Creation, Commerce and Industry

AN ACT to amend the economic development law and the public authorities
law, in relation to authorizing the job development authority to
create and administer the bank export incentive program with the tech-
nical assistance of the department of economic development

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEM-
BLY, DO ENACT AS FOLLOWS:

1 Section 1. Legislative intent. The legislature hereby finds and
2 declares that the economy of the state of New York can be bolstered and
3 enhanced through the sale of additional products and services from New
4 York state to customers in foreign countries. The legislature further
5 finds that one of the impediments to an increase in export sales from
6 New York state is the unavailability of loans at a competitive interest
7 rate for relatively small amounts of money borrowed for time periods
8 between one and five years from the commercial banks of our state and
9 nation. It is further found that one of the major reasons that such
10 monies are unavailable is the high cost of processing such loans by
11 banking organizations because of the complexities of international tran-
12 sactions. The legislature, therefore, finds and declares that it is in
13 the interest of a stronger and more viable economy for the state of New
14 York to encourage the banking industry of our state to provide medium-
15 term financing for low dollar volume export transactions through the
16 creation of a bank export incentive program.

17 S 2. Subdivision 47 of section 100 of the economic development law,
18 as renumbered by chapter 427 of the laws of 2008, is renumbered subdivi-
19 sion 48 and a new subdivision 47 is added to read as follows:
