6 some or all of the many and multiple benefits to be derived from
7 wetlands, to wit:

9 capacity of freshwater wetlands;
10 (b) wildlife habitat by providing breeding, nesting and feeding

12 including migratory wildfowl and rare, ENDANGERED OR THREATENED species
13 such as the bald eagle and osprey;
14 (c) protection of subsurface water resources and provision for valu-
15 able watersheds and recharging ground water supplies;
16 (d) recreation by providing areas for hunting, fishing, boating,
17 hiking, bird watching, photography, camping and other uses;
18 (e) pollution treatment by serving as biological and chemical oxida-
19 tion basins;
20 (f) erosion control by serving as sedimentation areas and filtering
21 basins, absorbing silt and organic matter and protecting channels and
22 harbors;

(g) education and scientific research by providing readily accessible outdoor bio-physical laboratories, living classrooms and vast training and education resources; [and]

(h) open space and aesthetic appreciation by providing often the only remaining open areas along crowded river fronts and coastal Great Lakes regions; [and]

(i) sources of nutrients in freshwater food cycles and nursery grounds and sanctuaries for freshwater fish[.];

47 New York [which shall have an area of at least twelve and four-tenths
48 acres or more, or if less than twelve and four-tenths acres, (a) have,
49 in the discretion of the commissioner, and subject to review of his
50 action by the board created pursuant to title eleven of this article,

52 forth in subdivision seven of section 24-0105] (A) AS DEFINED IN SECTION
53 24-0107 OF THIS ARTICLE or (b) THAT are located within the Adirondack
54 park and meet the definition of wetlands contained in subdivision
55 sixty-eight of section eight hundred two [of article twenty-seven] of
56 the executive law, and shall determine their characteristics. This study

1 shall, in addition to such other data as the commissioner may determine
2 to be included, consist of the freshwater wetlands inventory of the
3 department of environmental conservation, currently being made, together
4 with other available data on freshwater wetlands, whether assisted by
5 the state of New York under the tidal wetlands act or otherwise, or
6 assembled by federal or local governmental or private agencies, all of
7 which information shall be assembled and integrated, as applicable, into
8 a map of freshwater wetlands of the state of New York. Such study may,
9 in the discretion of the commissioner, be carried out on a sectional or
10 regional basis, as indicated by need, subject to overall completion in
11 an expeditious fashion subject to the terms of this chapter. This map,
12 and any orders issued pursuant to the provisions of this article, shall
13 comprise a part of the statewide environmental plan as provided for in
14 section 3-0303 of this chapter. As soon as practicable the commissioner
15 shall file with the secretary of state a detailed description of the
16 technical methods and requirements to be utilized in compiling the
17 inventory, and he OR SHE shall afford the public an opportunity to
18 submit comments thereon.

19 2. Upon completion of a freshwater wetlands inventory, the commission-
20 er shall prepare a [tentative] DRAFT freshwater wetlands map delineating
21 the boundaries of such wetlands as determined by the study and inventory
22 conducted pursuant to subdivision one of this section. The map may be
23 prepared for different sections or regions of the state separately, as
24 the commissioner shall determine. The commissioner shall consult and
25 cooperate with the Adirondack park agency in the preparation of a
26 [tentative] DRAFT freshwater wetlands map for any area within the
27 Adirondack park.

28 3. The [tentative] DRAFT freshwater wetlands map shall set forth the
29 boundaries of such wetlands as accurately as is practicable to inform
30 the owners thereof, the public and the department of the approximate
31 location of the actual boundaries of the wetlands, subject to motion for
32 delineation pursuant to this section, or more precise definition thereof
33 in the discretion of the commissioner. The commissioner shall take into
34 consideration, whenever possible, the boundaries of the local government
35 or governments within which the wetlands are located.

36 4. Upon completion of the [tentative] DRAFT freshwater wetlands map
37 for a particular area, the commissioner or his designated hearing offi-
38 cer shall hold a public hearing in that area in order to afford an
39 opportunity for any person to propose additions or deletions from such
40 map. The commissioner shall give notice of such hearing to each owner of
41 record as shown on the latest completed tax assessment rolls, of lands
42 designated as such wetlands as shown on said map and also to the chief
43 administrative officer and clerk of each local government within the
44 boundaries of which any such wetland or a portion thereof is located
45 and, in the case of a [tentative] DRAFT freshwater wetlands map for any
46 area within the Adirondack park, to the Adirondack park agency, by
47 certified mail not less than thirty days prior to the date set for such
48 hearing and shall assure that a copy of the relevant map is available
49 for public inspection at a convenient location in such local government.
50 The commissioner shall also cause notice of such hearing to be published
51 at least once, not more than thirty days nor fewer than ten days before
52 the date set for such hearing, in at least two newspapers having general
53 circulation in the area where such wetlands are located.

