1 (m) one member to be appointed by the county executive of the county  
2 of Nassau; and

3 (n) one member to be appointed by the county executive of the county  
4 of Suffolk.

5 2. The at large members should include individuals with expertise in  
6 one or more of the following areas: climatology; hydrology; economics;  
7 marine fisheries; law enforcement and emergency management; estuary  
8 programs; oceanography or coastal ocean science; and ecology or environ-  
9 mental biology.

10 3. Task force members shall receive no compensation for their services  
11 but shall be reimbursed for actual and necessary expenses incurred in  
12 the performance of their duties.

13 4. The chairperson of the task force shall be the commissioner of  
14 environmental conservation or his or her designee. The task force shall  
15 meet no less than four times and at other times at the call of the  
16 chairperson.

17 5. Any vacancies on the task force shall be filled in the manner  
18 provided for in the initial appointment.

19 6. The task force shall be authorized to hold public hearings and  
20 meetings to enable it to accomplish its duties.

21 7. The task force may consult with any organization, educational  
22 institution, other government entity or agency or person including, but  
23 not limited to, the national aeronautics and space administration, in  
24 the development of its report required by subdivision 10 of this  
25 section.

26 8. The department of environmental conservation shall provide the task  
27 force with such facilities, assistance and data as will enable the task  
28 force to carry out its powers and duties. Additionally, all other agen-  
29 cies of the state or subdivisions thereof may, at the request of the  
30 chairperson, provide the task force with such facilities, assistance,  
31 and data as will enable the task force to carry out its powers and  
32 duties.

33 9. The purpose of the New York state sea level rise task force shall  
34 be to evaluate ways of protecting New York's remaining coastal ecosys-  
35 tems and natural habitats, and increasing coastal community resilience  
36 in the face of sea level rise, applying the best available science as to  
37 sea level rise and its anticipated impacts.

38 10. No later than December 31, [2009] 2010, the task force shall tran-  
39 smit to the governor, the temporary president of the senate and the  
40 speaker of the assembly a report containing the following:

41 (a) an assessment of the anticipated impacts related to sea level  
42 rise;

43 (b) recommendations related to mechanisms New York could establish to  
44 provide stronger, more protective standards, and the implementation and  
45 enforcement of such standards for coastal development, wetlands  
46 protection, shoreline armoring, and post-storm recovery for New York  
47 state in the context of sea level rise;

48 (c) recommendations regarding adaptive measures which may be taken to  
49 respond to sea level rise, including measures to:

50 (i) protect and connect terrestrial and aquatic habitats to allow  
51 animal and plant species to migrate as temperatures change, especially  
52 in already fragmented habitats;

53 (ii) protect and restore habitat on which already stressed animal and  
54 plant species depend to maintain the integrity of natural communities  
55 and to protect ecological services they provide including flood control,  
56 drinking water supply protection, clean water and clean air;

1 (iii) identify and monitor early effects of climate change on animals,  
2 plants and natural communities; and

3 (iv) integrate climate change adaptation strategies into state envi-  
4 ronmental plans; and

5 (d) recommendations on state and local regulatory and/or statutory  
6 alterations to respond to the impacts of sea level rise.

7 S 2. This act shall take effect immediately and shall expire and be  
8 deemed repealed January 1, [2010] 2011.

9 S 2. This act shall take effect immediately.
