THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1     Section 1. Paragraphs 2 and 4 of subdivision (h) of section 183 of the

13    effective date of this subdivision whose power prices may be subject to

1 preservation power which, due to the extension of the energy cost  
2 savings benefits, are not relinquished by or withdrawn from a recipient  
3 shall be deemed to be relinquished or withdrawn for purposes of offering  
4 such megawatts by the authority for reallocation pursuant to subdivision  
5 thirteen of section one thousand five of the public authorities law.  
6 Provided, further, that for any such reallocation, the authority shall  
7 maintain the same energy cost savings benefit level for all eligible  
8 businesses using any available authority resources as deemed feasible  
9 and advisable by the trustees pursuant to section seven of part U of  
10 chapter fifty-nine of the laws of two thousand six.

11 4. Applications for an energy cost savings benefit shall be in the  
12 form and contain such information, exhibits and supporting data as the  
13 board may prescribe. The board shall review the applications received  
14 and shall determine the applications which best meet the criteria estab-  
15 lished for the benefits pursuant to this subdivision and it shall recom-  
16 mend such applications to the power authority of the state of New York  
17 with such terms and conditions as it deems appropriate; provided, howev-  
18 er, that for energy cost savings benefits granted on or after June thir-  
19 tieth, two thousand [seven] NINE through [June thirtieth] MAY FIFTEENTH,  
20 two thousand [eight] TEN, the board shall expedite the awarding of such  
21 benefits and shall defer the review of compliance with such criteria  
22 until after the applicant has been awarded an energy cost savings bene-  
23 fit. Such terms and conditions shall include reasonable provisions  
24 providing for the partial or complete withdrawal of the energy cost  
25 savings benefit in the event the recipient fails to maintain mutually  
26 agreed upon commitments that may include, but are not limited to, levels  
27 of employment, capital investment and power utilization. Recommendation  
28 for approval of an energy cost savings benefit shall qualify an appli-  
29 cant to receive an energy cost savings benefit from the power authority  
30 of the state of New York pursuant to the terms and conditions of the  
31 recommendation.

32 S 2. The opening paragraph of paragraph 5 of subdivision (a) of  
33 section 189 of the economic development law, as amended by section 2 of  
34 part Y of chapter 59 of the laws of 2008, is amended to read as follows:

35 "Power for jobs electricity savings reimbursements" shall mean  
36 payments made by the power authority of the state of New York as recom-  
37 mended by the board to recipients of allocations of power under phases  
38 four and five of the power for jobs program for a period of time until  
39 November thirtieth, two thousand four, subsequent to the expiration of  
40 their phase four or five power for jobs contract provided however that  
41 any power for jobs recipient may choose to receive an electricity  
42 savings reimbursement as a substitute for a contract extension for the  
43 period from the date the recipient's contract expires through [June  
44 thirtieth] MAY FIFTEENTH, two thousand [nine] TEN. The "basic  
45 reimbursement" is an amount that when credited against the recipient's  
46 actual "unit cost of electricity" during a quarter (meaning the cost for  
47 commodity and delivery per kilowatt-hour for the quantity of electricity  
48 purchased and delivered under the power for jobs program during a simi-  
49 lar period in the final year of the recipient's contract), results in an  
50 effective unit cost of electricity during the quarter equal to the aver-  
51 age unit cost of electricity such recipient paid during the final year  
52 of the contract for power allocated under phase four or five of the  
53 power for jobs program.

54 S 3. Subdivisions (f) and (l) of section 189 of the economic develop-  
55 ment law, as amended by section 3 of part Y of chapter 59 of the laws of  
56 2008, are amended to read as follows:

1 (f) Eligibility. The board shall recommend applications for allo-  
2 cations of power under the power for jobs program to or for the use of  
3 businesses which normally utilize a minimum peak electric demand in  
4 excess of four hundred kilowatts; provided, however, that up to one  
5 hundred megawatts of power available for allocation during the initial  
6 three phases of the power for jobs program may be recommended for allo-  
7 cations to not-for-profit corporations and to small businesses; and,  
8 provided, further that up to seventy-five megawatts of power available  
9 for allocation during the fourth phase of the program may be recommended  
10 for allocations to not-for-profit corporations and to small businesses.  
11 The board may require small businesses that normally utilize a minimum  
12 peak electric demand of less than one hundred kilowatts to aggregate  
13 their electric demand in amounts of no less than one hundred kilowatts,  
14 for the purposes of applying to the board for an allocation of power.  
15 The board shall recommend allocations of the additional three hundred  
16 megawatts available during the fourth phase of the program to any such  
17 eligible applicant, including any recipient of power allocated during  
18 the first phase of the program. The board shall recommend allocations of  
19 the additional one hundred eighty-three megawatts available during the  
20 fifth phase of the program to any eligible applicant, including any  
21 recipient of power allocated during the second and third phases of the  
22 program; provided, however, that the term of contracts for allocations  
23 under the fifth phase of the program shall in no case extend beyond  
24 [June thirtieth] MAY FIFTEENTH, two thousand [nine] TEN. Notwithstand-  
25 ing any provision of law to the contrary, and, in particular, the  
26 provisions of this chapter concerning the terms of contracts for allo-  
27 cations under the power for jobs program, the terms of any contract with  
28 a recipient of power allocated under phase two of the power for jobs  
29 program that has expired or will expire on or before the thirty-first  
30 day of August, two thousand two, may be extended by the power authority  
31 of the state of New York for an additional period of three months effec-  
32 tive on the date of such expiration, pending the filing and approval of  
33 an application by such recipient for an allocation under the fifth phase  
34 of the program. The term of any new contract with such recipient under  
35 the fifth phase of the program shall be deemed to include any three  
36 month contract extension made pursuant to this subdivision and the  
37 termination date of any such new contract under phase five shall be no  
38 later than if such new contract had commenced upon the expiration of the  
39 recipient's original phase two contract. The terms of any contract with  
40 a recipient of power allocated under phase four and/or phase five of the  
41 power for jobs program that has expired or will expire on or before the  
42 thirty-first day of December, two thousand five, may be extended by the  
43 power authority of the state of New York from a date beginning no earli-  
44 er than the first day of December, two thousand four and extending  
45 through [June thirtieth] MAY FIFTEENTH, two thousand [nine] TEN.

46 (1) The board shall solicit and review applications for the power for  
47 jobs electricity savings reimbursements and contract extensions from  
48 recipients of power for jobs allocations under phases four and five of  
49 the program for the award of such reimbursements and/or contract exten-  
50 sions. The board may prescribe a simplified form and content for an  
51 application for such reimbursements or extensions. An applicant shall be  
52 eligible for such reimbursements and/or extensions only if it is in  
53 compliance with and agrees to continue to meet the job retention and  
54 creation commitments set forth in its prior power for jobs contract, or  
55 such other commitments as the board deems reasonable; provided, however,  
56 that for the power for jobs electricity savings reimbursements and

1 contract extensions granted on or after June thirtieth, two thousand  
2 [seven] NINE through [June thirtieth] MAY FIFTEENTH, two thousand  
3 [eight] TEN, the board shall expedite the awarding of such reimburse-  
4 ments and/or extensions and shall defer the review of compliance with  
5 such commitments until after the applicant has been awarded a power for  
6 jobs electricity savings reimbursement and/or contract extension. The  
7 board shall review such applications and make recommendations for the  
8 award: 1. of such reimbursements through the power authority of the  
9 state of New York for a period of time up to November thirtieth, two  
10 thousand four, and 2. of such contract extensions or reimbursements as  
11 applied for by the recipient for a period of time beginning December  
12 first, two thousand four and ending [June thirtieth] MAY FIFTEENTH, two  
13 thousand [nine] TEN. At no time shall a recipient receive both a  
14 reimbursement and extension after December first, two thousand four. The  
15 power authority of the state of New York shall receive notification from  
16 the board regarding the award of power for jobs electricity savings  
17 reimbursements and/or contract extensions.

18 S 4. Section 9 of chapter 316 of the laws of 1997 amending the public  
19 authorities law and other laws relating to the provision of low cost  
20 power to foster statewide economic development, as amended by section 4  
21 of part Y of chapter 59 of the laws of 2008, is amended to read as  
22 follows:

23 S 9. This act shall take effect immediately and shall expire and be  
24 deemed repealed [June 30] MAY 15, [2009] 2010.

25 S 5. Subdivision 9 of section 186-a of the tax law, as amended by  
26 section 5 of part Y of chapter 59 of the laws of 2008, is amended to  
27 read as follows:

28 9. Notwithstanding any other provision of this chapter or any other  
29 law to the contrary, for taxable periods nineteen hundred ninety-seven  
30 through and including two thousand [nine] TEN, any utility which deliv-  
31 ers power under the power for jobs program, as established by section  
32 one hundred eighty-nine of the economic development law, shall be  
33 allowed a credit, subject to the limitations thereon contained in this  
34 subdivision, against the tax imposed under this section equal to net  
35 lost revenues from the delivery of power under such power for jobs  
36 program. Net lost revenues means the "net receipts" less "net utility  
37 revenue" from such delivery of power. For purposes of this subdivision,  
38 "net receipts" shall mean the amount that the utility would have other-  
39 wise received from customers receiving power pursuant to allocations by  
40 the New York state economic development power allocation board in  
41 accordance with section one hundred eighty-nine of the economic develop-  
42 ment law, or from customers whose allocation has been transferred to an  
43 energy service company, or from energy service companies to which such  
44 allocation has been transferred, pursuant to its tariff supervised by  
45 the public service commission for substantially comparable service  
46 otherwise applicable to such customers or energy service companies in  
47 the absence of such designation, less the utility's annual average  
48 incremental short-term variable and capacity costs of providing such  
49 power in the absence of such purchase. For the purposes of this subdivi-  
50 sion, "net utility revenue" shall mean the revenues the utility actually  
51 receives in accordance with such section one hundred eighty-nine from  
52 such customers so designated by the New York state economic development  
53 power allocation board or from customers whose allocation has been  
54 transferred to an energy service company, or from the energy service  
55 companies to which a power for jobs allocation has been transferred,  
56 less the utility's cost of such power under such program. Provided,