54 5. After considering the testimony given at such hearing and any other
55 facts which may be deemed pertinent, after considering the rights of
56 affected property owners and the ecological balance in accordance with

1 the policy and purposes of this article, and, in the case of wetlands or
2 portions thereof within the Adirondack park, after consulting with the
3 Adirondack park agency, the commissioner shall promulgate by order the
4 final freshwater wetlands map. Such order shall not be promulgated less
5 than sixty days from the date of the hearing required by subdivision
6 four hereof. AFTER CONSIDERATION OF COMMENTS FROM THE PUBLIC THE COMMIS-
7 SIONER MAY MAKE ALTERATIONS TO THE DRAFT MAP CONSISTENT WITH SECTION
8 24-0107 OF THIS ARTICLE. THE COMMISSIONER SHALL FINALIZE THE MAP AND
9 FILE A COPY OF THE MAP WITH THE OFFICE OF THE CLERK OF EACH GOVERNMENT
10 WITH JURISDICTION OVER PART OR ALL OF THE REGION SHOWN ON THE MAP. A
11 copy of the order, together with a copy of such map or relevant portion
12 thereof shall be filed in the office of the clerk of each local govern-
13 ment in which each such wetland or a portion thereof is located and, in
14 the case of a map for any area within the Adirondack park, with the
15 Adirondack park agency. The commissioner shall simultaneously give
16 notice of such order to each owner of lands, as shown on the latest
17 completed tax assessment rolls, designated as such wetlands by mailing a
18 copy of such order to such owner by certified mail in any case where a
19 notice by certified mail was not sent pursuant to subdivision four here-
20 of, and in all other cases by first class mail. The commissioner shall
21 also give notice of such order at such time to the chief administrative
22 officer of each local government within the boundaries of which any such
23 wetland or a portion thereof is located. At the time of filing with such
24 clerk or clerks, the commissioner shall also cause a copy of such order
25 to be published in at least two newspapers having general circulation in
26 the area where such wetlands are located.

27 6. Except as provided in subdivision eight of this section, [the
28 commissioner shall supervise the maintenance of such boundary maps,
29 which shall be] FRESHWATER WETLAND MAPS SHALL BE POSTED ON THE DEPART-
30 MENT'S WEBSITE AS ELECTRONIC IMAGES SO AS TO MAKE THEM BROADLY available
31 to the public for inspection and examination. IN ADDITION, ELECTRONIC
32 IMAGES SHALL BE AVAILABLE FOR INSPECTION at the regional office of the
33 department in which the wetlands are wholly or partly located and in the
34 office of the clerk of each county in which each such wetland or a
35 portion thereof is located. The [commissioner] DEPARTMENT may readjust
36 the map AS NEEDED thereafter to clarify the boundaries of the wetlands,
37 to correct any errors on the map, to effect any additions, deletions or
38 technical changes on the map, and to reflect changes as have occurred as
39 a result of the granting of permits pursuant to section 24-0703 of this
40 article, or natural changes which may have occurred through erosion,
41 accretion, or otherwise, EXCEPT WETLANDS SHALL NOT BE REMOVED FROM THE
42 MAP IF THEY ARE REDUCED IN SIZE AS A RESULT OF PERMITTED OR UNPERMITTED
43 ACTIVITIES AND SHALL CONTINUE TO BE SUBJECT TO JURISDICTION UNDER THIS
44 ARTICLE. THE DEPARTMENT SHALL THEN CORRECT THE MAP IMAGE AND UPDATE ANY
45 ELECTRONIC IMAGE OF THE MAP PREVIOUSLY POSTED ON ITS WEBSITE TO REFLECT
46 SUCH READJUSTMENT. AT THAT TIME, THE DEPARTMENT SHALL GIVE NOTICE OF
47 SUCH MAP ADJUSTMENT TO AFFECTED LANDOWNERS AND TO THE CHIEF ADMINISTRA-
48 TIVE OFFICER OF EACH COUNTY WITHIN THE BOUNDARIES OF WHICH ANY SUCH
49 WETLAND OR A PORTION THEREOF IS LOCATED. THE DEPARTMENT SHALL ALSO
50 CAUSE NOTICE OF THE ADJUSTED MAP TO BE PUBLISHED IN AT LEAST TWO NEWSPA-
51 PERS HAVING GENERAL CIRCULATION IN THE AREA WHERE SUCH WETLANDS ARE
52 LOCATED. PROVIDED, HOWEVER, THAT WHEN THE DEPARTMENT IS NOTIFIED THAT A
53 PROPOSED ACTIVITY SUBJECT TO REGULATION MAY AFFECT ANY FRESHWATER
54 WETLANDS AS DEFINED IN THIS ARTICLE, WHETHER MAPPED OR NOT, THE DEPART-
55 MENT SHALL DETERMINE WHETHER WETLANDS ARE PRESENT AND WHETHER AN ADJUST-
56 MENT ON THE MAP, AS CURRENTLY FILED, IS NEEDED IMMEDIATELY SO AS TO

