AN ACT to amend the environmental conservation law, in relation to used oil filters

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1     Section 1. Legislative intent. The legislature finds and declares that  
2 the proper management of used oil is of paramount environmental concern,  
3 particularly in protecting the state's waterways and groundwater  
4 supplies from such pollution. The legislature further finds that current  
5 laws and regulations governing the prohibited disposal of used oil, and  
6 establishing requirements for its safe collection and management by  
7 service establishments and other on-premises oil-changing operations,  
8 are not adequate to protect the environment from the estimated seven  
9 hundred thousand gallons of waste oil which remains in the eighteen  
10 million used oil filters generated in the state each year. Accordingly,  
11 landfill disposal should be prohibited for this product, and each used  
12 oil filter, which contains approximately five ounces of used oil as well  
13 as significant amounts of steel, should be separated from the waste  
14 stream by service establishments and other large generators and held for  
15 recycling.

16     S 2. Section 23-2301 of the environmental conservation law is amended  
17 by adding four new subdivisions 12, 13, 14 and 15 to read as follows:

18     12. THE TERM "USED OIL FILTER" MEANS ANY DEVICE OR COMPONENT OF A  
19 DEVICE, THE PRIMARY PURPOSE OF WHICH IS TO REMOVE CONTAMINANTS FROM OIL,  
20 WHICH CONTAINS A RESIDUE OF USED OIL AS DEFINED IN THIS SECTION, AND IS  
21 NOT CONSIDERED HAZARDOUS UNDER FEDERAL REGULATIONS.

22     13. THE TERM "USED OIL FILTER TRANSPORTER" SHALL MEAN ANY PERSON WHO  
23 IS PERMITTED BY THE DEPARTMENT TO TRANSPORT SOURCE-SEPARATED USED OIL
