Section 1. Short title. This act shall be known and may be cited as the "housing New York program act for the twenty-first century".

S 2. Legislative findings and purpose. It is hereby found and declared that there exists in the city of New York a seriously inadequate supply of safe, sanitary and affordable dwelling accommodations for persons and families for whom the ordinary operations of private enterprise cannot provide such accommodations as provided herein and that such shortage is progressively more severe to the degree that the incomes of such persons are lower; that there exists in such city a significant number of one to two unit and multiple dwellings which are deteriorated or vacant; that the existence of such conditions creates a serious threat to the health, safety, welfare, comfort and security of the people of the state and further depletes the supply of safe, sanitary and affordable dwelling accommodations; and that substantial commitments of funds will be required to alleviate the present shortage of safe, sanitary and affordable dwelling accommodations for persons and families of low and moderate income.

The legislature further finds that: (1) in order to assure that funds, which are now or may in the future become available from public sources for the provision of dwelling accommodations, are used to benefit persons of low and moderate income, who face the most serious shortage of safe, sanitary and affordable housing; (2) in order to assure that such funds are otherwise used in the most beneficial manner; and (3) in order to provide new funds for such purposes through the Battery Park city authority and the subsidiary corporation of the New York city housing development corporation pursuant to this act, the housing New York program act for the twenty-first century should be established by the legislature.

S 3. Definitions. As used in this act, unless a different meaning clearly appears from the context:

S 4. Housing New York program for the twenty-first century. 1. There is hereby established a program to be known as the "housing New York program for the twenty-first century" pursuant to which the city of New York, its agencies and instrumentalities (other than the housing New York corporation) and the New York city housing development corporation shall acquire, rehabilitate, construct, enlarge, improve and renovate dwelling accommodations and provide assistance in order to have such activities performed, subject to the terms and conditions of this act. Such program shall be financed with the total amount of funds which are made available from the following sources during the twenty year period commencing July first, next succeeding the date on which this act shall have taken effect:

3. All expenditures by the city of housing program funds shall be appropriated by the city council of the city of New York.

S 5. Minimization of displacement. Within nine months following the effective date of this act, the city shall issue and promulgate, in accordance with the New York city charter, rules and regulations which describe the procedures pursuant to which the city shall meet the following goals:

1. The city shall use its best efforts to ensure that programs and activities carried out pursuant to the housing New York program for the twenty-first century are structured so as to minimize the likelihood of any involuntary physical or economic displacement of tenants and owners who reside in dwelling accommodations which are the subject of such programs and activities other than temporarily, as a direct result of rehabilitation work which is performed in such tenant's or owner's building or dwelling accommodations, in which case suitable temporary relocation arrangements shall be provided.

2. In assembling sites for new construction projects which will utilize housing program funds, and undertaking any demolition work necessary to prepare such sites, the city shall avoid the displacement of any existing tenants and owners of structurally sound dwelling accommodations to the greatest extent feasible and in addition, give a priority in occupying the project constructed with housing program funds to any tenant or owner so displaced, if they are income eligible to do so.

3. The city shall keep a record of all tenants and owners who are involuntarily physically displaced by virtue of rehabilitation work carried out with housing program funds or work necessary to prepare new construction sites which utilize housing program funds and take reasonable steps to determine the number of tenants economically displaced by virtue of such work.

Nothing contained in this section shall be deemed to make less restrictive any inconsistent requirement of state or local law or regulation which provides protections against involuntary displacement of occupants of housing accommodations.

S 6. Affordability. In structuring programs and activities pursuant to the housing New York program for the twenty-first century, the city shall take reasonable steps to assure that dwelling accommodations assisted by housing program funds remain affordable to the income groups occupying such accommodations for a substantially long period of time, such periods to be determined by the city in accordance with section eight of this act.

S 7. Rent regulation. Notwithstanding the provisions of, or any regulation promulgated pursuant to, the rent stabilization law of nineteen hundred sixty-nine or the emergency tenant protection act of nineteen seventy-four, in the case of a dwelling accommodation in a multiple dwelling operated as rental property, which benefits from housing program funds, if: (1) such dwelling accommodation at the time construction or rehabilitation work carried out with housing program funds is completed, is not subject to the rent stabilization law of nineteen hundred sixty-nine, the emergency tenant protection act of nineteen seventy-four, the local emergency housing rent control act or local law enacted pursuant thereto, or regulation by the city such dwelling accommodation shall be made subject to the rent stabilization law of nineteen hundred sixty-nine by the provisions of this section for a period which shall be determined by the city and thereafter until the first vacancy which occurs in such dwelling accommodation, or (2) such dwelling accommodation is subject to any of the laws, acts or regulations described in subdivision one of this section at the time construction or rehabilitation work carried out with housing program funds is completed, such dwelling accommodation shall continue to be subject to such laws, acts or regulations to the same extent, in the same manner and for the same period of time provided in any statute which provides coverage for such housing accommodation under such laws, acts or regulations and shall not be affected by the provisions of this section for the duration of such coverage, provided, however, that the city may provide that upon the termination of coverage of such housing accommodations under any of the laws, acts or regulations described in subdivision one of this section such housing accommodations shall be subject to the rent stabilization law of nineteen hundred sixty-nine for a period which shall be determined by the city and thereafter until the first vacancy which occurs in such housing accommodation. The provisions of this act shall not be deemed to provide rent regulation pursuant to the rent stabilization law of nineteen hundred sixty-nine for any period of time subsequent to the expiration or termination of such law.

S 8. Standards and criteria. 1. In determining how long a period of time the city will seek to retain dwelling accommodations as affordable to the income groups occupying them, pursuant to section six of this act, and, where applicable, how long a period of time such dwelling accommodations shall be subject to the rent stabilization law of nineteen hundred sixty-nine, pursuant to section seven of this act, the city shall be bound by any minimum period required by any federal, state or local law, and shall also take into consideration the term of any loan provided to benefit the housing accommodation through such program or activity. The city may also consider the cost and useful life of the works or improvements provided for the dwelling accommodation, the city program or activity through which the dwelling accommodation is assisted, the category of income of the occupants of such dwelling accommodation and the area or areas in which such dwelling accommodation is located. The city shall issue and promulgate, in accordance with the New York city charter, rules and regulations which outline the criteria and procedures it shall use to meet the requirements of this section.

2. Notwithstanding the provisions of subdivision one of this section, in the event housing program funds are provided to the New York city housing development corporation in connection with any loan made by such corporation pursuant to subdivision 23-c of section 654 of the private housing finance law to finance the construction of dwelling accommodations: (a) the period of time such dwelling accommodations shall be

subject to the rent stabilization law of nineteen hundred sixty-nine shall be a minimum of fifteen years, or such longer period as may be provided in any law other than this act, and thereafter each such dwelling accommodation shall remain subject to such law until the first vacancy which occurs in such accommodation subsequent to the expiration of such period; and (b) with regard to newly constructed dwelling accommodations financed by such corporation which are intended to benefit persons and families whose incomes do not exceed eighty percent of the median income for the area in which such dwelling accommodations are located, for a period of fifteen years persons and families who move into such dwelling accommodations shall have incomes which do not exceed eighty percent of such median income and such dwelling accommodations shall remain affordable to such persons and families for a minimum period of fifteen years.

S 9. Allocation of program funds. At least forty percent of the funds committed to the housing New York program for the twenty-first century shall be utilized to supply dwelling accommodations for persons and families whose incomes do not exceed fifty-five percent of the median income for the area in which such dwelling accommodations are located and in addition, no more than twenty-five percent of such funds may be utilized to supply dwelling accommodations for persons and families whose incomes exceed ninety percent of such median income, but in no event shall any housing program funds be utilized to provide dwelling accommodations for persons and families whose incomes are greater than one hundred seventy-five percent of the median income for the area in which such dwelling accommodations are located. In addition, the city shall use its best efforts to achieve by the end of each consecutive five-year period during which the housing New York program remains in effect beginning with a five-year period commencing July first, next succeeding the date on which this act shall have taken effect, the allocation of housing program funds described in the preceding sentence of this section.

S 10. Income determinations. In determining which income groups are being served by housing program funds for the purposes of section nine of this act, the city shall utilize and may rely on the following certifications, assumptions and calculations:

1. In the case of vacant dwelling accommodations assisted with housing program funds or dwelling accommodations newly constructed with housing program funds, the city shall require that the owners thereof: (a) certify that each intended occupant has submitted an income affidavit, in a form prescribed by the city, (b) certify the category of income in which the occupant belongs, and (c) continue to certify compliance with respect to the income eligibility of new tenants or purchasers for the period of affordability established for such dwelling accommodation pursuant to section eight of this act. The city shall periodically audit selected certifications provided pursuant to this section to determine the accuracy of the representations contained therein.

2. In the case of other dwelling accommodations assisted with housing program funds: (a) occupied dwelling accommodations owned by the city, dwelling accommodations occupied by persons and families transferred from emergency shelters for the homeless and dwelling accommodations occupied by persons and families eligible for or receiving public assistance as shall be deemed to be occupied by persons and families whose incomes do not exceed fifty-five percent of median income; and (b) occupied dwelling accommodations not owned by the city and located in an area eligible for mortgage insurance provided by the rehabilitation

mortgage insurance corporation which have annual rent levels after the completion of rehabilitation work carried out pursuant to this act, of less than thirty percent of ninety percent of median income shall be deemed to be occupied by persons and families whose incomes are in excess of fifty-five percent of median income and equal to or less than ninety percent of median income.

3. In the case where (a) an entire building or structure is assisted under the housing New York program for the twenty-first century; (b) such building or structure contains more than one dwelling accommodation; and (c) the categories of income of the occupants of such building or structure are not uniform throughout, the city shall determine the amount of housing program funds which benefit each particular dwelling accommodation by dividing the amount of such funds provided to benefit the building or structure by the number of rental rooms in such building or structure and multiplying the quotient derived therefrom by the number of rental rooms for each particular dwelling accommodation.

S 11. Maintenance of effort. The city shall not use any housing program funds to substitute for locally funded operating or capital expenditures which the city would have allocated to programs to provide dwelling accommodations through its normal budgetary process in the absence of the housing New York program for the twenty-first century. All housing program funds shall be utilized by the city to increase locally funded operating or capital expenditures to provide dwelling accommodations to a level which is greater than the level which would have existed if housing program funds had not been available. Nothing in this section shall require the city to allocate funds for housing purposes if in the city's judgment such allocation would require an increase in taxation or reduction in other city services.

S 12. Contracts. In connection with development and construction contracts for dwelling accommodations funded with housing program funds, minority-owned and women-owned business enterprises and minority group members and women shall be given the opportunity for meaningful participation. The city shall establish measures and procedures to secure meaningful participation by minority-owned and women-owned business enterprises on contracts for dwelling accommodations funded with housing program funds, including requiring submission of a utilization plan by the contractor. Such measures and procedures shall also promote the employment of minority group members and women on such contracts. The provisions of this section shall not be construed to limit the ability of any minority-owned or women-owned business enterprise to bid on any contract. In order to implement the requirements and objectives of this section in connection with such dwellings accommodations, the city shall be responsible for monitoring compliance with the provisions hereof, providing advice on the availability of competitive qualified minority-owned and women-owned business enterprises to perform contracts proposed to be awarded, and making recommendations to improve the access of minority-owned and women-owned business enterprises to these contracts. On or before April first, two years after this act shall have taken effect, and on or before the end of each three month period thereafter during which housing program funds are expended by the city, the city shall prepare and make available to the public a report detailing the measures and procedures established by the city in accordance with this section, the dollar value of all contracts awarded to such enterprises and employees and the number of such enterprises and employees which benefit from such contracts.

S 13. Reports. On or before January thirty-first, next succeeding the date on which this act shall have taken effect and on or before January thirty-first of every calendar year thereafter during which housing program funds are expended by the city, the city shall submit a report to the governor, the temporary president of the senate, the speaker of the assembly, the minority leader of the senate and the minority leader of the assembly.
