- AN ACT to amend the public health law, the education law and the labor law, in relation to prohibiting participation in torture and improper treatment of prisoners by health care professionals

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Legislative policy and intent. This legislation is based 1 on, and is intended to give effect to, international treaties and stand-2 ards; federal, state and local law; and professional standards relating 3 4 to torture, improper treatment of prisoners, and related matters. It is 5 guided by two basic principles: (1) health care professionals shall be dedicated to providing the highest standard of health care, with compassion and respect for human dignity and rights; and (2) torture and 6 7 8 improper treatment of prisoners are wrong and inconsistent with the 9 practice of the health care professions. The legislature finds that the conduct prohibited by this act violates the ethical and legal obli-10 11 gations of licensed health care professionals. This legislation will further protect the professionalism of New York state licensed health 12 13 care professionals by authorizing and obligating them to refuse to 14 participate in torture and improper treatment of prisoners, which in 15 turn will protect the life and health of the people of the state and 16 those with whom New York licensed health care professionals interact. 17 legislature is mindful that ordinarily there are limits on New York The

state's jurisdiction relating to conduct outside the state or under federal authority. However, it is proper for the state to regulate health care professional licensure in relation to a professional's conduct, even where the conduct occurs outside the state; certain wrongful out-of-state conduct is already grounds for professional discipline. Therefore, it is the legislature's intent that this legislation be applied to the fullest extent possible.
