall be allocated for projects at Stewart Airport that are directly related to a private facility until the commissioner of transportation enters into a written agreement, subject to the approval of the director of the budget, with such private entity providing that such entity is committed to locate its facilities at Stewart airport and has arranged financing for the costs of construction of such facilities.

Funds shall not be allocated for projects at Stewart airport from this appropriation for infrastructure improvements or other development purposes not directly related to a private facility until the commissioner of transportation has provided the director of the budget with the following projections to support any such allocation of funds: (a) effect on Stewart airport net operating revenues; (b) effect on new jobs for the state of New York; and (c) effect on net

revenues of amortization of state capital expenditures. It is acknowledged that funds provided herein pursuant to the transportation capital facilities development act of 1967 are made available by repealing a portion of an appropriation for the payment of the state's share to the Niagara frontier transportation authority for construction, reconstruction, and improvement of airport or aviation capital projects at Buffalo international airport. It is the intent of the legislature that the repeal of such funds appropriated to the Niagara frontier transportation authority does not void the state's commitment to provide alternative state share funding sources to the authority to complete the airport or aviation capital projects at Buffalo international airport as originally provided by chapter 54, section 1, of the laws of 1982, as amended by chapter 54, section 3, of the laws of 1988. It is further the intent of the legislature that such alternative state share funding be provided to the authority no later than March 31, 1993 (17439114) ... . 11,800,000 ..... (re. $827,000)

AIRPORT OR AVIATION STATE PROGRAM (CCP)

Dedicated Highway and Bridge Trust Fund - 072

Aviation Purpose

By chapter 55, section 1, of the laws of 2008:

For state aid to municipal corporations, private airports as authorized by section 14-h of the transportation law and for payment of the cost of projects at Stewart and Republic Airports, for the acquisition, construction, reconstruction, and improvement of airport or aviation capital projects, including the acquisition of real property and liabilities incurred prior to April 1, 2008.

Prior to requesting approval of a certificate of approval of availability for moneys appropriated, the commissioner of transportation shall certify that each airport or aviation project progressed under the program, other than state owned airports, has received federal approval and the federally authorized level of financial assistance. Funds from this appropriation may also be utilized for grants to municipal corporations and private airports for the cost of projects authorized by section 14-1 of the transportation law, including the acquisition of real property and liabilities incurred prior to April 1, 2008; provided, however, that funds available for this purpose shall not exceed the amount by which $8,000,000 exceeds the sum of the amount in such state fiscal year necessary for the state share of federal projects provided pursuant to section 14-h of the transportation law and the amount in such state fiscal year required for payment of the costs of projects at Stewart and Republic Airports, upon certification by the commissioner of transportation at the end of the calendar year (17230814) ... 8,000,000 ..... (re. $8,000,000)

By chapter 55, section 1, of the laws of 2007:

For state aid to municipal corporations, private airports as authorized by section 14-h of the transportation law and for payment of

the cost of projects at Stewart and Republic Airports, for the acquisition, construction, reconstruction, and improvement of airport or aviation capital projects, including the acquisition of real property and liabilities incurred prior to April 1, 2007.

Prior to requesting approval of a certificate of approval of availability for moneys appropriated, the commissioner of transportation shall certify that each airport or aviation project progressed under the program, other than state owned airports, has received federal approval and the federally authorized level of financial assistance. Funds from this appropriation may also be utilized for grants to municipal corporations and private airports for the cost of projects authorized by section 14-1 of the transportation law, including the acquisition of real property and liabilities incurred prior to April 1, 2007; provided, however, that funds available for this purpose shall not exceed the amount by which $8,000,000 exceeds the sum of the amount in such state fiscal year necessary for the state share of federal projects provided pursuant to section 14-h of the transportation law and the amount in such state fiscal year required for payment of the costs of projects at Stewart and Republic Airports, upon certification by the commissioner of transportation at the end of the calendar year (17230714) ... 8,000,000 ..... (re. $8,000,000)

By chapter 55, section 1, of the laws of 2006:

For state aid to municipal corporations, private airports as authorized by section 14-h of the transportation law and for payment of the cost of projects at Stewart and Republic Airports, for the acquisition, construction, reconstruction, and improvement of airport or aviation capital projects, including the acquisition of real property and liabilities incurred prior to April 1, 2006.

Prior to requesting approval of a certificate of approval of availability for moneys appropriated, the commissioner of transportation shall certify that each airport or aviation project progressed under the program, other than state owned airports, has received federal approval and the federally authorized level of financial assistance (17230614) ... 8,000,000 ..... (re. $8,000,000)

By chapter 55, section 1, of the laws of 2005:

For state aid to municipal corporations, private airports as authorized by section 14-h of the transportation law and for payment of the cost of projects at Stewart and Republic Airports, for the acquisition, construction, reconstruction, and improvement of airport or aviation capital projects, including the acquisition of real property and liabilities incurred prior to April 1, 2005.

Prior to requesting approval of a certificate of approval of availability for moneys appropriated, the commissioner of transportation shall certify that each airport or aviation project progressed under the program, other than state owned airports, has received federal approval and the federally authorized level of financial assistance (17230514) ... 8,000,000 ..... (re. $8,000,000)

By chapter 55, section 1, of the laws of 2004:

For state aid to municipal corporations, private airports as authorized by section 14-h of the transportation law and for payment of the cost of projects at Stewart and Republic Airports, for the acquisition, construction, reconstruction, and improvement of airport or aviation capital projects, including the acquisition of real property and liabilities incurred prior to April 1, 2004.

Prior to requesting approval of a certificate of approval of availability for moneys appropriated, the commissioner of transportation shall certify that each airport or aviation project progressed under the program, other than state owned airports, has received federal approval and the federally authorized level of financial assistance

(17230414) ... 8,000,000 ..... (re. $7,224,000)

By chapter 55, section 1, of the laws of 2003, as amended by chapter 55, section 1, of the laws of 2005:

For state aid to municipal corporations, private airports as authorized by section 14-h of the transportation law and for payment of the cost of projects at Stewart and Republic Airports, for the acquisition, construction, reconstruction, and improvement of airport or aviation capital projects, including the acquisition of real property and liabilities incurred prior to April 1, 2003.

Prior to requesting approval of a certificate of approval of availability for moneys appropriated, the commissioner of transportation shall certify that each airport or aviation project progressed under the program, other than state owned airports, has received federal approval and the federally authorized level of financial assistance

(17230314) ... 8,000,000 ..... (re. $203,000)

By chapter 55, section 1, of the laws of 2002:

For state aid to municipal corporations, private airports as authorized by section 14-h of the transportation law and for payment of the cost of projects at Stewart and Republic Airports, for the acquisition, construction, reconstruction, and improvement of airport or aviation capital projects, including the acquisition of real property and liabilities incurred prior to April 1, 2002. Prior to requesting approval of a certificate of approval of availability for moneys appropriated, the commissioner of transportation shall certify that each airport or aviation project progressed under the program, other than state owned airports, has received federal approval and the federally authorized level of financial assistance

(17230214) ... 8,000,000 ..... (re. $750,000)

By chapter 55, section 1, of the laws of 2001:

For state aid to municipal corporations, private airports as authorized by section 14-h of the transportation law and for payment of the cost of projects at Stewart and Republic Airports, for the acquisition, construction, reconstruction, and improvement of airport or aviation capital projects, including the acquisition of real property and liabilities incurred prior to April 1, 2001, in accordance with the following project schedule.

Prior to requesting approval of a certificate of approval of availability for moneys appropriated, the commissioner of transportation

shall certify that each airport or aviation project progressed under the program categories listed in a project schedule other than state owned airports, has received federal approval and the federally authorized level of financial assistance.

The items shown in the project schedule below shall be for projects with a common purpose and may be interchanged without limitation subject to the approval of the director of the budget (17230114)

... . 6,000,000 ..... (re. $215,000)

By chapter 55, section 1, of the laws of 2000:

For state aid to municipal corporations, private airports as authorized by section 14-h of the transportation law and for payment of the cost of projects at Stewart and Republic Airports, for the acquisition, construction, reconstruction, and improvement of airport or aviation capital projects, including the acquisition of real property and liabilities incurred prior to April 1, 2000, in accordance with the following project schedule.

Prior to requesting approval of a certificate of approval of availability for moneys appropriated, the commissioner of transportation shall certify that each airport or aviation project progressed under the program categories listed in a project schedule other than state owned airports, has received federal approval and the federally authorized level of financial assistance.

The items shown in the project schedule below shall be for projects with a common purpose and may be interchanged without limitation subject to the approval of the director of the budget (17230014)

... . 6,000,000 ..... (re. $517,000)

By chapter 55, section 1, of the laws of 1999:

For state aid to municipal corporations, private airports as authorized by section 14-h of the transportation law and for payment of the cost of projects at Stewart and Republic Airports, for the acquisition, construction, reconstruction, and improvement of airport or aviation capital projects, including the acquisition of real property and liabilities incurred prior to April 1, 1999, in accordance with the following project schedule.

Prior to requesting approval of a certificate of approval of availability for moneys appropriated, the commissioner of transportation shall certify that each airport or aviation project progressed under the program categories listed in a project schedule other than state owned airports, has received federal approval and the federally authorized level of financial assistance.

The items shown in the project schedule below shall be for projects with a common purpose and may be interchanged without limitation subject to the approval of the director of the budget (17239914)

... . 4,500,000 ..... (re. $516,000)

By chapter 55, section 1, of the laws of 1998:

For state aid to municipal corporations, private airports as authorized by section 14-h of the transportation law and for payment of the cost of projects at Stewart and Republic Airports, for the acquisition, construction, reconstruction, and improvement of

airport or aviation capital projects, including the acquisition of real property and liabilities incurred prior to April 1, 1998, in accordance with the following project schedule.

Prior to requesting approval of a certificate of approval of availability for moneys appropriated, the commissioner of transportation shall certify that each airport or aviation project progressed under the program categories listed in a project schedule other than state owned airports, has received federal approval and the federally authorized level of financial assistance.

The items shown in the project schedule below shall be for projects with a common purpose and may be interchanged without limitation subject to the approval of the director of the budget (17239814) ... . 4,500,000 ..... (re. $472,000)

By chapter 55, section 1, of the laws of 1997:

For state aid to municipal corporations, private airports as authorized by section 14-h of the transportation law and for payment of the cost of projects at Stewart and Republic Airports, for the acquisition, construction, reconstruction, and improvement of airport or aviation capital projects, including the acquisition of real property and liabilities incurred prior to April 1, 1997, in accordance with the following project schedule.

Prior to requesting approval of a certificate of approval of availability for moneys appropriated, the commissioner of transportation shall certify that each airport or aviation project progressed under the program categories listed in a project schedule other than state owned airports, has received federal approval and the federally authorized level of financial assistance.

The items shown in the project schedule below shall be for projects with a common purpose and may be interchanged without limitation subject to the approval of the director of the budget (17249714) ... . 4,500,000 ..... (re. $324,000)

By chapter 54, section 1, of the laws of 1995:

For state aid to municipal corporations, private airports as authorized by section 14-h of the transportation law and for payment of the cost of projects at Stewart and Republic Airports, for the acquisition, construction, reconstruction, and improvement of airport or aviation capital projects, including the acquisition of real property and liabilities incurred prior to April 1, 1995, in accordance with the following project schedule. The items shown in the project schedule below shall be for projects with a common purpose and may be interchanged without limitation subject to the approval of the director of the budget (17239514) ... . 6,500,000 ..... (re. $233,000)

By chapter 54, section 1, of the laws of 1993:

For payment of the costs, including the payment of liabilities incurred prior to April 1, 1993, for the preparation of designs, plans, specifications, estimates and studies, for the construction, reconstruction, and improvement of airport or aviation capital projects, including infrastructure improvements at Stewart and

Republic airports, for the costs of real property acquisition, contract engineering services provided by private firms, and other expenses related thereto.

The commissioner of transportation shall secure and use any federal funds which are or may become available for the purposes of this appropriation. Any such funds shall be used to reduce the state's share of project costs for which federal funds become available.

The items shown in the project schedule below shall be for projects with a common purpose and may be interchanged without limitation subject to the approval of the director of the division of the budget (17229314) ... . 10,840,000 ..... (re. $2,397,000)

By chapter 54, section 1, of the laws of 1992:

For state aid to municipal corporations, private airports as authorized by section 14-h of the transportation law and for payment of the cost of projects at Stewart and Republic Airports, for the acquisition, construction, reconstruction, and improvement of airport or aviation capital projects, including the acquisition of real property and liabilities incurred prior to April 1, 1992, in accordance with the schedule set forth below.

The items shown in the project schedule below shall be for projects with a common purpose and may be interchanged without limitation subject to the approval of the director of the budget.

Prior to requesting approval of a certificate of approval of availability for the moneys hereby appropriated, the commissioner of transportation shall certify that each airport or aviation project progressed under the program categories listed in the schedule below, other than state owned airports, has received federal approval and the federally authorized level of financial assistance (17239214) ... . 12,300,000 ..... (re. $128,000)

Regional Aviation Fund - RAF

Aviation Purpose

By chapter 55, section 1, of the laws of 2008:

For payment of costs related to Stewart Airport, including but not limited to environmental remediation; acquisition, construction, reconstruction, demolition and improvement of capital projects; acquisition of real property and facilities; projects related to passenger, cargo, and commercial development; acquisition of equipment; funding of operating needs; and for liabilities incurred prior to April 1, 2008 (17RA0814) ... 4,000,000 ..... For payment of the costs of operating and capital projects including, but not limited to, acquisition of real property and facilities; construction, reconstruction, demolition and improvement of capital facilities; and payment of liabilities incurred prior to April 1, 1999 (17RB9914) ... 2,500,000 ..... (re. $2,338,000)

AVIATION (CCP)

Transportation Capital Facilities Bond Fund - 109

Bond Proceeds Purpose

By chapter 54, section 9, of the laws of 1981, as amended by chapter 55, section 1, of the laws of 2008:

The sum of $17,305,787, or so much thereof as may be necessary is hereby appropriated from the transportation capital facilities bond fund pursuant to the provisions of chapter seven hundred fifteen of the laws of nineteen hundred sixty-seven, known as the "Transportation Capital Facilities Bond Act", for payment to the capital projects fund for disbursements from such fund pursuant to appropriations for the acquisition, construction, reconstruction and improvement of any airport or aviation capital facility and of any capital equipment used in connection therewith, by the State, any county, city, town, village, special transportation district, public benefit corporation or other public corporation, or two or more of

the foregoing acting jointly in accordance with the provisions of the transportation capital facilities development act and as hereinafter referred to as "airport or aviation capital project bond disbursements."

Notwithstanding the provisions of any general or special law, no moneys shall be available from the transportation capital facilities bond fund until a certificate of approval of availability shall have been issued by the director of the division of the budget, and a copy of such certificate filed with the state comptroller, the chairman of the senate finance committee and the chairman of the assembly ways and means committee. Such certificate may be amended from time to time by the director of the division of the budget and a copy of each such amendment shall be filed with the state comptroller, the chairman of the senate finance committee and the chairman of the assembly ways and means committee.

The director of the division of the budget is hereby authorized to designate to the state comptroller specific appropriations made from the capital projects fund for purposes for which airport or aviation capital project bond expenditures are authorized. The state comptroller shall, at the commencement of each month, certify to the director of the division of the budget, the chairman of the senate finance committee and the chairman of the assembly ways and means committee, the amounts disbursed from the appropriations designated by the director of the division of the budget from the capital projects fund for these disbursements pursuant to appropriations from such fund for such purposes for the month preceding such certification and such certifications shall not exceed in the aggregate the moneys hereby appropriated (03025510) .....
17,305,787 ..... (re. $3,394,000)

CANALS AND WATERWAYS - BONDABLE (CCP)

Capital Projects Fund - Infrastructure Renewal (Bondable)

Canals and Waterways Purpose

By chapter 54, section 1, of the laws of 1988, as amended by chapter 54, section 3, of the laws of 1991, and as supplemented by certificate of transfer issued pursuant to the provisions of section 93 of the state finance law as amended:

For the preparation of designs, plans, specifications and estimates, for the contract engineering services provided by private firms, for the acquisition of property, reconstruction and improvement of dams, canal locks, embankments and related structures and facilities on the state barge canal system, including the payment of liabilities incurred prior to April 1, 1988, pursuant to the rebuild New York through transportation infrastructure renewal bond act of 1983.

The moneys hereby appropriated, when made available pursuant to a certificate of approval of availability issued by the director of the budget, shall be made available in accordance with the schedule shown below. The items shown in the project schedule below shall be for projects with a common purpose and may be interchanged without

limitation subject to the approval of the director of the division of the budget (17328816) ... . 2,823,657 ..... (re. $159,000)

By chapter 54, section 1, of the laws of 1987, as amended by chapter 54, section 3, of the laws of 1989, and as supplemented by certificate of transfer issued pursuant to the provisions of section 93 of the state finance law as amended:

For the preparation of designs, plans, specifications and estimates, for the contract engineering services provided by private firms, for the acquisition of property, reconstruction and improvement of dams, canal locks, embankments and related structures and facilities on the state barge canal system, including the payment of liabilities incurred prior to April 1, 1987, pursuant to the rebuild New York through transportation infrastructure renewal bond act of 1983.

The moneys hereby appropriated, when made available pursuant to a certificate of approval of availability issued by the director of the budget, shall be made available in accordance with the schedule shown below. The items shown in the project schedule below shall be for projects with a common purpose and may be interchanged without limitation subject to the approval of the director of the division of the budget (17208716) ... . 6,200,000 ..... (re. $326,000)

Prior to requesting a certificate of approval of availability for any of the moneys authorized herein, the commissioner of transportation shall certify to the director of the budget that the federal government has agreed to finance the federal share of the project. However with the approval of the director of the budget, projects may be designed prior to federal approval upon the written assurance by the commissioner of transportation that federal funds are likely to be forthcoming (17520014) ... 10,000,000 ..... (re. $1,180,000)

By chapter 54, section 1, of the laws of 1991:

For payment by the state of the federal share of the cost, including payment of liabilities incurred prior to April 1, 1991, of construction, reconstruction, alteration and rehabilitation of airport and aviation facilities at Stewart and Republic airports, including the cost of acquisition of real property, the acquisition of equipment and other related incidental expenses thereto and for the federal share of consultant services in carrying out federally approved aviation studies.

Within the amount appropriated herein, authorization is granted to the department of transportation to enter into all necessary contracts and agreements, subject to the approval of the director of the budget, to carry out the purposes of this appropriation.

Prior to requesting a certificate of approval of availability for any of the moneys authorized herein, the commissioner of transportation

shall certify to the director of the budget that the federal government has agreed to finance the federal share of the project. However with the approval of the director of the budget, projects may be designed prior to federal approval upon the written assurance by the commissioner of transportation that federal funds are likely to be forthcoming (17529114) ... 40,000,000 ..... (re. $7,240,000)

HIGHWAY FACILITIES (CCP)

Dedicated Highway and Bridge Trust Fund - 072

Highway Facilities Purpose

STATE HIGHWAYS

By chapter 54, section 1, of the laws of 1987, as amended by chapter 55, section 1, of the laws of 2000:

The sum of $37,310,801 is hereby appropriated for the preparation of designs, plans, specifications and estimates, for the contract engineering services provided by private firms, for the acquisition of property, and the construction of highway, bridge and traffic improvements related to the expansion of Fort Drum, with or without Federal aid, including the payment of liabilities incurred prior to April 1, 1987 (17068711) ... 36,926,559 ..... (re. $9,489,000)

STATE GATEWAY INFORMATION CENTERS

By chapter 50, section 1, of the laws of 1986, as amended by chapter 55, section 1, of the laws of 2000, and as transferred from state operations - miscellaneous by chapter 54, section 3, of the laws of 1988:

For construction of state gateway information centers on the state's major highways by the department of transportation. Such centers shall be established on Interstate Route 90 in the vicinity of the Massachusetts border; on Interstate Route 87 in the vicinity of Chazy in the county of Clinton; on Interstate Route 81 in the vicinity of the Canadian border; in Chautauqua county in the vicinity of the Pennsylvania border; on Interstate Route 81 in the vicinity of the Pennsylvania border; and on Interstate Route 87 in the vicinity of State Route 17 (17B18611) ... 1,999,373 ..... (re. $656,000)

HIGHWAY - RAILROAD
GRADE CROSSING ELIMINATIONS
MINEOLA GRADE CROSSING

By chapter 998, section 3, of the laws of 1983:

For the payment of the State's share of the cost of construction, with or without federal aid, of a grade crossing elimination project in Mineola, Nassau County, including the cost of the acquisition of property and other related work. No expenditures shall be made from this appropriation for services and expenses other than the cost of consulting services (03334811) ..... (re. $3,615,000)

DEPARTMENT OF TRANSPORTATION

CAPITAL PROJECTS - REAPPROPRIATIONS 2009-10

INFRASTRUCTURE BOND ACT PROJECTS (CCP)

Capital Projects Fund

Infrastructure Bond Act Purpose

By chapter 54, section 1, of the laws of 1988:

For the costs, pursuant to the provisions of the rebuild New York through transportation infrastructure renewal bond act of 1983, of capital projects to be reimbursed from bond fund proceeds for the improvement of highways, parkways, commuter parking facilities, and other highway facilities including bridges, other structures, and appurtenances.

Project costs funded from this appropriation may include, but shall not be limited to, preliminary planning and feasibility studies; survey and design; acquisition of property, construction, reconstruction, reconditioning and preservation; the supervision and inspection of construction; and for the cost of engineering services. No expenditures shall be made from this appropriation for personal services and expenses other than consulting services.

The items shown in the project schedule below shall be for projects with a common purpose and may be interchanged without limitation subject to the approval of the director of the division of the budget.

Funds from this appropriation may be made available for the payment of liabilities incurred prior to April 1, 1988 (17068823) ... . 22,673,000 ..... (re. $1,305,000)

For payment of the costs of acquisition of real property and for the elimination of existing highway-railroad crossings at grade in accordance with the provisions of article ten of the transportation law or other highway/bridge projects identified in the project schedule below, for the costs of preparation of designs, plans, specifications and estimates and for contract engineering services provided by private firms, including the payment of liabilities incurred prior to April 1, 1988, pursuant to the rebuild New York through transportation infrastructure renewal bond act of 1983. The items shown in the project schedule below shall be for projects with a common purpose and may be interchanged without limitation subject to the approval of the director of the budget (17428823) ... . 7,727,000 ..... (re. $3,312,000)

By chapter 54, section 1, of the laws of 1987:

For the costs pursuant to the provisions of the rebuild New York through transportation infrastructure renewal bond act of 1983, of the cost of capital projects to be reimbursed from bond fund proceeds for the improvement of highways, parkways, commuter parking facilities, and other highway facilities including bridges, other structures, and appurtenances.

Project costs funded from this appropriation may include, but shall not be limited to, preliminary planning and feasibility studies; survey and design; acquisition of property, construction, reconstruction, reconditioning and preservation; the supervision and

inspection of construction; and for the cost of engineering services.

No expenditures shall be made from this appropriation for personal services and expenses other than consulting services.

Notwithstanding any other provision of law, the commissioner of transportation is authorized to acquire all necessary land not on the state highway system for the purpose of highway projects at the request of the locality under whose jurisdiction the project is constructed or reconstructed.

The items shown in the project schedule below shall be for projects with a common purpose and may be interchanged without limitation subject to the approval of the director of the division of the budget.

Funds from this appropriation may be made available for the payment of liabilities incurred prior to April 1, 1987 (17078723) ... . 92,000,000 ..... (re. $429,000)

By chapter 54, section 1, of the laws of 1987, as amended by chapter 54, section 3, of the laws of 1988:

For payment of the costs of acquisition of real property and for the elimination of existing highway-railroad crossings at grade in accordance with the provisions of article ten of the transportation law or other highway/bridge projects identified in the project schedule below, for the costs of preparation of designs, plans, specifications and estimates and for contract engineering services provided by private firms, including the payment of liabilities incurred prior to April 1, 1987, pursuant to the rebuild New York through transportation infrastructure renewal bond act of 1983. The items shown in the project schedule below shall be for projects with a common purpose and may be interchanged without limitation subject to the approval of the director of the budget (17088723) ... . 8,700,000 ..... (re. $1,119,000)

By chapter 54, section 1, of the laws of 1986, as amended by chapter 54, section 3, of the laws of 1988:

For the costs pursuant to the provisions of the rebuild New York through transportation infrastructure renewal bond act of 1983, of the cost of capital projects to be reimbursed from bond fund proceeds for the improvement of highways, parkways, commuter parking facilities, and other highway facilities including bridges, other structures, and appurtenances.

Project costs funded from this appropriation may include, but shall not be limited to, preliminary planning and feasibility studies; survey and design; acquisition of property, construction, reconstruction, reconditioning and preservation; the supervision and inspection of construction; and for the cost of engineering services. No expenditures shall be made from this appropriation for personal services and expenses other than consulting services.

Notwithstanding any other provision of law, the commissioner of transportation is authorized to acquire all necessary land not on the state highway system for the purpose of highway projects at the

request of the locality under whose jurisdiction the project is constructed or reconstructed.

The items shown in the project schedule below shall be for projects with a common purpose and may be interchanged without limitation subject to the approval of the director of the division of the budget.

Funds from this appropriation may be made available for the payment of liabilities incurred prior to April one, nineteen hundred eighty-six (17068623) ... .76,000,000 ..... (re. $429,000)

By chapter 54, section 1, of the laws of 1985, as amended by chapter 54, section 3, of the laws of 1988:

For the costs pursuant to the provisions of the rebuild New York through transportation infrastructure renewal bond act of 1983, of the cost of capital projects to be reimbursed from bond fund proceeds for the improvement of highways, parkways, commuter parking facilities, and other highway facilities including bridges, other structures, and appurtenances.

Project costs funded from this appropriation may include, but shall not be limited to, preliminary planning and feasibility studies; survey and design; acquisition of property, construction, reconstruction, reconditioning and preservation; the supervision and inspection of construction; and for the cost of engineering services. No expenditures shall be made from this appropriation for personal services and expenses other than consulting services.

Notwithstanding any other provision of law, the commissioner of transportation is authorized to acquire all necessary land not on the state highway system for the purpose of highway projects at the request of the locality under whose jurisdiction the project is constructed or reconstructed.

The items shown in the project schedule below shall be for projects with a common purpose and may be interchanged without limitation or certification subject to the approval of the director of the division of the budget.

Funds from this appropriation may be made available for the payment of liabilities incurred prior to April one, nineteen hundred eighty-five but not for the payment of liabilities incurred prior to November eight, nineteen hundred eighty-three (17058523) ... . (re. $346,000)

By chapter 54, section 1, of the laws of 1984, as amended by chapter 54, section 3, of the laws of 1988:

For the costs pursuant to the provisions of the rebuild New York through transportation infrastructure renewal bond act of 1983, of the cost of capital projects to be reimbursed from bond fund proceeds for the improvement of highways, parkways, commuter parking facilities, and other highway facilities including bridges, other structures, and appurtenances.

Project costs funded from this appropriation may include, but shall not be limited to, preliminary planning and feasibility studies; survey and design; acquisition of property, construction, reconstruction, reconditioning and preservation; the supervision and

inspection of construction; and for the cost of engineering services. No expenditures shall be made from this appropriation for personal services and expenses other than consulting services.

Notwithstanding any other provision of law, the commissioner of transportation is authorized to acquire all necessary land not on the state highway system for the purpose of highway projects at the request of the locality under whose jurisdiction the project is constructed or reconstructed.

The items in the schedule below for the purpose of infrastructure bonds are projects with a common purpose and as such, may be interchanged without limitation subject to the approval of the director of the budget.

Funds from this appropriation may be made available for the payment of liabilities incurred prior to April one, nineteen hundred eightyfour but not for the payment of liabilities incurred prior to November eight, nineteen hundred eighty-three (17278423) ... . (re. $315,000)

MAINTENANCE FACILITIES (CCP)

Dedicated Highway and Bridge Trust Fund - 072

Highway Maintenance Facilities Purpose

By chapter 55, section 1, of the laws of 2008:

For the preparation of designs, plans, specifications and estimates, for the acquisition, alterations, and rehabilitation of existing facilities, for the acquisition of land and construction of new facilities for highway maintenance purposes, and for the contract engineering services provided by private firms, including the payment of liabilities incurred prior to April 1, 2008 (17250813) ... 15,485,000 ..... (re. $15,472,000)

By chapter 55, section 1, of the laws of 2007:

For the preparation of designs, plans, specifications and estimates, for the acquisition, alterations, and rehabilitation of existing facilities, for the acquisition of land and construction of new facilities for highway maintenance purposes, and for the contract engineering services provided by private firms, including the payment of liabilities incurred prior to April 1, 2007 (17250713) ... 15,050,000 ..... (re. $9,158,000)

MARINE PROJECTS (CCP)

Special Revenue Funds - Other
Dedicated Mass Transportation Trust Fund - 073

Marine Projects Purpose

By chapter 54, section 1, of the laws of 1985:
For acquisition of right of way, construction, reconstruction and improvement of Staten Island Ferry capital facilities pursuant to the provisions of article thirteen of the transportation law, in accordance with the schedule shown below. The items shown in the project schedule below shall be for projects with a common purpose

and may be interchanged without limitation or certification subject to the approval of the director of the budget (173685A1) ... . (re. $181,000)

MASS TRANSPORTATION (CCP)

Special Revenue Funds - Other
Dedicated Mass Transportation Trust Fund - 073

Omnibus and Transit Purpose

By chapter 55, section 1, of the laws of 2008:

For state aid to municipal corporations for the preparation of designs, plans, specifications and estimates, for the acquisition, construction, reconstruction, and improvement of mass transportation capital projects including the acquisition of real property, for other mass transportation projects including local transportation planning studies. Notwithstanding any inconsistent provisions of law, the state share of such projects shall be 50 percent of the nonfederal share, but in no event shall the state share exceed 10 percent of project costs.

Notwithstanding any other provision of law, the commissioner of transportation shall make available directly to the City of New York (City) an amount commensurate with the state share of (i) federal funds previously awarded to the City and reallocated to the metropolitan transportation authority (MTA), and (ii) the federally authorized level of financial assistance transferred by resolution of the metropolitan planning organization (MPO) to the metropolitan transportation authority (MTA) and credited to the City by the MTA for capital expenses.

The state share of such reimbursement shall be 50 percent of the nonfederal share of the federally authorized level of financial assistance transferred to the MTA, but in no event shall the state share exceed 10 percent of project costs. Prior to requesting reimbursement for projects progressed by the MTA on behalf of the City, the City shall certify to the commissioner of transportation that each eligible project progressed under this provision is federally eligible and that the match amount requested does not exceed the state share of the federally authorized level of financial assistance. In addition, the City must provide an application to the commissioner of transportation certifying that the work to be funded under the project has been performed and that the City has reimbursed the MTA for 100 percent of the match amount for the project. Upon such application, the commissioner of transportation shall review and approve eligible activities for reimbursement.

Prior to requesting approval of a certificate of approval of availability for the moneys hereby appropriated, the commissioner of transportation shall certify that each omnibus project progressed under the program has received federal approval. Such certificate shall report the federally authorized level of financial assistance (17170829) ... 20,000,000 ..... (re. $20,000,000)

By chapter 55, section 1, of the laws of 2004:
For state aid to municipal corporations for the preparation of designs, plans, specifications and estimates, for the acquisition, construction, reconstruction, and improvement of mass transportation capital projects including the acquisition of real property, for other mass transportation projects including local transportation planning studies and liabilities incurred prior to April 1, 2004.
Notwithstanding any inconsistent provisions of law, the state share of such projects shall be 50 percent of the non-federal share, but in no event shall the state share exceed 10 percent of project costs.
Prior to requesting approval of a certificate of approval of availability for the moneys hereby appropriated, the commissioner of transportation shall certify that each omnibus project progressed under the program has received federal approval. Such certificate shall report the federally authorized level of financial assistance (17170429) ... . 15,815,000 ..... (re. $4,969,000)

By chapter 55, section 1, of the laws of 2003:
For state aid to municipal corporations for the preparation of designs, plans, specifications and estimates, for the acquisition, construction, reconstruction, and improvement of mass transportation capital projects including the acquisition of real property, for other mass transportation projects including local transportation planning studies and liabilities incurred prior to April 1, 2003 (17170329) ... . 15,815,000 ..... (re. $1,261,000)

By chapter 55, section 1, of the laws of 2002:
For state aid to municipal corporations for the preparation of designs, plans, specifications and estimates, for the acquisition, construction, reconstruction, and improvement of mass transportation capital projects including the acquisition of real property, for other mass transportation projects including local transportation planning studies and liabilities incurred prior to April 1, 2002 (17170229) ... . 15,815,000 ..... (re. $2,456,000)

By chapter 55, section 1, of the laws of 2001:
For state aid to municipal corporations for the preparation of designs, plans, specifications and estimates, for the acquisition, construction, reconstruction, and improvement of mass transportation capital projects including the acquisition of real property, for other mass transportation projects including local transportation planning studies and liabilities incurred prior to April 1, 2001 (17170129) ... . 15,815,000 ..... (re. $765,000)

By chapter 55, section 1, of the laws of 2000:

For state aid to municipal corporations for the preparation of designs, plans, specifications and estimates, for the acquisition, construction, reconstruction, and improvement of mass transportation capital projects including the acquisition of real property, for other mass transportation projects including local transportation planning studies and liabilities incurred prior to April 1, 2000 (17170029) ... . 15,568,000 ..... (re. $7,933,000)

By chapter 55, section 1, of the laws of 1999:
For state aid to municipal corporations for the preparation of designs, plans, specifications and estimates, for the acquisition, construction, reconstruction, and improvement of mass transportation capital projects including the acquisition of real property, for other mass transportation projects including local transportation planning studies and liabilities incurred prior to April 1, 1999 (17179929) ... . 14,628,000 ..... (re. $1,182,000)

By chapter 55, section 1, of the laws of 1998:
For state aid to municipal corporations for the preparation of designs, plans, specifications and estimates, for the acquisition, construction, reconstruction, and improvement of mass transportation capital projects including the acquisition of real property, for other mass transportation projects including local transportation planning studies and liabilities incurred prior to April 1, 1998 (17179829) ... . 10,489,000 ..... (re. $1,084,000)

By chapter 55, section 1, of the laws of 1997:
For state aid to municipal corporations for the preparation of designs, plans, specifications and estimates, for the acquisition, construction, reconstruction, and improvement of mass transportation capital projects including the acquisition of real property, for other mass transportation projects including local transportation planning studies and liabilities incurred prior to April 1, 1997 (17179729) ... . 10,489,000 ..... (re. $483,000)

By chapter 55, section 1, of the laws of 1996:
For state aid to municipal corporations for the preparation of designs, plans, specifications and estimates, for the acquisition, construction, reconstruction, and improvement of mass transportation capital projects including the acquisition of real property and liabilities incurred prior to April 1, 1996 (17179629) ... . 12,200,000 ..... (re. $303,000)

By chapter 54, section 1, of the laws of 1994:
For state aid to municipal corporations for the preparation of designs, plans, specifications and estimates, for the acquisition, construction, reconstruction, and improvement of mass transportation capital projects including the acquisition of real property and liabilities incurred prior to April 1, 1994 (17179429) ... . 19,427,000 ..... (re. $1,774,000)

By chapter 54, section 1, of the laws of 1993:

DEPARTMENT OF TRANSPORTATION

CAPITAL PROJECTS - REAPPROPRIATIONS 2009-10

For state aid to municipal corporations for the preparation of designs, plans, specifications and estimates, for the acquisition, construction, reconstruction, and improvement of mass transportation capital projects including the acquisition of real property and liabilities incurred prior to April 1, 1993 (17179329) ... . 11,052,000 ..... (re. $1,022,000)

By chapter 54, section 1, of the laws of 1986:
For state aid to municipal corporations for the preparation of designs, plans, specifications and estimates, for the acquisition, construction, reconstruction, and improvement of mass transportation capital projects notwithstanding any inconsistent provisions of law, including the acquisition of real property and liabilities incurred prior to April one, nineteen hundred eighty-six (17428629) ... ... 9,700,000 ..... (re. $622,000)

MASS TRANSPORTATION AND RAIL FREIGHT (CCP)

Capital Projects Fund

Mass Transportation and Rail Freight Purpose

RAIL AND RAPID TRANSIT

By chapter 369, section 2, of the laws of 1979, as amended by chapter 54, section 3, of the laws of 1988, for:
The acquisition, construction, reconstruction, establishment, improvement and rehabilitation of urban, commuter and intercity rail passenger and rapid transit systems and rail freight capital facilities, for the acquisition of real property and interests in real property required or expected to be required therefor, and for any capital equipment to be used in connection therewith, including all costs incidental thereto in accordance with the following schedule: (01395012) ... . (re. $149,000)
The commissioner of transportation shall prepare and submit to the governor as part of his annual budget request submission a report which shall make findings and recommendations with respect to the state's intercity rail passenger service and rail service energy conservation programs. Such report shall include, in addition to any other information the commissioner shall determine appropriate, the following: (a) the impact and effectiveness of the state's programs to continue and preserve rail passenger and rail freight services, including federal and state operating subsidy payments actually made and projected to be made during each of the two next succeeding state fiscal years; and (b) the development of operating, pricing and fare guidelines and standards of service and equipment and facility maintenance standards that may be applied in evaluating the cost and quality of service on those rail lines receiving state and/or federal operating and/or capital assistance.

High Speed Rail Purpose

DEPARTMENT OF TRANSPORTATION

CAPITAL PROJECTS - REAPPROPRIATIONS 2009-10

By chapter 55, section 1, of the laws of 2006, as added by chapter 108, section 5, of the laws of 2006:
For the construction and reconstruction of rail capital and highway railroad crossings, facilities and intercity rail passenger service improvements to the New York State Empire Rail Corridor between New York City and Niagara Falls. A corridor program of projects shall be advanced in accordance with a memorandum of understanding between the commissioner and the senate task force on high speed rail (17270641) ... 22,000,000 ..... (re. $22,000,000)

Special Revenue Funds - Other
Dedicated Mass Transportation Trust Fund - 073

Non-MTA Capital Purpose

By chapter 55, section 1, of the laws of 2008:
For the payment of the costs of mass transportation capital projects and facilities including replacement of buses meeting federal standards for replacement, related bus equipment and the acquisition, design and construction, including engineering and consulting costs, of mass transit bus garages or other mass transportation projects and facilities approved by the commissioner of transportation in a program of projects. Such funding may be part of a total project of which a portion is federally funded but shall not be used in substitution for the required non-federal matching shares of the federally-funded portion of the project to which it is added. The moneys hereby appropriated are to be made available for projects undertaken by mass transit systems other than those mass transit operating agencies which receive money from the metropolitan transportation authority dedicated tax fund (17360829) ..... 21,000,000 ..... (re. $21,000,000)

By chapter 55, section 1, of the laws of 2007:
For the payment of the costs of mass transportation capital projects and facilities including replacement of buses meeting federal standards for replacement, related bus equipment and the acquisition, design and construction, including engineering and consulting costs, of mass transit bus garages or other mass transportation projects and facilities approved by the commissioner of transportation in a program of projects. Such funding may be part of a total project of which a portion is federally funded but shall not be used in substitution for the required non-federal matching shares of the federally-funded portion of the project to which it is added. The moneys hereby appropriated are to be made available for projects undertaken by mass transit systems other than those mass transit operating agencies which receive money from the metropolitan transportation authority dedicated tax fund (17360729) ..... 16,000,000 ..... (re. $16,000,000)
For the payment of the costs of clean air-related mass transportation capital infrastructure projects, designed to achieve significant environmental benefit including but not limited to the acquisition of clean fuel buses. The moneys hereby appropriated are to be made

available for projects undertaken by mass transit systems other than those mass transit operating agencies which receive money from the metropolitan transportation authority dedicated tax fund (17500729) ... 17,500,000 ..... (re. $17,500,000)

By chapter 55, section 1, of the laws of 2006:

For the payment of the costs of mass transportation capital projects and facilities including replacement of buses meeting federal standards for replacement, related bus equipment and the acquisition, design and construction, including engineering and consulting costs, of mass transit bus garages or other mass transportation projects and facilities approved by the commissioner of transportation in a program of projects. Such funding may be part of a total project of which a portion is federally funded but shall not be used in substitution for the required non-federal matching shares of the federally-funded portion of the project to which it is added. The moneys hereby appropriated are to be made available for projects undertaken by mass transit systems other than those mass transit operating agencies which receive money from the metropolitan transportation authority dedicated tax fund (17360629) ..... 16,000,000 ..... (re. $16,000,000)

By chapter 55, section 1, of the laws of 2005:

For the payment of the costs of mass transportation capital projects and facilities including replacement of buses meeting federal standards for replacement, related bus equipment and the acquisition, design and construction, including engineering and consulting costs, of mass transit bus garages or other mass transportation projects and facilities approved by the commissioner of transportation in a program of projects. Such funding may be part of a total project of which a portion is federally funded but shall not be used in substitution for the required non-federal matching shares of the federally-funded portion of the project to which it is added. The moneys hereby appropriated are to be made available for projects undertaken by mass transit systems other than those mass transit operating agencies which receive money from the metropolitan transportation authority dedicated tax fund (17360529) ..... 16,000,000 ..... (re. $14,610,000)

To the Central New York regional transportation authority for the payment of the costs of mass transportation capital projects in Oneida county, including replacement of buses meeting federal standards for the replacement, related bus equipment, or other mass transportation capital projects approved by the commissioner of transportation in a program of projects, provided that this appropriation shall only be available in the event that Oneida county joins the CNYRTA transportation district, as described in section 1327 of the public authorities law. Such funding may be part of a total project of which a portion is federally funded but shall not be used in substitution for the required non federal matching shares of the federally funded portion of the project to which it is added (17010529) ... 2,700,000 ..... (re. $110,000)

By chapter 55, section 1, of the laws of 2004:

For the payment of the costs of mass transportation capital projects and facilities including replacement of buses meeting federal standards for replacement, related bus equipment and the acquisition, design and construction, including engineering and consulting costs, of mass transit bus garages or other mass transportation projects and facilities approved by the commissioner of transportation in a program of projects. Such funding may be part of a total project of which a portion is federally funded but shall not be used in substitution for the required non-federal matching shares of the federally-funded portion of the project to which it is added. The moneys hereby appropriated are to be made available for projects undertaken by mass transit systems other than those mass transit operating agencies which receive money from the metropolitan transportation authority dedicated tax fund (17360429) .....
16,000,000 ..... (re. $7,880,000)

By chapter 55, section 1, of the laws of 2003:

For the payment of the costs of mass transportation capital projects and facilities including replacement of buses meeting federal standards for replacement, related bus equipment and the acquisition, design and construction, including engineering and consulting costs, of mass transit bus garages or other mass transportation projects and facilities approved by the commissioner of transportation in a program of projects. Such funding may be part of a total project of which a portion is federally funded but shall not be used in substitution for the required non-federal matching shares of the federally-funded portion of the project to which it is added. The moneys hereby appropriated are to be made available for projects undertaken by mass transit systems other than those mass transit operating agencies which receive money from the metropolitan transportation authority dedicated tax fund (17360329) .....
14,000,000 ..... (re. $1,104,000)

By chapter 55, section 1, of the laws of 2002:

For the payment of the costs of mass transportation capital projects and facilities including replacement of buses meeting federal standards for replacement, related bus equipment and the acquisition, design and construction, including engineering and consulting costs, of mass transit bus garages or other mass transportation projects and facilities approved by the commissioner of transportation in a program of projects. Such funding may be part of a total project of which a portion is federally funded but shall not be used in substitution for the required non-federal matching shares of the federally-funded portion of the project to which it is added. The moneys hereby appropriated are to be made available for projects undertaken by mass transit systems other than those mass transit operating agencies which receive money from the metropolitan transportation authority dedicated tax fund (17360229) .....
14,000,000 ..... (re. $3,016,000)

By chapter 55, section 1, of the laws of 2001:

For the payment of the costs of mass transportation capital projects and facilities including replacement of buses meeting federal standards for replacement, related bus equipment and the acquisition, design and construction, including engineering and consulting costs, of mass transit bus garages or other mass transportation projects and facilities approved by the commissioner of transportation in a program of projects. Such funding may be part of a total project of which a portion is federally funded but shall not be used in substitution for the required non-federal matching shares of the federally-funded portion of the project to which it is added. The moneys hereby appropriated are to be made available for projects undertaken by mass transit systems other than those mass transit operating agencies which receive money from the metropolitan transportation authority dedicated tax fund (17360129) .....
12,000,000 ..... (re. $748,000)

By chapter 55, section 1, of the laws of 2000:

For the payment of the costs of mass transportation capital projects and facilities including replacement of buses meeting federal standards for replacement, related bus equipment and the acquisition, design and construction, including engineering and consulting costs, of mass transit bus garages or other mass transportation projects and facilities approved by the commissioner of transportation in a program of projects. Such funding may be part of a total project of which a portion is federally funded but shall not be used in substitution for the required non-federal matching shares of the federally-funded portion of the project to which it is added. The moneys hereby appropriated are to be made available for projects undertaken by mass transit systems other than those mass transit operating agencies which receive money from the metropolitan transportation authority dedicated tax fund (17360029) .....
12,000,000 ..... (re. $934,000)

By chapter 55, section 1, of the laws of 1999:

For the payment of the costs of mass transportation capital projects and facilities including replacement of buses meeting federal standards for replacement, related bus equipment and the acquisition, design and construction, including engineering and consulting costs, of mass transit bus garages or other mass transportation projects and facilities approved by the commissioner of transportation in a program of projects. Such funding may be part of a total project of which a portion is federally funded but shall not be used in substitution for the required non-federal matching shares of the federally-funded portion of the project to which it is added. The moneys hereby appropriated are to be made available for projects undertaken by mass transit systems other than those mass transit operating agencies which receive money from the metropolitan transportation authority dedicated tax fund (17369929) .....
12,000,000 ..... (re. $3,819,000)

By chapter 55, section 1, of the laws of 1998:

DEPARTMENT OF TRANSPORTATION

CAPITAL PROJECTS - REAPPROPRIATIONS 2009-10

For the payment of the costs of mass transportation capital projects and facilities including replacement of buses meeting federal standards for replacement, related bus equipment and the acquisition, design and construction, including engineering and consulting costs, of mass transit bus garages or other mass transportation projects and facilities approved by the commissioner of transportation in a program of projects. Such funding may be part of a total project of which a portion is federally funded but shall not be used in substitution for the required non-federal matching shares of the federally-funded portion of the project to which it is added. The moneys hereby appropriated are to be made available for projects undertaken by mass transit systems other than those mass transit operating agencies which receive money from the metropolitan transportation authority dedicated tax fund (17369829) .....
10,000,000 ..... (re. $4,310,000)

By chapter 55, section 1, of the laws of 1997, as amended by chapter 55, section 1, of the laws of 2004:

For the payment of the costs of mass transportation capital projects and facilities including replacement of buses meeting federal standards for replacement, related bus equipment and the acquisition, design and construction, including engineering and consulting costs, of mass transit bus garages or other mass transportation projects and facilities approved by the commissioner of transportation in a program of projects. Such funding may be part of a total project of which a portion is federally funded but shall not be used in substitution for the required non-federal matching shares of the federally-funded portion of the project to which it is added. The moneys hereby appropriated are to be made available for projects undertaken by mass transit systems other than those mass transit operating agencies which receive money from the metropolitan transportation authority dedicated tax fund (17369729) .....
16,000,000 ..... (re. $125,000)

By chapter 55, section 1, of the laws of 1996, as amended by chapter 55, section 1, of the laws of 2004:

For the payment of the costs of mass transportation capital projects and facilities including replacement of buses meeting federal standards for replacement, related bus equipment and the acquisition, design and construction, including engineering and consulting costs, of mass transit bus garages or other mass transportation projects and facilities approved by the commissioner of transportation in a program of projects. Such funding may be part of a total project of which a portion is federally funded but shall not be used in substitution for the required non-federal matching shares of the federally-funded portion of the project to which it is added. The moneys hereby appropriated are to be made available for projects undertaken by mass transit systems other than those mass transit operating agencies which receive money from the metropolitan transportation authority dedicated tax fund (17369629) .....
12,000,000 ..... (re. $6,000)

DEPARTMENT OF TRANSPORTATION

CAPITAL PROJECTS - REAPPROPRIATIONS 2009-10

Dedicated Highway and Bridge Trust Fund - 072

Rail Service Preservation Purpose

By chapter 55, section 1, of the laws of 2008:
Notwithstanding the provisions of section 89-b of the state finance law, for the construction and improvement of passenger and rail freight projects including, but not limited to, the acquisition, construction, reconstruction, improvement or rehabilitation of any railroad capital facility and any capital improvement used in connection herewith, for contractual agreements entered into for rail passenger service, and for the acquisition of real property or interests in real property required or expected to be required therefor (17150841) ... 20,000,000 ..... (re. $20,000,000)

By chapter 55, section 1, of the laws of 2007:
Notwithstanding the provisions of section 89-b of the state finance law, for the construction and improvement of passenger and rail freight projects including, but not limited to, the acquisition, construction, reconstruction, improvement or rehabilitation of any railroad capital facility and any capital improvement used in connection herewith, for contractual agreements entered into for rail passenger service, and for the acquisition of real property or interests in real property required or expected to be required therefor (17150741) ... 20,000,000 ..... (re. $16,496,000)

By chapter 55, section 1, of the laws of 2006:
Notwithstanding the provisions of section 89-b of the state finance law, for the construction and improvement of passenger and rail freight projects including, but not limited to, the acquisition, construction, reconstruction, improvement or rehabilitation of any railroad capital facility and any capital improvement used in connection herewith, for contractual agreements entered into for rail passenger service, and for the acquisition of real property or interests in real property required or expected to be required therefor (17150641) ... 20,000,000 ..... (re. $12,457,000)

By chapter 55, section 1, of the laws of 2005:
Notwithstanding the provisions of section 89-b of the state finance law, for the construction and improvement of passenger and rail freight projects including, but not limited to, the acquisition, construction, reconstruction, improvement or rehabilitation of any railroad capital facility and any capital improvement used in connection herewith, for contractual agreements entered into for rail passenger service, and for the acquisition of real property or interests in real property required or expected to be required therefor (17150541) ... 20,000,000 ..... (re. $5,072,000)

By chapter 55, section 1, of the laws of 2004:
Notwithstanding the provisions of section 89-b of the state finance law, for the construction and improvement of passenger and rail freight projects including, but not limited to, the acquisition,

construction, reconstruction, improvement or rehabilitation of any railroad capital facility and any capital improvement used in connection herewith, for contractual agreements entered into for rail passenger service, and for the acquisition of real property or interests in real property required or expected to be required therefor (17150441) ... 20,000,000 ..... (re. $9,899,000)

By chapter 55, section 1, of the laws of 2003:

Notwithstanding the provisions of section 89-b of the state finance law, for the construction and improvement of passenger and rail freight projects including, but not limited to, the acquisition, construction, reconstruction, improvement or rehabilitation of any railroad capital facility and any capital improvement used in connection herewith, for contractual agreements entered into for rail passenger service, and for the acquisition of real property or interests in real property required or expected to be required therefor (17150341) ... 20,000,000 ..... (re. $9,639,000)

By chapter 55, section 1, of the laws of 2002:

For the construction and improvement of passenger and rail freight projects including, but not limited to, the acquisition, construction, reconstruction, improvement or rehabilitation of any railroad capital facility and any capital improvement used in connection herewith, and for the acquisition of real property or interests in real property required or expected to be required therefore (17150241) ... 20,000,000 ..... (re. $3,797,000)

By chapter 55, section 1, of the laws of 2000:

For the construction and improvement of passenger and rail freight projects including, but not limited to, the acquisition, construction, reconstruction, improvement or rehabilitation of any railroad capital facility and any capital improvement used in connection herewith, and for the acquisition of real property or interests in real property required or expected to be required therefore (17150041) ... 10,000,000 ..... (re. $2,144,000)

By chapter 55, section 1, of the laws of 1999, as amended by chapter 295, part A, section 1, of the laws of 2001:

For the state share of the construction and improvement of rail freight facilities identified by the department of transportation in a rail freight capital needs survey, including, but not limited to, the acquisition, construction, reconstruction, improvement or rehabilitation of any railroad capital facility and any capital improvement used in connection herewith, and for the acquisition of real property or interests in real property required or expected to be required therefore, in accordance with the following schedule. Project costs funded from this appropriation shall not exceed 80 percent of total project costs. In addition, projects to be funded from this appropriation shall comply with eligibility criteria established in program guidelines to be issued by the commissioner of transportation.

DEPARTMENT OF TRANSPORTATION

CAPITAL PROJECTS - REAPPROPRIATIONS 2009-10

The items shown in the project schedule below shall be for projects with a common purpose and may be interchanged without limitation subject to the approval of the director of the budget (17159941) ... . 13,000,000 ..... (re. $4,471,000)

Federal Capital Projects Fund - 291

Mass Transportation and Rail Freight Purpose

RAIL AND RAPID TRANSIT

By chapter 54, section 1, of the laws of 1993, as added by chapter 259, section 4, of the laws of 1993:
For payment of the federal share of high speed ground transportation projects including high speed conventional rail, very high speed rail and magnetic levitation systems. The moneys hereby appropriated shall be used for the federal share of costs of any program aspect including, but not limited to, research, development, study, demonstration, implementation, operation, real property acquisition, construction, reconstruction, improvement and rehabilitation of any capital facility (17419312) ... . 20,000,000 ..... (re. $12,311,000)

RAIL SERVICE PRESERVATION

By chapter 257, section 8, of the laws of 1975, as amended by chapter 54, section 5, of the laws of 1982:
The sum of fifty million dollars ($50,000,000) or so much thereof as may be necessary to accomplish the purpose designated, is hereby appropriated to the department of transportation from the capital projects fund in accordance with section ninety-three of the state finance law for payment by the state of the share of the federal government for acquisition, construction, reconstruction, improvement or rehabilitation by the state or a municipality of any railroad capital facility and any capital equipment used in connection therewith and for branch line operation and maintenance costs pursuant to the provisions of section fourteen-d or article ten-a of the transportation law (01393212) ... . (re. $7,265,000)

MASS TRANSPORTATION AND RAIL FREIGHT--BONDABLE (CCP)

Capital Projects Fund - Infrastructure Renewable (Bondable)

Omnibus and Transit Bondable Purpose

By chapter 54, section 1, of the laws of 1990:
For payment to the department of transportation pursuant to the provisions of the rebuild New York through transportation infrastructure renewal bond act of 1983, for state aid to the Niagara Frontier Transportation Authority for the preparation of designs, plans, specifications and estimates, for the acquisition, construction, reconstruction and improvement of mass transportation

capital projects including the acquisition of real property and liabilities incurred prior to April 1, 1990 (17199040) ..... 1,840,000 ..... (re. $19,000)

By chapter 54, section 1, of the laws of 1988:

For payment to the department of transportation pursuant to the provisions of the rebuild New York through transportation infrastructure renewal bond act of 1983, for state aid to municipal corporations for the preparation of designs, plans, specifications and estimates, for the acquisition, construction, reconstruction and improvement of mass transportation capital projects including the acquisition of real property and liabilities incurred prior to April 1, 1988, in accordance with the schedule shown below. The items shown in the project schedule below shall be for projects with a common purpose and may be interchanged without limitation subject to the approval of the director of the budget.

Prior to requesting approval of a certificate of approval of availability for the moneys hereby appropriated, the commissioner of transportation shall certify that each project progressed under the program listed in the schedule below has received federal approval and the federally authorized level of financial assistance (17198840) ... . 10,045,000 ..... (re. $860,000)

By chapter 54, section 1, of the laws of 1986:

For payment to the department of transportation pursuant to the provisions of the rebuild New York through transportation infrastructure renewal bond act of 1983, for state aid to municipal corporations for the preparation of designs, plans, specifications and estimates, for the acquisition, construction, reconstruction and improvement of mass transportation capital projects including the acquisition of real property and liabilities incurred prior to April one, nineteen hundred eighty-six, in accordance with the schedule shown below. The items shown in the project schedule below shall be for projects with a common purpose and may be interchanged without limitation subject to the approval of the director of the budget.

Prior to requesting approval of a certificate of approval of availability for the moneys hereby appropriated, the commissioner shall certify that each omnibus project progressed under the program listed in the schedule below has received federal approval and the federally authorized level of financial assistance (17198640) ... . 5,800,000 ..... (re. $316,000)

By chapter 54, section 1, of the laws of 1984, as amended by chapter 54, section 3, of the laws of 1986:

For payment to the department of transportation pursuant to the provisions of the rebuild New York through transportation infrastructure renewal bond act of 1983, notwithstanding any inconsistent provisions of law: (1) on behalf of the Niagara Frontier Transportation Authority to the extent needed to match federal funds to finance the state share of construction of the Buffalo light rail rapid transit (LRRT) project including the acquisition of real property and to match local funds for the acquisition of property for a

possible Tonawanda extension of the Buffalo light rail rapid transit system and, (2) for state aid to municipal corporations for the acquisition, construction, reconstruction and improvement of Mass Transportation Omnibus projects including the acquisition of real property, in accordance with the following schedule.

