2009-2010 Regular Sessions

I N S E N A T E

January 28, 2009

Introduced by Sen. THOMPSON -- read twice and ordered printed, and when printed to be committed to the Committee on Environmental Conservation

AN ACT to amend the environmental conservation law, in relation to including wine and water bottles as returnable beverage containers, in relation to requiring state accounting of returnable beverage container revenues, in relation to creating the youth conservation corp program; and to amend the state finance law, in relation to establishing the youth conservation corp fund

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1 Section 1. Section 27-1001 of the environmental conservation law, as
2 added by chapter 200 of the laws of 1982, is amended to read as follows:
3 S 27-1001. Legislative findings.
4 The legislature hereby finds that litter composed of discarded [soft-
5 drink, beer and ale] bottles and cans, ESPECIALLY BEVERAGE CONTAINERS,
6 is a growing problem of state concern and a direct threat to the health
7 and safety of the citizens of this state. Discarded beverage bottles and
8 cans create a hazard to vehicular traffic, a source of physical injury
9 to pedestrians, farm animals and machinery and an unsightly accumulation
10 of litter which must be disposed of at increasing public expense. Bever-
11 age bottles and cans also create an unnecessary addition to the state's
12 and municipalities' already overburdened solid waste and refuse disposal
13 systems. Unsegregated disposal of such bottles and cans creates an
14 impediment to the efficient operation of resource recovery plants.
15 Further, the legislature finds that the uninhibited discard of beverage
16 containers constitutes a waste of both mineral and energy resources. The
17 legislature hereby finds that requiring a deposit on all beverage
18 containers, along with certain other facilitating measures, will provide
19 a necessary incentive for the economically efficient and environmentally
20 benign collection and recycling of such containers.

EXPLANATION--Matter in ITALICS (underscored) is new; matter in brackets
[] is old law to be omitted.
