PART C

Section 1. Legislative intent. (a) The legislature finds that New York leads the nation in Medicaid spending per capita and ranks third highest in overall health care spending per capita. Despite this extraordinary level of spending, 2.3 million New Yorkers are uninsured and New York's health care system is ranked average among states and below average on hospitalizations that could have been avoided if patients had timely

access to quality outpatient care. It is the intent of this legislation to ensure that New Yorkers have access to a high-performing health system and that New York Medicaid buys quality, cost-effective care by: implementing a transparent and accurate inpatient reimbursement system that rewards quality and efficiency; investing in ambulatory care services and supporting the development of health care homes; supporting providers that serve uninsured patients; increasing affordable coverage in partnership with the federal government; investing in health information technology; and more effectively and efficiently managing pharmaceutical benefits.

(b) With respect to improper influences exerted on prescribing decisions and the lack of transparency in the administration of pharmacy benefits by pharmacy benefit managers, the legislature finds that:

i. The pharmaceutical, biological product and medical device industries spend billions of dollars annually to attempt to influence prescribers' decisions about which drugs or other treatment to prescribe to their patients, including more than half of all formal continuing medical education programs. Legislation is necessary to prohibit drug and device manufacturers from making payments to prescribers in an attempt to influence their prescribing decisions and further to require prescribers and manufacturers to disclose the things of value that are legitimately transferred from drug and device manufacturers to prescribers.

ii. There is compelling evidence that the vast majority of physicians accept some type of gift or payment from pharmaceutical and medical device manufacturers, and often such gifts and payments, even when of little value, influence physicians to prescribe treatments that are more expensive and no more effective or safe, and are sometimes less effective and more dangerous, than other available treatments.

iii. Legislation is necessary to prohibit presenters at continuing professional education programs from providing false or misleading information to prescribers and to require all potential conflicts of interest be disclosed to attendees of such programs.

iv. Drug manufacturers, including labelers, make payments to pharmacy benefit managers and their affiliates in an effort to influence the drugs covered by the health plans which contract with the pharmacy benefit manager and, therefore, the drugs purchased by the health plans' participants. Health plans have been unable to obtain from pharmacy benefit managers information about these payments and other information material to a health plan's choice of pharmacy benefit manager and to the health plan's evaluation of the quality and value of the pharmacy benefit services it receives. Legislation is needed to require pharmacy benefit managers to disclose to the health plans that contract with them basic information about their financial dealings that affect the health plans and their participants.

S 1-a. Short title. This act shall be known and may be cited as the "health care improvement act".

S 1-b. Subparagraph (ii) of paragraph (a) of subdivision 33 of section 3807-c of the public health law, as added by section 12 of part C of chapter 58 of the laws of 2008, is amended to read as follows:

PART D

Section 1. The legislature finds that New York leads the nation in Medicaid spending on long-term care services and that Medicaid spending on home and personal care services are among the fastest growing areas of Medicaid expenditure despite the fact that the number of beneficiaries receiving these services has not increased. Current processes for assessing the service needs of elderly and disabled beneficiaries do not consistently result in appropriate placement and services and show wide variation across the state. Current reimbursement levels and methodologies do not ensure quality or efficiency, with providers in the same community serving comparable populations receiving markedly different Medicaid payments. It is the intent of this legislation to ensure that elderly and disabled beneficiaries have access to the right level of care in the most appropriate setting; to implement transparent and accurate reimbursement systems for nursing and home care services; and to reward quality and efficiency as well as to make targeted investments to improve long-term care services.

S 1-a. Short title. This act shall be known and may be cited as "The Long-Term Care Reform Act".

S 2. Subdivision 2-b of section 2808 of the public health law is amended by adding a new paragraph (h) to read as follows:

NOTWITHSTANDING ANY INCONSISTENT PROVISION OF LAW OR REGULATION, AS OF MARCH FIRST, TWO THOUSAND NINE, WITH REGARD TO ADMINISTRATIVE RATE APPEALS, THE DEPARTMENT WILL ONLY REVIEW SUCH APPEALS FOR (A) THE CORRECTION OF COMPUTATIONAL ERRORS OR OMISSIONS OF DATA BY THE DEPARTMENT IN DETERMINING THE OPERATING RATE BASED UPON THE INFORMATION PROVIDED TO THE DEPARTMENT PRIOR TO THE COMPUTATION OF THE RATE, (B) CAPITAL COST REIMBURSEMENT, OR (C) SUCH REASONS AS THE COMMISSIONER DETERMINES ARE APPROPRIATE. (II) THE DEPARTMENT SHALL EVALUATE THE ADEQUACY OF CURRENT CAPITAL COST REIMBURSEMENT FOR VOLUNTARY RESIDENTIAL HEALTH CARE FACILITIES.

S 7. Subdivision 21 of section 2808 of the public health law, as added by section 27 of part C of chapter 58 of the laws of 2004 and paragraphs (a), (b), (f), (g) and (h) as amended by chapter 746 of the laws of 2004, is amended to read as follows:

(b) Eligibility for such rate adjustments shall be determined on the basis of each residential health care facility's operating margin over the most recent three-year period for which financial data are available from the RHCF-4 cost report or the institutional cost report. For purposes of the adjustments made for the period October first, two thousand four through December thirty-first, two thousand four, financial information for the calendar years two thousand through two thousand two shall be utilized. For each subsequent rate year, the financial data for the three-year period ending two years prior to the applicable rate year shall be utilized for this purpose.

(c) Each facility's operating margin for the three-year period shall be calculated by subtracting total operating expenses for the three-year period from total operating revenues for the three-year period, and dividing the result by the total operating revenues for the three-year period, with the result expressed as a percentage. For hospital-based residential health care facilities for which an operating margin cannot be calculated on the basis of the submitted cost reports, the sponsoring hospital's overall three-year operating margin, as reported in the institutional cost report, shall be utilized for this purpose. All facilities with negative operating margins calculated in this way over the three-year period shall be arrayed into quartiles based on the magnitude of the operating margin. Any facility with a positive operating margin for the most recent three-year period, a negative operating margin that places the facility in the quartile of facilities with the smallest negative operating margins, a positive total margin in the most recent year of the three year period, or an average Medicaid utilization percentage of fifty percent or less during the most recent year of the three-year period shall be disqualified from receiving an adjustment pursuant to this subdivision, PROVIDED, HOWEVER, THAT FOR RATE PERIODS ON AND AFTER APRIL FIRST, TWO THOUSAND NINE, SUCH DISQUALIFICATION:

(I) SHALL NOT BE APPLIED SOLELY ON THE BASIS OF A FACILITY'S HAVING A POSITIVE TOTAL MARGIN IN THE MOST RECENT YEAR OF SUCH THREE-YEAR PERIOD;

(II) SHALL BE EXTENDED TO THOSE FACILITIES IN THE QUARTILE OF FACILITIES WITH THE SECOND SMALLEST NEGATIVE OPERATING MARGINS; AND

(III) SHALL ALSO BE EXTENDED TO THOSE FACILITIES WITH AN AVERAGE MEDICAID UTILIZATION PERCENTAGE OF LESS THAN SEVENTY PERCENT DURING THE MOST RECENT YEAR OF THE THREE-YEAR PERIOD.

(d) For each facility remaining after the exclusions made pursuant to paragraph (c) of this subdivision, the commissioner shall calculate the average annual operating loss for the three-year period by subtracting total operating expenses for the three-year period from total operating revenues for the three-year period, and dividing the result by three, PROVIDED, HOWEVER, THAT FOR PERIODS ON AND AFTER APRIL FIRST, TWO THOUSAND NINE, THE AMOUNT OF SUCH AVERAGE ANNUAL OPERATING LOSS SHALL BE REDUCED BY AN AMOUNT EQUAL TO THE AMOUNT RECEIVED BY SUCH FACILITY PURSUANT TO SUBPARAGRAPH (II) OF PARAGRAPH (A) OF SUBDIVISION TWO-B OF THIS SECTION. For this purpose, for hospital-based residential health care facilities for which the average annual operating loss cannot be calculated on the basis of the submitted cost reports, the sponsoring hospital's overall average annual operating loss for the three-year period shall be apportioned to the residential health care facility based on the proportion the residential health care facility's total revenues for the period bears to the total revenues reported by the sponsoring hospital, AND SUCH APPORTIONED AVERAGE ANNUAL OPERATING LOSS SHALL THEN BE REDUCED BY AN AMOUNT EQUAL TO THE AMOUNT RECEIVED BY SUCH FACILITY PURSUANT TO SUBPARAGRAPH (II) OF PARAGRAPH (A) OF SUBDIVISION TWO-B OF THIS SECTION.

First Quartile (lowest operating margins): 35 percent

Third Quartile: 12.5 percent

(f) The amount of any facility's financially disadvantaged residential health care facility distribution calculated in accordance with this subdivision shall be reduced by the facility's estimated rate year benefit of the two thousand one update to the regional input price adjustment factors authorized pursuant to FORMER subdivision seventeen of this section as amended by section 24 of part C of chapter 58 of the laws of 2004, OR AS AUTHORIZED BY SUBDIVISION SEVENTEEN-A OF THIS SECTION, AS ADDED BY SECTION 56 OF PART C OF CHAPTER 58 OF THE LAWS OF 2007, if any, PROVIDED, HOWEVER, THAT SUCH REDUCTION SHALL NOT BE APPLIED WITH REGARD TO RATE PERIODS ON AND AFTER APRIL FIRST, TWO THOUSAND NINE. (III) SUCH PLAN SHALL REQUIRE PERIODIC REPORTS TO THE COMMISSIONER, IN ACCORDANCE WITH A SCHEDULE ACCEPTABLE TO THE COMMISSIONER, SETTING FORTH THE PROGRESS THE FACILITY HAS MADE IN IMPLEMENTING ITS PLAN; AND

(IV) SUCH PLAN MAY INCLUDE THE FACILITY'S RETENTION OF A QUALIFIED CHIEF RESTRUCTURING OFFICER TO ASSIST IN THE IMPLEMENTATION OF THE PLAN, PROVIDED, HOWEVER, THAT THIS REQUIREMENT MAY BE WAIVED BY THE COMMISSIONER, FOR GOOD CAUSE SHOWN, UPON WRITTEN APPLICATION BY THE FACILITY.

(K) IF A RESIDENTIAL HEALTH CARE FACILITY FAILS TO SUBMIT AN ACCEPTABLE RESTRUCTURING PLAN IN ACCORDANCE WITH THE PROVISIONS OF PARAGRAPH (J) OF THIS SUBDIVISION, THE FACILITY SHALL, FROM THAT TIME FORWARD, BE PRECLUDED FROM RECEIPT OF ALL FURTHER RATE ADJUSTMENTS MADE PURSUANT TO THIS SUBDIVISION AND SHALL BE DEEMED INELIGIBLE FROM ANY FUTURE RE-APPLICATION FOR SUCH ADJUSTMENTS. FURTHER, IF THE COMMISSIONER DETERMINES THAT A FACILITY HAS FAILED TO MAKE SUBSTANTIAL PROGRESS IN IMPLEMENTING ITS PLAN OR IN ACHIEVING THE BENCHMARKS SET FORTH IN SUCH PLAN, THEN THE COMMISSIONER MAY, UPON THIRTY DAYS NOTICE TO THAT FACILITY, DISQUALIFY THE FACILITY FROM FURTHER PARTICIPATION IN THE RATE ADJUSTMENTS AUTHORIZED BY THIS SUBDIVISION AND THE COMMISSIONER MAY REQUIRE THE FACILITY TO REPAY SOME OR ALL OF THE PREVIOUS RATE ADJUSTMENTS.

Losses resulting from bad debt and the delivery of charity care shall be determined by the commissioner considering, but not limited to, such factors as the losses resulting from bad debt and the costs of charity care provided by the certified home health agency and the availability of other financial support, including state local assistance public health aid, to meet the losses resulting from bad debt and the costs of charity care of the certified home health agency. HOWEVER, IF A CONTINUING ASSESSMENT OF SUCH PERSON'S NEEDS DEMONSTRATES THAT HE OR SHE REQUIRES INCREASED SERVICES, THE SOCIAL SERVICES OFFICIAL MAY AUTHORIZE THE EXPENDITURE OF ANY AMOUNT ACCRUED UNDER THIS SECTION DURING THE PAST TWELVE MONTHS AS THE RESULT OF THE EXPENDITURES FOR THAT PERSON NOT HAVING EXCEEDED SUCH MAXIMUM AMOUNT. IF THE ASSESSMENT OF SUCH PERSON'S NEEDS DEMONSTRATES THAT HE OR SHE REQUIRES INCREASED SERVICES THE PAYMENT FOR WHICH WOULD EXCEED SUCH MONTHLY MAXIMUM, BUT IT CAN BE REASONABLY ANTICIPATED THAT TOTAL EXPENDITURES FOR REQUIRED SERVICES FOR SUCH PERSON WILL NOT EXCEED SUCH MAXIMUM CALCULATED OVER A ONE YEAR PERIOD, THE SOCIAL SERVICES OFFICIAL MAY AUTHORIZE PAYMENT FOR SUCH SERVICES. Expenditures made under this subdivision shall be deemed payments for medical assistance for needy persons and shall be subject to reimbursement by the state in accordance with the provisions of section three hundred sixty-eight-a of this [chapter] TITLE.