No part of this appropriation shall be available until the commissioner of transportation shall certify to the director of the budget that the federal share of costs has been approved for the purposes authorized and that the local share is available for the acquisition of property for a possible Tonawanda extension of the Buffalo light rail rapid transit system.

The moneys hereby appropriated, when made available pursuant to a certificate of approval of availability issued by the director of the budget, shall be paid from the state treasury on the warrant of the state comptroller on vouchers approved by the commissioner of transportation (17148440) ... . (re. $930,000)

Rail Service Preservation Purpose

By chapter 54, section 1, of the laws of 1994:

For payment of the state share of the costs of acquisition, construction, reconstruction, improvement or rehabilitation of any railroad capital facility and any capital improvement used in connection therewith, for the acquisition of real property or interests in real property required or expected to be required therefore, pursuant to the rebuild New York through Transportation Infrastructure Renewal Bond Act of 1983 notwithstanding any inconsistent provisions of law and pursuant to the provisions of section 14-d of the transportation law and including all costs incidental thereto (17159441) ... 1,390,000 ..... (re. $89,000)

By chapter 54, section 1, of the laws of 1984, as amended by chapter 54, section 3, of the laws of 1985:

For payment of the state share of the costs of the acquisition, construction, reconstruction, improvement or rehabilitation of any railroad capital facility and any capital improvement used in connection therewith, for the acquisition of real property or interests in real property required or expected to be required therefor, pursuant to rebuild New York through the transportation bond act of 1983 notwithstanding any inconsistent provisions of law and pursuant to the provisions of section fourteen-d of the transportation law, as the commissioner may elect for the purpose of improving freight service, and including all costs incidental thereto in accordance with the following schedule (17158441) ... . (re. $339,000)

Mass Transportation and Rail Freight Purpose

RAIL AND RAPID TRANSIT

By chapter 998, section 4, of the laws of 1983, as amended by chapter 54, section 3, of the laws of 1984:

For the cost of the preparation of designs, plans, specifications and estimates and for the acquisition of property and rehabilitation projects, for railroad capital facilities, mass transportation capital projects, excluding projects of the New York city transit authority, its subsidiaries, and the commuter railroads under the jurisdiction of the metropolitan transportation authority, notwithstanding any inconsistent provisions of law provided however that all such costs shall be made pursuant to the provisions of the rebuild New York through transportation infrastructure renewal bond act of 1983 and such costs shall be reimbursed from the infrastructure renewal bond fund (03064812) ..... (re. $178,000)

MULTI-MODAL (CCP)

Dedicated Highway and Bridge Trust Fund - 072

Multi-Modal Purpose

By chapter 55, section 1, of the laws of 2000:
For the cost of multi-modal projects designated as part of the multi-modal program established by section 14-k of the transportation law and in accordance with a memorandum of understanding among the governor, the majority leader of the senate, and the speaker of the assembly, or their designees (17M100MR) .....
150,000,000 ..... (re. $44,841,000)

MUNICIPAL HIGHWAY - RAILROAD CROSSING ALTERATIONS (CCP)

Dedicated Highway and Bridge Trust Fund - 072

Railroad Crossing Alteration Purpose

By chapter 54, section 1, of the laws of 1988:
For payment of the state share of the cost of the reconstruction or removal of existing highway-railway grade crossing or grade separation structures, pursuant to the provisions of section 91 of the railroad law, and in accordance with the schedule below (17108826)
... . 1,700,000 ..... (re. $443,000)

By chapter 54, section 1, of the laws of 1986:
For payment of the state share of the cost of the reconstruction or removal of existing highway-railway grade crossing or grade separation structures, pursuant to the provisions of section ninety-one of the railroad law, and in accordance with the schedule below. Project costs funded from this appropriation may include, but shall not be limited to, preliminary planning and feasibility studies; survey and design; acquisition of property; reconstruction and removal; materials testing; the contract engineering services provided by private firms; and the payment of liabilities incurred prior to April one, nineteen hundred eighty-six.
Prior to requesting approval of a certificate of approval of availability for the moneys hereby appropriated, the commissioner of

transportation shall certify that he has applied for and made reasonable efforts to secure federal assistance for each project authorized herein. Any such federal assistance received shall be used to reduce the total project cost prior to the calculation of the state and local shares in accordance with section ninety-one of the railroad law.

The items shown in the project schedule below shall be for projects with a common purpose and may be interchanged without limitation subject to the approval of the director of the division of the budget (17108626) ... . 2,500,000 ..... (re. $1,125,000)

NEW YORK STATE AGENCY FUND (CCP)

Fiduciary Funds / Capital Projects
Border Crossing Studies and Activities Accounts - 169

Highway Facilities Purpose

By chapter 55, section 1, of the laws of 2002:
For that portion of liabilities incurred by the department of transportation on behalf of entities other than state departments or agencies pursuant to the highway law or transportation law for border crossing studies and activities (17500211) .....
2,000,000 ..... (re. $2,000,000)

Fiduciary Funds / Capital Projects
Highway Costs Improvement Accounts - 169

Non-Federal Aided Highway Purpose

By chapter 55, section 1, of the laws of 2008:
For that portion of liabilities incurred by the department of transportation on behalf of entities other than state departments or agencies pursuant to the highway law or transportation law (17500822) ... 50,000,000 ..... (re. $49,633,000)

By chapter 55, section 1, of the laws of 2007:
For that portion of liabilities incurred by the department of transportation on behalf of entities other than state departments or agencies pursuant to the highway law or transportation law (17500722) ... 50,000,000 ..... (re. $35,841,000)

By chapter 55, section 1, of the laws of 2006:
For that portion of liabilities incurred by the department of transportation on behalf of entities other than state departments or agencies pursuant to the highway law or transportation law (17500622) ... 50,000,000 ..... (re. $41,003,000)

By chapter 55, section 1, of the laws of 2005:
For that portion of liabilities incurred by the department of transportation on behalf of entities other than state departments or

agencies pursuant to the highway law or transportation law (17500522) ... 50,000,000 ..... (re. $38,042,000)

By chapter 55, section 1, of the laws of 2004:
For that portion of liabilities incurred by the department of transportation on behalf of entities other than state departments or agencies pursuant to the highway law or transportation law (17500422) ... 50,000,000 ..... (re. $15,630,000)

By chapter 55, section 1, of the laws of 2003:
For that portion of liabilities incurred by the department of transportation on behalf of entities other than state departments or agencies pursuant to the highway law or transportation law (17500322) ... 50,000,000 ..... (re. $37,619,000)

By chapter 55, section 1, of the laws of 2002:
For that portion of liabilities incurred by the department of transportation on behalf of entities other than state departments or agencies pursuant to the highway law or transportation law (17500222) ... 50,000,000 ..... (re. $14,504,000)

By chapter 55, section 1, of the laws of 2001:
For that portion of liabilities incurred by the department of transportation on behalf of entities other than state departments or agencies pursuant to the highway law or transportation law (17500122) ... 50,000,000 ..... (re. $19,453,000)

By chapter 55, section 1, of the laws of 2000:
For that portion of liabilities incurred by the department of transportation on behalf of entities other than state departments or agencies pursuant to the highway law or transportation law (17500022) ... 50,000,000 ..... (re. $21,048,000)

By chapter 55, section 1, of the laws of 1999:
For that portion of liabilities incurred by the department of transportation on behalf of entities other than state departments or agencies pursuant to the highway law or transportation law (17509922) ... 50,000,000 ..... (re. $14,528,000)

NON-FEDERALLY AIDED HIGHWAY CAPITAL PROJECTS (CCP)

Capital Projects Fund - 002

Highway Maintenance Purpose

By chapter 55, section 1, of the laws of 2007:
For the payment of the costs of diesel emissions reduction activities and equipment, including but not limited to retrofit and acquisition of low emission vehicles and equipment to achieve the maximum environmental benefit in non-attainment areas as designated by the United States environmental protection agency in accordance with the clean air act (170807HM) ... 3,000,000 ..... (re. $3,000,000)

DEPARTMENT OF TRANSPORTATION

CAPITAL PROJECTS - REAPPROPRIATIONS 2009-10

Dedicated Highway and Bridge Trust Fund - 072

Non-Federal Aided Highway Purpose

By chapter 55, section 1, of the laws of 2008:

For the payment of the costs, including the payment of liabilities incurred prior to April 1, 2008, of state highways, parkways, bridges, the New York State Thruway, Indian reservation roads, and facilities for which the responsibility is vested with the state department of transportation including work appurtenant and ancillary thereto, the cost of administrative services of the department of transportation and the cost of services provided by private firms; including the costs of preventive maintenance on state roads and bridges as defined in paragraph (a) of subdivision 1 of section 10-d of the highway law for contractual preventive maintenance services provided by private firms; and including but not limited to the preparation of designs, plans, specifications and estimates; construction management and supervision, and appraisals, surveys, testing and environmental impact statements for transportation projects. Project costs funded from this appropriation may include but shall not be limited to construction, reconstruction, reconditioning and preservation, preventive maintenance, and the acquisition of property.

With the approval of the director of the budget, the commissioner of transportation is authorized to enter into agreements with any municipality to finance local bridge projects through state non-federally aided highway funds appropriated herein when the use of federal aid funds for such local bridge projects would not be cost effective and the federal aid and state matching funds saved as a result of the use of nonfederal aid funds for local bridge projects are made available for bridge projects on the state highway system. The total amount of non-federally aided highway funds made available for local bridge projects from this appropriation shall not exceed $2,500,000 in state fiscal year 2008-09.

The items shown in the schedule below shall be for projects with a common purpose and may be interchanged without limitation subject to the approval of the director of the budget (17020822) ..... 539,352,000 ..... (re. $507,245,000)

For the payment of the costs, including the payment of liabilities incurred prior to April 1, 1999, of state highways, parkways, bridges, the New York State Thruway, Indian reservation roads, and facil-

ities for which the responsibility is vested with the state department of transportation including work appurtenant and ancillary thereto and the payment of reimbursements to the engineering services fund for the cost of administrative services of the department of transportation and the cost of services provided by private firms, including but not limited to the preparation of designs, plans, specifications and estimates; construction management and supervision; and appraisals, surveys, testing and environmental impact statements for transportation projects. Project costs funded from this appropriation may include but shall not be limited to construction, reconstruction, reconditioning and preservation, and the acquisition of property.

With the approval of the director of the budget, the commissioner of transportation is authorized to enter into agreements with any municipality to finance local bridge projects through state non-federally aided highway funds appropriated herein when the use of federal aid funds for such local bridge projects would not be cost effective and the federal aid and state matching funds saved as a result of the use of nonfederal aid funds for local bridge projects are made available for bridge projects on the state highway system. The total amount of non-federally aided highway funds made available for local bridge projects from this appropriation shall not exceed $2,500,000 in state fiscal year 1999-2000 (17029922) ..... 845,000,000 ..... (re. $9,785,000)

By chapter 55, section 1, of the laws of 1999, as amended by chapter 55, section 1, of the laws of 2003 and as supplemented by certificate of transfer issued pursuant to the provisions of section 93 of the state finance law as amended:

For the payment of the costs, including the payment of liabilities incurred prior to April 1, 1999, of state highways, parkways, bridges, the New York State Thruway, Indian reservation roads, and facilities for which the responsibility is vested with the state department of transportation including work appurtenant and ancillary thereto and the payment of reimbursements to the engineering services fund for the cost of administrative services of the department of transportation and the cost of services provided by private firms, including but not limited to the preparation of designs, plans, specifications and estimates; construction management and supervision; and appraisals, surveys, testing and environmental impact statements for transportation projects. Project costs funded from this appropriation may include but shall not be limited to construction, reconstruction, reconditioning and preservation, and the acquisition of property (17039922) ..... 151,332,000 ..... (re. $1,000)

By chapter 55, section 1, of the laws of 1999, as amended by chapter 55, section 1, of the laws of 2003:

For the payment of costs, including the payment of liabilities incurred prior to April 1, 1999, of preventive maintenance on state roads and bridges as defined in paragraph (a) of subdivision 1 of section 10-d of the highway law including personal services, nonper-

sonal services, fringe benefits and the contractual services provided by private firms (17049922) ..... 346,818,000 ..... (re. $680,000)

By chapter 55, section 1, of the laws of 1998, as amended by chapter 55, section 1, of the laws of 2003, and as supplemented by certificate of transfer issued pursuant to the provisions of section 93 of the state finance law as amended:

For the payment of the costs, including the payment of liabilities incurred prior to April 1, 1998, of state highways, parkways, bridges, the New York State Thruway, Indian reservation roads, and facilities for which the responsibility is vested with the state department of transportation including work appurtenant and ancillary thereto and the payment of reimbursements to the engineering services fund for the cost of administrative services of the department of transportation and the cost of services provided by private firms, including but not limited to the preparation of designs, plans, specifications and estimates; construction management and supervision; and appraisals, surveys, testing and environmental impact statements for transportation projects (17029822) ..... 1,165,139,000 ..... (re. $13,722,000)

For the payment of costs, including the payment of liabilities incurred prior to April 1, 1998, of preventive maintenance on state roads and bridges as defined in paragraph (a) of subdivision 1 of section 10-d of the highway law including personal services, nonpersonal services, fringe benefits and the contractual services provided by private firms (17049822) ..... 345,011,000 ..... (re. $2,959,000)

By chapter 55, section 1, of the laws of 1997, as amended by chapter 55, section 1, of the laws of 2007:

For the payment of the costs, including the payment of liabilities incurred prior to April 1, 1997, of state highways, parkways, bridges, the New York State Thruway, Indian reservation roads, and facilities for which the responsibility is vested with the state department of transportation including work appurtenant and ancillary thereto and the payment of reimbursements to the engineering services fund for the cost of administrative services of the department of transportation and the cost of services provided by private firms, including but not limited to the preparation of designs, plans, specifications and estimates; construction management and supervision; and appraisals, surveys, testing and environmental impact statements for transportation projects. Project costs funded from this appropriation may include but shall not be limited to construction, reconstruction, reconditioning and preservation, and the acquisition of property.

With the approval of the director of the budget, the commissioner of transportation is authorized to enter into agreements with any municipality to finance local bridge projects through state nonfederally aided highway funds appropriated herein when the use of federal aid funds for such local bridge projects would not be cost effective and the federal aid and state matching funds saved as a result of the

use of nonfederal aid funds for local bridge projects are made available for bridge projects on the state highway system. The total amount of non-federally aided highway funds made available for local bridge projects from this appropriation shall not exceed $2,500,000 in state fiscal year 1997-98 (17029722) ..... 915,748,000 ..... (re. $8,441,000)

By chapter 55, section 1, of the laws of 1997, as amended by chapter 55, section 1, of the laws of 2007:

For the payment of costs, including the payment of liabilities incurred prior to April 1, 1997, of preventive maintenance on state roads and bridges as defined in paragraph (a) of subdivision 1 of section 10-d of the highway law including personal services, nonpersonal services, fringe benefits and the contractual services provided by private firms.

The items shown in the project schedule below shall be for projects with a common purpose and may be interchanged without limitation subject to the approval of the director of the budget (17049722) ... . 278,668,000 ..... (re. $2,377,000)

By chapter 55, section 1, of the laws of 1996, as amended by chapter 295, part A, section 1, of the laws of 2001 and as supplemented by certificate of transfer issued pursuant to the provisions of section 93 of the state finance law as amended:

For the payment of the costs, including the payment of liabilities incurred prior to April 1, 1996, of state highways, parkways, bridges, the New York State Thruway, Indian reservation roads, and facilities for which the responsibility is vested with the state department of transportation including work appurtenant and ancillary thereto and the payment of reimbursements to the engineering services fund for the cost of administrative services of the department of transportation and the cost of services provided by private firms, including but not limited to the preparation of designs, plans, specifications and estimates; construction management and supervision; and appraisals, surveys, testing and environmental impact statements for transportation projects (17029622) ... . 779,430,000 ..... (re. $4,486,000)

By chapter 55, section 1, of the laws of 1996, as amended by chapter 295, part A, section 1, of the laws of 2001:

For the payment of costs, including the payment of liabilities incurred prior to April 1, 1996, of preventive maintenance on state roads and bridges as defined in paragraph (a) of subdivision 1 of section 10-d of the highway law including personal services, nonpersonal services, fringe benefits and the contractual services provided by private firms (17049622) ... . 256,099,000 ..... (re. $877,000)

By chapter 54, section 1, of the laws of 1995, as amended by chapter 55, section 1, of the laws of 2003 as supplemented by certificate of transfer issued pursuant to the provisions of section 93 of the state finance law as amended:

For the payment of the costs, including the payment of liabilities incurred prior to April 1, 1995, of state highways, parkways, bridges, the New York State Thruway, Indian reservation roads, and facilities for which the responsibility is vested with the state department of transportation including work appurtenant and ancillary thereto and the payment of reimbursements to the engineering services fund for the cost of administrative services of the department of transportation and the cost of services provided by private firms, including but not limited to the preparation of designs, plans, specifications and estimates; construction management and supervision; and appraisals, surveys, testing and environmental impact statements for transportation projects. Project costs funded from this appropriation may include but shall not be limited to construction, reconstruction, reconditioning and preservation, and the acquisition of property.

With the approval of the director of the budget, the commissioner of transportation is authorized to enter into agreements with any municipality to finance local bridge projects through state non-federally aided highway funds appropriated herein when the use of federal aid funds for such local bridge projects would not be cost effective and the federal aid and state matching funds saved as a result of the use of non-federal aid funds for local bridge projects are made available for bridge projects on the state highway system. The total amount of non-federally aided highway funds made available for local bridge projects from this appropriation shall not exceed $2,500,000 in state fiscal year 1995-96 (17029522) .....
880,323,000 ..... (re. $22,594,000)

By chapter 54, section 1, of the laws of 1995, as amended by chapter 55, section 1, of the laws of 2003:

For the payment of costs, including the payment of liabilities incurred prior to April 1, 1995, of preventive maintenance on state roads and bridges as defined in paragraph (a) of subdivision 1 of section 10-d of the highway law including personal services, nonpersonal services, fringe benefits and the contractual services provided by private firms (17049522) .....
223,595,000 ..... (re. $154,000)

By chapter 54, section 1, of the laws of 1994, as amended by chapter 55, section 1, of the laws of 1996, and as supplemented by certificate of transfer issued pursuant to the provisions of section 93 of the state finance law as amended:

For the payment of the costs, including the payment of liabilities incurred prior to April 1, 1994, of state highways, parkways, bridges, the New York State Thruway, Indian reservation roads, and facilities for which the responsibility is vested with the state department of transportation including work appurtenant and ancillary thereto and the payment of reimbursements to the engineering services fund for the cost of administrative services of the department of transportation and the cost of services provided by private firms, including but not limited to the preparation of designs, plans, specifications and estimates; construction management and

supervision; and appraisals, surveys, testing and environmental impact statements for transportation projects. Project costs funded from this appropriation may include but shall not be limited to construction, reconstruction, reconditioning and preservation, and the acquisition of property.