1 PROTECT THE VALUES OR MEET THE POLICIES SET FORTH IN SECTION 24-0105 OF
2 THIS ARTICLE, AND IF SO, THE DEPARTMENT SHALL PROVIDE NOTICE TO THE
3 LANDOWNER THAT SUCH LAND IS THEREBY SUBJECT TO ITS JURISDICTION AND THE
4 LANDOWNER SHALL OBTAIN A PERMIT PURSUANT TO SECTIONS 24-0701 AND 24-0703
5 OF THIS ARTICLE PRIOR TO CONDUCTING A REGULATED ACTIVITY UPON ANY FRESH-
6 WATER WETLAND, TO BE FOLLOWED EXPEDITIOUSLY THEREAFTER WITH A MAP
7 ADJUSTMENT AS PROVIDED IN THIS SUBDIVISION. Notice of such readjustment
8 shall be given in the same manner as set forth in subdivision five of
9 this section for the promulgation of final freshwater wetlands maps.

10 7. Except as provided in subdivision eight of this section, the
11 [commissioner] DEPARTMENT may, upon [his] ITS own initiative, and shall,
12 upon a written request by a landowner whose land or a portion thereof
13 may be included within a wetland, or upon the written request of another
14 person or persons or an official body whose interests are shown to be
15 affected, cause to be delineated more precisely the boundary line or
16 lines of a freshwater wetland or a portion thereof. Such more precise
17 delineation of a freshwater wetland boundary line or lines shall be of
18 appropriate scale and sufficient clarity to permit the ready identifica-
19 tion of individual buildings and of other major man-made structures or
20 facilities or significant geographical features with respect to the
21 boundary of any freshwater wetland. The [commissioner] DEPARTMENT shall
22 undertake to delineate the boundary of a particular wetland or wetlands,
23 or a particular part of the boundary thereof only upon a showing by the
24 applicant therefor of good cause for such more precise delineation and
25 the establishment of such more precise line.

26 8. The supervision of the maintenance of any freshwater wetlands map
27 or portion thereof applicable to wetlands within the Adirondack park,
28 the readjustment and precise delineation of wetland boundary lines and
29 the other functions and duties ascribed to the [commissioner] DEPARTMENT
30 by [subdivisions six and seven of] this section shall be performed
31 INSIDE THE ADIRONDACK PARK by the Adirondack park agency, which shall
32 make such maps available for public inspection and examination at its
33 headquarters.

34 S 4. Section 24-0701 of the environmental conservation law, as amended

36 ter 697 of the laws of 1979, is amended to read as follows:
37 S 24-0701. Permits.

38 1. After issuance of the official freshwater wetlands map of the
39 state, or of any selected section or region thereof, any person desiring
40 to conduct on freshwater wetlands as so designated thereon any of the
41 regulated activities set forth in subdivision two of this section must
42 obtain a permit as provided in this title.

43 2. Activities subject to regulation UNDER SUBDIVISION ONE OF THIS
44 SECTION shall include SUBDIVISIONS OF PARCELS OF LAND CONTAINING FRESH-
45 WATER WETLANDS AND any form of draining, dredging, excavation, removal
46 of soil, mud, sand, shells, gravel or other aggregate from any freshwa-
47 ter wetland, either directly or indirectly; and any form of dumping,
48 filling, or depositing of any soil, stones, sand, gravel, mud, rubbish
49 or fill of any kind, either directly or indirectly; erecting any struc-
50 tures, roads, the driving of pilings, or placing of any other
51 obstructions whether or not changing the ebb and flow of the water; any
52 form of pollution, including but not limited to, installing a septic
53 tank, running a sewer outfall, discharging sewage treatment effluent or
54 other liquid wastes into or so as to drain into a freshwater wetland;
55 and any other activity which substantially impairs any of the several
56 functions served by freshwater wetlands or the benefits derived there-

1 from which are set forth in section 24-0105 of this article. These
2 activities are subject to regulation whether or not they occur upon the
3 wetland itself, if they impinge upon or otherwise substantially affect
4 the wetlands and are located not more than one hundred feet from the
5 boundary of such wetland. Provided, that a greater distance from any
6 such wetland may be regulated pursuant to this article by the appropri-
7 ate local government or by the department, whichever has jurisdiction
8 over such wetland, where necessary to protect and preserve the wetland.

