AN ACT to amend the general business law, in relation to mandating automobile manufacturers to release vehicle repair information to vehicle owners

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1 Section 1. Short title. This act shall be known and may be cited as
2 the "New York state consumers' right to repair act of 2010".
3 S 2. Legislative findings. The legislature finds that the ability to
4 diagnose, service, and repair a motor vehicle in a timely, reliable, and
5 affordable manner is essential to the safety and well-being of automot-
6 tive consumers in the state of New York. Consumers are entitled to
7 choose among competing repair facilities for the convenient, reliable,
8 and affordable repair of their motor vehicles. Increased competition
9 among repair facilities will benefit vehicle owners in this state.
10 Computers of various kinds are increasingly being used in motor vehicle
11 systems, such as pollution control, transmission, antilock brakes, elec-
12 tronic and mechanical systems, heating and air-conditioning, sound, and
13 steering.
14 The legislature finds that the diagnosis, service, and repair of these
15 vehicle systems are essential to the safety and proper operation of
16 modern motor vehicles. In many instances, access codes prevent owners
17 from making, or having made, the necessary diagnosis, service, and
18 repair of their motor vehicles in a timely, convenient, reliable, and
19 affordable manner. Consumers in New York have benefited from the avail-

ability of an aftermarket parts supply, or parts and accessories used in the repair, maintenance, or enhancement of a motor vehicle.

The legislature therefore finds that vehicle owners in New York should have the right to all information necessary to allow the diagnosis, service, and repair of their vehicles and to make, or have made, repairs necessary to keep their vehicles in reasonably good and serviceable condition during the expected vehicle life.
