AN ACT to amend the tax law, in relation to enacting the "education investment incentives act"

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1 Section 1. Short title. This act shall be known and may be cited as
2 the "education investment incentives act".
3 S 2. Legislative findings and intent. The legislature hereby finds and
4 declares that:
5 a. One of the most vexing problems facing policy makers and educators
6 is the funding of our educational system. When crafting annual school
7 budgets, school officials must grapple with rising costs, fluctuating
8 state and federal aid, and an often unstable local tax base. As a result
9 of these ever-changing dynamics, valuable educational programs are often
10 reduced, eliminated or never actually started;
11 b. The legislature further finds it necessary to encourage greater
12 private sector support of educational opportunities for children.
13 Private sector resources, from both individuals and businesses, would
14 not only help stabilize the school budget process but would allow
15 schools to maintain, expand or begin worthwhile programs;
16 c. In pursuance of the foregoing objectives an education investment
17 tax credit is established by this act to involve the private sector,
18 both individuals and corporations, by encouraging donations to public
19 education entities, and to educational scholarship organizations bene-
20 fitting students attending independent and religious schools;

EXPLANATION--Matter in *ITALICS* (underscored) is new; matter in brackets
[] is old law to be omitted.

LBD11565-04-0

d. The tax credit provided in this act is merely one of many credits available to New York taxpayers;

e. The intended beneficiaries of the tax credit provided in this act are the students who attend public schools, including charter schools, or who further their educations using tuition scholarships from educational scholarship organizations, or who participate in home-based educational programs; therefore the tax credit does not constitute public aid to non-public sectarian institutions; and

f. Permitting school personnel to claim a credit for the purchase of classroom instructional materials and supplies will insure a wider availability of such materials and supplies for all students.

S 3. Section 606 of the tax law is amended by adding five new subsections (u), (v), (w), (w-1) and (w-2) to read as follows:
