FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill amends the Retirement and Social Security Law to increase the limit on non-legal list investments for the eight (8) public retirement systems of New York State. It would replace the current 25% limit with a 35% limit. It would also increase the amount of investment which may be made in foreign equities. The current 10% limit would be replaced with a 20% limit.

If this bill is enacted, insofar as this bill affects the New York State and Local Employees' Retirement System and the New York State and Local Police and Fire Retirement System, we assume that there would be small investment changes as a result of enactment. Any increases or decreases in investment earnings will result in decreases or increases, respectively, in employer contributions. Annual changes in assets will be shared by all employers and will be spread over the future working lifetimes of active members.

This estimate, dated March 17, 2009, and intended for use only during the 2009 Legislative Session, is Fiscal Note Number 2009-186 prepared by

the Actuary for the New York State and Local Employees' Retirement System and the New York State and Local Police and Fire Retirement System.