With the approval of the director of the budget, the commissioner of transportation is authorized to enter into agreements with any municipality to finance local bridge projects through state non-federally aided highway funds appropriated herein when the use of federal aid funds for such local bridge projects would not be cost effective and the federal aid and state matching funds saved as a result of the use of non-federal aid funds for local bridge projects are made available for bridge projects on the state highway system. The total amount of non-federally aided highway funds made available for local bridge projects from this appropriation shall not exceed $2,500,000 in state fiscal year 1994-95 (17029422) ... . 1,095,524,000 ..... (re. $169,269,000)

By chapter 54, section 1, of the laws of 1993, as amended by chapter 295, part A, section 1, of the laws of 2001 and as supplemented by certificate of transfer issued pursuant to the provisions of section 93 of the state finance law as amended:

For the payment of the costs, including the payment of liabilities incurred prior to April 1, 1993, of state highways, parkways, bridges, the New York State Thruway, Indian reservation roads, and facilities for which the responsibility is vested with the state department of transportation including work appurtenant and ancillary thereto. Project costs funded from this appropriation may include but shall not be limited to construction, reconstruction, reconditioning and preservation, and the acquisition of property.

With the approval of the director of the budget, the commissioner of transportation is authorized to enter into agreements with any municipality to finance local bridge projects through state non-federally aided highway funds appropriated herein when the use of federal aid funds for such local bridge projects would not be cost effective. Federal aid and state matching funds saved as a result of the use of non-federal aid funds for local bridge projects shall be made available for bridge projects on the state highway system. The total amount of non-federally aided highway funds made available to local bridge projects shall not exceed $2,500,000 in state fiscal year 1993-94.

For the payment of reimbursements to the engineering services fund for the cost of administrative services of the department of transportation and the cost of services provided by private firms, including but not limited to the preparation of designs, plans, specifications and estimates; construction management and supervision; and appraisals, surveys, testing and environmental impact statements for transportation projects (17029322) ... . 1,042,787,000 ..... (re. $5,143,000)

By chapter 54, section 1, of the laws of 1992:

DEPARTMENT OF TRANSPORTATION

CAPITAL PROJECTS - REAPPROPRIATIONS 2009-10

For the payment of the costs, including the payment of liabilities incurred prior to April 1, 1992, of state highways, parkways, bridges, the New York State Thruway, Indian reservation roads, and facilities for which the responsibility is vested with the state department of transportation including work appurtenant and ancillary thereto. Project costs funded from this appropriation may include but shall not be limited to construction, reconstruction, reconditioning and preservation, and the acquisition of property.

With the approval of the director of the budget, the commissioner of transportation is authorized to enter into agreements with any municipality to finance local bridge projects through state non-federally aided highway funds appropriated herein when the use of federal aid funds for such local bridge projects would not be cost effective. Federal aid and state matching funds saved as a result of the use of non-federal aid funds for local bridge projects shall be made available for bridge projects on the state highway system. The total amount of non-federally aided highway funds made available to local bridge projects shall not exceed $2,500,000 in state fiscal year 1992-93.

For the payment of reimbursements to the engineering services fund for the cost of the contract services provided by private firms, including but not limited to the preparation of designs, plans, specifications and estimates; construction management and supervision; and appraisals, surveys, testing and environmental impact statements for transportation projects (17029222) ... . 208,855,000 ..... (re. $42,132,000)

Highway Maintenance Purpose

The appropriation made by chapter 55, section 1, of the laws of 2008, as supplemented by certificate of transfer, is hereby amended and reappropriated to read:

For the payment of costs, including the payment of liabilities incurred prior to April 1, 2008, of snow and ice control on state highways and preventive maintenance on state roads and bridges as defined in paragraph (a) of subdivision 1 of section 10-d of the highway law, including personal services, nonpersonal services, fringe benefits and contractual services provided by private firms and municipalities.

The items shown in the schedule below shall be for projects with a common purpose and may be interchanged without limitation subject to the approval of the director of the budget (170408HM) ..... [579,791,000] 602,004,000 ..... (re. $488,678,000)

PERSONAL SERVICE

Personal service--regular	[196,583,000] 218,796,000
Temporary service	2,259,000
Holiday/overtime compensation ...	27,392,000

Amount available for person-

al service ..... [226,234,000] 248,447,000

NONPERSONAL SERVICE

Supplies and materials	118,595,000
Travel	1,435,000
Contractual services	77,787,000

By chapter 55, section 1, of the laws of 2006, as amended by chapter 55, section 1, of the laws of 2007:
For the payment of costs, including the payment of liabilities incurred prior to April 1, 2006, of snow and ice control on state highways and preventive maintenance on state roads and bridges as defined in paragraph (a) of subdivision 1 of section 10-d of the highway law, including personal services, nonpersonal services, fringe benefits and contractual services provided by private firms and municipalities.
The items shown in the schedule below shall be for projects with a common purpose and may be interchanged without limitation subject to the approval of the director of the budget (170406HM) ... . 528,118,000 ..... (re. $5,766,000)

By chapter 55, section 1, of the laws of 2005, as amended by chapter 55, section 1, of the laws of 2007:
For the payment of costs, including the payment of liabilities incurred prior to April 1, 2005, of snow and ice control on state highways and preventive maintenance on state roads and bridges as defined in paragraph (a) of subdivision 1 of section 10-d of the highway law, including personal services, nonpersonal services, fringe benefits and contractual services provided by private firms and municipalities. Such costs shall not include the costs of vehicles under 8,500 pounds without the prior approval of the director of the budget.
The items shown in the schedule below shall be for projects with a common purpose and may be interchanged without limitation subject to the approval of the director of the budget(170405HM) ... . 479,947,000 ..... (re. $4,132,000)

Industrial Access Purpose

By chapter 55, section 1, of the laws of 2006, as added by chapter 108, section 5, of the laws of 2006:
For the construction or improvement of highway, bridge and rail freight projects related to industrial access, including the acquisition of property and the payment of liabilities incurred prior to April 1, 2006. For the cost of the contract services provided by private firms, including but not limited to the preparation of designs, plans, specifications and estimates; construction management and supervision; and appraisals, surveys, testing and environmental impact statements for transportation projects. No funds shall be allocated for such purposes until the commissioner of transportation enters into an agreement subject to the approval of the director of the budget with any public or private entity for the repayment of 40 percent of each project's costs disbursed from such

funds. Such agreement shall require repayment within 5 years of the date of acceptance of the project by the department of transportation except that the repayment may occur over a period of up to 10 years when total project costs exceed $1,000,000. All projects must be approved by the director of the budget prior to the obligation of the moneys so appropriated. The moneys so appropriated shall be made available pursuant to rules and regulations promulgated by the commissioner of transportation establishing the maximum amount of assistance to be provided for each project and the information that must be provided by the entity requesting assistance, establishing criteria for providing assistance from the moneys so appropriated and including standards for receiving of assistance including but not limited to the number of jobs created or maintained by the transportation improvement. Of such appropriation $3,600,000 shall be available for the payment of the cost of projects as set forth in a memorandum of understanding between the majority leader of the senate and the speaker of the assembly or their designees. Notwithstanding any inconsistent provision of law, the commissioner of transportation may waive the requirement to repay 40 percent of the cost of a project provided that private funds are dedicated to the cost of such industrial access project and related economic development for at least 40 percent of the total cost of the industrial access project and related economic development and the industrial access portion of such project's cost is greater than $2,000,000 (17060679) ... 9,000,000 ..... (re. $9,000,000)

By chapter 55, section 1, of the laws of 2005:

For the construction or improvement of highway, bridge and rail freight projects related to industrial access, including the acquisition of property and the payment of liabilities incurred prior to April 1, 2005. For the cost of the contract services provided by private firms, including but not limited to the preparation of designs, plans, specifications and estimates; construction management and supervision; and appraisals, surveys, testing and environmental impact statements for transportation projects. No funds shall be allocated for such purposes until the commissioner of transportation enters into an agreement subject to the approval of the director of the budget with any public or private entity for the repayment of 40 percent of each project's costs disbursed from such funds. Such agreement shall require repayment within 5 years of the date of acceptance of the project by the department of transportation except that the repayment may occur over a period of up to 10 years when total project costs exceed $1,000,000. All projects must be approved by the director of the budget prior to the obligation of the moneys so appropriated.

The moneys so appropriated shall be made available pursuant to rules and regulations promulgated by the commissioner of transportation establishing the maximum amount of assistance to be provided for each project and the information that must be provided by the entity requesting assistance, establishing criteria for providing assistance from the moneys so appropriated and including standards for

receiving of assistance including but not limited to the number of jobs created or maintained by the transportation improvement.

Of such appropriation $3,600,000 shall be available for the payment of the costs of projects as set forth in a memorandum of understanding between the majority leader of the senate and the speaker of the assembly or their designees.

Notwithstanding any inconsistent provision of law, the commissioner of transportation may waive the requirement to repay 40 percent of the cost of a project provided that private funds are dedicated to the cost of such industrial access project and related economic development for at least 40 percent of the total cost of the industrial access project and related economic development and the industrial access portion of such project's cost is greater than $2,000,000 (17060579) ... 9,000,000 ..... (re. $9,000,000)

By chapter 55, section 1, of the laws of 2004:

For the construction or improvement of highway, bridge and rail freight projects related to industrial access, including the acquisition of property and the payment of liabilities incurred prior to April 1, 2004. For the cost of the contract services provided by private firms, including but not limited to the preparation of designs, plans, specifications and estimates; construction management and supervision; and appraisals, surveys, testing and environmental impact statements for transportation projects. No funds shall be allocated for such purposes until the commissioner of transportation enters into an agreement subject to the approval of the director of the budget with any public or private entity for the repayment of 40 percent of each project's costs disbursed from such funds. Such agreement shall require repayment within 5 years of the date of acceptance of the project by the department of transportation except that the repayment may occur over a period of up to 10 years when total project costs exceed $1,000,000. All projects must be approved by the director of the budget prior to the obligation of the moneys so appropriated.

The moneys so appropriated shall be made available pursuant to rules and regulations promulgated by the commissioner of transportation establishing the maximum amount of assistance to be provided for each project and the information that must be provided by the entity requesting assistance, establishing criteria for providing assistance from the moneys so appropriated and including standards for receiving of assistance including but not limited to the number of jobs created or maintained by the transportation improvement.

Notwithstanding any inconsistent provision of law, the commissioner of transportation may waive the requirement to repay 40 percent of the cost of a project provided that private funds are dedicated to the cost of such industrial access project and related economic development for at least 40 percent of the total cost of the industrial access project and related economic development and the industrial access portion of such project's cost is greater than $2,000,000 (17060479) ... 9,000,000 ..... (re. $8,266,000)

By chapter 55, section 1, of the laws of 2003:

For the construction or improvement of highway, bridge and rail freight projects related to industrial access, including the acquisition of property and the payment of liabilities incurred prior to April 1, 2003. For the cost of the contract services provided by private firms, including but not limited to the preparation of designs, plans, specifications and estimates; construction management and supervision; and appraisals, surveys, testing and environmental impact statements for transportation projects. No funds shall be allocated for such purposes until the commissioner of transportation enters into an agreement subject to the approval of the director of the budget with any public or private entity for the repayment of 40 percent of each project's costs disbursed from such funds. Such agreement shall require repayment within 5 years of the date of acceptance of the project by the department of transportation except that the repayment may occur over a period of up to 10 years when total project costs exceed $1,000,000. All projects must be approved by the director of the budget prior to the obligation of the moneys so appropriated.

The moneys so appropriated shall be made available pursuant to rules and regulations promulgated by the commissioner of transportation establishing the maximum amount of assistance to be provided for each project and the information that must be provided by the entity requesting assistance, establishing criteria for providing assistance from the moneys so appropriated and including standards for receiving of assistance including but not limited to the number of jobs created or maintained by the transportation improvement.

Notwithstanding any inconsistent provision of law, the commissioner of transportation may waive the requirement to repay 40 percent of the cost of a project provided that private funds are dedicated to the cost of such industrial access project and related economic development for at least 40 percent of the total cost of the industrial access project and related economic development and the industrial access portion of such project's cost is greater than $2,000,000 (17060379) ... 9,000,000 ..... (re. $4,649,000)

By chapter 55, section 1, of the laws of 2002:

For the construction or improvement of highway, bridge and rail freight projects related to industrial access, including the acquisition of property and the payment of liabilities incurred prior to April 1, 2002. For the payment of reimbursements to the engineering services fund for the cost of the contract services provided by private firms, including but not limited to the preparation of designs, plans, specifications and estimates; construction management and supervision; and appraisals, surveys, testing and environmental impact statements for transportation projects. No funds shall be allocated for such purposes until the commissioner of transportation enters into an agreement subject to the approval of the director of the budget with any public or private entity for the repayment of 40 percent of each project's costs disbursed from such funds. Such agreement shall require repayment within 5 years of the date of acceptance of the project by the department of transportation except that the repayment may occur over a period of up to 10

years when total project costs exceed $1,000,000. All projects must be approved by the director of the budget prior to the obligation of the moneys so appropriated.

The moneys so appropriated shall be made available pursuant to rules and regulations promulgated by the commissioner of transportation establishing the maximum amount of assistance to be provided for each project and the information that must be provided by the entity requesting assistance, establishing criteria for providing assistance from the moneys so appropriated and including standards for receiving of assistance including but not limited to the number of jobs created or maintained by the transportation improvement.

Notwithstanding any inconsistent provision of law, the commissioner of transportation may waive the requirement to repay 40 percent of the cost of a project provided that private funds are dedicated to the cost of such industrial access project and related economic development for at least 40 percent of the total cost of the industrial access project and related economic development and the industrial access portion of such project's cost is greater than $2,000,000

(17060279) ... 9,000,000 ..... (re. $1,015,000)

For the construction or improvement of highway, bridge and rail freight projects related to industrial access, including the acquisition of property and the payment of liabilities incurred prior to April 1, 2002. For the payment of reimbursements to the engineering services fund for the cost of the contract services provided by private firms, including but not limited to the preparation of designs, plans, specifications and estimates; construction management and supervision; and appraisals, surveys, testing and environmental impact statements for transportation projects. No funds shall be allocated for such purposes until the commissioner of transportation enters into an agreement subject to the approval of the director of the budget with any public or private entity for the repayment of 40 percent of each project's costs disbursed from such funds. Such agreement shall require repayment within 5 years of the date of acceptance of the project by the department of transportation except that the repayment may occur over a period of up to 10 years when total project costs exceed $1,000,000. All projects must be approved by the director of the budget prior to the obligation of the moneys so appropriated.

The moneys so appropriated shall be made available pursuant to rules and regulations promulgated by the commissioner of transportation establishing the maximum amount of assistance to be provided for each project and the information that must be provided by the entity requesting assistance, establishing criteria for providing assistance from the moneys so appropriated and including standards for receiving of assistance including but not limited to the number of jobs created or maintained by the transportation improvement.

For the payment of the costs of projects from this appropriation as set forth in a memorandum of understanding between the majority leader of the senate and the speaker of the assembly or their designee.

Notwithstanding any inconsistent provision of law, the commissioner of transportation may waive the requirement to repay 40 percent of the

cost of a project provided that private funds are dedicated to the cost of such industrial access project and related economic development for at least 40 percent of the total cost of the industrial access project and related economic development and the industrial access portion of such project's cost is greater than $2,000,000 (17070279) ... 6,000,000 ..... (re. $6,000,000)

By chapter 55, section 1, of the laws of 2000:

For the construction or improvement of highway, bridge and rail freight projects related to industrial access, including the acquisition of property and the payment of liabilities incurred prior to April 1, 2000. For the payment of reimbursements to the engineering services fund for the cost of the contract services provided by private firms, including but not limited to the preparation of designs, plans, specifications and estimates; construction management and supervision; and appraisals, surveys, testing and environmental impact statements for transportation projects. No funds shall be allocated for such purposes until the commissioner of transportation enters into an agreement subject to the approval of the director of the budget with any public or private entity for the repayment of 40 percent of each project's costs disbursed from such funds. Such agreement shall require repayment within 5 years of the date of acceptance of the project by the department of transportation except that the repayment may occur over a period of up to 10 years when total project costs exceed $1,000,000. All projects must be approved by the director of the budget prior to the obligation of the moneys so appropriated.

The moneys so appropriated shall be made available pursuant to rules and regulations promulgated by the commissioner of transportation establishing the maximum amount of assistance to be provided for each project and the information that must be provided by the entity requesting assistance, establishing criteria for providing assistance from the moneys so appropriated and including standards for receiving of assistance including but not limited to the number of jobs created or maintained by the transportation improvement.

Notwithstanding any inconsistent provision of law, the commissioner of transportation may waive the requirement to repay 40 percent of the cost of a project provided that private funds are dedicated to the cost of such industrial access project and related economic development for at least 40 percent of the total cost of the industrial access project and related economic development and the industrial access portion of such project's cost is greater than $2,000,000 (17060079) ... 15,000,000 ..... (re. $245,000)

For the construction or improvement of highway, bridge and rail freight projects related to industrial access, including the acquisition of property and the payment of liabilities incurred prior to April 1, 2000. For the payment of reimbursements to the engineering services fund for the cost of the contract services provided by private firms, including but not limited to the preparation of designs, plans, specifications and estimates; construction management and supervision; and appraisals, surveys, testing and environmental impact statements for transportation projects. No funds shall

be allocated for such purposes until the commissioner of transportation enters into an agreement subject to the approval of the director of the budget with any public or private entity for the repayment of 40 percent of each project's costs disbursed from such funds. Such agreement shall require repayment within 5 years of the date of acceptance of the project by the department of transportation except that the repayment may occur over a period of up to 10 years when total project costs exceed $1,000,000. All projects must be approved by the director of the budget prior to the obligation of the moneys so appropriated.

The moneys so appropriated shall be made available pursuant to rules and regulations promulgated by the commissioner of transportation establishing the maximum amount of assistance to be provided for each project and the information that must be provided by the entity requesting assistance, establishing criteria for providing assistance from the moneys so appropriated and including standards for receiving of assistance including but not limited to the number of jobs created or maintained by the transportation improvement.

For the payment of the costs of projects from this appropriation as set forth in a memorandum of understanding between the majority leader of the senate and the speaker of the assembly or their designee.

Notwithstanding any inconsistent provision of law, the commissioner of transportation may waive the requirement to repay 40 percent of the cost of a project provided that private funds are dedicated to the cost of such industrial access project and related economic development for at least 40 percent of the total cost of the industrial access project and related economic development and the industrial access portion of such project's cost is greater than $2,000,000

(17070079) ... 10,000,000 ..... (re. $10,000,000)

By chapter 55, section 1, of the laws of 1999:

For the construction or improvement of highway, bridge and rail freight projects related to industrial access, including the acquisition of property and the payment of liabilities incurred prior to April 1, 1999. For the payment of reimbursements to the engineering services fund for the cost of the contract services provided by private firms, including but not limited to the preparation of designs, plans, specifications and estimates; construction management and supervision; and appraisals, surveys, testing and environmental impact statements for transportation projects. No funds shall be allocated for such purposes until the commissioner of transportation enters into an agreement subject to the approval of the director of the budget with any public or private entity for the repayment of 40 percent of each project's costs disbursed from such funds. Such agreement shall require repayment within 5 years of the date of acceptance of the project by the department of transportation except that the repayment may occur over a period of up to 10 years when total project costs exceed $1,000,000. All projects must be approved by the director of the budget prior to the obligation of the moneys so appropriated.

The moneys so appropriated shall be made available pursuant to rules and regulations promulgated by the commissioner of transportation establishing the maximum amount of assistance to be provided for each project and the information that must be provided by the entity requesting assistance, establishing criteria for providing assistance from the moneys so appropriated and including standards for receiving of assistance including but not limited to the number of jobs created or maintained by the transportation improvement.

Notwithstanding any inconsistent provision of law, the commissioner of transportation may waive the requirement to repay 40 percent of the cost of a project provided that private funds are dedicated to the cost of such industrial access project and related economic development for at least 40 percent of the total cost of the industrial access project and related economic development and the industrial access portion of such project's cost is greater than $2,000,000

(17069979) ... 15,000,000 ..... (re. $1,611,000)

By chapter 55, section 1, of the laws of 1999, as amended by chapter 55, section 1, of the laws of 2000:

For the construction or improvement of highway, bridge and rail freight projects related to industrial access, including the acquisition of property and the payment of liabilities incurred prior to April 1, 1999. For the payment of reimbursements to the engineering services fund for the cost of the contract services provided by private firms, including but not limited to the preparation of designs, plans, specifications and estimates; construction management and supervision; and appraisals, surveys, testing and environmental impact statements for transportation projects. No funds shall be allocated for such purposes until the commissioner of transportation enters into an agreement subject to the approval of the director of the budget with any public or private entity for the repayment of 40 percent of each project's costs disbursed from such funds. Such agreement shall require repayment within 5 years of the date of acceptance of the project by the department of transportation except that the repayment may occur over a period of up to 10 years when total project costs exceed $1,000,000. All projects must be approved by the director of the budget prior to the obligation of the moneys so appropriated.

Notwithstanding any inconsistent provision of law, the commissioner of transportation may waive the requirement to repay 40 percent of the cost of a project provided that private funds are dedicated to the cost of such industrial access project and related economic development for at least 40 percent of the total cost of the industrial access project and related economic development and the industrial access portion of such project's cost is greater than $2,000,000 (17069879) ... 5,000,000 ..... (re. $245,000)

By chapter 55, section 1, of the laws of 1997:

For the construction or improvement of highway and bridge projects related to industrial access, including the acquisition of property and the payment of liabilities incurred prior to April 1, 1997. For the payment of reimbursements to the engineering services fund for the cost of the contract services provided by private firms, including but not limited to the preparation of designs, plans, specifications and estimates; construction management and supervision; and

appraisals, surveys, testing and environmental impact statements for transportation projects. No funds shall be allocated for such purposes until the commissioner of transportation enters into an agreement subject to the approval of the director of the budget with any public or private entity for the repayment of 40 percent of each project's costs disbursed from such funds. Such agreement shall require repayment within 5 years of the date of acceptance of the project by the department of transportation except that the repayment may occur over a period of up to 10 years when total project costs exceed $1,000,000. All projects must be approved by the director of the budget prior to the obligation of the moneys so appropriated.

The moneys so appropriated shall be made available pursuant to rules and regulations promulgated by the commissioner of transportation establishing the maximum amount of assistance to be provided for each project and the information that must be provided by the entity requesting assistance, establishing criteria for providing assistance from the moneys so appropriated and including standards for receiving of assistance including but not limited to the number of jobs created or maintained by the transportation improvement.

Notwithstanding any inconsistent provision of law, the commissioner of transportation may waive the requirement to repay 40 percent of the cost of a project provided that private funds are dedicated to the cost of such industrial access project and related economic development for at least 40 percent of the total cost of the industrial access project and related economic development and the industrial access portion of such project's cost is greater than $2,000,000

(17069779) ... 5,000,000 ..... (re. $131,900)

By chapter 55, section 1, of the laws of 1996:

For the construction or improvement of highway and bridge projects related to industrial access, including the acquisition of property and the payment of liabilities incurred prior to April 1, 1996. For the payment of reimbursements to the engineering services fund for the cost of the contract services provided by private firms, including but not limited to the preparation of designs, plans, specifications and estimates; construction management and supervision; and appraisals, surveys, testing and environmental impact statements for transportation projects. No funds shall be allocated for such purposes until the commissioner of transportation enters into an agreement subject to the approval of the director of the budget with any public or private entity for the repayment of 40 percent of each project's costs disbursed from such funds. Such agreement shall require repayment within 5 years of the date of acceptance of the project by the department of transportation except that the repayment may occur over a period of up to 10 years when total project costs exceed $1,000,000. All projects must be approved by the director of the budget prior to the obligation of the moneys so appropriated.

The moneys so appropriated shall be made available pursuant to rules and regulations promulgated by the commissioner of transportation establishing the maximum amount of assistance to be provided for

each project and the information that must be provided by the entity requesting assistance, establishing criteria for providing assistance from the moneys so appropriated and including standards for receiving of assistance including but not limited to the number of jobs created or maintained by the transportation improvement.

Notwithstanding any inconsistent provision of law, the commissioner of transportation may waive the requirement to repay 40 percent of the cost of a project provided that private funds are dedicated to the cost of such industrial access project and related economic development for at least 40 percent of the total cost of the industrial access project and related economic development and the industrial access portion of such project's cost is greater than $2,000,000 (17069679) ... 5,000,000 ..... (re. $153,000)

By chapter 54, section 1, of the laws of 1995:

For the construction or improvement of highway and bridge projects related to industrial access, including the acquisition of property and the payment of liabilities incurred prior to April 1, 1995. For the payment of reimbursements to the engineering services fund for the cost of the contract services provided by private firms, including but not limited to the preparation of designs, plans, specifications and estimates; construction management and supervision; and appraisals, surveys, testing and environmental impact statements for transportation projects. No funds shall be allocated for such purposes until the commissioner of transportation enters into an agreement subject to the approval of the director of the budget with any public or private entity for the repayment of 40 percent of each project's costs disbursed from such funds. Such agreement shall require repayments within 5 years of the date of acceptance of the project by the department of transportation except that the repayment may occur over a period of up to 10 years when total project costs exceed $1,000,000. All projects must be approved by the director of the budget prior to the obligation of the moneys so appropriated.

The moneys so appropriated shall be made available pursuant to rules and regulations promulgated by the commissioner of transportation establishing the maximum amount of assistance to be provided for each project and the information that must be provided by the entity requesting assistance, establishing criteria for providing assistance from the moneys so appropriated and including standards for receiving of assistance including but not limited to the number of jobs created or maintained by the transportation improvement.

Notwithstanding any inconsistent provision of law, the commissioner of transportation may waive the requirement to repay 40 percent of the cost of a project provided that private funds are dedicated to the cost of such industrial access project and related economic development for at least 40 percent of the total cost of the industrial access project and related economic development and the industrial access portion of such project's cost is greater than $2,000,000 (17069579) ... 5,000,000 ..... (re. $1,234,000)

By chapter 54, section 1, of the laws of 1994:

For the construction or improvement of highway and bridge projects related to industrial access, including the acquisition of property and the payment of liabilities incurred prior to April 1, 1994. For the payment of reimbursements to the engineering services fund for the cost of the contract services provided by private firms, including but not limited to the preparation of designs, plans, specifications and estimates; construction management and supervision; and appraisals, surveys, testing and environmental impact statements for transportation projects (17069479) ... 5,000,000 .. (re. $1,833,000)

By chapter 54, section 1, of the laws of 1993:

For the construction or improvement of highway and bridge projects related to industrial access, including the acquisition of property and payment of liabilities incurred prior to April 1, 1993. For the purposes of this appropriation, industrial access shall also include improvements that would benefit the agricultural industry. No funds shall be allocated for such purposes until the commissioner of transportation enters into an agreement subject to the approval of the director of the budget with any public or private entity for the repayment of 40 percent of the cost of such project within 5 years of the date of acceptance of the project by the department of transportation except that the repayment may occur over a period of up to 10 years when total project costs exceed $1.0 million. All funds shall be repaid to the credit of the dedicated highway and bridge trust fund. All projects must be approved by the director of the budget prior to the obligation of any funds from this appropriation. The moneys hereby appropriated shall be made available pursuant to rules and regulations promulgated by the commissioner of transportation establishing the maximum amount of assistance to be provided for each project and the information that must be provided by the entity requesting assistance, establishing criteria for providing assistance from this appropriation and including standards for receiving of assistance including but not limited to the number of jobs created or maintained by the transportation improvement. For the payment of reimbursements to the engineering services fund for the cost of the contract services provided by private firms, including but not limited to the preparation of designs, plans, specifications and estimates; construction management and supervision; and appraisals, surveys, testing and environmental impact statements for transportation projects (17059379) ... 5,000,000 .. (re. $1,539,000)

By chapter 54, section 1, of the laws of 1992, as amended by chapter 54, section 3, of the laws of 1993:

For the construction or improvement of highway and bridge projects related to industrial access, including the acquisition of property and payment of liabilities incurred prior to April 1, 1992. For the purposes of this appropriation, industrial access shall also include improvements that would benefit the agricultural industry. No funds shall be allocated for such purposes until the commissioner of transportation enters into an agreement subject to the approval of the director of the budget with any public or private entity for the repayment of 40 percent of the cost of such project within 5 years

of the date of acceptance of the project by the department of transportation except that the repayment may occur over a period of up to 10 years when total project costs exceeds $1.0 million. For disbursements prior to April 1, 1993, all funds shall be repaid to the credit of the capital projects fund. For disbursements on or after April 1, 1993, all funds repaid shall be deposited in the Dedicated Highway and Bridge Trust Fund. All projects must be approved by the director of the budget prior to the obligation of any funds from this appropriation.

The moneys hereby appropriated shall be made available pursuant to rules and regulations promulgated by the commissioner of transportation establishing the maximum amount of assistance to be provided for each project and the information that must be provided by the entity requesting assistance, establishing criteria for providing assistance from this appropriation and including standards for receiving of assistance including but not limited to the number of jobs created or maintained by the transportation improvement.

For the payment of reimbursements to the engineering services fund for the cost of the contract services provided by private firms, including but not limited to the preparation of designs, plans, specifications and estimates; construction management and supervision; and appraisals, surveys, testing and environmental impact statements for transportation projects (17249279) ... 3,400,000 .... (re. $353,000)

By chapter 54, section 1, of the laws of 1988, as amended by chapter 54, section 3, of the laws of 1990:

The sum of $5,000,000 is hereby appropriated for the preparation of designs, plans, specifications and estimates, for the contract engineering services provided by private firms, for the acquisition of property, and construction or improvement of highway, bridge and Stewart Airport facilities related to industrial access, including the payment of liabilities incurred prior to April 1, 1988 (17A38879) ... . 5,000,000 ..... (re. $73,000)

By chapter 54, section 1, of the laws of 1987, as amended by chapter 55, section 1, of the laws of 2006:

The sum of five million dollars ($5,000,000) is hereby appropriated for the preparation of designs, plans, specifications and estimates, for the contract engineering services provided by private firms, for the acquisition of property, and construction of highway and bridge projects related to industrial access, including the payment of liabilities incurred prior to April 1, 1987. For the purposes of this appropriation, industrial access shall also include improvements that would benefit the agricultural industry. No funds shall be allocated for such purposes until the commissioner enters into an agreement subject to the approval of the director of the budget with any public or private entity for the repayment of forty percent of the cost of such project within five years of the date of acceptance of the project by the department of transportation. All funds shall be repaid to the credit of the capital projects fund. All projects must be approved by the director of the budget prior to the obligation of any funds from this appropriation.

The moneys hereby appropriated shall be made available pursuant to rules and regulations promulgated pursuant to the state administrative procedure act by the commissioner of transportation with the assistance of the commissioner of economic development and in consultation with the department of economic development. Such rules and regulations shall establish the maximum amount of assistance to be provided for each project and the information that must be provided by the entity requesting assistance, establish criteria for providing assistance from this appropriation and include standards for receiving of assistance including but not limited to the number of jobs created or maintained by the transportation improvement. Such rules and regulations shall be consistent with the program plan required by subdivision nineteen of section one hundred of the economic development law.

No funds shall be allocated for such purposes until the commissioner enters into an agreement, subject to the approval of the director of the budget, with any entity for the repayment of forty (40) percent of the cost of such an industrial access project within five years of the date of acceptance of the project by the department of transportation. For disbursements prior to April 1, 1993, all funds repaid shall be deposited in the state capital projects fund. For disbursements on or after April 1, 1993, all funds repaid shall be deposited in the Dedicated Highway and Bridge Trust Fund (17058779) ... 5,000,000 ..... (re. $1,576,400)

Multi-Modal Purpose

By chapter 55, section 1, of the laws of 2006, as added by chapter 108, section 5, of the laws of 2006:

For the cost of multi-modal projects designated as part of the multi-modal program established by section 14-k of the transportation law and in accordance with the 2005 memorandum of understanding among the governor, the majority leader of the senate, and the speaker of the assembly, or their designees. Notwithstanding any other inconsistent provision of law, funds allocated and made available from this appropriation in state fiscal years 2006-07 through 2009-10 shall not exceed $50,000,000 annually pursuant to section viii of the 2005 transportation memorandum of understanding (17MM06MR) ..... 200,000,000 ..... (re. $200,000,000)

By chapter 55, section 1, of the laws of 2005:

For the cost of multi-modal projects designated as part of the multi-modal program established by section 14-k of the transportation law and in accordance with a memorandum of understanding among the governor, the majority leader of the senate, and the speaker of the assembly, or their designees (17MM05MR) ..... 150,000,000 ..... (re. $112,784,000)

By chapter 55, section 1, of the laws of 1998:

For state multi-modal projects designated as part of the multi-modal program established by section 14-k of the transportation law, including construction, reconstruction, improvement, reconditioning

and preservation, including the cost of contract services provided by private firms.

Disbursements made pursuant to this appropriation shall be repaid from proceeds of bonds and notes issued pursuant to authorization provided under subdivision 1 of section 380 of the public authorities law to be deposited in the highway and bridge capital account of the dedicated highway and bridge trust fund (17059822) ..... 10,000,000 ..... (re. $5,790,000)

Preparation of Plans Purpose

The appropriation made by chapter 55, section 1, of the laws of 2008, as supplemented by certificate of transfer, is hereby amended and reappropriated to read:

For engineering services, including personal services, nonpersonal services, fringe benefits and the contract services provided by private firms, including, but not limited to, the preparation of designs, plans, specifications and estimates; construction management and supervision; and appraisals, surveys, testing, and environmental impact statements for transportation projects (17H10830) ... The items in the project schedule below shall be for projects with a common purpose and may be interchanged without limitation subject to the approval of the director of the division of the budget (17198515) ... . (re. $4,000)

PRIORITY BOND ACT PROJECTS (CCP)

Capital Projects Fund - Infrastructure Renewal (Bondable)

DEPARTMENT OF TRANSPORTATION

CAPITAL PROJECTS - REAPPROPRIATIONS 2009-10

Priority Bond Act Purpose

By chapter 54, section 1, of the laws of 1984, as amended by chapter 259, section 6, of the laws of 1993:
For the costs pursuant to the provisions of the rebuild New York through transportation infrastructure renewal bond act of 1983, of the cost of capital projects to be reimbursed from bond fund proceeds for the improvement of highways, parkways, commuter parking facilities, and other highway facilities including bridges, other structures, and appurtenances.
Project costs funded from this appropriation may include, but shall not necessarily be limited to, preliminary planning and feasibility studies; survey and design; acquisition of property, construction, reconstruction, reconditioning and preservation; the contract engineering services provided by private firms. No expenditures shall be made from this appropriation for personal services and expenses other than consulting services.
The items in the schedule below are projects with a common purpose and as such, may be interchanged without limitation.
Notwithstanding any other provision of the law, the commissioner of transportation is authorized to acquire all necessary land not on the state highway system for the purpose of highway projects at the request of the locality under whose jurisdiction the project is constructed or reconstructed.
Funds from this appropriation may be made available for the payment of liabilities incurred prior to April one, nineteen hundred eighty-four but not for the payment of liabilities incurred prior to November eight, nineteen hundred eighty-three (17288424) ... . (re. $8,830,000)

RAIL FREIGHT (CCP)

Capital Projects Fund

Mass Transportation and Rail Freight Purpose

By chapter 54, section 2, of the laws of 1992:
For advance payment of the Port Authority of New York and New Jersey's share of the cost of acquisition and construction of the South Bronx oak point link subject to a written repayment agreement entered into by the Authority and the commissioner of transportation and approved by the director of the budget, such repayment agreement to include a repayment schedule which states the date or dates on which the authority will be notified of advance payments made and the date or dates on which the advance shall be repaid to the state and such other terms and conditions as determined by the director of the budget. The authority shall reimburse the State of New York in full for all moneys advanced by the state from this appropriation within 30 days of the date of such notification (17779212) ..... 64,050,000 ..... (re. $17,422,000)
For advance payment of the city of New York's share of the cost of acquisition and construction of the South Bronx oak point link

subject to a written repayment agreement entered into by the city of New York and the commissioner of transportation and approved by the director of the budget, such repayment agreement to include a repayment schedule which states the date or dates on which the city will be notified of advance payments made and the date or dates on which the advance shall be repaid to the state and such other terms and conditions as determined by the director of the budget. The commissioner of transportation, or such other person as the commissioner shall designate, shall notify the city of New York in accordance with a schedule to be determined in the repayment agreement of payments made from this appropriation for the construction of the South Bronx oak point link. The city of New York shall reimburse the state of New York in full for all moneys advanced by the state from this appropriation within 30 days of the date of such notification.

In the event that the city shall fail to make payment to the state for any payment due and owing in accordance with the repayment agreement entered into by the commissioner and the city of New York, the commissioner or such other person as the commissioner shall designate shall certify to the state comptroller the amount due and owing the state at the end of each period as specified in the repayment agreement for which such amounts have been advanced by the state from this appropriation and the state comptroller shall withhold an equivalent amount from the next succeeding state aid allocated to the city from highway aid, the motor fuel tax and the motor vehicle registration fee distributed pursuant to section 10-c of the highway law, or per capita local assistance pursuant to section 54 of the state finance law subject to the following limitations: prior to withholding amounts due the state from the city, the comptroller shall pay in full any amount due the state of New York municipal bond bank agency, on account of the city's obligation to such agency; the city university construction fund, pursuant to the provisions of the city university construction fund act, the New York city housing development corporation, pursuant to the provisions of the New York city housing development corporation act (article 12 of the private housing finance law); the transit construction fund, pursuant to the provisions of title 9-a of article 5 of the public authorities law; and, pursuant to section 92-e of the state finance law, any amounts necessary for payments to holders of bonds or notes as certified by the municipal assistance corporation for the city of New York created under article 10 of the public authorities law. The comptroller shall give the director of the budget notification of any such payment. Such amount or amounts so withheld by the state comptroller shall be used for the repayment of the state advances hereby authorized. When such amount or amounts are received by the state, it shall credit such amounts against any amounts due and owing by the city on whose account such was withheld and paid (17789212) ... 18,210,000 ..... (re. $3,928,000)

Special Revenue Funds - Other
Dedicated Mass Transportation Trust Fund - 073

Mass Transportation and Rail Freight Purpose

By chapter 54, section 1, of the laws of 1992, as amended by chapter 55, section 1, of the laws of 1998:

For payment of the state share of the cost of acquisition and construction of the South Bronx oak point link subject to agreements entered into by the commissioner of transportation with the Port Authority of New York and New Jersey and the city of New York and approved by the director of the budget, and to remove clearance restrictions north of Highbridge yard (171892A2) ..... 11,040,000 ..... (re. $1,351,000)

Capital Projects Fund - Infrastructure Renewal (Bondable)

Rail Service Preservation Purpose

By chapter 54, section 1, of the laws of 1985, as amended by chapter 54, section 3, of the laws of 1992:

For payment of the state share of the costs of the acquisition, construction, reconstruction, improvement or rehabilitation of any railroad capital facility and any capital improvement used in connection therewith, for the acquisition of real property or interests in real property required or expected to be required therefor, pursuant to the provisions of the rebuild New York through the transportation infrastructure renewal bond act of 1983, notwithstanding any inconsistent provisions of law, and pursuant to the provisions of section fourteen-d of the transportation law, as the commissioner may elect for the purpose of improving freight service, and including all costs incidental thereto in accordance with the following schedule.

The items shown in the project schedule below shall be for projects with a common purpose and may be interchanged without limitation subject to the approval of the director of the division of the budget (17148541) ... . 21,000,000 ..... (re. $121,000)

RAIL PRESERVATION AND DEVELOPMENT FUND (CCP)

Rail Preservation And Development Fund - 101 and 118

Bond Proceeds Purpose

By chapter 54, section 8, of the laws of 1980, as amended by chapter 55, section 1, of the laws of 1996:

The sum of four hundred million dollars ($400,000,000) or so much thereof as may be necessary is hereby appropriated from the rail preservation and development fund pursuant to the energy conservation through improved transportation bond act of nineteen hundred seventy-nine for payment to the capital projects fund for disbursements from such fund pursuant to an appropriation for acquisition, construction, reconstruction, establishment, improvement and rehabilitation of urban, commuter and intercity rail passenger and rapid transit systems and rail freight capital facilities, for the acquisition of real property and interests in real property required or expected to be required therefor and for any capital equipment to be

used in connection therewith, including all costs incidental thereto.

Notwithstanding the provisions of any general or special law, no moneys shall be available from the rail preservation and development fund until a certificate of approval of availability shall have been issued by the director of the budget, and a copy of such certificate filed with the state comptroller, the chairman of the senate finance committee and the chairman of the assembly ways and means committee. Such certificate may be amended from time to time by the director of the budget, and a copy of each such amendment shall be filed with the state comptroller, the chairman of the senate finance committee and the chairman of the assembly ways and means committee. The director of the budget is hereby authorized to designate to the state comptroller specific appropriations made from the projects fund for purposes for which rail preservation and development fund expenditures are authorized. The state comptroller shall at the commencement of each month certify to the director of the budget, the chairman of the senate finance committee and the chairman of the assembly ways and means committee, the amounts disbursed from the appropriations designated by the director of the budget from the capital projects fund for these disbursements pursuant to appropriations from such fund for such purposes for the month preceding such certification and such certifications shall not exceed in the aggregate the moneys hereby appropriated (01371310) ..... (re. $149,000)

By chapter 50, section 1, of the laws of 1980, as amended by chapter 55, section 1, of the laws of 1996:

The sum of one hundred million dollars ($100,000,000) or so much thereof as may be necessary is hereby appropriated from the rail preservation and development fund pursuant to the energy conservation through improved transportation bond act of nineteen hundred seventy-nine for payment to the local assistance account for disbursements from such fund pursuant to an appropriation for the reconstruction, improvement, reconditioning and preservation of highways and bridges of the state highway system, for the acquisition of real property and interest in real property required or expected to be required therefor by any county, city, town or village, or two or more of the foregoing acting jointly.

Notwithstanding the provisions of any general or special law, no moneys shall be available from the rail preservation and development fund until a certificate of approval of availability shall have been issued by the director of the budget, and a copy of such certificate filed with the state comptroller, the chairman of the senate finance committee, and the chairman of the assembly ways and means committee. Such certificate may be amended from time to time by the director of the budget, and a copy of each such amendment shall be filed with the state comptroller, the chairman of the senate finance committee and the chairman of the assembly ways and means committee.

The director of the budget is hereby authorized to designate to the state comptroller specific appropriations made from the local assistance fund for purposes for which rail preservation and development fund expenditures are authorized. The state comptroller shall

at the commencement of each month certify to the director of the budget, the chairman of the senate finance committee and the chairman of the assembly ways and means committee, the amounts disbursed from the appropriations designated by the director of the budget from the local assistance account for these disbursements pursuant to appropriations from such fund for such purposes for the month preceding such certification and such certification shall not exceed in the aggregate the moneys hereby appropriated (01371210) .... (re. $15,000)

REBUILD AND RENEW NEW YORK TRANSPORTATION (CCP)

Bond Proceeds Purpose

By chapter 55, section 1, of the laws of 2005:

The sum of $2,900,000,000, or so much thereof as may be necessary and available, is hereby appropriated from the rebuild and renew New York transportation fund as established by section 97-eeee of the state finance law in accordance with the provisions of such section, for payment to the capital projects fund in order to reimburse such fund for disbursements certified by the state comptroller as bondable under the provisions of the rebuild and renew New York transportation bond act of 2005.

The director of the budget is hereby authorized to designate to the state comptroller specific appropriations made from the capital projects fund for purposes for which rebuild and renew New York transportation fund expenditures are authorized. The state comptroller shall at the commencement of each month certify to the director of the budget, the chairman of the senate finance committee, and the chairman of the assembly ways and means committee, the amounts disbursed from the appropriations so designated by the director of the budget from the capital projects fund for such purposes for the month preceding such certification and such certifications shall not exceed in the aggregate the moneys hereby appropriated. A copy of each such certificate shall also be delivered to state departments and agencies to which such capital projects fund appropriations are made available.

Notwithstanding the provisions of any general or special law, no moneys shall be available from the rebuild and renew New York transportation fund until a certificate of approval of availability shall have been issued by the director of the budget, and a copy of such certificate of approval filed with the state comptroller, the chairman of the senate finance committee and the chairman of the assembly ways and means committee. Such certificate may be amended from time to time by the director of the budget, and a copy of each such amendment shall be filed with the state comptroller, the chairman of the senate finance committee and the chairman of the assembly ways and means committee (17010510) ..... 2,900,000,000 ..... (re. $2,600,230,000)

CAPITAL PROJECTS - REAPPROPRIATIONS 2009-10

ROAD AND BRIDGE IMPROVEMENTS (BONDABLE) (CCP)

Capital Projects Fund

Federal Aid Highways Purpose

By chapter 54, section 1, of the laws of 1990:
For the state share of highway projects to be reimbursed from the accelerated capacity and transportation improvements fund pursuant to the provisions of the accelerated capacity and transportation improvements of the nineties bond act (17E19020) .....
10,300,000 ..... (re. $188,000)

By chapter 54, section 1, of the laws of 1989:
For the state share of highway projects to be reimbursed from the accelerated capacity and transportation improvements fund pursuant to the provisions of that bond act (17E18920) .....
10,300,000 ..... (re. $30,000)

Highway Facilities Purpose

By chapter 54, section 1, of the laws of 1992:
For the costs, pursuant to the provisions of the accelerated capacity and transportation improvements of the nineties bond act, of capital projects, advanced with or without federal aid, to be reimbursed from bond fund proceeds for the improvement of state highways, thruways and other highway facilities including bridges, other structures, and appurtenances.
For 80 percent of the costs of capital local bridge projects advanced pursuant to the provisions of the accelerated capacity and transportation improvements of the nineties bond act. The remaining 20 percent share of project costs shall be paid by the municipality under whose jurisdiction the project is constructed, reconstructed or rehabilitated.
Project costs funded from this appropriation may include, but shall not be limited to, construction, reconstruction, reconditioning and preservation, and the acquisition of property.
For the payment of reimbursements to the engineering services fund for the cost of the engineering services of the department of transportation, including fringe benefits, and the contract services provided by private firms, for activities including but not limited to the preparation of designs, plans, specifications and estimates; construction management and supervision; and appraisals, surveys, testing and environmental impact statements for transportation projects.
Notwithstanding any other provision of law, the commissioner of transportation is authorized to acquire any necessary land not on the state highway system for the purpose of local bridge projects financed through this appropriation at the request of the locality under whose jurisdiction the project is constructed, reconstructed or rehabilitated. The items shown in the project schedule below shall be for projects with a common purpose and may be interchanged

without limitation subject to the approval of the director of the budget.

Funds from this appropriation may be made available for the payment of liabilities incurred prior to April 1, 1992 (17F19222) ... . 514,165,000 ..... (re. $9,209,000)

By chapter 54, section 1, of the laws of 1991:

For the costs, pursuant to the provisions of the accelerated capacity and transportation improvements of the nineties bond act, of capital projects, advanced with or without federal aid, to be reimbursed from bond fund proceeds for the improvement of state highways, thruways and other highway facilities including bridges, other structures, and appurtenances.

For 80 percent of the costs of capital local bridge projects advanced pursuant to the provisions of the accelerated capacity and transportation improvements of the nineties bond act. The remaining 20 percent share of project costs shall be paid by the municipality under whose jurisdiction the project is constructed, reconstructed or rehabilitated.

Project costs funded from this appropriation may include, but shall not be limited to, construction, reconstruction, reconditioning and preservation, and the acquisition of property.

For the payment of reimbursements to the engineering services fund for the cost of the engineering services of the department of transportation, including fringe benefits, and the contract services provided by private firms, for activities including but not limited to the preparation of designs, plans, specifications and estimates; construction management and supervision; and appraisals, surveys, testing and environmental impact statements for transportation projects.

Notwithstanding any other provision of law, the commissioner of transportation is authorized to acquire any necessary land not on the state highway system for the purpose of local bridge projects financed through this appropriation at the request of the locality under whose jurisdiction the project is constructed, reconstructed or rehabilitated.

The items shown in the project schedule below shall be for projects with a common purpose and may be interchanged without limitation subject to the approval of the director of the division of the budget.

Funds from this appropriation may be made available for the payment of liabilities incurred prior to April 1, 1991 (17F19122) ... . 660,400,000 ..... (re. $11,821,000)

For the costs, pursuant to the provisions of the accelerated capacity and transportation improvements of the nineties bond act, of capital projects, advanced with or without federal aid, to be reimbursed from bond fund proceeds for the improvement of state highways, thruways and other highway facilities including bridges, other structures, and appurtenances.

Project costs funded from this appropriation may include, but shall not be limited to, construction, reconstruction, reconditioning and preservation, and the acquisition of property.

For the payment of reimbursements to the engineering services fund for the cost of the engineering services of the department of transportation, including fringe benefits, and the contract services provided by private firms, for activities including but not limited to the preparation of designs, plans, specifications and estimates; construction management and supervision; and appraisals, surveys, testing and environmental impact statements for transportation projects.

Notwithstanding any other provision of law, the commissioner of transportation is authorized to acquire any necessary land not on the state highway system for the purpose of local bridge projects financed through this appropriation at the request of the locality under whose jurisdiction the project is constructed, reconstructed or rehabilitated.

The items shown in the project schedule below shall be for projects with a common purpose and may be interchanged without limitation subject to the approval of the director of the division of the budget.

Funds from this appropriation may be made available for the payment of liabilities incurred prior to April 1, 1991 (17F19122) ... . 1,716,000 ..... (re. $1,716,000)

By chapter 54, section 1, of the laws of 1990, as amended by chapter 947, section 6, of the laws of 1990:

For the costs, pursuant to the provisions of the accelerated capacity and transportation improvements of the nineties bond act, of capital projects to be reimbursed from bond fund proceeds for the improvement of state highways, thruways and other highway facilities including bridges, other structures, and appurtenances.

Notwithstanding any other provisions of law, the New York State Thruway shall be considered a state highway for the purposes of this appropriation. Prior to the approval of a certificate of approval of availability for projects advanced by the New York State Thruway Authority, the director of the budget shall approve a repayment agreement between the department of transportation and the New York State Thruway Authority. The state comptroller is hereby authorized and directed to deposit repayments from the Thruway Authority pursuant to such agreement to the credit of the capital projects fund.

For 80 percent of the costs of capital local bridge projects advanced pursuant to the provisions of the accelerated capacity and transportation improvements of the nineties bond act. The remaining 20 percent share of project costs shall be paid by the municipality under whose jurisdiction the project is constructed, reconstructed or rehabilitated.

Project costs funded from this appropriation may include, but shall not be limited to, construction, reconstruction, reconditioning and preservation, and the acquisition of property.

For the payment of reimbursements to the engineering services fund for the cost of the engineering services of the department of transportation, including fringe benefits, and the contract services provided by private firms, for activities including but not limited to the preparation of designs, plans, specifications and estimates;

construction management and supervision; and appraisals, surveys, testing and environmental impact statements for transportation projects.

Notwithstanding any other provision of law, the commissioner of transportation is authorized to acquire any necessary land not on the state highway system for the purpose of local bridge projects financed through this appropriation at the request of the locality under whose jurisdiction the project is constructed, reconstructed or rehabilitated.

The items shown in the project schedule below shall be for projects with a common purpose and may be interchanged without limitation subject to the approval of the director of the division of the budget.

Funds from this appropriation may be made available for the payment of liabilities incurred prior to April 1, 1990 (17F19022) ... . 617,900,000 ..... (re. $3,331,000)

By chapter 54, section 1, of the laws of 1989:

For the costs, pursuant to the provisions of the accelerated capacity and transportation improvements of the nineties bond act of 1988, of capital projects to be reimbursed from bond fund proceeds for the improvement of state highways, and other highway facilities including bridges, other structures, and appurtenances.

For 80 percent of the costs of capital local bridge projects advanced pursuant to the provisions of the accelerated capacity and transportation improvements of the nineties bond act of 1988. The remaining 20 percent share of project costs shall be paid by the municipality under whose jurisdiction the project is constructed, reconstructed or rehabilitated.

Project costs funded from this appropriation may include, but shall not be limited to, construction, reconstruction, reconditioning and preservation, and the acquisition of property.

For the payment of reimbursements to the engineering services fund for the cost of the engineering services of the department of transportation, including fringe benefits, and the contract services provided by private firms, for activities including but not limited to the preparation of designs, plans, specifications and estimates; construction management and supervision; and appraisals, surveys, testing and environmental impact statements for transportation projects.

Notwithstanding any other provision of law, the commissioner of transportation is authorized to acquire any necessary land not on the state highway system for the purpose of local bridge projects financed through this appropriation at the request of the locality under whose jurisdiction the project is constructed, reconstructed or rehabilitated.

The items shown in the project schedule below shall be for projects with a common purpose and may be interchanged without limitation subject to the approval of the director of the division of the budget.

Funds from this appropriation may be made available for the payment of liabilities incurred prior to April 1, 1989 (17F18911) ... . 715,219,000 ..... (re. $2,860,000)

By chapter 261, section 57, of the laws of 1988, as amended by chapter 54, section 3, of the laws of 1989:

The sum of four hundred seventy million dollars ($470,000,000), is hereby appropriated from the capital projects fund to the department of transportation for the cost of state highway capital projects advanced with or without federal aid including bridges, other structures and appurtenances and municipal bridge improvements advanced pursuant to the accelerated capacity and transportation improvements of the nineties bond act. This appropriation shall be reimbursed from proceeds from the issuance of bonds pursuant to section fifty of chapter 261, of the laws of nineteen hundred eighty-eight.

Project costs funded from this appropriation may include, but shall not be limited to, preliminary planning and feasibility studies; survey and design; acquisition of property; construction, reconstruction, capacity improvement, replacement, reconditioning and preservation; the supervision and inspection thereof; and the cost of engineering services provided by private firms. No expenditure shall be made from this appropriation for personal services and expenses other than consulting services.

Notwithstanding the provisions of any general or special law, no moneys shall be available from the accelerated capacity and transportation improvements fund until a certificate of approval of availability shall have been issued by the director of the budget, and a copy of such certificate filed with the state comptroller, the chairman of the senate finance committee and the chairman of the assembly ways and means committee. Such certificate may be amended from time to time by the director of the budget, and a copy of each such amendment shall be filed with the state comptroller, the chairman of the senate finance committee and the chairman of the assembly ways and means committee (17658811) ..... 470,000,000 ..... (re. $1,443,000)

By chapter 55, section 1, of the laws of 2006:

For the costs, pursuant to the provisions of the rebuild and renew New York transportation bond act of 2005 and article 22 of the transportation law, of capital projects to be reimbursed from bond fund proceeds for the planning and design, construction, reconstruction, replacement, improvement, reconditioning, rehabilitation and preservation, including the acquisition of real property and interests therein required or expected to be required in connection therewith, of: state highways, bridges and parkways; border crossing enhancements either on or off the state highway system; and the improvement and/or elimination of highway-railroad grade crossings either on or off the state highway system.

For payment of engineering services, including reimbursements to the dedicated highway and bridge trust fund of the department of transportation, including but not limited to personal services, nonpersonal services, fringe benefits, and the contract services provided by private firms, for activities including but not limited to the preparation of designs, plans, specifications and estimates; construction management and supervision; and appraisals, surveys, testing and environmental impact statements for transportation projects.

For the payment of liabilities incurred prior to April 1, 2006 (17010611) ... 235,000,000 ..... (re. $140,057,000)

By chapter 55, section 1, of the laws of 2005, as amended by chapter 55, section 1, of the laws of 2006:

For the costs, pursuant to the provisions of the rebuild and renew New York transportation bond act of 2005 and article 22 of the transportation law, of capital projects to be reimbursed from bond fund proceeds for the planning and design, construction, reconstruction, replacement, improvement, reconditioning, rehabilitation and preservation, including the acquisition of real property and interests therein required or expected to be required in connection therewith, of: state highways, bridges and parkways; border crossing enhancements either on or off the state highway system; and the improvement and/or elimination of highway-railroad grade crossings either on or off the state highway system.

For engineering services, including personal services, nonpersonal services, fringe benefits and the contract services provided by private firms, including, but not limited to, the preparation of

designs, plans, specifications and estimates; construction management and supervision; and appraisals, surveys, testing and environmental impact statements for transportation projects.

For capital project management and traffic and safety, including personal services, nonpersonal services, fringe benefits and the contract services provided by private firms.

For real estate services, including personal services, nonpersonal services, fringe benefits and the contract services provided by private firms.

