FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would permit certain public safety dispatchers, public safety telecommunicators and communication officers employed by the state, or a county or municipal 911 department to retire upon completion of twenty-five (25) years of creditable service if such employer elects to provide this alternative. For all eligible Tier 3 officers who elect to forfeit their benefits under Article 14 and all eligible Tier 1, 2 and 4 officers, the benefit upon retirement would be an allowance of one-half final average salary. There would be no reduction due to early service retirement for these members.

If this bill is enacted, we anticipate that there would be an estimated increase in the annual contributions of the electing employers of approximately 1.4% of the affected members' annual salaries for the fiscal year ending March 31, 2010.

In addition to the annual contributions discussed above, there will be an immediate past service cost for those members who become covered under this alternative plan which would depend on the length of service, age and salary of the members, as well as on their current plan. This past service cost would be borne by the affected employer and could be amortized over a five (5) or ten (10) year period if so elected by such employer.

This estimate, dated February 2, 2009, and intended for use only during the 2009 Legislative Session, is Fiscal Note No. 2009-127 prepared by the Actuary for the New York State and Local Employees' Retirement System.