9 3. The depositing or removal of the natural products of the freshwater
10 wetlands by recreational or commercial fishing, shell-fishing, aquacul-
11 ture, hunting or trapping shall be excluded from regulated activities,
12 where otherwise legally permitted and regulated.

13 4. [The] ON LANDS IN ACTIVE AGRICULTURAL USE, THE activities of farm-
14 ers and other landowners in grazing and watering livestock, making
15 reasonable use of water resources, harvesting natural products of the

18 wetlands or other land for growing agricultural products shall be
19 excluded from regulated activities and shall not require a permit under
20 subdivision one hereof, except that structures not required for enhance-
21 ment or maintenance of the agricultural productivity of the land and any
22 filling activities shall not be excluded hereunder, and provided that
23 the use of land [designated as a freshwater wetland upon the freshwater
24 wetlands map at the effective date thereof] THAT MEETS THE DEFINITION OF
25 A FRESHWATER WETLAND AS DEFINED IN SECTION 24-0107 OF THIS ARTICLE for

35 to determine whether they are having any adverse impact on freshwater
36 wetlands. Where any adverse impact is found, the commissioner may
37 require modification of such projects if he OR SHE deems such necessary
38 for the implementation of the policies of this article.

39 7. Where dredging or filling is in navigable waters of the state or is
40 for the reconstruction or repair of certain dams and docks, and where
41 such activity also affects freshwater wetlands, any person undertaking
42 such activity must seek permission under this article as well as under
43 any other applicable law.

44 8. On any land that is being developed pursuant to a planned unit
45 development ordinance or local law where freshwater wetlands are to
46 remain as open space, development activities shall be permitted in areas
47 contiguous to such wetlands if the local government affirms that such
48 activities will not despoil said wetland.

50 SHALL BE PERMANENTLY APPENDED TO THE DEED FOR THE REAL PROPERTY SUCH
51 REGULATED ACTION OCCURRED ON.

54 read as follows:

55 5. Prior to the promulgation of the final freshwater wetlands map in a
56 particular area and the implementation of a freshwater wetlands

1 protection law or ordinance, no person shall conduct, or cause to be
2 conducted, any activity for which a permit is required under section
3 24-0701 of this article on any freshwater wetland unless he has obtained
4 a permit from the commissioner under this section. Any person may
5 inquire of the department as to whether or not a given parcel of land
6 [will be designated] INCLUDES a freshwater wetland subject to regu-
7 lation. The department shall give a definite answer in writing within
8 thirty days of such request as to [whether] THE STATUS OF such parcel
9 [will or will not be so designated]. Provided that, in the event that
10 weather or ground conditions prevent the department from making a deter-
11 mination within thirty days, it may extend such period until a determi-
12 nation can be made. Such answer in the affirmative shall be reviewable
13 pursuant to title eleven of this article; such an answer in the negative
14 shall be a complete defense to the enforcement of this article as to
15 such parcel of land. The commissioner may by regulation adopted after
16 public hearing exempt categories or classes of wetlands or individual
17 wetlands which he determines not to be critical to the furtherance of
18 the policies and purposes of this article.

19 S 6. Subdivisions 1, 2 and 4 of section 24-0901 of the environmental
20 conservation law, subdivisions 1 and 2 as added by chapter 614 of the

25 in which the [inventory has been conducted] WETLANDS OCCUR to establish
26 a program for the protection of the freshwater wetlands of the state.

27 2. The [commissioner] DEPARTMENT may enter into cooperative agreements
28 with any city, village, town or county, or with ANY NOT-FOR-PROFIT
29 CONSERVATION ORGANIZATION OR an owner of freshwater wetlands or with any
30 one or more of them, for the purpose of preserving [and maintaining],

36 may provide for the development by personnel and facilities of the
37 department or the payment out of funds appropriated therefor, for the
38 purpose of preserving, maintaining, MANAGING, RESTORING, or enhancing
39 such wetlands in accordance with the policies of this article, AND FOR
40 BENEFITS ACCRUED TO THE PEOPLE OF THE STATE, and for the furnishing of
41 such personnel, facilities or funds as may be agreed upon by the parties
42 to the cooperative agreement.

48 to classify freshwater wetlands so designated thereon according to their
49 most appropriate uses[, in]. IN light of the values set forth in section
50 24-0105 of this article and the present conditions of [such] FRESHWATER
51 wetlands[. The], THE commissioner shall determine what uses of [such]
52 FRESHWATER wetlands are most compatible with the foregoing and shall
53 prepare minimum land use regulations to permit only such compatible
54 uses. The classifications may cover freshwater wetlands in more than
55 one governmental subdivision. Permits pursuant to section 24-0701 of

1 this article are required whether or not a classification has been
2 promulgated.