1 however, that any credit under this section shall be used only with  
2 respect to the same taxable year during which such credit arose and  
3 shall not be capable of being carried forward or backward to any other  
4 taxable period. Nor shall any credit be allowed to any utility for the  
5 total amount of power, expressed in kilowatt hours, purchased by the  
6 customers of such utility under such program during the taxable period  
7 that exceeds the prorated "baseline energy use" by all customers of that  
8 utility purchasing power under such program during the taxable period.  
9 "Baseline energy use" with respect to each customer shall mean the larg-  
10 est amount of kilowatt hours of energy used by such customer during any  
11 twelve consecutive month period occurring during the preceding thirty  
12 months immediately preceding the New York state economic development  
13 power allocation board's recommendation of such customer's application,  
14 prorated to reflect the length of time of the customer's participation  
15 in such program during the taxable period. Provided further, however,  
16 that in accordance with subdivision (k) of section one hundred eighty-  
17 nine of the economic development law no tax credit shall be available  
18 for any revenue losses when a utility has declined to purchase power  
19 allocated for sale under such program. No electric corporation shall be  
20 allowed the tax credit authorized by this subdivision until it shall  
21 file a certificate from the department of public service for the period  
22 covered by the return verifying that the calculation of such tax credit  
23 complies with this subdivision and the department of public service has  
24 approved such certificate and forwarded a copy of such approved certif-  
25 icate to the commissioner or any amended certificate resulting from the  
26 need for correction. The credit allowed by this subdivision shall not be  
27 applicable in calculating any other tax imposed or authorized to be  
28 imposed by this chapter or any other law, and the amount of the tax  
29 surcharge imposed under section one hundred eighty-six-c of this article  
30 shall be calculated and payable as if the credit provided for by this  
31 subdivision were not allowed.

32 S 6. Section 11 of chapter 645 of the laws of 2006 amending the  
33 economic development law and other laws relating to reauthorizing the  
34 New York power authority to make contributions to the general fund, as  
35 amended by section 6 of part Y of chapter 59 of the laws of 2008, is  
36 amended to read as follows:

37 S 11. This act shall take effect immediately and shall be deemed to  
38 have been in full force and effect on and after April 1, 2006; provided,  
39 however, that the amendments to section 183 of the economic development  
40 law and subparagraph 2 of paragraph g of the ninth undesignated para-  
41 graph of section 1005 of the public authorities law made by sections two  
42 and six of this act shall not affect the expiration of such section and  
43 subparagraph, respectively, and shall be deemed to expire therewith;  
44 provided further, however, that the amendments to section 189 of the  
45 economic development law and subdivision 9 of section 186-a of the tax  
46 law made by sections three, four, five and ten of this act shall not  
47 affect the repeal of such section and subdivision, respectively, and  
48 shall be deemed to be repealed therewith; provided further, however,  
49 that section seven of this act shall expire and be deemed repealed [June  
50 30] MAY 15, [2009] 2010.

51 S 7. Subparagraph 2 of paragraph g of the ninth undesignated para-  
52 graph of section 1005 of the public authorities law, as amended by  
53 section 7 of part Y of chapter 59 of the laws of 2008, is amended to  
54 read as follows:

55 2. The authority, as deemed feasible and advisable by the trustees, is  
56 authorized to make payments to recipients of the power for jobs elec-

7 power under the fourth phase of the program provided under chapter  
8 sixty-three of the laws of two thousand and under the fifth phase for  
9 the additional one hundred eighty-three megawatts provided under chapter  
10 two hundred twenty-six of the laws of two thousand two; and (b) for any  
11 extension of any contract for allocations under the fourth phase of the  
12 program and under the fifth phase of the program. Payments for any elec-  
13 tricity savings reimbursement under section one hundred eighty-nine of  
14 the economic development law shall be made pursuant to such section.  
15 Such annual contributions shall be equal to fifty percent of the total  
16 amount of such credits available each year to all local distributors of  
17 electricity. In addition, such authorization for contribution in state  
18 fiscal year two thousand two--two thousand three shall be equal to the

23 section one hundred eighty-six-a of the tax law under the fourth phase  
24 of the program for the additional three hundred megawatts provided under  
25 chapter sixty-three of the laws of two thousand and under the fifth

27 under chapter two hundred twenty-six of the laws of two thousand two. In  
28 state fiscal year two thousand four--two thousand five, such authorized  
29 annual contribution shall be equal to one hundred percent of the total  
30 amount of such credits available each year to all local distributors of  
31 electricity. Such authorization for contribution in state fiscal years  
32 two thousand four and two thousand five shall be equal to the total  
33 amount of credit available in two thousand four and two thousand five;  
34 under subdivision nine of section one hundred eighty-six-a of the tax  
35 law under the fourth phase of the program for the additional three  
36 hundred megawatts provided under chapter sixty-three of the laws of two

49 contribution for state fiscal year two thousand five--two thousand six  
50 be less than seventy-five million dollars. The contribution for state
