36 S 5. This act shall take effect immediately.

FISCAL NOTE.-- Pursuant to Legislative Law, Section 50:

This bill would provide an increase in the defined benefit cost-of-living adjustment (COLA) for New York public retirement systems. Starting with a payment in September 2009 the cost-of-living adjustment will be increased from fifty percent of the annual inflation to one hundred percent of the annual inflation, not to exceed an annual increase of 3%.

Insofar as this bill affects the New York State and Local Employees' Retirement System and the New York State and Local Police and Fire Retirement System, if this bill were enacted there would be an estimated first year cost of approximately \$300 million to the State of New York, \$410 million to participating employers in the New York State and Local Employees' Retirement System and \$50 million to the participating employers in the New York State and Local Police and Fire Retirement System.

This estimate, dated December 1, 2008 and intended for use only during the 2009 Legislative Session, is Fiscal Note No. 2009-63, prepared by the Actuary for the New York State and Local Employees' Retirement System and the New York State and Local Police and Fire Retirement System.