No part of this appropriation shall be made available for the payment of liabilities incurred prior to the approval of the rebuild and renew New York transportation bond act of 2005 by the voters at the general election to be held in November of 2005 (17010511) ..... 170,000,000 ..... (re. $101,303,000)

Canals and Waterways Purpose

By chapter 55, section 1, of the laws of 2008:

For the costs, pursuant to the provisions of the rebuild and renew New York transportation bond act of 2005 and article 22 of the transportation law, of capital projects to be reimbursed from bond fund proceeds for the planning and design, construction, reconstruction, replacement, improvement, reconditioning, rehabilitation and preservation, including the acquisition of real property and interests therein required or expected to be required in connection therewith, of: the canal system and appurtenances thereto; moveable bridges that cross over the canal system; and pedestrian and/or bicycle trails, pathways and bridges serving transportation needs. Costs may include highways and bridges either on or off the state highway system necessary or reasonably expected to be necessary as a project component or incidental to projects otherwise authorized herein and by the rebuild and renew New York transportation bond act of 2005.

For payment of engineering services, including reimbursements to the dedicated highway and bridge trust fund of the department of transportation, including but not limited to personal services, nonpersonal services, fringe benefits, and the contract services provided by private firms, for activities including but not limited to the preparation of designs, plans, specifications and estimates; construction management and supervision; and appraisals, surveys, testing and environmental impact statements for transportation projects, and to the canal corporation for the cost of the engineering services of the corporation or the thruway authority, including fringe benefits, and the contract services provided by private firms, for activities including but not limited to the preparation of designs, plans, specifications and estimates; construction management and supervision; and appraisals, surveys, testing and environmental impact statements for transportation projects.

For the payment of liabilities incurred prior to April 1, 2008 (17020816) ... 10,000,000 ..... (re. $10,000,000)

By chapter 55, section 1, of the laws of 2007:

For the costs, pursuant to the provisions of the rebuild and renew New York transportation bond act of 2005 and article 22 of the transportation law, of capital projects to be reimbursed from bond fund proceeds for the planning and design, construction, reconstruction, replacement, improvement, reconditioning, rehabilitation and preservation, including the acquisition of real property and interests therein required or expected to be required in connection therewith, of: the canal system and appurtenances thereto; moveable bridges that cross over the canal system; and pedestrian and/or bicycle trails, pathways and bridges serving transportation needs. Costs may include highways and bridges either on or off the state highway system necessary or reasonably expected to be necessary as a project component or incidental to projects otherwise authorized herein and by the rebuild and renew New York transportation bond act of 2005.

For payment of engineering services, including reimbursements to the dedicated highway and bridge trust fund of the department of transportation, including but not limited to personal services, nonpersonal services, fringe benefits, and the contract services provided by private firms, for activities including but not limited to the preparation of designs, plans, specifications and estimates; construction management and supervision; and appraisals, surveys, testing and environmental impact statements for transportation projects, and to the canal corporation for the cost of the engineering services of the corporation or the thruway authority, including fringe benefits, and the contract services provided by private firms, for activities including but not limited to the preparation of designs, plans, specifications and estimates; construction management and supervision; and appraisals, surveys, testing and environmental impact statements for transportation projects.

For the payment of liabilities incurred prior to April 1, 2007 (17020716) ... 10,000,000 ..... (re. $10,000,000)

By chapter 55, section 1, of the laws of 2006:

For the costs, pursuant to the provisions of the rebuild and renew New York transportation bond act of 2005 and article 22 of the transportation law, of capital projects to be reimbursed from bond fund proceeds for the planning and design, construction, reconstruction, replacement, improvement, reconditioning, rehabilitation and preservation, including the acquisition of real property and interests therein required or expected to be required in connection therewith, of: the canal system and appurtenances thereto; moveable bridges that cross over the canal system; and pedestrian and/or bicycle trails, pathways and bridges serving transportation needs. Costs may include highways and bridges either on or off the state highway system necessary or reasonably expected to be necessary as a project component or incidental to projects otherwise authorized herein and by the rebuild and renew New York transportation bond act of 2005.

For payment of engineering services, including reimbursements to the dedicated highway and bridge trust fund of the department of transportation, including but not limited to personal services, nonpersonal services, fringe benefits, and the contract services provided by private firms, for activities including but not limited to the

preparation of designs, plans, specifications and estimates; construction management and supervision; and appraisals, surveys, testing and environmental impact statements for transportation projects, and to the canal corporation for the cost of the engineering services of the corporation or the thruway authority, including fringe benefits, and the contract services provided by private firms, for activities including but not limited to the preparation of designs, plans, specifications and estimates; construction management and supervision; and appraisals, surveys, testing and environmental impact statements for transportation projects.

For the payment of liabilities incurred prior to April 1, 2006 (17020616) ... 10,000,000 ..... (re. $10,000,000)

By chapter 55, section 1, of the laws of 2005:

For the costs, pursuant to the provisions of the rebuild and renew New York transportation bond act of 2005 and article 22 of the transportation law, of capital projects to be reimbursed from bond fund proceeds for the planning and design, construction, reconstruction, replacement, improvement, reconditioning, rehabilitation and preservation, including the acquisition of real property and interests therein required or expected to be required in connection therewith, of: the canal system and appurtenances thereto; moveable bridges that cross over the canal system; and pedestrian and/or bicycle trails, pathways and bridges serving transportation needs. Costs may include highways and bridges either on or off the state highway system necessary or reasonably expected to be necessary as a project component or incidental to projects otherwise authorized herein and by the rebuild and renew New York transportation bond act of 2005.

For engineering services of the department of transportation, including personal services, nonpersonal services, fringe benefits and the contract services provided by private firms, including, but not limited to, the preparation of designs, plans, specifications and estimates; construction management and supervision; and appraisals, surveys, testing and environmental impact statements for transportation projects, and to the canal corporation for the cost of the engineering services of the corporation or the thruway authority, including fringe benefits, and the contract services provided by private firms, for activities including but not limited to the preparation of designs, plans, specifications and estimates; construction management and supervision; and appraisals, surveys, testing and environmental impact statements for transportation projects.

The funds made available through this appropriation shall be utilized for the payment of the costs of eligible projects in accordance with a memorandum of understanding entered into between the governor, the majority leader of the senate and the speaker of the assembly, or their designees, pursuant to article 22 of the transportation law.

No part of this appropriation shall be made available for the payment of liabilities incurred prior to the approval of rebuild and renew New York transportation bond act of 2005 by the voters at the general election to be held in November of 2005 (17020516) ..... 10,000,000 ..... (re. $10,000,000)

DEPARTMENT OF TRANSPORTATION

CAPITAL PROJECTS - REAPPROPRIATIONS 2009-10

Aviation Purpose

By chapter 55, section 1, of the laws of 2008:
For the costs, pursuant to the rebuild and renew New York transportation bond act of 2005 and article 22 of the transportation law, of capital projects to be reimbursed from bond fund proceeds for the planning and design, construction, reconstruction, replacement, improvement, reconditioning, rehabilitation and preservation, including the acquisition of real property and interests therein required or expected to be required in connection therewith, of airports and aviation facilities, equipment and related projects exclusive of those airports and facilities under the jurisdiction of the port authority of New York and New Jersey or operated by the state of New York.

For payment of engineering services, including reimbursements to the dedicated highway and bridge trust fund of the department of transportation, including but not limited to personal services, nonpersonal services, fringe benefits, and the contract services provided by private firms, for activities including but not limited to the preparation of designs, plans, specifications and estimates; construction management and supervision; and appraisals, surveys, testing and environmental impact statements for transportation.
For the payment of liabilities incurred prior to April 1, 2008 (17030814) ... 15,000,000 ..... (re. $15,000,000)

By chapter 55, section 1, of the laws of 2007:
For the costs, pursuant to the rebuild and renew New York transportation bond act of 2005 and article 22 of the transportation law, of capital projects to be reimbursed from bond fund proceeds for the planning and design, construction, reconstruction, replacement, improvement, reconditioning, rehabilitation and preservation, including the acquisition of real property and interests therein required or expected to be required in connection therewith, of airports and aviation facilities, equipment and related projects exclusive of those airports and facilities under the jurisdiction of the port authority of New York and New Jersey or operated by the state of New York.
Costs may include highways and bridges either on or off the state highway system necessary or reasonably expected to be necessary as a project component or incidental to projects otherwise authorized herein and by the rebuild and renew New York transportation bond act of 2005.
For payment of engineering services, including reimbursements to the dedicated highway and bridge trust fund of the department of transportation, including but not limited to personal services, nonpersonal services, fringe benefits, and the contract services provided by private firms, for activities including but not limited to the

preparation of designs, plans, specifications and estimates; construction management and supervision; and appraisals, surveys, testing and environmental impact statements for transportation.

For the payment of liabilities incurred prior to April 1, 2007 (17030714) ... 15,000,000 ..... (re. $14,577,000)

By chapter 55, section 1, of the laws of 2006:

For the costs, pursuant to the rebuild and renew New York transportation bond act of 2005 and article 22 of the transportation law, of capital projects to be reimbursed from bond fund proceeds for the planning and design, construction, reconstruction, replacement, improvement, reconditioning, rehabilitation and preservation, including the acquisition of real property and interests therein required or expected to be required in connection therewith, of airports and aviation facilities, equipment and related projects exclusive of those airports and facilities under the jurisdiction of the port authority of New York and New Jersey or operated by the state of New York.

Costs may include highways and bridges either on or off the state highway system necessary or reasonably expected to be necessary as a project component or incidental to projects otherwise authorized herein and by the rebuild and renew New York transportation bond act of 2005.

For payment of engineering services, including reimbursements to the dedicated highway and bridge trust fund of the department of transportation, including but not limited to personal services, nonpersonal services, fringe benefits, and the contract services provided by private firms, for activities including but not limited to the preparation of designs, plans, specifications and estimates; construction management and supervision; and appraisals, surveys, testing and environmental impact statements for transportation.

For the payment of liabilities incurred prior to April 1, 2006 (17030614) ... 15,000,000 ..... (re. $11,639,000)

By chapter 55, section 1, of the laws of 2005:

For the costs, pursuant to the rebuild and renew New York transportation bond act of 2005 and article 22 of the transportation law, of capital projects to be reimbursed from bond fund proceeds for the planning and design, construction, reconstruction, replacement, improvement, reconditioning, rehabilitation and preservation, including the acquisition of real property and interests therein required or expected to be required in connection therewith, of airports and aviation facilities, equipment and related projects exclusive of those airports and facilities under the jurisdiction of the port authority of New York and New Jersey or operated by the state of New York.

The funds made available through this appropriation shall be utilized for the payment of the costs of eligible projects in accordance with a memorandum of understanding entered into between the governor, the majority leader of the senate and the speaker of the assembly, or their designees, pursuant to article 22 of the transportation law.

Costs may include highways and bridges either on or off the state highway system necessary or reasonably expected to be necessary as a project component or incidental to projects otherwise authorized herein and by the rebuild and renew New York transportation bond act of 2005.

For engineering services of the department of transportation, including personal services, nonpersonal services, fringe benefits and the contract services provided by private firms, including, but not limited to, the preparation of designs, plans, specifications and estimates; construction management and supervision; and appraisals, surveys, testing and environmental impact statements for transportation.

No part of this appropriation shall be made available for the payment of liabilities incurred prior to the approval of the rebuild and renew New York transportation bond act of 2005 by the voters at the general election to be held in November of 2005 (17030514) ..... 15,000,000 ..... (re. $9,869,000)

Rail and Port Purpose

By chapter 55, section 1, of the laws of 2008:

For the costs, pursuant to the provisions of the rebuild and renew New York transportation bond act of 2005 and article 22 of the transportation law, of capital projects to be reimbursed from bond fund proceeds for the planning and design, construction, reconstruction, replacement, improvement, reconditioning, rehabilitation and preservation, including the acquisition of real property and interests therein required or expected to be required in connection therewith, of: intercity passenger rail and freight rail facilities and equipment; ports, marine terminals and marine transportation facilities exclusive of those under the jurisdiction of the port authority of New York and New Jersey or the canal corporation; and intermodal passenger and freight facilities and equipment.

Costs may include highways and bridges either on or off the state highway system necessary or reasonably expected to be necessary as a project component or incidental to projects otherwise authorized herein and by the rebuild and renew New York transportation bond act of 2005.

For payment of engineering services, including reimbursements to the dedicated highway and bridge trust fund of the department of transportation, including but not limited to personal services, nonpersonal services, fringe benefits, and the contract services provided by private firms, for activities including but not limited to the preparation of designs, plans, specifications and estimates; construction management and supervision; and appraisals, surveys, testing and environmental impact statements for transportation.

For the payment of liabilities incurred prior to April 1, 2008 (17040815) ... 27,000,000 ..... (re. $27,000,000)

By chapter 55, section 1, of the laws of 2007:

For the costs, pursuant to the provisions of the rebuild and renew New York transportation bond act of 2005 and article 22 of the transpor-

tation law, of capital projects to be reimbursed from bond fund proceeds for the planning and design, construction, reconstruction, replacement, improvement, reconditioning, rehabilitation and preservation, including the acquisition of real property and interests therein required or expected to be required in connection therewith, of: intercity passenger rail and freight rail facilities and equipment; ports, marine terminals and marine transportation facilities exclusive of those under the jurisdiction of the port authority of New York and New Jersey or the canal corporation; and intermodal passenger and freight facilities and equipment.

Costs may include highways and bridges either on or off the state highway system necessary or reasonably expected to be necessary as a project component or incidental to projects otherwise authorized herein and by the rebuild and renew New York transportation bond act of 2005.

For payment of engineering services, including reimbursements to the dedicated highway and bridge trust fund of the department of transportation, including but not limited to personal services, nonpersonal services, fringe benefits, and the contract services provided by private firms, for activities including but not limited to the preparation of designs, plans, specifications and estimates; construction management and supervision; and appraisals, surveys, testing and environmental impact statements for transportation.

For the payment of liabilities incurred prior to April 1, 2007 (17040715) ... 27,000,000 ..... (re. $27,000,000)

By chapter 55, section 1, of the laws of 2006:

For the costs, pursuant to the provisions of the rebuild and renew New York transportation bond act of 2005 and article 22 of the transportation law, of capital projects to be reimbursed from bond fund proceeds for the planning and design, construction, reconstruction, replacement, improvement, reconditioning, rehabilitation and preservation, including the acquisition of real property and interests therein required or expected to be required in connection therewith, of: intercity passenger rail and freight rail facilities and equipment; ports, marine terminals and marine transportation facilities exclusive of those under the jurisdiction of the port authority of New York and New Jersey or the canal corporation; and intermodal passenger and freight facilities and equipment.

Costs may include highways and bridges either on or off the state highway system necessary or reasonably expected to be necessary as a project component or incidental to projects otherwise authorized herein and by the rebuild and renew New York transportation bond act of 2005.

For payment of engineering services, including reimbursements to the dedicated highway and bridge trust fund of the department of transportation, including but not limited to personal services, nonpersonal services, fringe benefits, and the contract services provided by private firms, for activities including but not limited to the preparation of designs, plans, specifications and estimates; construction management and supervision; and appraisals, surveys, testing and environmental impact statements for transportation.

For the payment of liabilities incurred prior to April 1, 2006 (17040615) ... 27,000,000 ..... (re. $27,000,000)

By chapter 55, section 1, of the laws of 2005:

For the costs, pursuant to the provisions of the rebuild and renew New York transportation bond act of 2005 and article 22 of the transportation law, of capital projects to be reimbursed from bond fund proceeds for the planning and design, construction, reconstruction, replacement, improvement, reconditioning, rehabilitation and preservation, including the acquisition of real property and interests therein required or expected to be required in connection therewith, of: intercity passenger rail and freight rail facilities and equipment; ports, marine terminals and marine transportation facilities exclusive of those under the jurisdiction of the port authority of New York and New Jersey or the canal corporation; and intermodal passenger and freight facilities and equipment.

Costs may include highways and bridges either on or off the state highway system necessary or reasonably expected to be necessary as a project component or incidental to projects otherwise authorized herein and by the rebuild and renew New York transportation bond act of 2005.

(re. $8,162,000)

TRANSPORTATION INFRASTRUCTURE RENEWAL BOND FUND (CCP)

Transportation Infrastructure Renewal Bond Fund - 123

Bond Proceeds Purpose

By chapter 54, section 1, of the laws of 1993, as amended by chapter 55, section 1, of the laws of 1996:

The sum of $810,000, or so much thereof as may be necessary, is hereby appropriated from the transportation infrastructure renewal fund as established by section 74 of the state finance law in accordance with the provisions of section 7 of chapter 836 of the laws of 1983 for payment, notwithstanding the provisions of any law, to the capital projects fund, in order to reimburse such fund for disbursements certified by the state comptroller as bondable under the provisions of the rebuild New York through transportation infrastructure renewal bond act of 1983 for payment from the port, marine terminal, canal and waterway account.

The director of the budget is hereby authorized to designate to the state comptroller specific appropriations made from the capital projects fund for purposes for which transportation infrastructure renewal fund expenditures are authorized. The state comptroller shall at the commencement of each month certify to the director of the budget, the chairman of the senate finance committee, and the chairman of the assembly ways and means committee, the amounts disbursed from the appropriations so designated by the director of the budget from the capital projects fund for such purposes for the month preceding such certification and such certification shall not exceed in the aggregate the moneys hereby appropriated. A copy of each such certificate shall also be delivered to state departments and agencies to which such capital projects fund appropriations are made available.

DEPARTMENT OF TRANSPORTATION

CAPITAL PROJECTS - REAPPROPRIATIONS 2009-10

Notwithstanding the provisions of any general or special law, no moneys shall be available from the transportation infrastructure renewal fund until a certificate of approval of availability shall have been issued by the director of the budget, and a copy of such certificate of approval filed with the state comptroller, the chairman of the senate finance committee and the chairman of the assembly ways and means committee. Such certificate may be amended from time to time by the director of the budget, and a copy of each such amendment shall be filed with the state comptroller, the chairman of the senate finance committee and the chairman of the assembly ways and means committee (71119310) ... 810,000 ..... (re. $638,000)

By chapter 54, section 1, of the laws of 1989, as amended by chapter 55, section 1, of the laws of 1996:

The sum of $2,800,000, or so much thereof as may be necessary, is hereby appropriated from the transportation infrastructure renewal fund as established by section 74 of the state finance law in accordance with the provisions of section 7 of chapter 836 of the laws of 1983 for payment, notwithstanding the provisions of any law, to the capital projects fund, in order to reimburse such funds for disbursements certified by the state comptroller as bondable under the provisions of the rebuild New York through transportation infrastructure renewal bond act of 1983 (71A58910) ..... 2,800,000 ..... (re. $2,800,000)

By chapter 54, section 1, of the laws of 1988, as amended by chapter 55, section 1, of the laws of 1996:

The sum of $116,580,000 or so much thereof as may be necessary, is hereby appropriated from the transportation infrastructure renewal bond fund as established by section 74 of the state finance law in accordance with the provisions of section 7 of chapter 836 of the laws of 1983 for payment, notwithstanding the provisions of any law, to the capital projects fund, in order to reimburse such funds for disbursements certified by the state comptroller as bondable under the provisions of the rebuild New York through transportation infrastructure renewal bond act of 1983 (71A58810) ..... 116,580,000 ..... (re. $24,644,000)
