- AN ACT in relation to authorizing and directing the committee on open government to study proactive disclosure as a means of increasing transparency and access to government information

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1 Section 1. Legislative findings. The legislature finds that the current freedom of information law, enacted in 1977, has 2 served as a 3 critical vehicle under which the public has gained access to records of state and local governmental entities. The legislature further finds 4 5 that the freedom of information law places the burden on the individual 6 to request information from an agency, but that the use of current 7 information technology, combined with a commitment to proactive disclo-8 sure, has the potential to provide information to the public to an even 9 greater degree than does the current law.

10 S 2. The New York state committee on open government is hereby author-11 ized and directed to: (a) study the feasibility of requiring agencies, as defined in subdivision 3 of section 86 of the public officers law, to 12 proactively disclose documents that are available under article 6 of the 13 14 public officers law; (b) make specific findings and legislative recom-15 mendations relating to mandatory proactive disclosure by agencies; (c) 16 estimate the costs or savings of proactive disclosure; and (d) report 17 findings to the governor, the temporary president of the senate and its the speaker of the assembly no later than January 31, 2010. 18
