AN ACT to amend the general obligations law, the civil practice law and rules and the public health law, in relation to holding health care organizations responsible for the consequences of their decisions

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1 Section 1. Legislative findings. The legislature finds that a wide  
2 variety of entities are integrating the functions of paying for health  
3 care, determining what health care is paid for, and providing the care.  
4 This integration is breaking down traditional distinctions as to func-  
5 tion. Increasingly, payor determinations are governing health care and  
6 controlling decisions that in the past were the exclusive domain of  
7 health care professionals and patients. The legislature further finds  
8 that this integration makes it imperative that health care organizations  
9 be held fully responsible for the consequences of their decisions, much  
10 as health care professionals have been held responsible for the conse-  
11 quences of their decisions.

12 S 2. The general obligations law is amended by adding a new section  
13 11-108 to read as follows:
