2009-2010 Regular Sessions

IN SENATE

(PREFILED)

January 7, 2009

Introduced by Sen. FUSCHILLO -- read twice and ordered printed, and when printed to be committed to the Committee on Health

AN ACT to amend the public health law, in relation to prohibiting the sale of flavored cigarettes

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Legislative findings. The legislature hereby finds and declares that there has been a proliferation of flavored cigarettes in recent years. Many of these products have fruit, chocolate or other flavors that are particularly attractive to children. According to public health experts, children are more likely to choose flavored cigarettes when they start smoking, and thus the existence of these products increases the incidence of tobacco use among children. Moreover, the earlier that an individual begins smoking, the more likely he or she will become addicted to tobacco products and will continue to smoke throughout his or her lifetime. As a result, flavored cigarettes result in increased tobacco use, increased addiction, a greater incidence of smoking-related illnesses, increased health care costs, and more smoking-related deaths. The legislature therefore finds and declares that flavored cigarettes present a significant threat to public health, and that the sale of flavored cigarettes must be prohibited.
