AN ACT to amend the public service law, in relation to providing real time smart metering technology to residential electricity customers

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1 Section 1. Legislative intent. The legislature intends to provide
2 residential customers with the ability to control and manage electricity
3 usage and the time of usage in their homes. The implementation of a real
4 time pricing smart meter program should help to conserve energy and
5 prevent peak-time system overloads. The expansion of the use of real
6 time pricing smart meters from the commercial and industrial markets to
7 the residential market should benefit consumers with reduced monthly
8 costs and stimulate market competition.

9 S 2. The public service law is amended by adding a new section 39-a to
10 read as follows:

11 S 39-A. REAL TIME PRICING SMART METERING. 1. AS USED IN THIS SECTION,

15 USAGE OR DEMAND AND REAL TIME PRICING IN USEFUL COMPARISONS INCLUDING,
16 BUT NOT LIMITED TO, MEANS SUCH AS SIDE BY SIDE BAR GRAPHS OR COLOR CODED
17 SYSTEMS THAT REFLECT CHANGING UTILITY DEMAND AND PRICING;

18 (B) RECORDING AND STORING AND INTERPRETING KILOWATT PER HOUR USER
19 RATES IN ONE-HALF HOUR INTERVALS;

EXPLANATION--Matter in ITALICS (underscored) is new; matter in brackets
[] is old law to be omitted.
